Smart, M. Smart, Smith, Todd-Jones and Tunnacliffe

FOR THE INFORMATION OF THE COUNCIL**15/59/CNL To approve as a correct record the minutes of the meeting held on 6 November 2014**

The minutes of the meetings held on 6 November 2014 were confirmed as a correct record and signed by the Mayor.

15/60/CNL Mayor's Announcements**1. APOLOGIES**

Apologies were received from Councillor Reid & Councillor Tucker.

2. FUND RAISING

The Mayor confirmed that the fund raising event in aid of Tom's Trust held on 11th February had raised over £2,200.

3. COMMONWEALTH FLAG RAISING CEREMONY AND WORLD WAR 1 COMMEMORATION

On Monday, 9th March, the Commonwealth Flag would, as usual, fly over the Guildhall. The ceremony will be coupled with a national World War 1 commemoration co-ordinated by the National Association of Civic Officers.

4. HONORARY COUNCILLOR PERCY REED

The Mayor announced the death of Honorary Councillor Percy Reed at the age of 101 years. Mr. Reed was first elected to the City Council in 1968 representing West Chesterton Ward where he served continuously until 1983. He was Mayor of the City in 1981-82. In his capacity as an Honorary

Councillor, Mr. Reed continued to give outstanding support to the office of Mayor and had been an extremely regular attender at the Council's civic events until a year or so ago.

A minutes silence then followed.

5. WELCOME TO COUNCILLOR SANDERS

The Mayor welcomed Councillor Sanders to her first meeting since being elected at the Queen Edith's by-election on 13 November 2014.

15/61/CNL Public Questions Time

Doug Whyte addressed the Council and made the following points:

- i. Discussions with Officers have been ongoing for over a year regarding the start date for improvement works to Buchan Street Shopping Area.
- ii. Asked if a final decision would be made at this meeting when the work would begin.

The Executive Councillor for Housing responded with the following:

- i. Advised that money had been allocated in the budget recommendations for 2015/16.
- ii. Subject to approval of the budget, which would be considered later in the meeting, the work would begin at the end of March or early April 2015.

Andy Davey addressed the Council and made the following points:

- i. The cutting down of the plane trees at the rear perimeter of Alexandra Gardens were due to be considered by the Planning Committee on 4th March 2015.
- ii. These trees are threatened as householders are seeking to claim compensation for underpinning their properties to repair the damage that the insurance companies believe the trees have caused.
- iii. Questioned if the trees caused all the damage. The properties had been built on clay (which moves seasonally) and many have rear extensions. Cracks could appear due to the difference in foundations between house and extension.
- iv. Was advised by the Executive Councillor for City Centre and Public Places that there was no money to save these trees from ruinous cutting.

- v. The Council budget which will be considered tonight shows that the Council plans to release £12.1m from the £24m general reserve. Why cannot just 1% of this money (or an additional 1% from the reserve) be used to supplement the fund set aside by Councillor Cantrill in 2012 to settle the outstanding verifiable claims and save these trees?

The Executive Councillor for City Centre and Public Places responded:

- iii. Acknowledged the disappointment that local residents felt as she too could view the trees from her property.
- iv. There were no guarantees that there would be no future claims, and more monies from the Reserves would be required which would have to be taken from elsewhere; such as protecting front line services, housing and anti-poverty funding. Therefore there could be no promise to save the trees.
- v. Funding was not unlimited and money was also required to protect other areas in the City.
- vi. Since 2012, the Council had made a number of short term decisions. Now the decision was strategic and the question should be asked if the trees should be retained at all cost. There could be unlimited liability to protect the five trees at Alexandra Gardens.

Andy Davey raised the following supplementary points:

- i. The Executive Councillor has presented the case as an unlimited pot of money.
- ii. Asked for monies to be taken from the commercial property portfolio, not housing or anti-poverty funding.
- iii. Trees should be treated as public amenity assets.

The Executive Councillor for City Centre and Public Places responded:

- i. Appreciated Mr Davey's comments.
- ii. It was expected that funding from central government would be cut each year and harsh decisions had to be made in order to allow the Council to invest towards housing and towards anti-poverty funding.

Anthony Carpen addressed the Council and made the following points:

- i. 'Be the Change Cambridge' were offering three guided workshops; the Housing, Transport and Planning workshop might be of particular interest to Councillors.

- ii. A new video would be released to promote the organisation which would be sent to Councillors electronically to share with their contacts.

