

Public Document Pack

Cambridge City Council

CIVIC AFFAIRS

To: Committee Members: Councillors Boyce (Chair), Rosenstiel (Vice-Chair), Marchant-Daisley, Herbert, Benstead and Pitt

Alternates: Councillors Brierley and Pogonowski

Despatched: Tuesday, 11 September 2012

Date: Wednesday, 19 September 2012

Time: 6.00 pm

Venue: Committee Room 1 & 2 - Guildhall

Contact: Glenn Burgess

Direct Dial: 01223 457169

AGENDA

1 APOLOGIES FOR ABSENCE

2 MINUTES OF PREVIOUS MEETING *(Pages 1 - 10)*

3 DECLARATIONS OF INTEREST

Members are asked to declare at this stage any interests that they may have in any of the following items on the agenda. If any member is unsure whether or not they should declare an interest on a particular matter, they are requested to seek advice from the Head of Legal Services before the meeting.

4 PUBLIC QUESTIONS

5 AUDIT COMMISSION ANNUAL GOVERNANCE REPORT AND APPROVAL OF STATEMENT OF ACCOUNTS Head of Accounting Services *(Pages 11 - 200)*

Information for the Public

Location The meeting is in the Guildhall on the Market Square (CB2 3QJ).

Between 9 a.m. and 5 p.m. the building is accessible via Peas Hill, Guildhall Street and the Market Square entrances.

After 5 p.m. access is via the Peas Hill entrance.

All the meeting rooms (Committee Room 1, Committee 2 and the Council Chamber) are on the first floor, and are accessible via lifts or stairs.

Public Participation Some meetings may have parts that will be closed to the public, but the reasons for excluding the press and public will be given.

Most meetings have an opportunity for members of the public to ask questions or make statements.

To ask a question or make a statement please notify the Committee Manager (details listed on the front of the agenda) prior to the deadline.

- For questions and/or statements regarding items on the published agenda, the deadline is the start of the meeting.
- For questions and/or statements regarding items NOT on the published agenda, the deadline is 10 a.m. the day before the meeting.

Speaking on Planning or Licensing Applications is subject to other rules. Guidance for speaking on these issues can be obtained from Democratic Services on 01223 457013 or democratic.services@cambridge.gov.uk.

Further information about speaking at a City Council

meeting can be found at;

<http://www.cambridge.gov.uk/public/docs/Having%20your%20say%20at%20meetings.pdf>

Cambridge City Council would value your assistance in improving the public speaking process of committee meetings. If you have any feedback please contact Democratic Services on 01223 457013 or democratic.services@cambridge.gov.uk.

**Filming,
recording
and
photography**

The Council is committed to being open and transparent in the way it conducts its decision-making. Recording is permitted at council meetings, which are open to the public. The Council understands that some members of the public attending its meetings may not wish to be recorded. The Chair of the meeting will facilitate by ensuring that any such request not to be recorded is respected by those doing the recording.

Full details of the City Council's protocol on audio/visual recording and photography at meetings can be accessed via:

www.cambridge.gov.uk/democracy/ecSDDisplay.aspx?NAME=SD1057&ID=1057&RPID=33371389&sch=doc&cat=13203&path=13020%2c13203.

Fire Alarm

In the event of the fire alarm sounding please follow the instructions of Cambridge City Council staff.

**Facilities for
disabled
people**

Level access to the Guildhall is via Peas Hill.

A loop system is available in Committee Room 1, Committee Room 2 and the Council Chamber.

Accessible toilets are available on the ground and first floor.

Meeting papers are available in large print and other formats on request prior to the meeting.

For further assistance please contact Democratic

Services on 01223 457013 or
democratic.services@cambridge.gov.uk.

Queries on reports If you have a question or query regarding a committee report please contact the officer listed at the end of relevant report or Democratic Services on 01223 457013 or democratic.services@cambridge.gov.uk.

General Information Information regarding committees, councilors and the democratic process is available at www.cambridge.gov.uk/democracy.

CIVIC AFFAIRS27 June 2012
7.45 - 9.35 pm

Present: Councillors Boyce (Chair), Rosenstiel (Vice-Chair), Marchant-Daisley, Herbert, Benstead and Pitt

Officers Present

Director of Resources – David Horspool
Head of Accounting Services – Julia Minns
Head of Corporate Strategy – Andrew Limb
Head of Customer Services – Jonathan James
Head of Internal Audit – Steve Crabtree
Head of Legal Services – Simon Pugh
Democratic Services Manager – Gary Clift
Information Manager – Anne Melia
Committee Manager – Martin Whelan

FOR THE INFORMATION OF THE COUNCIL**12/32/civ Apologies for absence**

There were no apologies for absence.

12/33/civ Declarations of Interest

There were no declarations of interest.

12/34/civ Minutes of previous meeting

Councillor Herbert expressed concern about the process of reporting Civic Affairs Committee adoption minutes to Council, without consultation with opposition spokes. Specific concerns were discussed. It was agreed that draft minutes should be circulated to the Chair and Spokes prior to publication.

The committee approved the minutes of previous meeting.

12/35/civ Public Questions

There were no public questions.

12/36/civ Review of the effectiveness of the systems of Internal Audit

The committee received a report from the Director of Resources regarding the review of the effectiveness of the systems of internal audit.

The committee made the following comments on the report

- i. The work undertaken by Internal Audit was welcomed.
- ii. Officers were questioned on whether there were further opportunities to share the outcomes of reviews, in order to increase the understanding of the work undertaken by the team. The Director of Resources outlined some specific limitations in expanding the sharing of outcomes, however agreed that further work was required to ensure that where appropriate review outcomes could be easily accessed.
- iii. The Director of Resources was also asked, whether the current structure allowed the Internal Audit function to operate as independently as possible from the management structure where required. The Director of Resources explained that whilst the Head of Internal Audit was line managed by the Director of Resource, they had direct access to the Chief Executive and other senior managers
- iv. The use of the term "Audit Committee" throughout the document was highlighted as potentially confusing. The Director of Resources explained that the document had been produced using a national template, however it was agreed that in future the term Civic Affairs would be used throughout.
- v. Clarification was requested on the likely format for the committee handbook. The Head of Internal Audit explained that document would be 20/25 pages long, and contain information related to the remit of the committee.

Resolved (Unanimously) to

- i. Note the “Review of the Effectiveness of Internal Audit 2011/12”.

12/37/civ Head of Internal Audit Opinion

The committee received the Head of Internal Audit Opinion.

The committee made the following comments on the report

- i. The Head of Internal Audit was asked whether there were any similarities with the profile of work undertaken at Peterborough City Council. The committee were advised that, as Peterborough was a unitary authority, a significant proportion of the Internal Audit work was focussed on Children’s Services, Schools and Adult Social Care.
- ii. Clarification was requested on whether the issues related to leaseholder service charges had been resolved. The committee were advised that the issues had been identified, resolved and reported back to Housing Management Board.
- iii. Members questioned, why no significant issues had been identified with the Brandon Court items, despite the significant delays. The Head of Internal Audit noted the comment.
- iv. The Head of Internal Audit was asked to provide an explanation for the apparent high level of non or limited assurance reports, and whether the audit plan completion target was set too high. The Head of Internal Audit explained that the plan focussed on areas of highest risk, and areas where concerns had been raised. The committee were also advised that the 95% completion target was appropriate and was based on no other priorities developing during the year

Resolved (Unanimously) to

- i. Note the Head of Internal Audit: Annual Audit Opinion 2011/12.

12/38/civ Assurance Framework and Draft Annual Governance Statement 2011/12

The committee received a report from the Head of Corporate Strategy regarding the Assurance Framework and Draft Annual Governance Statement 2011/12.

Resolved (Unanimously)

- i. Noted the Assurance Framework and Draft Annual Governance Statement 2011/12

12/39/civ Code of Corporate Governance

The committee received a report from the Head of Legal Services.

Resolved (Unanimously) to recommend

- i. That the Council approves the Code of Corporate Governance at Full Council on 19th July.

12/40/civ Statement of Accounts 2011-12

The committee received the Statement of Accounts 2011/12 from the Head of Accounting Services.

The committee made the following comments on the Statement of Accounts.

- i. A request was made for a copy of the Statement of Accounts summary document to be circulated with the draft accounts. The Head of Accounting Services explained that the summary document was produced later in the process and would be made available to all councillors.
- ii. Clarification was requested on the inclusion of heritage assets. The committee were advised that the CIPFA Code of Practice required the inclusion of heritage assets.

- iii. In response to a question from the committee, the Head of Accounting Services outlined the key changes to accounting policies, which had been used in the development of the Statement of Accounts.
- iv. A briefing was suggested for members to further understand the Statement of Accounts.
- v. Clarification was requested regarding the process by which Ernst and Young had been appointed the Council's external auditors. The Director of Resources explained that the district audit function of the Audit Commission was due to cease imminently, and that as an interim step prior to Councils having the ability to appoint their own auditors, regional lots had been let for district auditor elements of the Audit Commission's work.

Resolved (Unanimously) to

- i. Note the draft statement of accounts and approve the accounting policies on which they are prepared.

12/41/civ Cambridgeshire Information Sharing Framework

The committee received a report from the Information Manager, regarding the Cambridgeshire Information Sharing Framework.

Some members expressed unease about the principle of sharing, but acknowledged that the Council was not able to alter the protocol without the agreement of other partners. It was agreed that there should be an easy and clear process to allow people to opt out of having their data shared. The Information Manager explained that each sharing activity would be subject to a more detailed framework, which would provide these safeguards.

Concerns were raised regarding the narrow definition of sensitive personal information. It was noted that the definition was the statutory definition.

It was agreed that training was very important, and following discussion it was agreed that the training materials would be circulated to members of the committee, and included on a future Civic Affairs agenda if members wished following circulation of the materials.

It was requested that the language on page 249 should be gender neutral.

Resolved (Unanimously)

- i. To approve the Cambridgeshire Information Sharing Framework.
- ii. That training materials are circulated to all members of the committee, and consideration is given to the training materials being discussed at a future meeting.

12/42/civ Annual Complaints Report 2012

The committee received a report from the Head of Customer Services regarding the Annual Complaints Report 2012. The Head of Customer Services highlighted a minor correction regarding information supplied by the Local Government Ombudsman.

The committee welcomed the improved performance. Questions were asked regarding the following issues

- i. Clarification was requested on the reference to 35% decrease in complaints, and its likely cause being greater use of email. The Head of Customer Services advised that the definitions had not changed, but that as emails were generally more succinct it was often easier to pick out complaints.
- ii. Further information was requested on whether the complaints target, referred to the initial holding response or conclusion of the issue. The Head of Customer Services confirmed that the target related to conclusion of the issue.

Resolved (Unanimously) to approve the Annual Complaints Report 2011/12 for publication on the Council's website.

12/43/civ Review of Local Elections held on 3rd May 2012

The committee received a report from the Democratic Services Manager regarding the local elections held on 3 May 2012.

