Key Decision

1 Executive summary

Portfolio Plans

- 1.1 In August 2010 Strategic Leadership Team and the Executive Councillors reviewed the Council's service planning process to reflect the Council's new organisational structure, the reshaping of the political executive and the new vision statement. It was agreed that the service plans based on service areas would be replaced by seven annual Portfolio Plans, from 2011/12.
- 1.2 The Portfolio Plan for Arts & Recreation Portfolio will be reported to the next (March) committee cycle. The Plan will identify the strategic objectives for the portfolio over the financial year 2011/12 and beyond. Beneath each of the objectives are detailed the particular outcomes that will be achieved in 2011/12. Finally the plans include performance measures that will provide evidence to Members and the public that the outcomes have been achieved.
- 1.3 This information will enable the Executive Councillor and the services contributing to the delivery of the plan to be clear about the priorities for the portfolio and will assist in decisions about where resources should be focussed within the portfolio as part of the budget-setting process.

Revenue and Capital Budgets

- 1.4 The following report sets out the overall base revenue and capital budget position for the Arts and Recreation Portfolio. The report compares the proposed revised budget to the budget as at September 2010 and details the budget proposals for 2011/12 and 2012/13.

2 Recommendations

The Executive Councillor is recommended to:

Review of Charges:

- a) Approve the proposed charges for Arts and Recreation, as shown in Appendix B to this report.

Revenue Budgets:

- b) Approve, with any amendments, the current year funding requests and savings, (shown in Appendix A) and the resulting revised revenue budgets for 2010/11 (shown in Table 1) for submission to the Executive.
- c) Agree proposals for revenue savings and unavoidable bids, as set out in Appendix C, which have been incorporated into the budgets presented for this portfolio.
- d) Agree proposals for Priority Policy Fund (PPF) bids, as set out in Appendix E.
- e) Approve the budget for 2011/12 as shown in Table 2, for submission to the Executive.

Capital:

- f) Seek approval from the Executive to carry forward resources from 2010/11, as detailed in Appendix G, to fund repurposed capital spending.
- g) Approve capital bids, as identified in Appendix H, for submission to the Executive for inclusion in the Capital Plan or addition to the Hold List.
- h) Approve the revised Capital Plan for 2010/11, as detailed in Appendix J, to be updated for any amendments detailed in (f) and (g) above.
- i) Approve the following project appraisal as detailed in Appendix K:
 1. Corn Exchange winches

3 Background

- 3.1 At its meeting on 8 November 2010, Council gave initial consideration to the budget prospects for the General Fund for 2011/12 and future years. As a result an overall savings requirement was set for net expenditure. The expectation was that service reviews would contribute significantly to achievement of these targets and the position on any service reviews within this portfolio are shown in paragraph 6.3.
- 3.2 The overall Budget Setting Report (BSR) to Strategy & Resources Scrutiny Committee on 17 January 2011 will include a review of all the factors relating to the overall financial strategy that were included in the Medium Term Strategy (MTS).
- 3.3 For 2011/12 provision was made for a Priority Policy Fund (PPF) of £500,000 to provide funding for developments that can be demonstrated to make a significant contribution to the Medium Term Objectives, as set out in the Annual Statement so this report considers any items to be funded from PPF.
- 3.4 The report to Strategy & Resources Scrutiny Committee is expected to include details of the Government's Final Settlement for 2011/12 and the impact for concessionary fares and New Homes Bonus. The announcements are likely to be made shortly after the conclusion of the consultation periods, which end on 10 January 2011 and 24 December 2010, respectively.
- 3.5 Capital bids will be prioritised by the Executive at its meeting on 20 January 2011. Items in the existing Capital Plan and Hold List will also be reviewed to identify any which are no longer required, or where the current indicated timing for spending is no longer accurate. The Capital Plan can then be revised to take account of any changes required.
- 3.6 Further work is required on detailed budgets due to the corporate and departmental restructuring, so delegation to the Director of Resources will be sought from Council for authority to finalise changes relating to this and reallocation of support service and central costs, in accordance with the CIPFA Best Value Accounting Code of Practice and the Service Reporting Code of Practice for Local Authorities (SeRCOP) which applies from 1 April 2011 i.e. for 2011/12 budgets.

4 Revised Budget 2010/11

- 4.1 The following table sets out the proposed revised revenue budget for this portfolio in comparison with the September 2010 budget.

Table 1: Revised Budget 2010/11

Total Net Budget	2010/11 Budget Sept 2010 £	2010/11 Revised Budget Jan 2011 £	Variation Increase/ (Decrease) £
Arts and Recreation Portfolio	5,262,340	5,262,340	(0)
Variation represented by:			
Total (Savings) / Bids (as per Appendix A)			0
Total Variance			0

- 4.2 On 17 February 2011, Council will consider for approval the revised budget proposals for this portfolio. The table above demonstrates that no change in the use of reserves is required compared to the position at September 2010. See Appendix A for further details of amended budget proposals/changes.

5 Review of Charges

- 5.1 Proposals for the review of charges for this portfolio are presented at Appendix B. The effects of any proposed changes have been included in the base budget projections.

