1. Introduction

Aim

The aim of the Neighbourhood profile update is to provide an overview of action taken since the last reporting period, identify ongoing and emerging crime and disorder issues, and provide recommendations for future priorities and activity in order to facilitate effective policing and partnership working in the area.

The document should be used to inform multi-agency neighbourhood panel meetings and neighbourhood policing teams, so that issues can be identified, effectively prioritised and partnership problem solving activity undertaken.

Methodology

This document was produced using the following data sources:

- Crime and Incident data, **from August 11 – November 11** and as a comparison data from April 11- July 11, and August 10 – November 10.
- Information from the Neighbourhood Policing teams, November 2011
- Community intelligence.
- Environmental data from Cambridge City Council for the period August 2011 – November 2011, compared with the same period the previous year.

2 Neighbourhood trends

Total crime in City West has seen a decrease of 110 offences from 1605 reported in the previous period to 1495 reported in the last 4 month period. This is also a decrease from the same period last year when there were 1956 reported offences. Anti-social behaviour (ASB) has also seen a decrease with 541 incidents in this period compared to 573 in the last. This is also lower than last year when there were 620 reported incidents.

3 Market

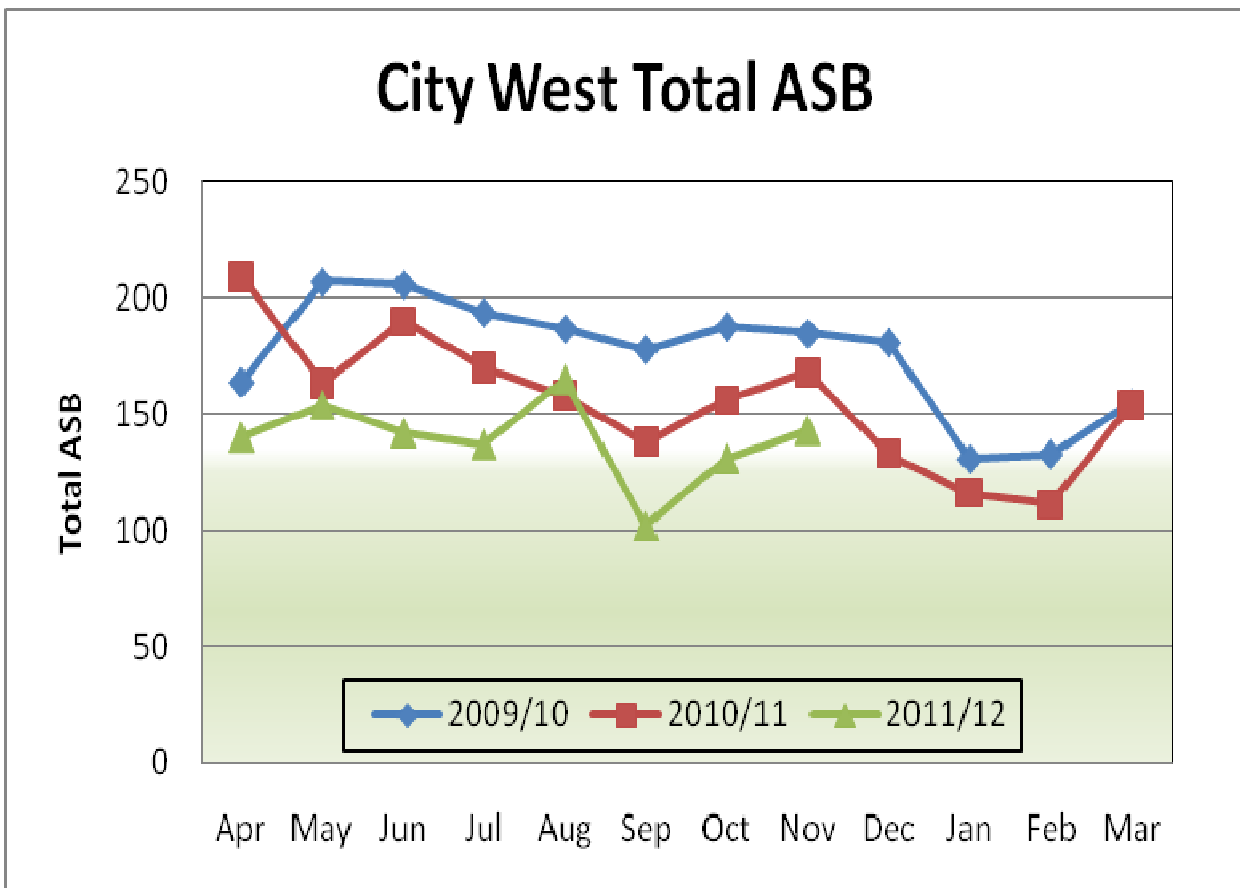

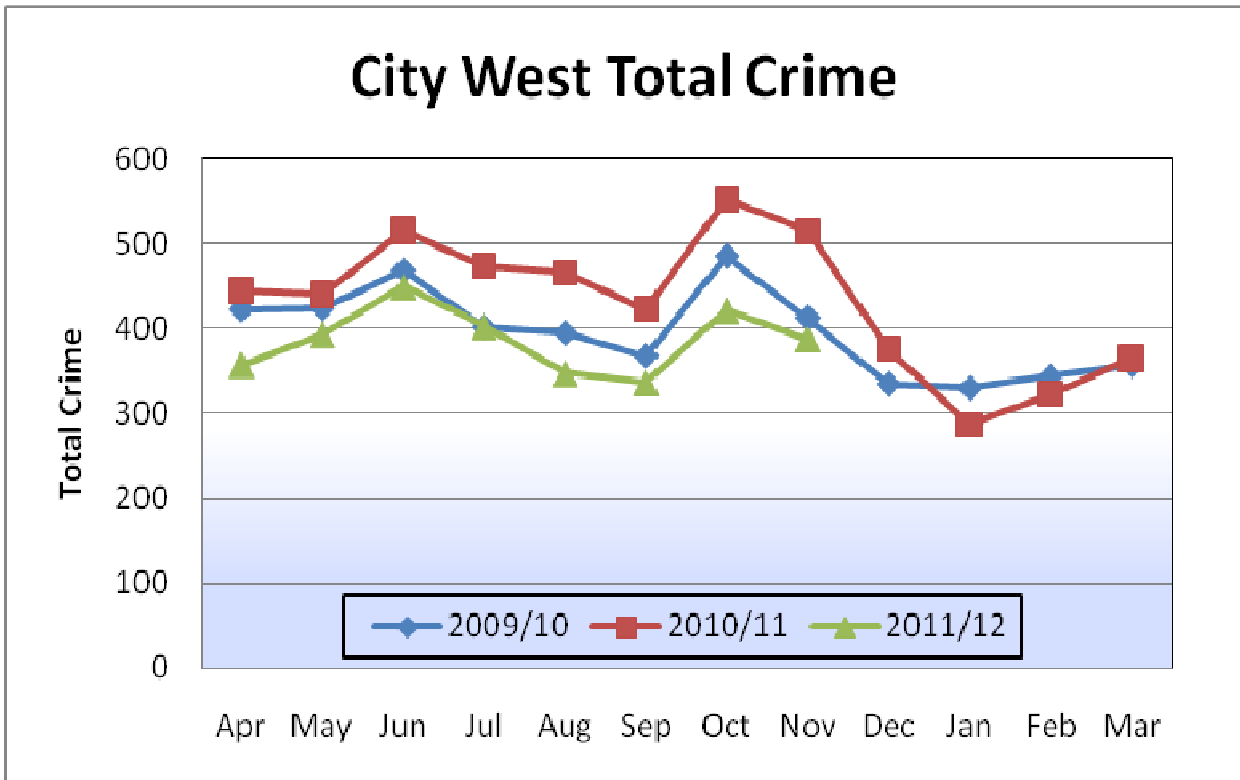

Crime

- Total crime in Market has decreased from 1324 offences reported in the previous period to 1268. This is also lower than the same period last year (1583).
- During the period there were 3 robberies reported. One of these offences related to a shop assistant being threatened with a knife while an offender stole items worth nearly £18,000. The offender has been arrested and charged for this offence.
- Cycle theft has seen an increase of 36 offences from 244 in the previous period to 280 currently. Cycles were most frequently stolen on Regent Street (22), Parkside (14), Trumpington Street (11) Portugal Place (10) and St. Andrews Street (9). Despite the increase in cycle theft, the level of offences was still lower than the same period last year.
- Theft from shop offences have seen a decrease from 241 offences in previous period to 211 in the latest period, offence levels are also still lower than the same period last year. The majority of these were reported on Sidney Street (57), at the Grafton Centre (36), Petty Cury (18) and Market Street (17).
