The plans have been modified to include office space for political teams at Alconbury, but without transport network or any commitment to same (there is suggestion of a 'special bus' for workers) the provision of services as well as jobs at Alconbury remains a question.</p> <p>Cllr Meschini commented that discussions regarding the relocation of the County Council from Cambridge to Alconbury continues. Nothing's been signed yet regarding a land purchase in Alconbury and the design of the new offices is ongoing. Labour continue to oppose the move as it impacts adversely both on environmental and accessibility issues. I encourage residents to let me know what specific questions they have regarding the relocation.</p>