The following comments were made on the report

- i. The smooth running of the election was welcomed. Information was requested on the plans for the Police and Crime Commissioner elections. The Democratic Services Manager explained that limited information was currently available, but advised that Councillors would be briefed at appropriate times.
- ii. Clarification was requested on whether it was possible (and legal) to inform voters where their postal vote had been rejected. The Democratic Services Manager agreed to explore whether this would be legal and explore the practicalities of doing so.
- iii. Further information was requested on the circumstances, which lead to the publication of the Mill Road Bridges magazine in the pre-election period. The Democratic Services Manager advised that the complaint was being investigated by the Head of Community Development.
- iv. The Democratic Services Manager agreed to investigate whether the Council had any discretion to alter the postal ballot return form, to require that the month be written in words to avoid confusion between days and months.
- v. The inclusion of maps on polling cards was welcomed.
- vi. Members of the committee expressed significant concerns about the implications of the timing of the Police and Crime Commissioner election in November.

Resolved to

- i. Note the review of the local elections held on 3rd May 2012.

12/44/civ The matter of prayers at the commencement of the Council meetings

The committee received an update on the matter of prayers at the commencement of the Council meetings.

The former Mayor (former Cllr Nimmo-Smith) was thanked for the manner in which he handled the meeting regarding prayers at the start of the Council meetings.

Members of the committee made the following comments on the issue

- i. The possibility of formally removing the option for formal prayers was suggested. Members expressed concern that this approach could also be seen as discriminatory.
- ii. It was noted that it had been suggested that the existing practice couldn't be described as prayers. It was also noted that there was nothing precluding a Mayor having more than one Chaplain.

The committee agreed that the Mayor be advised by the Democratic Services Manager that the "calling to prayer" at Council meetings should be discouraged. In place there should be the opportunity for her Chaplain to express his "thought for the day" and for members to then have a moment of silent reflection. The guidance for future Mayors would be made clearer on this matter and before being included would be shared with the Committee for its comments.

12/45/civ Committee Dates 2012/13

The committee received a report from the Democratic Services Manager regarding some issues raised by councillors and the public with committee dates 2012/13.

The committee made the following comments

- i. The improved scheduling to allow members to attend the Local Government Association conference was welcomed.
- ii. The need to maintain a range of days and times for committees, to allow members with different commitments to take a full part in the democratic process was agreed, however it was suggested that committees should retain the flexibility to make minor adjustments to start times.

- iii. It was agreed that it would not be appropriate for Joint Development Control Committee to meet in May 2013 prior to the County Council AGM.
- iv. It was suggested that officers should make recommendations to the relevant members on area committee scheduling.

Resolved to

- i. To request that Joint Development Control Committee is re-scheduled so that it is not scheduled to meet between the County Council Elections and the County Council AGM.
- ii. Request that officers review the existing Area Committee clashes and that they make suggestions to the relevant Area Committees.
- iii. Leave Licensing Sub-Committee and Civic Affairs as scheduled for May 2013.

The meeting ended at 9.35 pm

CAMBRIDGE CITY COUNCIL

REPORT OF: Director of Resources

TO: Civic Affairs Committee

19/9/2012

WARDS: None directly affected

AUDIT COMMISSION ANNUAL GOVERNANCE REPORT AND APPROVAL OF STATEMENT OF ACCOUNTS

1 INTRODUCTION

- 1.1 The Audit Commission has now largely completed the audit of the Statement of Accounts for 2011/12. However, before the District Auditor gives his formal opinion on the accounts there is a requirement to present the Annual Governance Report and to obtain a letter of management representation signed by both the Director of Resources and a member on behalf of 'those charged with governance.' Under the Council's Constitution, this responsibility rests with the Civic Affairs Committee.
- 1.2 The Annual Governance Report is attached at Appendix A and a representative from the Audit Commission will be at the meeting to present and discuss the contents.
- 1.3 The Accounts and Audit Regulations require that the accounts be approved by resolution of a committee of the Council (or the full Council) by 30 September 2012. Under the Council's Constitution, this responsibility rests with the Civic Affairs Committee.
- 1.4 A version of the Annual Report incorporating a brief summary of the Statement of Accounts has now been drafted based on the audited financial statements.

2. RECOMMENDATIONS

- 2.1 That the Committee receive the Annual Governance Report presented by the Audit Commission.

- 2.2 That the Statement of Accounts for the year ending 31 March 2012 be approved.
- 2.3 That the Chair of the meeting be authorised to sign the Letter of Representation and audited Statement of Accounts for the financial year ending 31 March 2012 on behalf of the Council.

3. BACKGROUND

- 3.1 Approval of the Statement of Accounts for 2011/12 by the Civic Affairs Committee and publication of those accounts is required by 30 September 2012, in line with the Accounts and Audit Regulations.
- 3.2 The Civic Affairs Committee reviewed the draft Statement of Accounts for 2011/12 on 27 June 2012. The Audit Commission have since been carrying out their audit. Changes made to the accounts since the draft was reviewed by the Committee in June are discussed in section 4 below and are presented in Appendix B.
- 3.3 International Auditing Standard (UK and Ireland) 260 requires auditors to communicate a number of matters to those charged with governance, before issuing their audit opinion.
- 3.4 International Auditing Standard (UK and Ireland) 580 requires the auditor to have received a Letter of Representation drawn up by the Council that provides written confirmation on matters that might be relevant or significant to the statement of accounts. This letter is signed as near as possible to the date of the auditor issuing his opinion. The auditing standard requires that the letter is 'discussed and agreed by those charged with governance and signed on their behalf..... to ensure that all those charged with governance are aware of the representations on which the auditor intends to rely in expressing the auditor's opinion on those financial statements'. The Audit Commission therefore requires the Letter of Representation to be signed by the Director of Resources and by the Chair of Civic Affairs Committee. A draft of the letter is included (at appendix 3) within the Annual Governance Report presented in Appendix A.

4. CHANGES TO THE ACCOUNTS SINCE CIVIC AFFAIRS APPROVAL

- 4.1 A schedule of changes made to the accounts, since presentation of the draft to Civic Affairs in June 2012, is provided at Appendix B. The revised version of the Annual Report and Statement of Accounts, incorporating these changes, is provided at Appendix C.

- 4.2 The adjustments required to the main financial statements have had no impact on the Council's usable financial reserves or total comprehensive income and expenditure as reported in June 2012.
- 4.3 As detailed in the Movement in Reserves Statement on page 9 of the Statement of Accounts, usable reserves totalled £55.5 million at 31 March 2012. These reserves comprised:

	£'000
General Fund Balance	(9,458)
Housing Revenue Account Balance	(6,974)
Earmarked General Fund Reserves	(19,706)
Earmarked HRA Reserves	(2,472)
Capital Receipts Reserve	(10,420)
Major Repairs Reserve	(1,171)
Capital Grants Unapplied	(5,261)
Total Usable Reserves	(55,462)

- 4.4 Further detail on the earmarked reserves can be found in Note 5 to the Statement of Accounts.
- 4.5 The remaining adjustments have been made to correct typographical errors or to aid understanding of the disclosure notes.

5. SUMMARY STATEMENT OF ACCOUNTS

- 5.1 The audited statement of accounts is required to follow a largely prescribed format as laid down by The Code of Practice of Local Authority Accounting in the United Kingdom.
- 5.2 A brief summary of the accounts, designed to be easier for the general public to interpret, together with the annual report has been drafted and is provided at Appendix D for information. This document will be published on the Council's website together with the full version.

6. COMPLETION OF THE 2011/12 AUDIT

- 6.1 The Audit Commission plan to issue the audit certificate shortly after the committee meeting. This will mark the completion of the audit of the financial statements.

- 6.2 Ernst and Young were formally appointed as auditors for 2012/13 on 1 September 2012. The existing Audit Commission staff in the Eastern Region will transfer to Ernst and Young on 31 October, and will deal with any outstanding matters in relation to 2011/12. The Director of Resources, in his role as Section 151 Officer, will liaise with the auditors, in consultation with the Chair and Spokes if required, to finalise any 2011/12 audit matters as soon as possible.

7. **IMPLICATIONS**

(a) **Financial Implications** None

(b) **Staffing Implications** None

(c) **Equal Opportunities Implications**

An Equalities Impact Assessment was not required as no revision to a strategy, policy, plan, service or contract is being proposed. The Statement of Accounts and the summary document can be made available in accessible formats on request.

(d) **Environmental Implications**

None. Paper copies of the Annual Report and Statement of Accounts and Summary document will only be produced on request. Electronic versions will be available on the Council's website.

(e) **Community Safety** None

8. **APPENDICES**

A. Audit Commission Annual Governance Report

B. Schedule of Changes to the Accounts

C. Annual Report and Statement of accounts for the Year Ending
31 March 2012

D. Annual Report and Summary Statement of Accounts (DRAFT)

9 BACKGROUND PAPERS: The following are the background papers that were used in the preparation of this report:

None

Key messages	3
Before I give my opinion and conclusion	5
Financial statements	6
Value for money	9
Fees	11
Appendix 1 – Draft independent auditor’s report	12
Appendix 2 – Corrected errors	16
Appendix 3 – Draft letter of management representation	17
Appendix 4 – Glossary	20

Key messages

This report summarises the findings from the 2011/12 audit which is substantially complete. It includes the messages arising from my audit of your financial statements and the results of the work I have undertaken to assess your arrangements to secure value for money in your use of resources.

Financial statements

The audit is substantially complete and upon member approval of the final version of the accounts, receipt of the letter of representation and submission of the Whole of Government Accounts return I propose to issue an unqualified opinion and certificate.

My audit identified no errors that impacted upon the usable reserves of the Authority. It did however identify four disclosure errors, all of which have been amended.

The documentation and working papers supporting the accounts were again of an excellent standard. A number of trivial amendments were made to the text in disclosure notes to aid clarity and correct typographical errors.

Value for money (VFM)

I intend to issue an unqualified conclusion stating that the Authority has made proper arrangements to secure economy, efficiency and effectiveness in your use of resources.

Securing financial resilience

The Authority continues to build on its secure financial base. There are strong, well managed systems in place to develop, monitor and deliver a detailed Medium Term Financial Strategy (MTFS). The existing MTFS contains a detailed analysis of the impact of the recession and is agreed following close member scrutiny.

Using a combination of existing and externally procured skills the Authority has produced a 30 year Business Plan that demonstrates that the Housing Revenue Account (HRA) can be self sufficient whilst delivering the aims of the Authority.

Securing economy, efficiency and effectiveness

The Authority has continued to achieve effective performance against tighter budgetary constraints and deliver the cost reduction programmes.

The opportunity presented by new HRA self financing framework has been taken to explore how wider housing aims and aspirations might be achieved, rather than simply repaying the debt incurred over the shortest period. An approach has been established to maximise use of the annual surplus to deliver new housing initiatives with short to medium term payback periods which will improve the overall financial and service delivery performance of the HRA. The Authority has and continues to share aspects of this approach with other housing authorities.