- The theft of mobile phones and similar devices from licensed entertainment venues is currently a major concern and is receiving priority attention. Since late September large numbers have been stolen at night time venues and multiple offences have occurred on a number of different occasions. The problem has received wide publicity and efforts are being renewed to highlight the problem.

ASB

- Over the 4 month period, there were 460 ASB incidents reported in Market. Comparatively, this is at a lower level than the previous period which recorded 471 incidents, and also lower than the same period last year where 525 incidents were recorded.
- During the period, 17 begging/vagrancy incidents were reported in Market. The majority of these were fairly spread out, there were 3 incidents reported in Park Street and another one reported in nearby Malcolm Place.
- There were 288 Rowdy/Nuisance incidents which were mainly reported on Regent Street (24), St. Andrews Street (31), Parkside (18), Sidney Street (12), Fitzroy Street (12) and Grafton Centre (12)

Top Ten ASB Incident Types in the City West Area Neighbourhood, by Ward

Please Note

Incident levels for each of the wards may not be consistent with the official figures that will be published by the Force and Home Office. This is because the data system used to draw the level of detail needed for the ASB type breakdown for this report may not contain precise locations due to the way incidents are reported e.g. ASB reported where ward boundaries lie could initially be recorded in the neighbouring ward but subsequently corrected.

These figures should only be used as a guide and not regarded as official statistics for publication.

- 4 19/08/2008 0927 Butcher AS NIGHTCRIME FOR THIS INCIDENT, AND ESTABLISHED THE FOLLOWING. Two lads from Leeds turned up at Parkside one with a broken jaw. Shift officers spoke to them and they could not say where the incident occurred etc, so via an ambulance sent them to hospital with an incident number to call us when fit to be seen. I was disappointed in the actions, they could have kept victims friend to give assistance street ID, establish offence location, MG11. 