Licensing Act 2003 - Licensing Sub-Committee: Hearings Procedure

Preliminary Matters

1. **The Chair** will commence the hearing by introducing him/herself, the other two members of the Sub-Committee and the officers present.
2. **The Chair** will ask the applicant(s)/the responsible authorities/the interested parties present, and their representatives (if applicable), to introduce themselves and identify their interest in the proceedings.

Failure of a party to attend the hearing

3. If a party has informed the licensing authority that he/she does not intend to attend or be represented at a hearing, the hearing may proceed in his/her absence.
4. If a party who has not so indicated fails to attend or be represented at a hearing, the Sub-Committee may –
 - (a) where it considers it to be necessary in the public interest, adjourn the hearing to a specified date, or
 - (b) hold the hearing in the party's absence.
5. Where the Sub-Committee holds the hearing in the absence of a party, the Sub-Committee will consider at the hearing the application, representations or notice made by that party.
6. **The Chair** will explain the procedure to be followed at the hearing and will confirm whether the Sub-Committee must reach its decision at the end of the hearing or within 5 working days of the hearing, depending on the application being heard.
7. **The Clerk to the Sub-Committee** will indicate whether any party has requested permission for any other person(s) (other than his/her representative) to appear at the hearing to assist the Sub-Committee in relation to the application, representations or notice of the party making the request. The Sub-Committee will decide whether to grant permission to allow any other person(s) to appear at the hearing on behalf of the party; such permission will not be unreasonably withheld.
8. **The Clerk to the Sub-Committee** will ask whether any party is seeking to introduce any document(s) or other information not previously disclosed to all the other parties to the hearing and the licensing authority. If all the other parties consent, the previously undisclosed document(s) or other information can be produced by a party in support of their application, representations or notice (as applicable).
9. The hearing will take the form of a discussion led by the Chair of the Sub-Committee. Cross-examination will not be permitted unless the Sub-Committee considers that cross-examination is required to consider the representations, application or notice as the case may require.
10. The Sub-Committee will consider any requests to permit cross-examination on

a case-by-case basis. When permission is given to one party, it will also normally be extended to all other parties.

11. The Sub-Committee will decide the equal maximum period of time that each party will have to present their case.

The Hearing

12. *The Licensing Officer will present the report to the Sub-Committee.*

13. Members may ask any relevant questions of the Licensing Officer.

14. *The applicant, or the party who has initiated the hearing, will present their case first.*

15. The party shall be entitled to:

(a) give further information in support of their application, representations or notice (as applicable) in response to a specific request by the licensing authority prior to the hearing;

(b) question any other party (if permission has been given by the Sub-Committee);

(c) address the Sub-Committee.

16. If the Police are a party to the hearing, they will present their case. The Police have the rights listed in paragraph 15 (a) – (c) above.

17. If any other “responsible authority” are a party to the hearing, they will present their case in turn after the Police and have the rights listed in paragraph 15 (a) – (c) above.

18. Any other interested parties will then present their case in turn and have the rights listed in paragraph 15 (a) – (c) above.

19. Members of the Sub-Committee may ask questions of the/each party or any other person permitted to appear at the hearing in support of the party.

20. **The Chair** will invite the applicant, or the party who has initiated the hearing, and any parties making representations, to briefly summarise their points if they wish.

21. **The Chair** will ask the applicant, or the party who has initiated the hearing, and all parties making representations, that they are satisfied that they have said all they wish to.

The Decision

22. In considering any representations or notice made by a party, the Sub-Committee may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.

23. In reaching its decision, the Sub-Committee will disregard any information given by a party, or any person who has been permitted to appear at the hearing, which is not relevant to –

(a) the application, representations or notice (as applicable) or in the case of another person, the application, representations or notice of the party

requesting their appearance, and

(b) the promotion of the licensing objectives or, in relation to a hearing to consider a notice given by the Police, the crime prevention objective.