Before I give my opinion and conclusion

My report includes only matters of governance interest that have come to my attention in performing my audit. I have not designed my audit to identify all matters that might be relevant to you.

Independence

I can confirm that I have complied with the Auditing Practices Board's ethical standards for auditors, including ES 1 (revised) - Integrity, Objectivity and Independence.

I am not aware of any relationships that may affect the independence and objectivity of the Audit Commission, the audit team or me, that I am required by auditing and ethical standards to report to you.

The Audit Commission's Audit Practice has not undertaken any non-audit work for the Authority during 2011/12.

I ask the Civic Affairs Committee to:

- take note of the adjustment to the financial statements included in this report (appendix 2); and
- approve the draft letter of representation (appendix 3), on behalf of the Authority before I issue my opinion and conclusion.

Financial statements

The Authority’s financial statements and annual governance statement are important means by which the Authority accounts for its stewardship of public funds. As elected Members you have final responsibility for these statements. It is important that you consider my findings before you adopt the financial statements and the annual governance statement.

Opinion on the financial statements

Subject to satisfactory clearance of outstanding matters, I plan to issue an audit report including an unqualified opinion on the financial statements. Appendix 1 contains a copy of my draft audit report.

Corrected errors

My audit identified no errors that impacted upon the usable reserves of the Authority. It did however identify the following disclosure errors that are set out in more detail in Appendix 2:

- transposition of the carrying value and fair value of the Authority’s year end loan debt;
- inclusion within the 2010/11 Cultural and Related Services comparative figures in the Comprehensive Income and Expenditure Statement (CIES) of agency income in relation to the Corn Exchange;
- non-disclosure of Corn Exchange agency income for promoters from Note 11 to the accounts; and
- reallocation of council tax benefit costs from “*Other housing services*” to “*Central Services to the Public*” within the CIES.

There were no non-trivial errors which management declined to adjust.

Significant risk and my findings

I reported to you in my February 2012 Audit Plan the significant risk that I identified relevant to my audit of your financial statements. In Table 1, I report to you my findings against that risk.

Table 1: Risk and findings

Risk	Finding
<p>HRA reform</p> <p>The government has reformed local authority housing finance by adopting a self-financing model from 1 April 2012. For the Authority this has been through a one-off settlement payment to central government on 28 March 2012 of £213.572 million.</p> <p>The Authority has therefore had to borrow to make this payment, therefore ceasing to be debt free.</p> <p>Due to the complexity, magnitude, timing and lack of clarity, at the time of my Audit Plan, over detailed aspects of the HRA reform there was an identified risk that the financial statements could be materially misstated.</p>	<p>I have evaluated management's oversight of HRA reforms and the joint preparatory working with South Cambridgeshire District Council. I have considered the HRA Business Plan and the amendments to the Authority's Treasury Management Strategy. I have agreed the detail on the settlement payment to the DCLG notification and the associated accounting treatment to the guidance contained in CIPFA's LAAP bulletin 92.</p> <p>The Authority has tackled this major financial risk in a measured and comprehensive manner, drawing upon external expertise and carrying out detailed sensitivity analysis of the assumptions taken in the Business Plan.</p>

Significant weaknesses in internal control

It is the responsibility of the Authority to develop and implement systems of internal financial control and to put in place proper arrangements to monitor their adequacy and effectiveness in practice. My responsibility as your auditor is to consider whether the Authority has put adequate arrangements in place to satisfy itself that the systems of internal financial control are both adequate and effective in practice.

I have tested the controls of the Authority only to the extent necessary for me to complete my audit. I am not expressing an opinion on the overall effectiveness of internal control. I have reviewed the Annual Governance Statement and can confirm that: it:

- complies with the requirements of CIPFA/SOLACE Delivering Good Governance in Local Government Framework; and
- is consistent with other information that I am aware of from my audit of the financial statements.

The following weakness in internal control is the only one I have identified during the audit that is relevant to preparing the financial statements.

Table 2: **Internal control issues and my finding**

Description of weakness	Potential impact	Management action
<p>Although a revised list of authorised signatories for payables was prepared in August 2009, a revised list of signatures was not obtained. The last update of the signatures was obtained in September 2005.</p>	<p>Authorisation of payables could be carried out by unauthorised people.</p>	<p>Given the major restructuring and the recent centralisation of Payables input a new list with specimen signatures is currently being prepared.</p>

Quality of your financial statements

I considered aspects of your accounting practices, accounting policies, accounting estimates and financial statements disclosures. The documentation and working papers supporting the accounts were again of an excellent standard. A number of trivial amendments were made to the text in disclosure notes to aid clarity and correct typographical errors. Therefore there are no significant matters I need to bring to your attention.

Whole of Government Accounts

Alongside my work on the financial statements, I have also reviewed and will be reporting to the National Audit Office on your Whole of Government Accounts return prior to issuing my audit certificate. The extent of my review and the nature of my report were specified by the National Audit Office. I have no matters to report.

Letter of representation

Before I issue my opinion, auditing standards require me to ask you and management for written representations about your financial statements and governance arrangements. A copy of the draft letter of representation is included in Appendix 3.

Value for money

I am required to conclude whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is the value for money conclusion.

I assess your arrangements against the two criteria specified by the Commission. In my February 2012 Audit Plan I reported to you the significant risk that was relevant to my conclusion. I have set out below my conclusion on the two criteria, including the findings of my work addressing the risk I identified.

I intend to issue an unqualified conclusion stating that the Authority has proper arrangements to secure economy, efficiency and effectiveness in the use of its resources. I include my draft conclusion in Appendix 1.

Table 3: Value for money conclusion criteria and my findings

Criterion	Risk	Findings
1. Financial resilience The organisation has proper arrangements in place to secure financial resilience. Focus for 2011/12: The organisation has robust systems and processes to manage effectively financial risks and opportunities, and to secure a stable financial position that enables it to continue to operate for the foreseeable future.	HRA self financing and the preparation of the 30 year Business Plan.	The Authority continues to build on its secure financial base. There are strong, well managed systems in place to develop, monitor and deliver a detailed MTFS. The existing MTFS contains a detailed analysis of the impact of the recession and is agreed following detailed member scrutiny. Using a combination of existing and externally procured skills the Authority has produced a 30 year Business Plan that demonstrates that the HRA can be self sufficient whilst delivering the aims of the Authority.

Criterion	Risk	Findings
<p>2. Securing economy efficiency and effectiveness</p> <p>The organisation has proper arrangements for challenging how it secures economy, efficiency and effectiveness.</p> <p>Focus for 2011/12:</p> <p>The organisation is prioritising its resources within tighter budgets, for example by achieving cost reductions and by improving efficiency and productivity.</p>	<p>HRA self financing and how the 30 year Business Plan enables the Authority to meet wider housing objectives.</p>	<p>The Authority has continued to deliver effective performance against tighter budgetary constraints and deliver the cost reduction programmes.</p> <p>The opportunity presented by the new HRA self financing framework has been taken to explore how wider housing aims and aspirations might be achieved, rather than simply repaying the debt incurred over the shortest period. An approach has been established to maximise the usage of the annual surpluses to deliver new housing initiatives with short to medium term payback periods which will improve the overall financial and service delivery performance of the HRA. The Authority has and continues to share aspects of this approach with other housing authorities.</p>

Fees

I reported my planned audit fee in the February 2012 Audit Plan.

I will complete the audit within the planned fee.

Table 4: Fees

	Planned fee 2011/12 (£)	Expected fee 2011/12 (£)
Audit	114,009	114,009
Claims and returns	21,529	22,600
Non-audit work	0	0
Total	135,538	136,609

The Audit Commission has paid a rebate of £9,121 to reflect attaining internal efficiency savings, reducing the net amount payable to the Audit Commission, excluding claims to £104,888.

Appendix 1 – Draft independent auditor’s report

INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF CAMBRIDGE CITY COUNCIL

Opinion on the Authority financial statements

I have audited the financial statements of Cambridge City Council for the year ended 31 March 2012 under the Audit Commission Act 1998. The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Statement of Movement on the Housing Revenue Account Balance and Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

This report is made solely to the members of Cambridge City Council in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010.

Respective responsibilities of the Director of Resources and auditor

As explained more fully in the Statement of the Director of Resources’ Responsibilities, the Director of Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that they give a true and fair view. My responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Auditing Practices Board’s Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Director of Resources; and the overall presentation of the financial statements. In addition, I read all the financial and non-financial information in the annual report and the introduction to the statement of accounts to identify material inconsistencies with the audited financial statements. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my report.

Opinion on financial statements

In my opinion the financial statements:

- give a true and fair view of the financial position of Cambridge City Council as at 31 March 2012 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

Opinion on other matters

In my opinion, the information given in the annual report and the introduction to the statement of accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I report to you if:

- in my opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007;
- I issue a report in the public interest under section 8 of the Audit Commission Act 1998;
- I designate under section 11 of the Audit Commission Act 1998 any recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- I exercise any other special powers of the auditor under the Audit Commission Act 1998.

I have nothing to report in these respects.

Conclusion on Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

I am required under Section 5 of the Audit Commission Act 1998 to satisfy myself that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires me to report to you my conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission.

I report if significant matters have come to my attention which prevent me from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. I am not required to consider, nor have I considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

I have undertaken my audit in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2011, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for me to consider under the Code of Audit Practice in satisfying myself whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

I planned my work in accordance with the Code of Audit Practice. Based on my risk assessment, I undertook such work as I considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of my work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2011, I am satisfied that, in all significant respects, Cambridge City Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

Certificate

I certify that I have completed the audit of the accounts of Cambridge City Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

Paul King

Appendix 2 – Corrected errors

I identified the following errors during the audit which management have not addressed in the revised financial statements.

Item of account	Nature of error	Statement of comprehensive income and expenditure		Balance sheet	
		Dr £'000s	Cr £'000s	Dr £'000s	Cr £'000s
Note 37 – Financial Instruments	Transposition of carrying value and fair value. Carrying value should be £213.654 million and fair value £224.896 million.				
CIES 2010/11 comparative	Cultural and Related Services income and expenditure had been grossed up for income collected and paid over to promoters for part of the 2010/11 year. Both items were overstated by £2.383 million. The 2011/12 amounts were correctly stated.				
Note 11	Omitted to disclose agency income in respect of money collected for promoters at the Corn Exchange. For 2010/11 this amounted to £3.55 million and for 2011/12 it amounted to £3.466 million.				
CIES 2011/12	Reallocation of council tax benefit costs of £589,000 from: <ul style="list-style-type: none"> • “Other housing services”; to • “Central Services to the Public”. 		589		589

Cambridge City Council - Audit for the 2011/12 year ended 31 March 2012

I confirm to the best of my knowledge and belief, having made appropriate enquiries of other officers and members of Cambridge City Council, the following representations given to you in connection with your audit of Cambridge City Council's financial statements for the 2011/12 year ended 31 March 2012. All representations cover the Authority's accounts included within the financial statements.