301 raised. I have now been to the hospital, the victim was about to go to Xray, it was almost certain he has a broken jaw. I spoke briefly with him, then went and found his mate who was walking back to their digs, spoke to him also and drove him around. It appears they have been out drinking and got drunk, (i agree with that) they finished up in the [REDACTED] then left and went to a food shop, which was identified as the City Kebab, by the Avery. Victim waited outside smoking while his mate went inside to order food. he did not witness assault, but when he came outside his friend was on the floor with his jaw damaged. Walking away was the suspect with his girlfriend leading him away. Victim said a bloke with his girlfriend came by he didn't explain what led up to it, but was punched once under the chin decking him. Descriptions as follows. Victim white male, 40s, slim build, close crop/bald head jeans & tee shirt. His mate white male, 40s, med build, very long, very blond distinctive hair. Offender white male, mousey shortish hair, broad build, grey tee shirt. 6ft. His girlfriend, white, blond, poss white top. 5-6. There may have been another male with them. I have emailed Mark Arnold to check CCTV. Victim is [REDACTED] friend is [REDACTED], both are road workers or similar, they have been here 1 week and staying at [REDACTED].
- 5 20/08/2008 8577 Sinclaire VCC not completed by myself, as OIC has already made contact, explained how the investigation will progress and left contact details with the aggrieved party
- 6 21/08/2008 1791 Balmer Allocated to DC McCabe. IAP 1. Contact victim and witness to establish contact. Establish expectations for contact and updates. 2. Establish result of CCTV enquiries. 3. Press release. 4. Statement from victim and witness when they are able. 5. Does not appear that there are available SOCO lines of enquiry, but please bottom this out. 6. For photo showing if all else fails.
- 7 21/08/2008 2343 McCabe I now have a mobile number for the friend of the victim [REDACTED], as [REDACTED], I have tried this message left on answer phone. I have also spoken to [REDACTED] wife, who gave me the number, he will probably be working until 1930-2000 hrs each evening, so best to try him after these times. I shall call later.
- 8 21/08/2008 2343 McCabe The victim is now back at work, I contacted the address where he is staying. He will be available after 8pm. I shall call then.
- 9 21/08/2008 2343 McCabe Message left on answerphone for victim to make contact, my details and tel left.
- 10 21/08/2008 2343 McCabe I have spoken to the victim and the witness and they will both attend Parkside on Tue 26/8/08 for photo viewing and to provide statements. The victim has my details and we have discussed how we will progress the enquiry. the victim is realistic and realises it may