6 Budget 2011/12

- 6.1 A summary of the proposed budget for 2011/12 for this portfolio is shown in Table 2. This includes the effects of the proposed savings and unavoidable bids together with the impact of the proposed new charges.
- 6.2 The proposed savings and unavoidable bids, identified during the budget process to date, are detailed in Appendices C and D.

Service Reviews

- 6.3 Service reviews have been undertaken for the Arts & Recreation service (which has given rise to ongoing savings of £350,000 per annum) and Leisure Grants (which has led to savings of £20,000 per annum ongoing) and these anticipated net savings are shown in Table 2 and detailed in Appendix C.

7 Overall Revenue Budget Position

- 7.1 The approved budget proposals for this portfolio will be submitted to the meeting of Strategy & Resources Scrutiny Committee on 17 January 2011 and for consideration by the Executive at its meeting on 20 January 2011.
- 7.2 An overall summary of the budget proposals, as set out in this report, is shown below.

Table 2: Overall Budget Proposals

8 Capital - 2010/11 Revised Budget, Capital Bids and 2011/12 Proposed Budget

- 8.1 Appendix G shows the latest position against the 2010/11 Capital Plan at September 2010 for schemes and programmes within the Arts and Recreation Portfolio, with variances explained in detail in the accompanying notes. A variance of (£740,000) is anticipated of which (£727,000) is due to slippage. The remaining variance of (£13,000) relates to a recast underspend of £24,000 on a scheme where project costs are significantly less than anticipated and two schemes totalling £11,000 where small overspends have occurred and will be funded from R&R contributions (£5,000) and Developer Contributions (£6,000)
- 8.2 Appendix H details the schemes, which have been identified as possible bids for the Capital Plan.
- 8.3 Section 13 of the Medium Term Strategy, approved in November 2010, highlighted the need to review current Hold List items. There are currently no items on the Hold List for this portfolio.
- 8.4 Appendix J shows the Capital Plan for all the schemes and programmes within this committee's portfolio (including any approvals since the MTS was published in November 2010, but before any changes arising in paragraphs 8.1, 8.2 and 8.3 above).

9 Public Consultation

- 9.1 For a number of years the Council's budget process has included consultation with the citizens of Cambridge to find out which services were most important to residents and what they thought spending and savings priorities should be for the coming budget year.
- 9.2 We have used a mixture of surveys and workshops to build up trend data on the views of residents about spending and saving priorities and we have found that views have been quite consistent over time.
- 9.3 This year we included a survey within the autumn edition of "Cambridge Matters" which asked residents to prioritise the Council's services in terms of their relative importance. A total of 449 households responded to the questionnaire. Of these, 36 responses were received through the council's website where the survey was also made available.
- 9.4 In broad terms the results reflect previous surveys - respondents placed greatest importance on our core services: collecting rubbish, recycling, cleaning the streets and maintaining our parks and open spaces. They also placed high importance on working with the police to tackle crime and anti-social behaviour. Respondents placed least importance on managing ticketed events and free events. Respondents were split over some services, for example:
- 17% said CCTV was of high importance and 35% said CCTV was less important.

- 28% said ‘Planning for new housing, including affordable housing and designing attractive new neighbourhoods’ was of high importance whilst 19% said it was less important.
 - 28% said ‘Providing and maintaining sports and leisure services such as swimming pools’ was of high importance whilst 16% said it was less important.
- 9.5 More detailed findings of the survey can be found on the Council's website at: <http://www.cambridge.gov.uk/ccm/content/council-and-democracy/cambridge-matters-magazine.en>

10 Options / Implications

- 10.1 In relation to bids, the decisions made may have a number of implications. A decision not to approve a revenue bid will impact on managers' ability to deliver the service or scheme in question and could have staffing, equal opportunities, environmental and/or community safety implications. A decision not to approve a capital or external bid will impact on managers' ability to deliver the developments desired in the service areas.

	PPF2641 Tree Planting Project for Parks and Open Spaces [Arts & Recreation Plan]	This project affords the opportunity to invest in core services and improve the maintenance and management of open spaces. Many national and regional reports highlight the importance of trees and this project creates an opportunity to deliver strategic aims, and deliver legacy plantings. Trees help to reduce pollution from vehicles, they benefit our health, they cool our city, and they are attractive landscape features. There is strong evidence to support the view that members of the public wish to see a healthy and well maintained tree stock. There would be a tree planting programme with links to the new Tree Strategy, and the existing Performance Management Framework.	50,000	50,000	50,000	50,000	50,000	50,000	50,000	50,000	Alistair Wilson

Capital Bids

For inclusion in Capital Plan

C2521	Redevelopment of Parkside Changing Rooms [Arts & Recreation Plan]	The City's flagship leisure facility at Parkside is now over 10 years old and has proven incredibly popular with over 410,000 swimming visits every year. This bid will support the redevelopment and refurbishment of the swimming changing rooms. Public consultation will inform improvements to the layout and will encompass the replacement of the changing cubicles, lockers, lighting, decoration and floor tiling. Refurbishment will also be undertaken to the toilet, showers and 'pre-cleanse' areas. Energy saving features will be incorporated wherever possible. (see also PPF2522)	0	350,000	0	0	0	Debbie Kaye	H

Project Appraisal and Scrutiny Committee Recommendation

Project Name	Replacing Corn Exchange winches
Committee	Community Services
Portfolio	Arts & Recreation
Committee Date	13 January 2011
Executive Councillor	Councillor Rod Cantrill
Lead Officer	Chris Norton

Recommendation/s

Financial recommendations –

The Executive Councillor is asked to approve the commencement of this capital scheme, which is already in the Capital Plan. The total capital cost of the project is £27,000, and it is proposed that this funded from the Corn Exchange R&R funds

There are no revenue implications arising from the project.

