Address: The Varsity Hotel and Spa, 24 Thompsons Lane
Determination Date: 26 June 2024

To Note: Two additional representations have been received on the application since completion of the Officer report. Both representations are in support, to summarise the following matters are raised:

1. interesting design, drawn in Magdelene College end, support from local residents, application would add to city visitor offering.
2. offer better finish to building, meadow finish will look better, interesting design, supports environmental

emergency, provides jobs and supports local business.

The representations received do not alter Officer recommendation, these matters have been addressed within the report.

The general manager of the hotel emailed members with a supportive petition on the application. The petition is noted by Officers, however this does not overcome the harm that the application would result in. It does not alter the recommendation.

Cllr A. Martinelli has submitted a short comment on the application, suggesting that the economic benefits would outweigh the harm and that the living walls would offer a prominent, marker building in the city. Officers do not consider that the benefits would outweigh the harm, the applicant has not addressed the previous reasons for approvals.

Finally, one supportive representation has been submitted supporting greening of the urban environment and setting back the structure. These are noted, but as explained do not overcome harm.