15/62/CNL To consider the recommendations of the Executive for Adoption

4a Money Transmission (Banking) Contract (Executive Councillor for Finance and Resources)

Resolved (unanimously):

- i. To authorise the delegation to the Director of Business Transformation to undertake the re-tendering and award of the Council's Banking Contract for a period of 5 years (with the Council's option to extend up to a further 5 years), subject to the preferred tender price being within 10% of the estimated contract value;
- ii. To commence the tender process by not using a Framework option i.e. using a 'full' tender process; and;
- iii. To use an 'open' tender route and to evaluate bidders using the same creditworthiness criteria as used to select the City Council Counterparty List.

4b Annual Treasury Management Strategy Statement 2015/16 (Executive Councillor for Finance and Resources)

Resolved (27 votes to 0):

To approve:

- i. The Annual Borrowing Statement at Paragraph 3.2 of the officer's report, the Council's Minimum Revenue Provision (MRP) Policy at Paragraph of the officer's report and the Council's Annual Investment Strategy as contained within Paragraph 6 of the officer's report.
- ii. An amendment to counterparty limits as follows (which puts these financial instruments in line with the other products in use):

Name	Recommended Limit (£)
Supranational Bonds - AAA	15m

UK Government Treasury Bills	15m
UK Government Gilts	15m

iii. Changes to the estimated Prudential & Treasury Indicators for 2014/15 to 2017/18, inclusive, as set out in Appendix D of the officer's report.

4c 2015/16 Housing Revenue Account (HRA) Budget Setting Report (Executive Councillor for Housing)

Resolved (27 votes to 0):

To approve:

Treasury Management

- i. Retaining the existing approach to treasury management, setting-aside a proportion of the surpluses generated over the life of the Business Plan to allow for potential debt redemption, but re-investing up to 75% of the surplus generated in the acquisition or development of new affordable housing, as outlined in Section 6 of the HRA Budget Setting Report.

Housing Capital

- ii. Capital bids, shown in Appendix D (2) of the HRA Budget Setting Report, to include ear-marking resource for the implementation of both a new sub-regional choice based lettings IT system, and the software required to facilitate customer access to elements of the housing management information system, subject to each project demonstrating viability.
- iii. Amendment to the Decent Homes Programme investment, recognising the financial implications of a change in the assumed life for UPVC window replacements, from 25 years, to the 40 years required as part of the Decent Homes Standard
- iv. Re-allocation of £976,000 of resource in 2015/16 and 2017/18, originally included in previous years for works to communal areas, into the budget for garage improvement works, to allow the authority to undertake major works to some of the larger garage blocks should there be a financially viable business case for investment. The decision to proceed with works following the preparation of each business case shall be delegated to the Director of Customer & Community Services, in consultation with the

Executive Councillor, Chair of Housing Scrutiny Committee (Part 2) and the Opposition Spokespersons.

- v. The latest budget and funding mix for each of the schemes in the 2011-15 new build programme, as detailed in Section 5 and Appendix F of the HRA Budget Setting Report, recognising the most up to date information available as each scheme progresses through the design, planning, build contract and completion process.
- vi. Gross funding of £7,008,000 for the development of the affordable housing project on the Homerton site, in line with the scheme specific report being presented to Housing Scrutiny Committee on 14th January 2015, which assumes 75% affordable rented and 25% shared ownership housing.
- vii. Earmarking the required level of additional funding for new build investment between 2015/16 and 2019/20 to ensure that the anticipated level of future retained right to buy receipts can be appropriately utilised.
- viii. Re-direction of existing resource, previously identified as Cambridge Standard Investment, to create a new City Homes Estate Improvement Programme, with a view to increasing the future level of investment in this area, as part of the Fundamental Review of the HRA and Housing Service, which will take place during 2015.
- ix. The revised Housing Capital Investment Plan as shown in Appendix I of the HRA Budget Setting Report.
- x. Provisional addition to the Housing Capital Allowance of £29,151,000 in respect of anticipated qualifying expenditure in 2015/16.

- 2) Making the move into work easier

Resolved (unanimously)

To approve the level of fees and charges with effect from the 1st April 2015, as set out in Appendix A of the Officer's report considered by Licensing Committee on 26th January 2015, and to request officers to communicate the charges to the trade and public.

6b Civic Affairs 28.01.15: Council Tax Base and Business Rates Calculations

Resolved (unanimously)

- i. To confirm the delegation to the Chief Financial Officer (Head of Finance) of approval of the Council Tax Base and submission of the National Non-Domestic Rates Forecast Form (NNDR1) for each financial year.