Procurement recommendations:

The Executive Councillor is asked to approve the carrying out and completion of the procurement of the winches.

If the quotation or tender sum exceeds the estimated contract value by more than 15% the permission of the Executive Councillor and Director of Finance will be sought prior to proceeding.

1 Summary

1.1 The project

The project is the replacement of seven Corn Exchange stage winches.

Target Start date	February 2011
Target completion date	February 2011

1.3 The Procurement

Three suppliers have provided quotes, following site visits, for the purchase, installation and commissioning of seven stage winches for the Corn Exchange.

2 Capital Project Appraisal & Procurement Report

2.1 What is the project?

The project is the purchase, installation and commissioning of seven stage winches for the Corn Exchange.

An inspection report in September highlighted defects in the winches, that are showing signs of wear and have leaking gearboxes, and recommended replacement.

Three quotes for their replacement have been obtained following site visits.

There are no other practical alternatives to having such stage winches at the Corn Exchange.

2.2 What are the aims & objectives of the project?

Cambridge City Council has identified four clear priority areas that the purchase of these winches aims to support:

1) Access to art for all

Ensuring equality of access for all city users & residents to a broad range of high quality provision that provides excellent value for money through innovative & efficient ways of working.

2) Engage and enable local communities

Involving local people in decision-making and responding to local needs to engage communities in using the arts to shape their neighbourhoods and the broader city.

3) Enhance the city's reputation & identity

Focusing on innovation & excellence in using the arts to re-invigorate the public realm & create a sense of place.

4) Protect the environment

Improving local environmental quality, biodiversity and sustainability; and to reduce, mitigate and manage the carbon consequences of arts activities.

2.3 Summarise the major issues for stakeholders & other departments?

There are no impacts for other departments, but not replacing winches will in time mean that services at the Corn Exchange cannot be provided.

Installation will be carried out when there are no shows to minimise the impact on the service.

2.4 Summarise key risks associated with the project

If the project does not take place the backstage function of the Corn Exchange will be limited, as it would lose the ability to fly equipment above the stage. This means larger productions cannot be accommodated.

In terms of project risk, payment will only be made to the company when installation is complete. We have used this company before and still use them for our annual inspections.

2.5 Financial implications

- a. Appraisal prepared on the following price base: 2010/11
- b. Specific grant funding conditions were: None
- c. Other comments: None

Community Services - Community Development & Health Portfolio

- **Revenue and Capital Budgets 2010/11 (Revised)**
- **2011/12 (Budgets) and 2012/13 (Forecast)**

Key Decision

1 Executive summary

Portfolio Plans

- 1.1 In August 2010 Strategic Leadership Team and the Executive Councillors reviewed the Council's service planning process to reflect the Council's new organisational structure, the reshaping of the political executive and the new vision statement. It was agreed that services plans based on service areas would be replaced by seven annual Portfolio Plans, from 2011/12.
- 1.2 The Portfolio Plan for Community Development & Health Portfolio will be reported to the next (March) committee cycle. The Plan will identify the strategic objectives for the portfolio over the financial year 2011/12 and often beyond. Beneath each of the objectives are detailed the particular outcomes that will be achieved in 2011/12. Finally the plans include performance measures that will provide evidence to Members and the public that the outcomes have been achieved.
- 1.3 This information will enable the Executive Councillor and the services contributing to the delivery of the plan to be clear about the priorities for the portfolio and will assist in decisions about where resources should be focussed within the portfolio as part of the budget-setting process.

Revenue and Capital Budgets

- 1.4 The following report sets out the overall base revenue and capital budget position for the Community Development & Health Portfolio. The report compares the proposed revised budget to the budget as at September 2010 and details the budget proposals for 2011/12 and 2012/13.

2 Recommendations

The Executive Councillor is recommended to:

Review of Charges:

- a) Approve the proposed charges for Community Development & Health services and facilities, as shown in Appendix B to this report.

Revenue Budgets:

- b) Approve, with any amendments, the current year funding requests and savings, (shown in Appendix A) and the resulting revised revenue budgets for 2010/11 (shown in Table 1) for submission to the Executive.
- c) Agree proposals for revenue savings and unavoidable bids, as set out in Appendix C, which have been incorporated into the budgets presented for this portfolio.
- d) Agree the Priority Policy Fund (PPF) bid, as shown in Appendix E.
- e) Approve the budget for 2011/12 as shown in Table 2, for submission to the Executive.

