MAKING CONNECTIONS

Have your say on proposals for faster, cheaper, more reliable bus services
and safer cycling through the introduction of a Sustainable Travel Zone

A City Access Public Consultation

**GREATER
CAMBRIDGE
PARTNERSHIP**

**Cambridgeshire
County Council**

THE CHALLENGE - 8 KEY STATS

35,000 more residents in Greater Cambridge in 2021 than there were in 2011

44,000 more jobs and 33,500 more homes expected by 2031

We need to reduce traffic by 15% on 2011 levels to run better public transport and reduce emissions

In 2019 there was 10% more traffic than there was ten years ago

Car use is at 92% of pre-covid levels yet bus use is only at 73%

Transport causes 35% of local carbon emissions

121 deaths in Greater Cambridge attributable to air pollution in 2020

Thousands of people living and working in Greater Cambridge have no alternative to traveling by car

INVESTMENT IN TRANSPORT

Page 3

Four new busways

10,000 extra parking spaces at travel hubs

12 new Greenways & 13 cross-city cycling routes

Improved bus, walking and cycling on Histon and Milton Road

A review of Cambridge's road network classification

An integrated parking strategy

New rail connections

MAKING CONNECTIONS 2021: PUBLIC OPINION

Preference for flexible or pollution charges over additional or new parking charges

Preference for a lower charge covering a larger area with a small majority in favour of peak-time only charges

Preference for spending new money on more frequent bus services, cheaper fares, longer operating hours and more direct services

OUR PROPOSALS – 3 KEY ELEMENTS

Page 5

1

Transform the bus network through more services to more locations, with cheaper single fares of £1/£2.

2

More **investment in new sustainable travel schemes**, such as better walking and cycling links.

3

A Sustainable Travel Zone in which you pay to drive. Revenue ringfenced for transport; discounts, exemptions and reimbursements available.

A VISION FOR BUS TRAVEL IN THE CITY

We are proposing the biggest shake outside London since services were de in 1985.

We have designed a truly world - class bus network fit for the needs of our growing and thriving community.

We are proposing improvements to regional and rural services as well as those within Cambridge, too.

- A bigger role for Park & Ride sites
- Travel Hubs for better interchange
- Create the long - term funding needed

- up of buses
- regulated

INVESTING IN SUSTAINABLE TRAVEL

Page 8

More cycling and walking connections in the city

Extending the greenways network

More secure cycle parking

Improving our public spaces

Making our city more accessible to those with different mobility needs

Giving more people access to Car Clubs

CREATING A SUSTAINABLE TRAVEL ZONE

An area within which vehicles would be charged for driving in at certain times.

All the money raised by the charge would be invested entirely back into improving transport.

The proposed Zone would only be introduced after improvements have been made to the bus network.

Potential phased delivery of the Zone in terms of the vehicles charged and the operating hours.

£50M+ per year to invest in better, cleaner, safer transport.

2025/2026

Potential phasing-in period of the Sustainable Travel Zone. Options outlined in the consultation

2027/2028

Weekday all -day (7am-7pm) charge of £5 introduced for all vehicles (unless exempt)

WHAT WILL THE STZ DELIVER?

Car trips reduced by 50%.

Investing £50 m+ per year in better, cleaner and safer transport.

40 % increase in public transport usage.

60,000 more journeys made by bike and on foot.

Funds wider measures to enhance mobility and connect people with places.

PROPOSED CHARGES

The charge will only operate on weekdays from 7am -7pm .