Compliance with the statutory authorities

I have fulfilled my responsibility under the relevant statutory authorities for preparing the financial statements in accordance with the Accounts and Audit (England) Regulations 2011 and the Code of Practice on Local Authority Accounting in the United Kingdom which give a true and fair view of the financial position and financial performance of the Authority, for the completeness of the information provided to you, and for making accurate representations to you.

Supporting records

I have made available all relevant information and access to persons within the Authority for the purpose of your audit. I have properly reflected and recorded in the financial statements all the transactions undertaken by the Authority.

Irregularities

I acknowledge my responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud or error.

I also confirm that I have disclosed:

- my knowledge of fraud, or suspected fraud, involving either management, employees who have significant roles in internal control or others where fraud could have a material effect on the financial statements;
- my knowledge of any allegations of fraud, or suspected fraud, affecting the entity's financial statements communicated by employees, former employees, analysts, regulators or others; and
- the results of our assessment of the risk the financial statements may be materially misstated as a result of fraud.

Law, regulations, contractual arrangements and codes of practice

I have disclosed to you all known instances of non-compliance, or suspected non-compliance with laws, regulations and codes of practice, whose effects should be considered when preparing financial statements.

Transactions and events have been carried out in accordance with law, regulation or other authority. The Authority has complied with all aspects of contractual arrangements that could have a material effect on the financial statements in the event of non-compliance.

All known actual or possible litigation and claims, whose effects should be considered when preparing the financial statements, have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

Accounting estimates including fair values

I confirm the reasonableness of the significant assumptions used in making the accounting estimates, including those measured at fair value.

Related party transactions

I confirm that I have disclosed the identity of the Authority's related parties and all the related party relationships and transactions of which I am aware. I have appropriately accounted for and disclosed such relationships and transactions in accordance with the requirements of the Code.

Contingent liabilities

I confirm that there are no contingent liabilities that have not been disclosed in the financial statements but should have been. In particular:

- there is no significant pending or threatened litigation, other than those already disclosed in the financial statements;
- there are no material commitments or contractual issues, other than those already disclosed in the financial statements; and
- no financial guarantees have been given to third parties.

Subsequent events

I have adjusted for or disclosed in the financial statements all relevant events subsequent to the date of the financial statements.

Signed on behalf of Cambridge City Council

I confirm that this letter has been discussed and agreed by the Civic Affairs Committee of Cambridge City Council on 19 September 2012.

Signed:

Signed:

David Horspool

Appendix 4 – Glossary

Annual Audit Letter

Letter issued by the auditor to the Authority after the completion of the audit that summarises the audit work carried out in the period and significant issues arising from auditors' work.

Annual Governance Report

The auditor's report on matters arising from the audit of the financial statements presented to those charged with governance before the auditor issues their opinion and conclusion.

Annual Governance Statement

The annual report on the Authority's systems of internal control that supports the achievement of the Authority's policies aims and objectives.

Audit of the accounts

The audit of the accounts of an audited body comprises all work carried out by an auditor under the Code to meet their statutory responsibilities under the Audit Commission Act 1998.

Audited body

A body to which the Audit Commission is responsible for appointing the external auditor.

Auditing Practices Board (APB)

The body responsible in the UK for issuing auditing standards, ethical standards and associated guidance to auditors. Its objectives are to establish high standards of auditing that meet the developing needs of users of financial information and to ensure public confidence in the auditing process.

Auditing standards

Pronouncements of the APB that contain basic principles and essential procedures with which auditors must comply, except where otherwise stated in the auditing standard concerned.

Auditor(s)

Auditors appointed by the Audit Commission.

Code (the)

The Code of Audit Practice for local government bodies issued by the Audit Commission and approved by Parliament.

Commission (the)

The Audit Commission for Local Authorities and the National Health Service in England.

Ethical Standards

Pronouncements of the APB that contain basic principles relating to independence, integrity and objectivity that apply to the conduct of audits and with which auditors must comply, except where otherwise stated in the standard concerned.

Page 37**Financial statements**

The annual statement of accounts that the Authority is required to prepare, which report the financial performance and financial position of the Authority in accordance with the Accounts and Audit (England) Regulations 2011 and the Code of Practice on Local Authority Accounting in the United Kingdom.

Group accounts

Consolidated financial statements of an Authority and its subsidiaries, associates and jointly controlled entities.

Internal control

The whole system of controls, financial and otherwise, that the Authority establishes to provide reasonable assurance of effective and efficient operations, internal financial control and compliance with laws and regulations.

Materiality

The APB defines this concept as ‘an expression of the relative significance or importance of a particular matter in the context of the financial statements as a whole. A matter is material if its omission would reasonably influence the decisions of an addressee of the auditor’s report; likewise a misstatement is material if it would have a similar influence. Materiality may also be considered in the context of any individual primary statement within the financial statements or of individual items included in them. Materiality is not capable of general mathematical definition, as it has both qualitative and quantitative aspects’.

The term ‘materiality’ applies only to the financial statements. Auditors appointed by the Commission have responsibilities and duties under statute, as well as their responsibility to give an opinion on the financial statements, which do not necessarily affect their opinion on the financial statements.

Significance

The concept of ‘significance’ applies to these wider responsibilities and auditors adopt a level of significance that may differ from the materiality level applied to their audit of the financial statements. Significance has both qualitative and quantitative aspects.

Those charged with governance

Those entrusted with the supervision, control and direction of the Authority. This term includes the members of the Authority and its Audit Committee.

Whole of Government Accounts

A project leading to a set of consolidated accounts for the entire UK public sector on commercial accounting principles. The Authority must submit a consolidation pack to the department for Communities and Local Government which is based on, but separate from, its financial statements.

Cambridge City Council Statement of Accounts 2011/12
Changes to accounts since draft presented to Civic Affairs in June 2012

Appendix B

Details of Change	Reason for Change	Note/Statements Affected
Updated text in introduction of budget for net spending from £16.7 million to £16.9 million.	Typographical error.	Introduction (Page 3)
Update of HRA outturn figure to agree to that reported to Housing Management Board of £675,980.	To ensure consistency with approach taken to reporting the General Fund outturn position.	Introduction (Page 5)
Reallocation of Council Tax benefit administration costs of £589,000 from Other Housing Services to Central Services to the Public.	This expenditure was incorrectly recorded in the draft accounts as relating to housing benefits but related to council tax benefits.	Comprehensive Income and Expenditure Statement (Page 11)
Restated comparative figures for Cultural and Related Services for 2010/11 to exclude Corn Exchange box office agency income of £2.383m. This adjustment has been made to both income and expenditure resulting in no net effect.	Cultural and Related Services income and expenditure had been grossed up for income collected on behalf of and paid over to promoters for part of the 2010/11 year. (The 2011/12 amounts were correctly stated.)	Comprehensive Income and Expenditure Statement (Page 11) Note 9 (page 30) Note 44 (page 71/72)
Restated comparative figure for Revenue expenditure funded from capital and de minimis capital expenditure from £1.923m to £1.926m.	Typographical error.	Note 4 (page 22)
Correct allocation of recharges in comparative total expenditure figures for 2010/11 – no effect on total expenditure reported.	Incorrect allocation in draft accounts.	Note 9 (page 30)
To include details of significant box office agency income of £3.466m in 2011/12 and £3.55m in the comparative figure for 2010/11.	Omitted to disclose agency income in respect of money collected for promoters at the Corn Exchange.	Note 11 (Page 31)
Restated comparative figures for Cultural and Related Services expenditure (reduced by £9k) and Planning Services income (reduced by £9k).	Typographical error.	Comprehensive Income and Expenditure Statement (Page 11) Note 9 (page 30) Note 44 (page 71/72)

Cambridge City Council Statement of Accounts 2011/12
Changes to accounts since draft presented to Civic Affairs in June 2012

Appendix B

Details of Change	Reason for Change	Note/Statements Affected
Correction to analysis of recharges in comparative total expenditure figures for 2010/11. This adjustment had no overall impact on total expenditure.	£109k had been misclassified within Other Service Expenses rather than included within Amortisation	Note 9 (page 30)
Allocated 2010/11 comparative figure for de minimis capital expenditure of £680k to the correct line in the table.	Typographical error.	Note 20 (page 40)
Updated text to reflect an additional Heritable Bank distribution received of 2.85% in July 2012. No revision was necessary to the overall estimate of recoverability.	Accounts updated to reflect a relevant post balance sheet event.	Note 25 (page 46)
Increased Other Local Government Debtors and reduce Trade Debtors by £7k. Increased Other Local Authority Creditors and reduce Other Creditors by £7k.	To reflect late adjustment to analysis of debtors and creditors in the financial system not reflected in the draft Statement of Accounts.	Note 28 (page 49) Note 30 (page 49)
Updated total income in Surplus or Deficit on the Provision of Services from £841k to £852k.	Typographical error.	Note 37 (page 59)
Revised carrying value of long term borrowing to £213.654m and fair value to £224.896.	Transposition error.	Note 37 (page 60)
Inserted brackets around £124k Actual Adjustment to Subsidy for 2010/11 and corrected total for prior year to £(11,733)k.	Typographical error.	Note 3 to the HRA (page 77)
Revised value of investment properties held by the HRA from £4.625m to £4.808m.	£0.138m incorrectly recorded as General Fund balance in draft accounts.	Note 4 to the HRA (Page 78)
Removed references to credit ceiling and replaced with HRA capital financing requirement.	The term 'credit ceiling' has been replaced by the term 'capital financing requirement'.	Note 5 to the HRA (Page 78)

Annual Report

Annual Report 2011/2012

Cambridge City Council provides a wide range of services to people that live in, work in and visit Cambridge.

The services provided by the City Council include:

- ◆ Keeping the streets and public open spaces clean.
- ◆ Emptying refuse and recycling bins.
- ◆ Providing a range of leisure facilities, including swimming pools and community centres, and providing entertainment in the City's parks and at the Corn Exchange.
- ◆ Awarding a wide range of grants to support local organisations and community groups.
- ◆ Offering planning advice, progressing planning applications and making sure that new buildings and alterations are safe.
- ◆ Providing housing advice and support, and working with partners to meet peoples' housing needs.
- ◆ Acting as landlord to over 7,300 council-owned properties.
- ◆ Processing housing benefit and council tax benefit applications.
- ◆ Monitoring and enforcing food and drink hygiene standards, together with the control of pests and disease, noise and air pollution.
- ◆ Licensing food premises, street traders and entertainment venues.
- ◆ Dealing with anti-social behaviour, in partnership with the Police and other agencies.
- ◆ Managing council run car parks.
- ◆ Organising and managing elections and the electoral register.

The City Council serves a population of about 119,800 residents in an almost entirely urban area in an otherwise mainly rural county. Cambridge is a sub-regional centre with high levels of inward travel to work and for shopping and leisure activities, which adds significantly to the day-time population. The Council provides many services that are used by people who live outside of the city as well as residents, which places additional pressure on our resources.