Capital:

- f) Seek approval from the Executive to carry forward resources from 2010/11, as detailed in Appendix G, to fund repurposed capital spending.
- g) Approve capital bids, as identified in Appendix H, for submission to the Executive for inclusion in the Capital Plan or addition to the Hold List, as indicated.
- h) Confirm that there are no items covered by this portfolio to add to the Council's Hold List, for submission to the Executive.
- i) Approve the revised Capital Plan for 2010/11, as detailed in Appendix J, to be updated for any amendments detailed in (f), (g) and (h) above.
- j) Approve the following project appraisals as detailed in Appendix K:
 1. Replacement of CCTV Communications Equipment

3 Background

- 3.1 At its meeting on 8 November 2010, Council gave initial consideration to the budget prospects for the General Fund for 2011/12 and future years. As a result an overall savings requirement was set for net expenditure. The expectation was that service reviews would contribute significantly to achievement of these targets and the position on any service reviews within this portfolio are shown in paragraph 6.3.
- 3.2 The overall Budget Setting Report (BSR) to Strategy & Resources Scrutiny Committee on 17 January 2011 will include a review of all the factors relating to the overall financial strategy that were included in the Medium Term Strategy (MTS).
- 3.3 For 2011/12 provision was made for a Priority Policy Fund (PPF) of £500,000 to provide funding for developments that can be demonstrated to make a significant contribution to the Medium Term Objectives, as set out in the Annual Statement so this report considers any items to be funded from PPF.
- 3.4 The report to Strategy & Resources Scrutiny Committee is expected to include details of the Government's Final Settlement for 2011/12 and the impact for concessionary fares and New Homes Bonus. The announcements are likely to be made shortly after the conclusion of the consultation periods, which end on 10 January 2011 and 24 December 2010, respectively.
- 3.5 Capital bids will be prioritised by the Executive at its meeting on 20 January 2011. Items in the existing Capital Plan and Hold List will also be reviewed to identify any which are no longer required, or where the current indicated timing for spending is no longer accurate. The Capital Plan can then be revised to take account of any changes required.
- 3.6 Further work is required on detailed budgets due to the corporate and departmental restructuring, so delegation to the Director of Resources will be sought from Council for authority to finalise changes relating to this and the reallocation of support service and central costs, in accordance with the CIPFA Best Value Accounting Code of Practice and the Service Reporting Code of Practice for Local Authorities (SeRCOP) which applies from 1 April 2011 i.e. for 2011/12 budgets.

4 Revised Budget 2010/11

- 4.1 The following table sets out the proposed revised revenue budget for this portfolio in comparison with the September 2010 budget.

Table 1: Revised Budget 2010/11

Total Net Budget	2010/11 Budget Sept 2010 £	2010/11 Revised Budget Jan 2011 £	Variation Increase/ (Decrease) £
Community Development & Health Portfolio	4,237,680	4,261,980	24,300
Variation represented by:			
Technical Adjustments			
Departmental Administration recharge			19,030
Portfolio virement from Environment & Waste Services			5,080
Minor Adjustments			770
Total (Savings) / Bids (as per Appendix A)			(580)
Total Variance			24,300

- 4.2 On 17 February 2011, Council will consider for approval the revised budget proposals for this portfolio. The table above demonstrates an increase in the use of reserves of £24,300 compared to the position at September 2010. See Appendix A for further details of amended budget proposals/changes.

5 Review of Charges

- 5.1 Proposals for the review of charges for this portfolio are presented at Appendix B. The effects of any proposed changes have been included in the base budget projections.
- 5.2 A full review of fees and charges for memorials and similar commemorative products will be presented for approval at the meeting of the Community Services Scrutiny Committee on 17 March 2011 as outlined in the Budget report to the Community Services Scrutiny Committee on 14 January 2010.

6 Budget 2011/12

- 6.1 A summary of the proposed budget for 2011/12 for this portfolio is shown in Table 2. This includes the effects of the proposed savings and unavoidable bids together with the impact of the proposed new charges.
- 6.2 The proposed savings and unavoidable bids, identified during the budget process to date, are detailed in Appendices C and D.

Service Reviews

- 6.1 Service Reviews in this portfolio have been undertaken for Bereavement Services. It is anticipated that this review will generate savings of £35,000 in 2011/12 and £70,000 in 2012/13 and these have been built into the budget proposals. There is an initial net cost for 2011/12 of £32,100. This represents a new area of work for the Council and is included under PPF bids.
- 6.2 A Service Review of the Safer Communities Team in the Strategic Housing Service generated a saving of £17,530 for this portfolio.

7 Overall Revenue Budget Position

- 7.1 The approved budget proposals for this portfolio will be submitted to the meeting of Strategy & Resources Scrutiny Committee on 17 January 2011 and for consideration by the Executive at its meeting on 20 January 2011.
- 7.2 An overall summary of the position, as set out in this report, is shown below.