6c Civic Affairs 28.01.15: Pay Policy Statement 2015/16

Resolved (unanimously):

- i. Approve the draft Pay Policy Statement 2015/16 in the attached at Appendix 1 of the officer's report.

15/65/CNL To deal with Oral Questions**1) Councillor Austin to the Chair of Licensing Committee**

Is the chair of licensing concerned that the newly introduced cap on Hackney cabs in the city will make it much more difficult to increase the number of cabs which meet current and enhanced standards for disability access?

Councillor Benstead responded. At the Licensing Committee on the 26th January 2015, Members were advised that any new Hackney Carriage Vehicle has to be wheel chair accessible. Presently the Council had a large proportion of vehicles 63% in the fleet that are wheel chair accessible. Section 161 of the Equality Act 2010 will, when it is in force, would require Local Authorities to ensure that the correct proportion of accessible taxis licensed within the area is maintained. An authority which limits the number of HCVs within its area would be allowed to make an exception for a vehicle which is accessible. Current proportions within Cambridge suggest that, if and when section 161 is implemented, the Council will be in compliance with the proportion required.

There were a number of actions that need to be taken forward to improve the service for those with disabilities. These included disability awareness training for drivers, information and advice about users' rights and a better understanding of the differences between hackney carriage and private hire vehicles. Officers would address these issues and develop a new disabled access policy. A report would be presented to Licensing Committee within the next 12 months.

2) Councillor Blackhurst to the Executive Councillor for Housing

What feedback has been obtained from former Water Lane residents as to their satisfaction with their new accommodation?

The Executive Councillor responded that Water Lane residents were of mixed ages and family composition. Just under half of them had been re-housed by City Homes. The majority of the remainder had moved to other social housing provider properties. Most were happy with their new homes.

3) Councillor Charlotte Perry to the Executive Cllr for Finance and Resources

Can the Executive Councillor update us on progress to tackle illegal punt touting and operations from Garrett Hostel Lane?

The Executive Councillor advised that legal advice had been taken with regards to the illegal punting. Officers were currently collating evidence on these operations to take action at the appropriate time. A planning application to install railings to the river from Garrett Hostel Lane would be considered by the Planning Committee on 1 April 2015.

4) Councillor Reid to the Executive Councillor for Finance and Resources**What steps is the administration taking to ensure food retailers in the city pay the living wage?**

The Executive Councillor advised that a Living Wage Co-ordinator had been appointed to promote the Living Wage and work directly with local business and organisations.

5) Councillor Sarris for the Executive Councillor for Community, Arts and Recreation**Does the Executive Councillor agree that the unanimous vote in favour for this year's Community Grant Finance Package at committee recently was evidence of how successful the new approach taken by the council has been, namely, by prioritising funding to those organisations that tackle inequality in our city?**

The Executive Councillor acknowledged that the Community Grant Package was a success. A great deal of work had gone into the new process with a majority of organisations successful in their funding applications. Officers had worked very hard to promote the scheme via workshops and social media.

6) Councillor Pitt to the Leader**Should executive councillors participate in the discussions at committee during pre-decision scrutiny?**

The Leader responded that the constitution enabled the Executive Councillors to participate and it was a matter for the individual Executive Councillor on how they should respond to the discussion.

7) Councillor Pippas to the Leader

How will the Leader safeguard vulnerable and destitute people from needless criminalisation under his proposed Public Space Protection Orders?

The Leader advised of a pilot scheme which the City Council was involved with that also included the Police and outside organisations to intercept and offer support programme to vulnerable individuals. He felt that the Police had received unnecessary criticism regarding the Public Space Protection Orders. The Police had employed a Street Life Officer to work with those individuals and to brief and train PCSO's to offer advice and support to street drinkers in Public Space Protection Order Areas.

8) Councillor Tim Bick to the Leader

How does the Leader plan to ensure that the Public Place Protection Orders he is proposing are directed at those who are responsible for anti-social behaviour and not those who aren't?

The Leader responded that the Police would deal with the issues sensitively following national guidance whilst exercising discretion. He then read out a statement from the Police referencing complaints of antisocial behaviour relating to street drinking in certain areas of the City. The Leader said that responsible drinkers would not be affected.

9) Councillor Mike Todd-Jones to the Executive Councillor for City Centre and Public Places

Can the Executive Councillor give an update on the Chesterton Co-ordinator?

The Executive Councillor responded that a part time Chesterton Co-ordinator had been appointed on 7 January 2015 and was working with local business in the area.