The city is at the centre of a housing growth region, with many new homes planned for sites on the southern and north-west fringes of Cambridge. The provision of good quality affordable and sustainable housing is a priority for the Council and it has set a target for developers of 40% affordable housing to be provided on the larger growth sites. The City Council will be consulting during 2012/13 on a range of issues and options that need to be considered as part of the development of the new Cambridge Local Plan, and which are important for the future planning and development of the city.

What we want to achieve

Cambridge City Council has a clear vision for the future of the city, a vision which is shared with Cambridge citizens and with partner organisations.

Vision Statement

Cambridge - where people matter

- ◆ A city which celebrates its diversity, unites in its priority for the disadvantaged and strives for shared community wellbeing
- ◆ A city whose citizens feel they can influence public decision making and are equally keen to pursue individual and community initiatives
- ◆ A city where people behave with consideration for others and where harm and nuisance are confronted wherever possible without constraining the lives of all

Cambridge - a good place to live, learn and work

- ◆ A city which recognises and meets needs for housing of all kinds – close to jobs and neighbourhood facilities
- ◆ A city which draws inspiration from its iconic historic centre and achieves a sense of place in all of its parts with generous urban open spaces and well-designed buildings
- ◆ A city with a thriving local economy that benefits the whole community and builds on its global pre-eminence in learning and discovery
- ◆ A city where getting around is primarily by public transport, bike and on foot

Cambridge - caring for the planet

- ◆ A city in the forefront of low carbon living and minimising its impact on the environment from waste and pollution.

Priorities

The national economic situation and the government's plans to tackle the national debt will be a challenge for the City Council because over the next few years we will have less money to spend. As we plan for the future our aim will be to:

- ◆ protect services for vulnerable individuals and communities
- ◆ protect the basic services that keep our city looking good and working well
- ◆ make sure that we get right the things we only have one chance to get right – such as planning new communities.

How we will achieve our vision for Cambridge

Portfolio Plans

The Executive is made up of the Leader of the Council and six Executive Councillors. Each Executive Councillor is responsible for a specific group of services, known as a portfolio, and they can make decisions about the services they are responsible for. For 2011/12 Portfolio Plans were prepared for the following portfolios:

- Arts and Recreation
- Community Development and Health
- Customer Services and Resources
- Environmental and Waste Services
- Housing
- Climate Change and Growth, and
- Strategy.

Each Executive Councillor has a plan that sets out how the services they are responsible for will contribute to the achievement of the council's vision for Cambridge.

The following pages outline what we achieved over the past year as a result of the 2011/12 portfolio plans, and what our plans are for 2012/13.

Arts and Recreation Portfolio Plan

During 2011/12 we:

- ◆ Installed a new piece of public art at Logan's Meadow Nature Reserve, which will be followed by further projects such as the Snowy Farr Memorial Artwork and a piece at Mill Road Cemetery in 2012/13.
- ◆ Continued to invest in and make improvements to our open spaces, for example refurbishing the skate park and installing barbeque stones in Jesus Green.
- ◆ Reviewed our leisure grants policy and priorities to focus on improving access to leisure activities, enhancing the City's cultural offer and supporting local neighbourhood and sports activities.
- ◆ Delivered a major refurbishment of the changing facilities and provision for disabled people at Parkside Pools.
- ◆ Engaged and involved local communities in shaping arts and recreation activities. For example consultations were held on the improvements to the Parkside Pool changing facilities, the leisure grants review and the Arts Strategy Action Plan.
- ◆ Implemented a staffing restructure of the Cambridge Corn Exchange and the Arts and Recreation Service to achieve a reduction in the subsidy of these services of £350,000.

Annual Report

Our plans for 2012/13 in the Arts, Sports & Public Places portfolio include:

- ◆ Improving access to arts, sports and public places for all city residents, through the new contract for the management of the Council's leisure facilities, the leisure grants programme and by engaging with groups of people that do not currently use these services.
- ◆ Celebrating the London 2012 Olympic and Paralympic Games, including by hosting the Olympic Torch Relay and Evening Celebration on the 7th of July.
- ◆ Improving the quantity and quality of provision of recycling, litter and dog waste bins on our open spaces.
- ◆ Making improvements to our open spaces, sports, recreation and public art provision through a range of projects funded by developers.
- ◆ Continuing to work with all parties to explore proposals for a community stadium for Cambridge.
- ◆ Identifying ways in which the Council can promote public access to public open space not directly maintained by the City Council.
- ◆ Protecting the environment and tackling the causes and consequences of climate change by establishing a plan and priorities to enhance local environmental quality, biodiversity and sustainability.

Climate Change and Growth Portfolio Plan

During 2011/12 we:

- ◆ Prepared an evidence base for the new Cambridge Local Plan. The final document will set out the planning framework to guide the future development of Cambridge. The plan will aim to protect the character of the city and make provision for housing and jobs, along with all the necessary infrastructure.
- ◆ Granted permission to build the first 1,200 homes on the new developments on the Southern fringe of the city. Work has commenced on site and the new homes will start to be occupied in late 2012.
- ◆ Worked with developers to ensure that all the new developments on the fringe sites allow local communities to achieve high standards of sustainability and minimise their carbon emissions, with all new homes being built at level 4 and above of the Code for Sustainable Homes.
- ◆ Worked with the County Council to ensure that the impact of new developments is mitigated, through the review of area transport plans and the development of new projects and funding bids.
- ◆ Received and determined 10% more planning applications than in the previous year.

Annual Report

Our plans for 2012/13 in the Planning & Sustainable Transport portfolio include:

- ◆ Consulting on a range of issues and options which need to be considered as part of the development of the new Cambridge Local Plan and that are important for the future planning and development of the city.
- ◆ Working with the County Council and South Cambridgeshire District Council on the review of the Local Plan, and other planning matters, to ensure a co-operative and coordinated approach to planning for the Cambridge sub-region.
- ◆ Updating our Planning Enforcement Policy and making enforcement action a higher priority for the Planning Service.
- ◆ Delivering new transport measures to improve facilities for pedestrians, cyclists and public transport users, including in the new developments around the city.
- ◆ Reducing traffic speeds and increasing road safety for all users by establishing new 20mph zones in Cambridge.

Community Development and Health Portfolio Plan

During 2011/12 we:

- ◆ Asked residents living in the North Area of the city what their priorities were for the local area, so that we could use our resources to make improvements that matter to them. Nearly 700 people told us their views, including many young people, and the City Council has made a number of improvements, particularly to the local environment, as a result.
- ◆ Promoted and managed grant funding so that voluntary groups are able to access grant aid and other support to help them build their knowledge, skills and confidence as partners with the City Council sustaining vibrant localities and neighbourhoods.
- ◆ Reviewed the Children and Young People's Participation Service (ChYpPS) so that in the future it focuses on open access play for 9-13 year olds, takes a more entrepreneurial approach, makes the best use of the skills of the staff, uses volunteers to increase capacity and generates income.
- ◆ Supported events and programmes to celebrate diversity, such as Black History Month, Cambridge Celebrates Age, Disability History Month, Inter-Faith Week, Refugee Week, LGBT History Month, Holocaust Memorial Day and International Women's Day.
- ◆ Engaged more actively with black and minority ethnic and other communities who feel vulnerable, to provide them with opportunities to express their concerns and have them addressed.
- ◆ Worked to integrate existing and new communities in the Southern Fringe and North West of Cambridge by establishing forums to communicate with residents and ensuring that all are involved in community activities.

Annual Report

Our plans for 2012/13 include:

- ◆ Providing local residents with more opportunities to influence decisions about their local area by using the learning from the North Area Committee pilot to support area working across the city's other three areas.
- ◆ Reviewing how the City Council's community facilities are managed, taking account of the proposed facilities in the growth sites and the opportunities presented in the Localism Bill.
- ◆ Working with the YMCA and young people to explore different options for providing a new facility for young people in the centre of Cambridge.
- ◆ Continuing to support the integration of new communities with existing residents through the provision of community activities.
- ◆ Working with partners to make significant progress towards delivering new community infrastructure in the North West and Southern fringes of Cambridge, including the Trumpington Meadows Primary School and the new community facility at Clay Farm.
- ◆ Establishing an effective Local Health Partnership to improve public health in Cambridge.
- ◆ Developing a model of Restorative Justice, which focuses on the needs of victims and encourages offenders to take responsibility for their actions and to repair the harm they've done, in order to reduce re-offending, anti-social behaviour and low-level crime in Cambridge.
- ◆ Working with our partners to reduce the presence of street drinkers and the associated anti-social behaviour.

Customer Services and Resources Portfolio Plan

During 2011/12 we:

- ◆ Implemented changes to the Council's own systems to implement the national welfare reforms and liaised with partners such as the Department of Work and Pensions and advocacy and support agencies. This has included providing briefing sessions for local welfare support groups, elected Members and colleagues.
- ◆ Provided debt advice and information, minimising the number of people who, as a result of welfare reforms, are at risk of becoming homeless or whose financial circumstances could be exploited by others. This work includes administering Discretionary Housing Payments to support those in most financial need or those in danger of defaulting on their rent payments.
- ◆ Achieved savings and efficiencies to ensure that the City Council is equipped to deliver the Council's vision for the city within the resources available.
- ◆ Worked with our partners to provide more joined-up customer services, for example a Memorandum of Understanding was signed with the Cambridge Citizens Advice Bureau (CCAB) to ensure greater clarity and closer working between the two organisations. The

Annual Report

Customer Service Centre has installed a CCAB self help advice kiosk in the reception at Mandela House.

- ◆ Improved our services to make sure that they are focused on meeting the needs of our customers, for example we designed a new process that will significantly reduce customer waiting times and provide a more efficient housing repairs service.
- ◆ Started to explore the opportunities for establishing one or more Business Improvement Districts in Cambridge to support the appropriate involvement and financial input from the city's business community to the future development of the city.

Our plans for 2012/13 include:

- ◆ Working with partner organisations to agree a common approach to the management of public sector owned property assets, to deliver the maximum possible benefit to the citizens of Cambridge.
- ◆ Making the optimum use of the Council's accommodation and providing support to enable our staff to work smarter and more flexibly.
- ◆ Obtaining greater value for money from the Council's spending on procurement.
- ◆ Ensuring that the welfare reforms are efficiently and effectively planned for and implemented, and support is given to the most vulnerable in the city, with action being taken to mitigate hardship where possible.
- ◆ Preparing for the retention of local business rates as part of the Local Government Resource Review.
- ◆ Continuing to explore how we as an organisation, and with our partners, can provide more joined-up customer services.
- ◆ Developing and consulting upon a business plan to support the development of a bid or bids for a Business Improvement District within Cambridge, in order to enable the appropriate involvement and financial input from the city's business community to the future development of the city.

Environment and Waste Portfolio Plan

During 2011/12 we:

- ◆ Carried out a major review of the routes taken by our vehicles to collect waste and materials for recycling in order to significantly reduce the cost of the Waste Service.
- ◆ Provided new facilities for 'recycling on the go', and improved the range of materials that can be recycled at the 23 recycling banks around the city, for example to include plastic pots, tubs and trays.
- ◆ Increased our income from trade waste collection by making our offer more competitive and more attractive, and worked with businesses to improve their waste management and increase recycling.