Incident 27 of 06/12/2006 relates to an assault at City Kebab Regent Street Cambridge at approximately 01:40 hours two males, one tall and skinny the other short and stockier have entered the Kebab Shop and asked for a lighter staff have told them that they did not have one and the males have then become abusive swearing at staff members and making comments about them being foreigners. They have also become abusive to !!!!!!! and !!!!!!, two students who were in the kebab shop at the time. *****

*****, who is Turkish and has only been working in the shop for two weeks ushers the males out of the shop. A short time later the smaller male has returned and picked up a bottle belonging to one of the girls and hit ***** in the face with it before leaving the shop with the other male.

Police have been called by ***** who also works at the shop and who also claims that when the male where in the shop the first time they have caused damage to a door within the shop.

Upon arrival ??????? and ?????? are spoken to and provide detailed description of the males involved. A short while later a taxi driver speaks to officers and tells them that he has dropped two male off in the Coleridge Road area who may have been involved in the assault at the kebab shop.

AG search the area and find ??????? & ??????? on the recreation ground on Davy Road both match the description given of the offenders and both have cuts and both are wearing clothing which appears to have blood stains??????and ??????? are arrested on suspicion of GBH.

In Custody ???????, the shorter of the two, has visible injuries, he states he recently broke his right hand but has not had any treatment for it there is a large lump on the back of his hand. He also has fresh cuts to this hand that were bleeding; he also has a cut to his head above the ear and blood on his coat and top.

Clothing has been seized from both ??????? and ??????? and swabs taken of the any visible cuts. These have been booked into crime property along with glass fragments of the bottle used at the scene.

The doctor has also been requested to document ??????? injuries which may also need photographing in the morning (as likely he is going to claim he was the victim of an assault inside the Kebab Shop)

A brief statement has been taken from ***** , reference him witnessing the assault on ***** and the criminal damage, he is also Turkish and there were some communication issues if a more detailed statement is needed then an interpreter may be required.

Statements have also been taken from !!!!!!! and !!!!!!! as well as a first account from *****

***** was taken to Addenbrookes and is aware that a statement will be needed from him in the morning he is available all day and lives at the kebab shop; he speaks good English and will not require an interpreter. Photos of his injuries will be needed when taking a statement he currently has cuts to face and head not sure how serious at this stage.

There is no CCTV inside the store but ??????? and ??????? may have been captured entering/exiting the shop on CCTV this will also need checking in the morning.

I have spoken to all witnesses and they are available if needed for any identification procedures tomorrow.