24. The Sub-Committee may consider its decision in private and may move into private session where it considers that the public interest in so doing outweighs the public interest in that part of the hearing taking place in public. If the Sub-Committee do move into private session then all the parties and their representatives, any other person permitted to appear at the hearing, officers, the public and the press will be asked to leave the room whilst the decision is made.

The Chair will tell those present at the meeting the decision taken by the Sub-Committee and the reasons for the decision.

TASER AUTHORISED AS I HAVE REASON TO SUPPOSE THAT OFFICERS MAY HAVE TO PROTECT THEMSELVES, THE PUBLIC OR THE SUBJECT AT AN INCIDENT OF VIOLENCE OF SUCH SEVERITY THAT THEY WILL NEED TO USE FORCE.
 THIS IS BECAUSE REPORT OF VICTIM HAVING BEEN STABBED WITH AN UNKNOWN ITEM CAUSING A SMALL PUNCTURE WOUND, OFFENDER STILL BEING IN VICINITY.

I CONSIDER THAT THE DEPLOYMENT OF OFFICERS ARMED WITH TASER IS A PROPORTIONATE RESPONSE BASED ON THE THREAT ASSESSMENT I HAVE MADE AND PROVIDES THE OFFICERS CHARGED WTH DEALING WITH THE INCIDENT AN APPROPRIATE RANGE OF RESPONSES TO THE LEVEL OF VIOLENCE THEY MAY ENCOUNTER

1. Introduction

Aim

The aim of the Neighbourhood profile update is to provide an overview of action taken since the last reporting period, identify ongoing and emerging crime and disorder issues, and provide recommendations for future priorities and activity in order to facilitate effective policing and partnership working in the area.

The document should be used to inform multi-agency neighbourhood panel meetings and neighbourhood policing teams, so that issues can be identified, effectively prioritised and partnership problem solving activity undertaken.

Methodology

This document was produced using the following data sources:

- Crime and Incident data, **from August 11 – November 11** and as a comparison data from April 11- July 11, and August 10 – November 10.
- Information from the Neighbourhood Policing teams, November 2011
- Community intelligence.
- Environmental data from Cambridge City Council for the period August 2011 – November 2011, compared with the same period the previous year.

2 Neighbourhood trends

Total crime in City West has seen a decrease of 110 offences from 1605 reported in the previous period to 1495 reported in the last 4 month period. This is also a decrease from the same period last year when there were 1956 reported offences. Anti-social behaviour (ASB) has also seen a decrease with 541 incidents in this period compared to 573 in the last. This is also lower than last year when there were 620 reported incidents.

