

## Community Grant Funding

The Council opened the Grants Gateway on 2<sup>nd</sup> August and is seeking applications to the Community Grants Fund, Sustainable City Grant Fund and Homelessness Prevention Grant Fund.

As in previous years, voluntary and community groups are invited to apply for funding from Cambridge City Council's Community Grants Fund to help run projects that will tackle social and economic inequality in Cambridge – and for 2023-2024 a new Small Grants Scheme has been launched to make it easier to access smaller amounts, up to £2,000.

More details on all three funds can be found here: [Grants and funding - Cambridge City Council](#)
