An informal survey with residents had been undertaken by Cllr Whitehead and the results would be published soon. The informal survey (results had shown that residents were in support of the parking zones) had been submitted to the County Council's Parking Officer. A formal public consultation was now being drawn up. The scheme is due to go out for formal public consultation in November with a drop in meeting for residents on 29 th November.
To provide an update at the next meeting on a potential campaign regarding wheelie bins being left out in the street and information leaflet	Councillor Moore Councillor Smith	11/01/18 11/01/18	If bins are left out on the street this becomes the responsibility of the Executive Councillor for Streets and Open Spaces. Due to a change in regulation it was now more problematic for the Council to take action. Discussion had taken place regarding the use of red stickers when the bins were not put away. A campaign was being planned to encourage residents to be more thoughtful to their neighbours when leaving their bins out, this would take place after the new recycling campaign. The Enforcement Officers had been working with Legal to look to target areas where the civic action route could be taken on those repeat offenders who left their bins out which became a nuisance.