Annual Report

- ◆ Maintained high standards of street cleansing and responded to residents' priorities about their local environment, by carrying out targeted litter picks and clean-up campaigns, assisted by the Probation Service.
- ◆ Made it easier for residents to make representations about licensing matters by enabling them to do it online.

Our plans for 2012/13 include:

- ◆ Taking steps to increase recycling in Cambridge beyond 45%, by providing customers with more new facilities for 'recycling on the go', encouraging the recycling of particular materials that aren't consistently recycled by residents across the city and by targeting particular groups.
- ◆ Exploring how we can better work with partners to improve the efficiency of our waste services.
- ◆ Addressing the impact that excessive noise has on residents, by mapping noise complaints across Cambridge, educating communities and enforcing change when necessary.
- ◆ Improving the health of Cambridge residents by working with our partners to implement the new public health arrangements, and by working to reduce the health impact of alcohol and the night-time economy.
- ◆ Planning for the introduction of the new licensing legislation, in particular the late night levy, which together with the Business Improvement District will result in cleaner, safer streets in the city centre.
- ◆ Making it easier for people to report litter, graffiti and fly tipping online and by text.
- ◆ Working with the County Council to improve air quality and reduce emissions, by seeking emission improvements from public transport vehicles and by promoting alternatives to the private car.

Housing Portfolio Plan

During 2011/12 we:

- ◆ Implemented the national changes to the way that councils finance their own housing. This included borrowing £214 million to enable us to build new council houses and maintain existing ones, including making them more energy efficient.
- ◆ Worked with private sector landlords to improve the condition of private rented housing and the management of houses of multiple-occupation.
- ◆ Successfully negotiated with the Homes and Communities Agency that properties let under the new Affordable Rent tenure should be let at or around 65% of local market rents (as opposed to the proposed 'up to 80%').

Annual Report

- ◆ Engaged with Cambridge University colleges to help them attain Landlord Accreditation, which is a scheme for private landlords that demonstrate good standards in the condition and management of their properties and their relationship with their tenants.
- ◆ Established a shared Home Improvement Agency with South Cambridgeshire District Council and Huntingdonshire District Council to support older and vulnerable people to be warm, safe and as independent as possible in their homes.
- ◆ Worked with partners to prevent homelessness, for example we secured funding for a project with NHS Cambridgeshire to target vulnerable adults with multiple support needs that are at risk of becoming rough sleepers.
- ◆ Launched the HeatSeekers scheme to assist residents to identify and install energy-efficiency measures. Thermal imaging is used to identify homes that could most benefit from improved insulation, and free or grant-assisted insulation is offered to address fuel poverty.

Our plans for 2012/13 include:

- ◆ Investing in our existing housing stock and starting to deliver the new council house building programme.
- ◆ Working with developers, Registered Providers (housing associations) and planners to ensure that the city's social and market housing stock (including private rented housing) continues to grow, including 40% Affordable Housing in most new developments and the delivery of the Council's own new build programme.
- ◆ Increasing the energy efficiency of existing homes; promoting sustainable design and construction methods and promoting high standards of environmental sustainability of new homes and communities, including water management.
- ◆ Reviewing our approach to ensure new specialist housing is provided including carrying out an assessment of potential Gypsy and Traveller sites, as part of the local plan development.
- ◆ Completing a review of the Council's Letting Policy to ensure that priority for re-housing continues to be given to those who have least opportunity to access market housing.
- ◆ Maintaining and promoting services to take action effectively against private sector landlords that do not comply with housing health and safety matters as well as landlord and tenant issues.
- ◆ Undertaking a review of empty homes policy in the light of national policy change and take effective action to get vacant homes back into use.
- ◆ Improving support to rough sleepers, including the completion of the Jimmy's Assessment Centre project, thereby reducing the incidence of rough sleeping and use of temporary accommodation as households move more effectively to secure permanent housing.

Annual Report

Strategy Portfolio Plan

During 2011/12 we:

- ◆ Adopted a new Single Equality Scheme for 2012 to 2015, which sets out what we will do to challenge discrimination and promote equal opportunity in all aspects of our work.
- ◆ Used social media more effectively to ensure that residents are kept informed of important news and service changes.
- ◆ Adopted and implemented a Code of Best Practice on Consultation and Community Engagement. This established clear principles to guide council departments on a more structured, proportionate and appropriate approach to consultation.
- ◆ Improved how we engage with residents about the issues that matter most to them by training our staff to enhance their customer service skills.
- ◆ Reviewed and streamlined the Council's partnership work to ensure that it is clearly aligned with our vision for the city and consistently contributes to achieving it.
- ◆ Agreed a cultural and organisational change programme to move us further towards working as "One Council", so we deliver services to our customers more seamlessly and efficiently, and within the resources available.
- ◆ Took decisions to give more powers to our Area Committees to make it easier for people to influence the decisions being made about their local area. The powers devolved include decisions about who receives Safer City Grants, and some decisions about projects funded by developer contributions that meet the needs of each area and the priorities agreed with each local community.

Our plans for 2012/13 include:

- ◆ Adopting a refreshed Climate Change Strategy to set out our strategic approach to climate change over the next five years.
- ◆ Implementing our Carbon Management Plan to reduce the City Council's carbon footprint and energy bills, including developing a proposal for a district heating scheme.
- ◆ Implementing our Single Equalities Scheme to ensure that we better understand and meet the diverse needs of the city's communities.
- ◆ Engaging and consulting with communities on key issues affecting them in appropriate and effective ways, in line with our Code of Best Practice on Consultation and Community Engagement.
- ◆ Developing our website so that our customers can conduct even more of their business online, and continuing to identify and adopt innovative and effective uses of social media.
- ◆ Ensuring greater transparency and openness about how we conduct our business, by making more information and data about the Council's services and performance available in more accessible ways.

Annual Report

- ◆ Working with partners to drive forward the economic development of the city and its surrounding area through the Local Enterprise Partnership.
- ◆ Ensuring the City Council is equipped to deliver the Council's vision for the city within the resources available, by taking a structured approach to identifying savings and further efficiencies.

How to find out more

Further information about the Council's performance and the Council's priorities for 2012-13 can be found in our Portfolio Plans which are available on our website <http://www.cambridge.gov.uk/ccm/navigation/about-the-council/how-the-council-orks/council-performance/portfolio-plans/>

Statement of Responsibilities for the Statement of Accounts

The Council's Responsibilities

The Council is required to:

- ◆ make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Director of Resources;
- ◆ manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- ◆ approve the Statement of Accounts.

The Director of Resources' Responsibilities

The Director of Resources is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Local Authority Accounting in the United Kingdom.

In preparing the Statement of Accounts, the Director of Resources has:

- ◆ selected suitable accounting policies and then applied them consistently;
- ◆ made judgements and estimates that were reasonable and prudent; and
- ◆ complied with the Code of Practice.

The Director of Resources has also:

- ◆ kept proper accounting records which were up to date; and
- ◆ taken reasonable steps for the prevention and detection of fraud and other irregularities.

Annual Governance Statement

Scope of Responsibility

Cambridge City Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. Cambridge City Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, Cambridge City Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

Cambridge City Council has approved and adopted a Code of Corporate Governance, which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*. A copy of the Code is on our website at www.cambridge.gov.uk or can be obtained from the Chief Executive, The Guildhall, Cambridge. This statement explains how Cambridge City Council has complied with the Code and also meets the requirements of the Accounts and Audit (England) Regulations 2011 in relation to the publication of an Annual Governance Statement.

The Purpose of the Governance Framework

The governance framework comprises the systems and processes, and culture and values, by which Cambridge City Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Cambridge City Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at Cambridge City Council for the year ended 31 March 2012 and up to the date of approval of the annual report and statement of accounts.

The Governance Framework

The key elements of the systems and processes that comprise the authority's governance arrangements include:

- ◆ The Council's Objectives, which focus the Council's efforts in achieving the vision for Cambridge.

Annual Governance Statement

- ◆ The Annual Statement, which reiterates the vision and sets out a range of activities the Council will undertake in the year ahead to achieve the vision, and its core underpinning values.
- ◆ The Annual Report, which contains information on financial performance and achievement of business objectives as articulated in the portfolio plans.
- ◆ The annual budget and service planning process which translates the Council's Objectives into actions at portfolio and operational level.
- ◆ The Council's Medium Term Financial Strategy, which identifies how the Council will resource its aspirations and plans for any financial risks.
- ◆ A Budget Setting Report, which sets out overall spending plans and includes a Treasury Management Strategy Statement, Annual Investment Strategy and Minimum Revenue Provision Policy Statement.
- ◆ The arrangements for regular budget monitoring and reporting of significant variances to senior management.
- ◆ An independent Internal Audit function with a risk-based audit plan.
- ◆ An annual opinion of the Head of Internal Audit on the authority's internal control environment and risk management framework.
- ◆ The Council's Constitution, which sets out the decision-making process, the terms of reference for each committee and the roles and responsibilities of Members and officers.
- ◆ The Member/Officer protocol, which aids effective communication between officers and Members and clarifies their respective roles and responsibilities.
- ◆ Codes of Conduct for Members and officers, which have been formally approved, are reviewed regularly and available to all Members and staff.
- ◆ The Council's Standards Committee, which promotes and maintains high standards of conduct by Members.
- ◆ The Council's Prevention of Fraud and Corruption Policy which is in place and reviewed annually by the Council's Standards Committee.
- ◆ A Register of Interests which is maintained and reviewed regularly.
- ◆ Responsibilities of Civic Affairs Committee, which include 'overall responsibility for the Council's compliance with laws and regulations'.
- ◆ Financial Regulations and Financial Procedure Rules which provide a framework for managing the Council's financial affairs and set out the financial accountabilities and responsibilities for Members and officers.

Annual Governance Statement

- ◆ A corporate Risk Management Framework, which includes a Risk Management Strategy approved by Members and a comprehensive risk register identifying the key controls and actions required to manage the Council's principal risks.
- ◆ The roles of the Council's Civic Affairs and Standards Committees, which fulfil the core functions of an Audit Committee as identified in CIPFA's 'Audit Committees – Practical Guidance for Local Authorities'.
- ◆ The Procurement Policy and Strategy and the Council's Contract Procedure Rules, which set out how the Council will promote effective procurement across the Council.
- ◆ The role and functions of the Council's Monitoring Officer, which are set out in the Council's Articles of the Constitution.
- ◆ A 'Whistleblowing' Policy, which is in place and available on the Council's intranet.
- ◆ The Council's Complaints Procedure, which is available on the Council's website.
- ◆ The annual complaints report to Standards Committee, which analyses trends in complaints against the Council and what has been done to address them.
- ◆ Member Induction training and a guide for new Members, together with ongoing training for Members on key skills and more in-depth explanations of issues concerning the Council.
- ◆ The Council's Performance Review process which is undertaken annually across the Council for all staff.
- ◆ The Council's Competency Framework, which is in place for all staff and managers.
- ◆ The Council's People Strategy, which sets out how the Council will recruit, reward and develop its staff to reach their full potential.
- ◆ The Citizens' Survey, which is undertaken every two years to gauge the public's perception of Council services, our spending priorities, communication with us and feelings of safety.
- ◆ The Code of Corporate Governance, which sets out the ways in which the Council ensures that its business is conducted in accordance with law and proper standards and that public money is safeguarded and properly accounted for.
- ◆ A framework to guide the Council's engagement with external partnerships that will ensure the Council's partnerships are accountable and effective.
- ◆ A Code of Best Practice on Consultation and Community Engagement, adopted by the Council which sets out the Council's approach to consultation.
- ◆ Internal quarterly performance reporting against key performance indicators for each service, prepared for and presented to the strategic leadership team to consider necessary remedial action.

