## 7 [Recommendations for New Section 106 Projects](#) (Contact Justin Marsh 01223 457537)

Definition of Section 106 -

Section 106 of the Town and Country Planning Act 1990 allows a Local Planning Authority (LPA) to enter into a legally-binding agreement or planning obligation with a land developer over a related issue. The obligation is termed a Section 106 Agreement.

The Environment and Planning Department negotiate s106 agreements with developers as part of the planning process. Such agreements can cover almost any relevant issue and can include sums of money. Cambridge City Council get funds through his process for Formal and Informal Space projects, as well as Children's Facilities.

**Site** Land between 5 and 7 Latham Road  
**Report** Update report following refusal of application 08/1141/FUL at South Committee on 23<sup>rd</sup> October 2008:

Following the planning refusal of application reference 08/1141/FUL for "Resurfacing of existing access and parking area with associated landscaping" at the last South Area Committee formal enforcement proceedings were automatically authorised through the delegation system.

The enforcement section has issued a Requisition for Information Notice as a pre-requisite to the service of an Enforcement Notice for the unauthorised engineering operation undertaken to lay the hardstanding. An enforcement notice is intended to be served which will require the removal of the hardstanding and associated works to return the land back to its original grassed condition.

It is expected that the enforcement notice will be appealed which we would expect the Planning Inspectorate to deal with in conjunction with the planning appeal already lodged

## **REPRESENTATIONS ON PLANNING APPLICATIONS**

Public representations on a planning application should be made in writing (by e-mail or letter, in both cases stating your full postal address), within the deadline set for comments on that application. You are therefore strongly urged to submit your representations within this deadline.

The submission of late information after the officer's report has been published is to be avoided.

A written representation submitted to the Environment and Planning Department by a member of the public after publication of the officer's report will only be considered if it is from someone who has already made written representations in time for inclusion within the officer's report. Any public representation received by the Department after 12 noon two business days before the relevant Committee meeting (e.g. by 12.00 noon on Monday before a Wednesday meeting; by 12.00 noon on Tuesday before a Thursday meeting) will not be considered.

The same deadline will also apply to the receipt by the Department of additional information submitted by an applicant or an agent in connection with the relevant item on the Committee agenda (including letters, e-mails, reports, drawings and all other visual material), unless specifically requested by planning officers to help decision-making.

At the meeting public speakers at Committee will not be allowed to circulate any additional written information to their speaking notes or any other drawings or other visual material in support of their case that has not been verified by officers and that is not already on public file.