Table 2: Overall Budget Proposals

Total PPF Bids	88,100	59,600

8 Capital – 2010/11 Revised Budget, Capital Bids and 2011/12 Proposed Budget

- 8.1 Appendix G shows the latest position against the 2010/11 Capital Plan at September 2010 for schemes and programmes within the Community Development & Health Portfolio, with variances explained in detail in the accompanying notes. A variance of (£329,000) is anticipated of which (£239,000) is due to slippage. The remaining variance of (£90,000) relates to forecast net underspends on individual capital schemes and programmes.
- 8.2 Appendix H details the schemes which have been identified as bids for the Capital Plan.
- 8.3 Section 13 of the Medium Term Strategy, approved in November 2010, highlighted the need to review current Hold List items. There are currently no items on the Hold List for this portfolio.
- 8.4 Appendix J shows the Capital Plan for all the schemes and programmes within this committee's portfolio (including any approvals since the MTS was published in November 2010, but before any changes arising in paragraphs 8.1, 8.2 and 8.3 above).

9 Public Consultation

- 9.1 For a number of years the Council's budget process has included consultation with the citizens of Cambridge to find out which services were most important to residents and what they thought spending and savings priorities should be for the coming budget year.
- 9.2 We have used a mixture of surveys and workshops to build up trend data on the views of residents about spending and saving priorities and we have found that views have been quite consistent over time.
- 9.3 This year we included a survey within the autumn edition of "Cambridge Matters" which asked residents to prioritise the Council's services in terms of their relative importance. A total of 449 households responded to the questionnaire. Of these, 36 responses were received through the council's website where the survey was also made available.
- 9.4 In broad terms the results reflect previous surveys - respondents placed greatest importance on our core services: collecting rubbish, recycling, cleaning the streets and maintaining our parks and open spaces. They also placed high importance on working with the police to tackle crime and anti-social behaviour. Respondents

placed least importance on managing ticketed events and free events. Respondents were split over some services, for example:

- 17% said CCTV was of high importance and 35% said CCTV was less important.
- 28% said ‘Planning for new housing, including affordable housing and designing attractive new neighbourhoods’ was of high importance whilst 19% said it was less important.
- 28% said ‘Providing and maintaining sports and leisure services such as swimming pools’ was of high importance whilst 16% said it was less important.

9.5 More detailed findings of the survey can be found on the Council's website at:
<http://www.cambridge.gov.uk/ccm/content/council-and-democracy/cambridge-matters-magazine.en>

10 Options / Implications

10.1 In relation to bids, the decisions made may have a number of implications. A decision not to approve a revenue bid will impact on managers' ability to deliver the service or scheme in question and could have staffing, equal opportunities, environmental and/or community safety implications. A decision not to approve a capital or external bid will impact on managers' ability to deliver the developments desired in the service areas.

S2501	Reduction in Safer City revenue grants.	A reduced level of Safer City revenue grants at £24,000 per annum was approved at Community Services Scrutiny Committee in October 2010, reflecting the reduced demand for revenue grants. This resulted in a budget saving of £14,310. This reduction in revenue grants was considered alongside a proposal to re-introduce capital grant funding for Safer City from 2011/12 for 3 further years, where demand is higher. Project Appraisal and Scrutiny Committee Recommendation

Project Name	Replacement of CCTV Communications Equipment
Committee	Community Services
Portfolio	Community Development and Health
Committee Date	17 January 2011
Executive Councillor	Councillor Tim Bick
Lead Officer	Paul Necus

Recommendation/s**Financial recommendations:**

- The Executive Councillor is asked to approve commencement of the project, which is already included in the Council's Capital Plan. The total capital cost of the project is £150,000 and it is proposed that this be funded from R&R funds.
- The estimated revenue savings of the project are £40,000 starting in financial year 2012/13.

Procurement recommendations:

- The Executive Councillor is asked to approve the procurement and award of a contract to deliver a new communications system for the City's CCTV service.
- If the quotation or tender sum exceeds the estimated contract value by more than 15% the permission of the Executive Councillor and Director of Resources will be sought prior to proceeding.

1 Summary

1.1 The project

To install a new CCTV communications infrastructure that will replace the current telephone/fibre-optic system.

Target Start date	1 April 2011
Target completion date	1st October 2011

1.2 The Cost

Total Capital Cost	£ 150,000
--------------------	------------------

Capital Cost Funded from:

Funding:	Amount:	Details:
Reserves	£0	
Repairs & Renewals	£150,000	R&R Cost Centre 27729
Other	£0	

Revenue Implications

Year 1	£0
Ongoing (starting in financial year 2012/13)	(£40,000)

1.3 The Procurement

The contract value is likely to be over the EU procurement threshold making this project an OJEU level procurement process with or without partners.

2 Capital Project Appraisal & Procurement Report

2.1 What is the project?

The current system has 122 fixed position public space CCTV cameras situated in Cambridge, including the cameras at Arbury Court, Kingsway Flats and Brown Field Community Centre, all linked to the CCTV Control Room by fibre-optic cable. The current annual line rental for these fibre-optic links is over £50,000.

The same standard of service can be achieved at a lower cost by using alternative communication systems (either GPS, Wireless, Microwave or IP systems) between the cameras and the Control Room.

2.2 What are the aims & objectives of the project?

CCTV support the Council's vision of

- A city where people behave with consideration for others and where harm and nuisance are confronted wherever possible without constraining the lives of all.

Replacing the CCTV equipment with improved communication systems seeks to achieve value for the public money and achieve ongoing by substantially reducing the communications costs.