The following oral questions were also tabled, but owing to the expiry of the period of time permitted, were not covered during the meeting.

10) Councillor Robertson to the Executive Councillor for Finance and Resources

Can the Executive Councillor confirm that:

- **there has been no change in the Council's maternity pay policy**
- **the Council maintains its commitment to fully supporting staff on maternity leave**
- **following the reduction in the Maternity Fund there will still be full funding of all maternity pay and conditions commitments**

11) Councillor Sinnott to the Leader

What explanation did Cllr Herbert obtain from the Army regarding the Libyan cadets and the alleged serious sexual attacks last October?

12) Councillor Mark Ashton to the Leader

Now that planning has been removed from Area Committees does he agree more time as been freed up for the Public to question councillors on the matters that concern them?

13) Councillor Catherine Smart to the Executive Councillor for Housing

Will the Councillor indicate which repairs are classified as emergency, which urgent and which routine? What proportion of each has been dealt with within the time limits during the last six months (or the latest available data)?

14) Councillor Dryden to the Executive Councillor for Community, Arts and Recreation

Does the Executive Councillor agree that the exciting line-up recently announced for this year's Folk Festival, following on from last year's successful 50th anniversary, is further evidence of how highly regarded the festival is not just here and the UK, but from many other counties around the world?

15) Councillor Catherine Smart for the Executive Councillor for Planning Policy and Transport.

Was a business case made out for the Early Bird concession in the Grand Arcade? If so, how has it worked out? Has there been any increase in custom on the Tuesday mornings it has been operating?

16) Councillor Mark Ashton to Executive Councillor Environment, Waste and Public Health

Following the Labour initiative on Ward Blitzes what has been the feedback so far?

15/66/CNL To consider the following Notices of Motion, notice of which has been given by:

15/66a/CNL Councillor Price & Councillor Blencowe

Councillor Price proposed and Councillor Blencowe seconded the following motion

Affordable Housing Supply in Cambridge

The City Council's Vision for Cambridge as One Cambridge Fair for All is one in which an affordable local home close to jobs and good neighbourhood facilities is available to all regardless of income or tenure. To achieve our aim for a City with mixed and balanced communities where prosperity is shared, it is vital that developers contribute their fair share toward meeting housing needs and the cost of community infrastructure.

This Council notes that recent changes in the national planning framework by the Liberal Democrat and Tory coalition government will seriously impact our ability to deliver our affordable housing requirements through the planning process. This will worsen the housing affordability crisis in Cambridge which is leading to many low and middle income residents being priced out of housing across market sale, social and private rental sectors. It will also transfer the cost of meeting vital neighbourhood infrastructure such as community, play and sport facilities and education from developers of a significant number of new homes to the Council and existing residents.

In particular this Council condemns:

i. The Small Sites Exemption announcement on 1 December 2014 by the Tory Minister for Housing and Planning whereby affordable housing and other S106 contributions cannot be sought on sites of 10 units and under with a maximum combined floor space of less than 1000 sq metres. In Cambridge small sites play a key role in meeting our housing need and the council's own research for the draft new Local Plan has shown that viability is not related to site size. It is estimated that this change alone will lead to a loss of around 200 new

affordable homes over the next decade in the City, and an ongoing and cumulative financial loss of up to £1/2 million a year for community infrastructure.

ii. The Vacant Building Credit introduced on 28 November 2014 by the Liberal Democrats and Tory government whereby affordable housing contributions can only be sought on any increase in floorspace where buildings are brought back into use or replaced. In a city with a tight urban boundary relying on the development of a high number of brownfield sites, this will have a significant and damaging impact on our ability to deliver affordable housing on many sites coming forward.

This Council further notes that Cambridge has a strong property and development sector, so these are wholly unnecessary developer give always at a high community cost and that the changes are perverse is that they reverse the normal presumption that planning obligations should be applied unless developers can prove an impact on viability severe enough to justify removal or change.

The Council regrets the failure by the Liberal Democrats and Tories in government to deliver on their pledges for housing, with completions running far below the levels of the previous Labour government and, in particular, its failure to deliver new social housing at social rent levels whilst causing a significant decrease in existing social housing stock through its revitalisation of Right to Buy.

The Council acknowledges, however, that the latest planning changes have met with almost universal condemnation from councils across the political spectrum, and it resolves to work through the Local Government Association and with other councils to seek their reversal by government.

Councillor Smart proposed and Councillor Blackhurst seconded the following amendment to the motion:
