Amendments to  
Text: **Cambridge City Council have been consulted and responded have objected to the proposal stating that:**

*“\* Cambridge City Council does not agree to the access licence on a permanent basis. The access licences are*

*renewed annually\*\**

**Removal of unnumbered condition above Condition 9:**

Condition wording to be removed as duplicated by condition 15. Wording is as follows:

Prior to the installation of any electrical services, an electric vehicle charge point scheme shall be submitted to, and approved in writing by, the Local Planning Authority. The active charge points should have a minimum power rating output of 3.5kW.

The approved electric vehicle charge points shall be installed prior to first occupation of the relevant dwelling and retained thereafter.

Reason: In the interests of encouraging more sustainable modes and forms of transport in accordance with the National Planning Policy Framework (NPPF 2021) paragraphs 107, 112, 174 and 186, policy 28, 29 and 80 of the Cambridge Local Plan and the Greater Cambridge Sustainable Design and Construction SPD 2021.

**Additional Comments from Tree Officer:**

*I confirm that, following the amendments to the layout there are no further objections to the proposal.*

*However the pre-commencement tree protection condition is still required as insufficient detail is presented in the AIA*

*Access routes should be indicated on the TPP along with the proposed location of site storage and facilities. Services should also be included on the TPP.*