3 Market

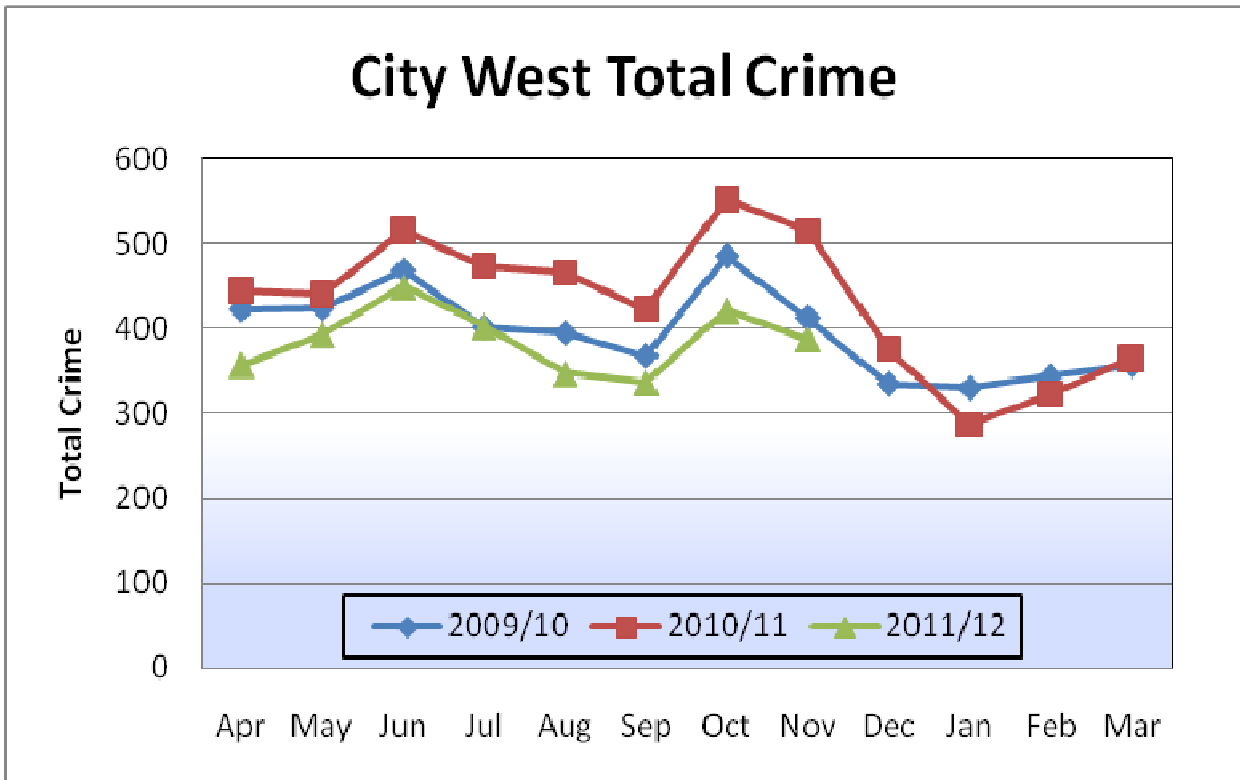

Crime

- Total crime in Market has decreased from 1324 offences reported in the previous period to 1268. This is also lower than the same period last year (1583).
- During the period there were 3 robberies reported. One of these offences related to a shop assistant being threatened with a knife while an offender stole items worth nearly £18,000. The offender has been arrested and charged for this offence.
- Cycle theft has seen an increase of 36 offences from 244 in the previous period to 280 currently. Cycles were most frequently stolen on Regent Street (22), Parkside (14), Trumpington Street (11) Portugal Place (10) and St. Andrews Street (9). Despite the increase in cycle theft, the level of offences was still lower than the same period last year.
- Theft from shop offences have seen a decrease from 241 offences in previous period to 211 in the latest period, offence levels are also still lower than the same period last year. The majority of these were reported on Sidney Street (57), at the Grafton Centre (36), Petty Cury (18) and Market Street (17).
- The theft of mobile phones and similar devices from licensed entertainment venues is currently a major concern and is receiving priority attention. Since late September large numbers have been stolen at night time venues and multiple offences have occurred on a number of different occasions. The problem has received wide publicity and efforts are being renewed to highlight the problem.

ASB

- Over the 4 month period, there were 460 ASB incidents reported in Market. Comparatively, this is at a lower level than the previous period which recorded 471 incidents, and also lower than the same period last year where 525 incidents were recorded.
- During the period, 17 begging/vagrancy incidents were reported in Market. The majority of these were fairly spread out, there were 3 incidents reported in Park Street and another one reported in nearby Malcolm Place.
- There were 288 Rowdy/Nuisance incidents which were mainly reported on Regent Street (24), St. Andrews Street (31), Parkside (18), Sidney Street (12), Fitzroy Street (12) and Grafton Centre (12)

Top Ten ASB Incident Types in the City West Area Neighbourhood, by Ward

Please Note

Incident levels for each of the wards may not be consistent with the official figures that will be published by the Force and Home Office. This is because the data system used to draw the level of detail needed for the ASB type breakdown for this report may not contain precise locations due to the way incidents are reported e.g. ASB reported where ward boundaries lie could initially be recorded in the neighbouring ward but subsequently corrected.

These figures should only be used as a guide and not regarded as official statistics for publication.