2.3 Summarise the major issues for stakeholders & other departments?

None.

2.4 Summarise key risks associated with the project

It is important to ensure that sufficient resources are available to support the procurement itself to maximise the financial benefits from a new contract and communications system.

2.5 Financial implications

- a. Appraisal prepared on the following price base: 2010/11

Cambridge City Council

To Executive Councillor for Housing (and Deputy Leader):
Councillor Catherine Smart
Report by Director of Customer & Community Services, Director of Environment and Director of Resources
Relevant Scrutiny Committee Community Services 13th January 2011

Community Services - Housing Portfolio

- **Portfolio Plans for 2011/12**
- **Revenue and Capital Budgets 2010/11 (Revised)**
- **2011/12 (Budgets) and 2012/13 (Forecast)**

Not a Key Decision

1 Executive Summary

Portfolio Plans

- 1.1 In August 2010 Strategic Leadership Team and the Executive Councillors reviewed the Council's service planning process to reflect the Council's new organisational structure, the reshaping of the political executive and the new vision statement. It was agreed that the services plans based on service areas would be replaced by seven annual Portfolio Plans, from 2011/12.
- 1.2 The Plan identifies the strategic objectives for the portfolio over the financial year 2011/12 and beyond. Beneath each of the objectives are detailed the particular outcomes that will be achieved in 2011/12. Finally the plans include performance measures that will provide evidence to Members and the public that the outcomes have been achieved.
- 1.3 This information will enable the Executive Councillor and the services contributing to the delivery of the plan to be clear about the priorities for the portfolio and will assist in decisions about where resources should be focussed within the portfolio as part of the budget-setting process.
- 1.4 The Portfolio Plan for Housing will be presented to Housing Management Board and Community Services in March 2011.

Revenue Budget – 2010/11 Revised and 2011/12 Proposed

- 1.5 The following report sets out the overall base revenue budget position for the Housing portfolio. The report compares the proposed revised budget to the current budget at September 2010 and details the proposed budget for 2011/12 and forecast for 2012/13.

2 Recommendations

The Executive Councillor is recommended to:

Review of Charges:

- a) Approve the proposed charges for Housing services and facilities, as shown in Appendix B to this report.

Revenue Budgets:

- b) Approve, with any amendments, the current year funding requests and savings, (shown in Appendix A) and the resulting revised revenue budgets for 2010/11 (shown in Table 1) for submission to the Executive.
- c) Agree proposals for revenue savings and unavoidable bids, as set out in Appendix C and summarised in Table 1, which have been incorporated into the budgets presented for this portfolio.
- d) Approve the budget for 2011/12 as shown in Table 2, for submission to the Executive.

Capital:

- e) Seek approval from the Executive to carry forward resources from 2010/11, as detailed in Appendix G, to fund reprieved capital spending.
- f) Approve capital bids, as identified in Appendix H, for submission to the Executive for inclusion in the Housing Capital Programme and Capital Plan.
- g) Approve the revised Capital Plan for 2010/11, as detailed in Appendix J, to be updated for any amendments detailed in (f) above.
- h) Approve the revised Housing Capital Investment Programme for 2010/11 to 2015/16, as detailed in Appendix K and the associated notes, to include approval of in year savings in capital budgets, re-allocation of budgets for decent homes works, rephasing of existing projects and schemes and approval of capital bids (as detailed in Appendix H), submitted as part of the 2011/12 budget process.
- j) Approve the use of £331,000 of Developer's Contributions, identified for investment in affordable housing, towards the cost of the redevelopment of Seymour Court, with the balance of funding to be met through Homes and Communities Agency grant (if available), housing capital balances and an element of prudential borrowing if required (although it is not anticipated that this will be required).
- k) Approve a Housing Capital Allowance for 2011/12 of £13,930,000.

3 Background

- 3.1 At its meeting on 8 November 2010, Council gave initial consideration to the budget prospects for the General Fund for 2011/12 and future years. As a result an overall savings requirement was set for net expenditure. The expectation was that service reviews would contribute significantly to achievement of these targets and the position on any service reviews within this portfolio are shown in paragraph 6.3.
- 3.2 The overall Budget Setting Report (BSR) to Strategy & Resources Scrutiny Committee on 17 January 2011 will include a review of all the factors relating to the overall financial strategy that were included in the Medium Term Strategy (MTS).
- 3.3 For 2011/12 provision was made for a Priority Policy Fund (PPF) of £500,000 to provide funding for developments that can be demonstrated to make a significant contribution to the Medium Term Objectives, as set out in the Annual Statement so this report considers any items to be funded from PPF.
- 3.4 The report to Strategy & Resources Scrutiny Committee is expected to include details of the Government's Final Settlement for 2011/12 and the impact for concessionary fares and New Homes Bonus. The announcements are likely to be made shortly after the conclusion of the consultation periods, which end on 10 January 2011 and 24 December respectively.
- 3.5 Capital bids will be prioritised by the Executive at its meeting on 20 January 2011. Items in the existing Capital Plan and Hold List will also be reviewed to identify any which are no longer required, or where the current indicated timing for spending is no longer accurate. The Capital Plan can then be revised to take account of any changes required.
- 3.6 Further work is required on detailed budgets due to the corporate and departmental restructuring, so delegation to the Director of Resources will be sought from Council for authority to finalise changes relating to this and reallocation of support service and central costs, in accordance with the CIPFA Best Value Accounting Code of Practice and the Service Reporting Code of Practice for Local Authorities (SeRCOP) which applies from 1 April 2011 i.e. for 2011/12 budgets.

4 Revised Budget 2010/11

- 4.1 The following table sets out the proposed revised revenue budget for this portfolio in comparison with the September 2010 budget.

Table 1: Revised Budget 2010/11

Total Net Budget	2010/11 Budget Sept 2010 £	2010/11 Revised Budget Jan 2011 £	Variation Increase/ (Decrease) £
Housing Portfolio	2,750,210	2,736,250	(13,960)
Technical Adjustments - Adjustments to departmental administration following departmental and organisational change - Virements between this and Environmental and Waste Portfolio			4,930 5,350
Total (Savings) / Bids (as per Appendix A)			(24,240)
Total Variance			(13,960)

4.2 On 17 February 2011, Council will consider for approval the revised budget proposals for this portfolio. The table above demonstrates reduction in the use of reserves of £13,960 compared to the position at September 2010. See Appendix A for further details of amended budget proposals/changes.

5 Review of Charges

5.1 Proposals for the review of charges for this portfolio are presented at Appendix B. The effects of any proposed changes have been included in the base budget projections.

6 Budget 2011/12

6.1 A summary of the proposed budget for 2011/12 for this portfolio is shown in Table 2. This includes the effects of the proposed savings and bids together with the impact of the proposed new charges.

6.2 The proposed savings and bids, identified during the budget process to date, are detailed in Appendix C and D (if applicable).

Service Reviews

6.3 A Service Review in this portfolio has been undertaken for the Safer Communities Team in the Strategic Housing Service and the anticipated net savings are included.

7 Overall Revenue Budget Position

- 7.1 The approved budget proposals for this portfolio will be submitted to the meeting of Strategy & Resources Scrutiny Committee on 17 January 2011 and for consideration by the Executive at its meeting on 20 January 2011.
- 7.2 An overall summary of the budget proposals, as set out in this report, is shown below.

8 Capital – 2010/11 Revised Budget, Capital Bids and 2011/12 Proposed Budget

- 8.1 Appendix G shows the latest position against the 2010/11 Capital Plan at September 2010 for schemes and programmes within the Housing Portfolio, with variances explained in detail in the accompanying notes. At this stage, approval is sought to rephase anticipated variances of £515,000 into 2011/12. Of this, £400,000 relates to our ability to compulsory purchase properties within the city and £50,000 to our ability to take over the management of HMO's, both of which will only occur expenditure if the situation presents itself. £65,000 relates to grants under the landlord Accreditation Scheme, with take up slower in starting than anticipated and where any underspend requires rephasing to meet grant requirements in 2011/12 or to allow repayment of unutilised sums if required.

- 8.2 Appendix H details the schemes, which have been identified as possible bids for the Capital Plan.
- 8.3 Appendix J shows the Capital Plan for all the schemes and programmes within this committee's portfolio (including any approvals since the MTS was published in November 2010, but before any changes arising in paragraphs 8.1 and 8.2 above).
- 8.4 Appendix K provides detail of the first 5 years of the Housing Capital Investment Programme, including the impact of proposed capital bids and the request to reallocate and re-phase expenditure and resources as detailed in the associated notes of explanation to the appendix.
- 8.5 The Housing Capital Investment Programme is funded from a variety of sources, with two of the main contributors being the Major Repairs Allowance, which is received via the current Housing Subsidy system and Direct Revenue Financing (DRF) of capital expenditure from the Housing Revenue Account, both of which are impacted upon significantly by the annual Housing Revenue Account Subsidy Settlement.
- 8.4 As the Final HRA Subsidy Determination for 2011/12 is yet to be received, the level of DRF anticipated to be available has been based on the financial implications of the Draft HRA Subsidy Determination. Any changes required following receipt of the Final Determination will be circulated prior to the meeting or tabled at the meeting if required.
- 8.5 Over the 5-year period from 2011/12 to 2015/16, revenue resources available to fund capital investment are anticipated to be greater than that assumed as part of the MTS. This is predominantly due to the positive cashflow impact of the proposed rent increase for 2011/12, based on the assumptions in the Draft HRA Subsidy Determination, which in turn reduces the caps and limits compensation through the rent restructuring process, paid one year in arrears.
- 8.6 Capital bids totalling £1,255,000 have been proposed in 2011/12, £208,000 to allow installation of photovoltaic panels on 13 key HRA communal properties and an additional £1,047,000 to facilitate the redevelopment of Seymour Court, delivering 21 units of new affordable housing to be managed by the City Council as part of a mixed scheme of affordable and market housing.
- 8.7 An increase in the level of DRF in 2011/12 of £208,000 is proposed to meet the cost of photovoltaic installations, while the capital bid for investment in the redevelopment of Seymour Court is proposed to be funded using a mix of Homes & Communities Agency grant (if available), developer's contributions and housing capital balances, with prudential borrowing only be undertaken if other resources are not forthcoming.
- 8.8 Based upon current assumptions, the Housing Capital Investment Programme is sustainable for a period of 8 years. A review of the 10 Year Housing Capital Investment Programme is due to be presented to members in the autumn of 2011, which will ensure that the programme is revised in line with updated spending priorities and anticipated available resources.

9 Public Consultation

- 9.1 For a number of years the Council's budget process has included consultation with the citizens of Cambridge to find out which services were most important to

residents and what they thought spending and savings priorities should be for the coming budget year.

- 9.2 We have used a mixture of surveys and workshops to build up trend data on the views of residents about spending and saving priorities and we have found that views have been quite consistent over time.
- 9.3 This year we included a survey within the autumn edition of "Cambridge Matters" which asked residents to prioritise the Council's services in terms of their relative importance. A total of 449 households responded to the questionnaire. Of these, 36 responses were received through the council's website where the survey was also made available.
- 9.4 In broad terms the results reflect previous surveys - respondents placed greatest importance on our core services: collecting rubbish, recycling, cleaning the streets and maintaining our parks and open spaces. They also placed high importance on working with the police to tackle crime and anti-social behaviour. Respondents placed least importance on managing ticketed events and free events. Respondents were split over some services, for example:
- 17% said CCTV was of high importance and 35% said CCTV was less important.
 - 28% said 'Planning for new housing, including affordable housing and designing attractive new neighbourhoods' was of high importance whilst 19% said it was less important.
 - 28% said 'Providing and maintaining sports and leisure services such as swimming pools' was of high importance whilst 16% said it was less important.
- 9.5 More detailed findings of the survey can be found on the Council's website at: <http://www.cambridge.gov.uk/ccm/content/council-and-democracy/cambridge-matters-magazine.en>

10 Options / Implications

- 10.1 In relation to bids, the decisions made may have a number of implications. A decision not to approve a revenue bid will impact on managers' ability to deliver the service or scheme in question and could have staffing, equal opportunities, environmental and/or community safety implications. A decision not to approve a Capital Bid will impact on managers' ability to deliver the developments desired in the service areas.

RB2668	Reduction in budget for the Homelessness Costs [Housing Service Plan]	A procurement exercise to secure a new Private Sector Leasing Scheme provider is anticipated to result in a service which will operate with little or no residual cost to the Authority. The lead in time to set up alternative homelessness provision within the city in the form of utilising vacant HRA dwellings results in an additional underspend in 2010/11. Capital Bids

For inclusion in Capital Plan

C2655 Solar PV Panel installation (housing)
[Housing Revenue Account Service Plan]

Installation of 4kW solar PV panels on 13 communal housing Council properties to reduce the Council's carbon footprint and generate a 25-year financial return on investment from Government Feed In Tariff receipts. 13 properties have been assessed as potentially financially viable, and the budget would be used to assess technical viability, purchase and install solar panels and associated structural and electrical works. This capital bid is linked to saving S2657 (see also RB2731, C2656, S2658).

Appendix K Notes

Housing Capital Investment Plan

Notes to the Housing Capital Investment Plan

- 1 A reduction of £50,000 is proposed against the approved funding for both Private Sector Housing Grants and Loans and Disabled Facilities Grants in 2010/11, where demand has been less than anticipated.
- 2 Rephasing of decent homes budgets in respect of wall insulation (£177k) is proposed to ensure completion of identified works in 2011/12. Resources of £60k are proposed to be re-allocated from the Housing Health & Safety Rating System budget to the allocation for PVCU installations to tackle some replacements required earlier than anticipated. Savings in bathroom replacements (£106k) and in budgets to address sulphate erosion in HRA stock (£50k) have also been identified in 2010/11.
- 3 Rephasing of £233k in respect of works to balconies is proposed, as the work is not anticipated to be carried out in house in the current year, but will instead be undertaken as part of the externalised contract in 2011/12. £80k requires rephasing into 2011/12, to complete the replacement of communal floor coverings, where problems have been identified with the product proposed and an alternative solution is being sought. A capital bid of £208k is proposed in 2011/12 to enable the installation of photo-voltaics on key HRA properties, with an assumption that the investment will pay back and deliver future revenue savings.
- 4 A capital bid of £1,047k has been included to meet the anticipated costs of the re-development of Seymour Court to deliver 21 units of council owned and managed affordable housing as part of a scheme which would work with a developer to construct a mix of affordable and market housing on the site. The scheme is proposed to be funded using a mix of grant (if available), developer's contributions, housing capital balances and prudential borrowing (if required).
- 5 A saving of £40,000 has been identified in 2010/11 in respect of the outturn position for the redevelopment of Talbot House, where not all of the contingency / retention monies were utilised.
- 6 A transfer has been made between general housing capital balances and those balances ear-marked for future investment in affordable housing following a reconciliation of affordable housing receipts received and related capital expenditure. All currently remaining capital balances ear-marked for investment in affordable housing are anticipated to be used in 2011/12 towards the costs of the re-development of Seymour Court.