Annual Governance Statement

The financial management arrangements at Cambridge City Council conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010).

Review of Effectiveness

Cambridge City Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Directors and Heads of Service within Cambridge City Council who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit's annual opinion, and also by comments made by the external auditors and other review agencies and inspectorates.

The Council's Constitution details Directors' responsibilities for the maintenance of controls within their departments. The system of internal control is subject to regular review by Internal Audit. The work of the service is targeted using assessments of potential risk, with the allocation of audit resources controlled through an annual risk-based operational plan, which is agreed, annually, by the Council's Civic Affairs Committee. Members are kept informed of the work of Internal Audit through a dedicated Members' Internal Audit web-page, which publishes copies of the Executive Summaries of Audit reports.

The Director of Resources is the Authority's Chief Financial Officer and is responsible for the proper administration of the authority's financial affairs. The Director of Resources reports directly to the Chief Executive and is a member of the Strategic Leadership Team.

Individual Internal Audit reports are issued directly to the relevant Director, the Director of Resources, the Leader of the Council and the relevant Executive Councillor. Executive Summaries of Internal Audit reports are circulated to the Chief Executive and the Council's Monitoring Officer to ensure that they are informed of potential areas of non-compliance with legislation. Each audit report contains an independent assurance opinion on the adequacy and effectiveness of the internal controls in place to mitigate risks. Management actions agreed in Internal Audit reports are entered into to the Council's Risk Register and progress on their implementation is monitored. Management of the Internal Audit function conforms with the principles contained in CIPFA's Statement on the Role of the Head of Internal Audit in Local Government.

In addition to these arrangements the Council receives and responds to reports from other review and assurance mechanisms and these have been collated centrally and reviewed as part of the Annual Governance Statement process.

The Council's Standards Committee has been responsible for advising on and monitoring the Members Code of Conduct and for advising the Council on the ethical aspects of the corporate governance framework. This arrangement is being reviewed in the light of changes proposed in the Localism Act.

We have been advised on the implications of the result of the review of the effectiveness of the governance framework by Civic Affairs Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Action Plan to Address Significant Governance Issues

1 Issue

Last year's AGS action to review the Council's risk management arrangements was completed with the facilitation of risk workshops for all service areas across the Council and the procurement of a new risk register which has been populated with the new risks identified at the workshops. There is now a need to embed the new risk management process and update the Council's Risk Management Strategy.

Action

[Target date & Officer Responsible]

- ◆ Embed the new risk management framework by:
 - Appointing a new (part-time) Risk Management Officer to monitor the Council's risk register and to ensure that risks are reviewed regularly by management.
 - Providing twice yearly reports to Strategic Leadership Team on the Council's risks and risk appetite.
 - Reviewing and agreeing the Council's Risk Management Strategy through Civic Affairs Committee.

*Support Services Manager / Principal Auditor
December 2012*

2 Issue

The review of the Council's Project Management Guidelines is being undertaken as part of the 'Bureaucracy Busting' element of the Corporate Change Programme.

Actions

[Target date & Officer Responsible]

- ◆ Complete the review of the project management guidelines and roll out across the Council.

*Corporate Project Officer / Head of Internal Audit
December 2012*

3 Issue

The Localism Act gives councils the opportunity to review their decision making arrangements and opt for alternative arrangements.

Actions

[Target date & Officer Responsible]

- ◆ Review decision making arrangements to test whether there would be advantages for Cambridge City Council in adopting alternatives made possible by the Localism Act.

*Head of Corporate Strategy / Head of Legal Services
April 2013*

Annual Governance Statement

4 Issue

The Bribery Act 2010 came into effect on 1st July 2011. This new legislation updated existing laws on bribery offences. In order to ensure that the Council has regard to the principles of the Act in the conduct of its activities:

- Staff have been reminded of the Council's own policy on the acceptance of gifts and hospitality as set out in the Employee Code of Conduct.
- It was agreed that the Prevention of Fraud and Corruption Policy will be updated to provide an overview of the new Act.

Action

[Target date & Officer Responsible]

- ◆ Update the Prevention of Fraud and Corruption Policy to provide an overview of the new Act and its implications for the City Council.
- ◆ Undertake an Internal Audit review of gifts and hospitality across the Council to ensure that the Code of Conduct is being adhered to and that there is proper understanding of the requirements of the Code.

*Head of Internal Audit
December 2012*

We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Independent Auditor's Report to the Members of Cambridge City Council

Opinion on the Authority accounting statements

I have audited the financial statements of Cambridge City Council for the year ended 31 March 2012 under the Audit Commission Act 1998. The financial statements comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Statement of Movement on the Housing Revenue Account Balance and Collection Fund and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

This report is made solely to the members of Cambridge City Council in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010.

Respective Responsibilities of the Director of Resources and auditor

As explained more fully in the Statement of the Director of Resources' Responsibilities, the Director of Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that they give a true and fair view. My responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require me to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Director of Resources; and the overall presentation of the financial statements. In addition, I read all the financial and non-financial information in the annual report and the introduction to the statement of accounts to identify material inconsistencies with the audited financial statements. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my report.

Opinion on financial statements

In my opinion the financial statements:

- give a true and fair view of the financial position of Cambridge City Council as at 31 March 2012 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

Independent Auditor's Report to the Members of Cambridge City Council

Opinion on other matters

In my opinion, the information given in the annual report and the introduction to the statement of accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I report to you if:

- in my opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007;
- I issue a report in the public interest under section 8 of the Audit Commission Act 1998;
- I designate under section 11 of the Audit Commission Act 1998 any recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- I exercise any other special powers of the auditor under the Audit Commission Act 1998.

I have nothing to report in these respects.

Conclusion on arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the Auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

I am required under Section 5 of the Audit Commission Act 1998 to satisfy myself that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires me to report to you my conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission.

I report if significant matters have come to my attention which prevent me from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. I am not required to consider, nor have I considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

I have undertaken my audit in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2011, as to whether the Authority has proper arrangements for:

Independent Auditor's Report to the Members of Cambridge City Council

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for me to consider under the Code of Audit Practice in satisfying myself whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

I planned my work in accordance with the Code of Audit Practice. Based on my risk assessment, I undertook such work as I considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of my work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2011, I am satisfied that, in all significant respects, Cambridge City Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2012.

Certificate

I certify that I have completed the audit of the accounts of Cambridge City Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

Introduction to the Statement of Accounts

I am pleased to introduce the Council's Statement of Accounts for 2011/12. The preceding Annual Report section of this document describes the diverse range of services provided by Cambridge City Council to its residents, local businesses and visitors and provides details of some of the key activities and achievements during the year.

The Statement of Accounts, set out on pages 9 to 102, contain a series of statements, summarising the financial activity of the Council during the year in delivering these services. In addition, details of the Council's assets and liabilities at the beginning and end of the Council's financial year are presented. The financial year ran from 1 April 2011 to 31 March 2012.

The accounts have been prepared in accordance with the 'Code of Practice on Local Authority Accounting in the United Kingdom' (The Code). The code is based on International Financial Reporting Standards (IFRS) and sets out the format and content of the key financial statements and accompanying notes in this publication.

The key financial statements are as follows:

- ◆ Movement in Reserves Statement
- ◆ Comprehensive Income and Expenditure Statement
- ◆ Balance Sheet
- ◆ Cash Flow Statement
- ◆ Housing Revenue Account
- ◆ Collection Fund

These accounts are supported by appropriate notes together with a statement of the accounting policies of the Council and a glossary of terms.

Once again, the accounts have been produced promptly and to the high standard expected of the Council. This would not have been possible without the hard work of my own staff and other finance staff across the Council, and I would like to thank them, my fellow Directors, and service managers for their assistance in the preparation of these accounts.

Review of 2011/12

The national and international economic climate, together with pressure to significantly reduce public sector spending, continued to provide a very challenging financial environment for the Council during 2011/12. Effects have been most marked in relation to higher levels of inflation than originally forecast, continuing low interest rates and the failure of the housing market to show significant signs of recovery. Budgets were reviewed and revised during the year to reflect changing circumstances in particular both immediate and anticipated future reductions in government funding for the Council's services.

As previously reported, the City Council was one of many local authorities affected by the collapse of Icelandic banking institutions in 2008/09 with a total of £9 million in short term deposits with two of the affected banks (Landsbanki Islands hf and Heritable Bank Plc). Although the final position will not be known for some time, the prospects for recovery (albeit over an extended period) of the majority of these deposits is now positive.

In drawing up these accounts, the Council has followed the detailed guidance issued by the CIPFA Local Authority Accounting Panel in relation to the anticipated recovery of these deposits and in terms of the valuation shown in the accounts. This has resulted in the partial

Introduction to the Statement of Accounts

reversal in the year of the impairment in the valuation of these deposits which had been required to be reflected in the accounts for the preceding year. Further information can be found in note 25.

Just as in the private sector, the effects of the economic climate on the values of Council-owned property are reflected in the accounts each year. The most significant change in property values reflected in these accounts related to the Council's investment properties. There was a gain of £8.4 million on the value of the Council's interest in the Lion Yard shopping centre.

Further information about the valuation of assets, and how changes in their value must be accounted for, can be found in the Statement of Accounting Policies section.

Given the prevailing economic climate, reductions in funding from central government and resulting pressures on the Council's finances, it is pleasing to note that:

- ◆ A programme of service reviews continues to achieve worthwhile on-going savings that will support the Council's financial position going forward. As part of the review programme, the Council has continued to explore opportunities to share services with other local authorities. Formal shared service arrangements are already in place for the Choice Based Lettings Service and the management of the Internal Audit service.
- ◆ During the year, the City Council, South Cambridgeshire District Council and Huntingdonshire District Council agreed to establish a shared Home Improvement Agency service to be operational from 1 April 2012. Home Improvement Agencies are organisations that help vulnerable people maintain their independence by helping them to repair, maintain or adapt their homes by providing practical or financial advice and support.
- ◆ The Council conducted a review of its administrative and business support arrangements during 2011/12 and has consolidated staff and work into smaller site-based teams. The new arrangements, introduced in early 2012/13, will deliver more cost effective services and contribute considerable on-going savings towards the Council's overall savings targets.
- ◆ The Council completed a major, £2 million, investment programme at its crematorium on Huntingdon Road. The programme, which will result in greater energy efficiency and reduced pollution, included installation of three new energy efficient cremators, a filtration system to safely remove all mercury emissions and a heat exchanger unit to heat the chapels and other buildings.
- ◆ The Council significantly reduced the cost of the Waste Service by optimising the routes taken by our vehicles to collect waste and materials for recycling. In addition, income from trade waste collection was increased by making the service more competitive and more attractive.
- ◆ Successful preparations were made for the introduction of new Housing Revenue Account Self-Financing arrangements introduced from 1 April 2012. This new financial regime for the funding of Council dwellings replaces the old annual subsidy system under which the City Council had to pay a significant amount of its housing rent income to Central Government each year. The new arrangements will give the Council greater

Introduction to the Statement of Accounts

certainty and control over the funding of the HRA and will enable additional investment in the stock, including building new homes.

- ◆ Major investment continued to be made in the Council's housing stock following the achievement of the 'Decent Homes Standard' for all Council dwellings during 2010/11. In addition to expenditure on repairs and improvements we have spent £2.5 million refurbishing Brandon Court sheltered scheme to meet current standards for this type of accommodation and resident expectations.

Revenue Spending and Income

General Fund Services

For 2011/12, the Council agreed a budget for net spending of £16.9 million. This sum was to be financed in part by government grant together with the Council's share of Business Rates, with the remainder being raised through Council Tax. The Council Tax for City Council services was set at £166.57 for Band D properties, unchanged from that set for the previous year.

The table below compares the final outturn figures for the General Fund with those originally planned, when the budget and Council Tax for the year was agreed in February 2011.

(£000s)	Original Budget	Actual	Difference
Net Revenue Spending on Services	18,672	18,589	(83)
Capital Accounting Adjustments	(3,261)	(4,683)	(1,422)
Capital and Revenue Projects Spending Funded from Revenue	3,682	2,044	(1,638)
Contributions to/(from) Reserves	(2,227)	1,423	3,650
Total	16,866	17,373	507
Financed by:			
Formula Grant (including share of Business Rates)	9,515	9,515	0
Other Government Grants	607	1,114	507
Council Tax	6,744	6,744	0
Total	16,866	17,373	507

The Council's actual net revenue spending on the provision of services was just £83,000 below the original budget set for the year, however, a variety of factors contributed to this overall position. Tight budgetary control, the delivery of savings from service reviews and close controls on recruitment to vacant posts during the year accounted for significant savings which helped to offset unavoidable additional costs. Depreciation charged to services was higher than originally budgeted (reflecting the valuation of assets at 31 March 2011 after the budget was set) but this increase has been offset by a statutory capital accounting adjustment.

The total amount of capital and revenue project expenditure funded from revenue was below budget by £1,638,000, largely reflecting slippage on the timing of projects.

Introduction to the Statement of Accounts

Government grant income was £507,000 higher than the original budget as the Council's New Homes Bonus Grant allocation for 2011/12 had not been announced when the budget was set. In addition, Central Government paid £123,000 of New Home Bonus Grant relating to 2012/13 early.

Together, the overall changes in spending and grant meant that the combined use of general and earmarked reserves was reduced by £3,650,000 from that originally planned.

A net use of the General Fund Reserve of £392,000 was made for the year and, at the year-end, the reserve stood at £9.46 million. This reserve provides financial flexibility to the Council for meeting exceptional and/or unanticipated items and is used to support the Council's capital investment programme.

Housing Revenue Account

The Housing Revenue Account (HRA) budget for 2011/12 was set to deliver a sustainable financial position over the longer term. Part of the longer-term budget strategy has been to release HRA reserves over a period of years until they are reduced to the target level of £3,000,000. For 2011/12 the budget was set with the intention of using £44,100 of reserves, with an expectation that by the end of 2013/14 the level of reserves would be at target. This strategy has provided additional revenue contributions to fund capital expenditure, enabling extra investment in our housing stock, assisting in maintaining the decent homes standard, whilst also allowing for some discretionary investment.

The table below compares the final outturn figures for the Housing Revenue Account with those originally planned, when the budget and rent increase for the year was agreed in February 2011.

(£000s)	Original Budget	Actual	Difference
Revenue Spending on Services	13,050	12,371	(679)
Negative HRA Subsidy	13,004	12,903	(101)
Debt Management Costs and Interest	352	437	85
Other Expenditure	336	644	308
Capital Accounting Adjustments	5,119	5,119	0
Direct Revenue Funding of Capital and Revenue Projects in the Housing Capital Investment Plan	2,021	1,823	(198)
Total	33,882	33,297	(585)
Financed by:			
Dwelling Rents and Service Charges	32,266	32,663	397
Rent (Garages, Land & Commercial Property)	1,155	1,110	(45)
Interest Income	38	64	26
Other Income	379	745	366
Contributions (to) / from Reserves	44	(1,285)	(1,329)
Total	33,882	33,297	(585)

In June 2011, approval was given to carry forward resources of £1,156,000 to fund expenditure re-phased from 2010/11. Of this sum, £951,000 was to meet the costs of capital investment in the housing stock. The balance of £205,000 related predominantly to costs

Introduction to the Statement of Accounts

relating to preparation of the self-financing business plan, fire safety risk assessments, lift inspections, hardwire and electrical testing, where work had not progressed as quickly as planned. This approval increased the anticipated use of reserves in 2011/12 to £1,200,100.

In January 2012, the planned use of reserves for 2011/12 was reduced to £1,129,730, taking account of changes made at the time the Medium Term Strategy was agreed and as part of the revised budget process. The budget changes made were a combination of savings in staff and operational costs as a result of internal reorganisation and changes made in response to reductions in Supporting People funding.

The HRA reported a net cost of services of £675,980 to Housing Management Board, excluding the one-off payment of the Housing Revenue Account Self-Financing settlement of £213,572,000. Following final accounting adjustments, the outturn position for the HRA for 2011/12 was to make a contribution to reserves of £1,285,411. Requests have been made to carry forward funding of £1,853,280 into 2012/13, reflecting re-phasing of a number of projects, but particularly recognising the deferred need to use revenue funding to meet capital expenditure in light of slippage in the Housing Capital Investment Programme.

Housing Revenue Account reserves stood at £6.97 million at the year-end.

Capital Spending and Receipts

In 2011/12 the Council spent £14.0 million on capital projects. Of this expenditure £6.7 million was on major repairs and improvements to council dwellings, £2.6 million on other land and buildings (including £1.9 million on the Crematorium project) and £3.5 million on assets in the course of construction (including the £2.5 million on Brandon Court).

Capital receipts continue to be generated through the sale of land, council houses, shared ownership dwellings and other property. The Council received £3.1 million in the year, of which £1.4 million had to be paid over to central government.

External Borrowing

The Council undertook external borrowing of £213.57 million at the end of the financial year. This borrowing was required in order to meet a one-off debt settlement payment to Central Government in relation to the introduction, from 1 April 2012, of new Self-Financing arrangements for the Housing Revenue Account. Prior to this the Council had been debt-free since 31 March 2003.

Pension Costs

The Council's share of the assets and liabilities of the County Pension Fund show an estimated net liability of £78.9 million at 31 March 2012. This liability has no impact on the level of the Council's available reserves.

Further information relating to the assets, liabilities, income and expenditure of the Council's pension scheme is presented in note 39 starting on page 64.

Introduction to the Statement of Accounts

Further Information

Further information about the accounts is available from:

Head of Accounting Services
Cambridge City Council Resources Department
Lion House
Lion Yard
Cambridge CB2 3NA

In addition, interested members of the public have a right to inspect the accounts each year before the audit is completed. The availability of the accounts for public inspection is advertised in the local press and on the Council's web site.

Opinion

In my opinion the Statement of Accounts present a true and fair view of the financial position of Cambridge City Council at 31 March 2012 and its income and expenditure for the year then ended.

David Horspool
Director of Resources
Date: 19 September 2012

I confirm that the audited accounts were approved by the Civic Affairs Committee held on the 19 September 2012.

Councillor R A Boyce
Chair of Civic Affairs
Date: 19 September 2012

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The (surplus) or deficit on the provision of services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for council tax setting and dwellings rent setting purposes. The net (increase)/decrease before transfers to earmarked reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves.

Comprehensive Income and Expenditure Statement

This statement shows the accounting costs in the year, of providing services, in accordance with generally accepted accounting practices, rather than the amounts to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Balance Sheet

The Balance Sheet shows the value at the stated date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category of reserves includes those that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

(£000s)	Notes	31 March 2012	31 March 2011 (as restated – see Note 43)	1 April 2010 (as restated – see note 43)

David Horspool, Director of Resources

Main Financial Statements

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation, grant income and by the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities show claims that will be made on future cash flows by providers of capital (i.e. borrowing) to the Council.

(£000s)	Notes	2011/12	2010/11
Cash flows from operating activities			
Cash receipts		115,088	115,457
Cash payments		(320,192)	(105,610)

Notes to the Main Financial Statements

1 Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out on pages 87 to 102, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- There is a degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision.

2 Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2012 (excluding assets and liabilities that are carried at fair value based on a recently observed market price) for which there is a significant risk of material adjustment are as follows:

Pensions Liability

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.

The effects on the net pensions liability of changes in individual assumptions can be measured. For instance a 0.5% decrease in the discount rate assumption would increase the pension liability by £21.1 million and a 0.5% increase in the rate of increase in pensions would increase the liability by £15.5 million. However, the assumptions interact in complex ways so care should be taken in looking at changes in one variable in isolation.

Property, Plant and Equipment

Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. If the Council did not sustain its current spending on repairs and maintenance the useful lives currently assigned to assets may be reduced.

If the useful life of assets is reduced, depreciation increases and the carrying value of the assets falls. It is estimated that the annual depreciation charge for assets would increase by approximately £957,000 for every year that useful lives had to be reduced.

Notes to the Main Financial Statements

3 Material Items of Income and Expenditure

The following material items of income and expenditure are included in the Comprehensive Income and Expenditure Statement.

As disclosed on the face of the Comprehensive Income and Expenditure Statement the Council made a settlement payment to central government in respect of self-financing of the Housing Revenue Account of £213.6 million in March 2012.

In addition the following material items are included within the relevant service lines:

A net credit for reversal of previous revaluation losses of £3.8 million has been credited to expenditure within the Local authority (HRA) net cost of service line. The comparative expenditure figure for 2010/11 includes revaluation losses of £59.0 million. More detail on the movements in the value of the Council's housing stock can be found in note 16 to the main financial statements.

The comparative 2010/11 figure for non-distributed costs (part of the net cost of services) includes a past service gain of £23.5 million which was credited to expenditure. This reflected the announcement that from 1 April 2011 public service pensions were to be up-rated in line with the Consumer Prices Index (CPI) rather than the Retail Prices Index (RPI).

The following material items are included within the Financing and investment income line:

Increases in the fair value of investment properties of £15.5 million (£7.7 million in 2010/11). This includes an increase of £8.4 million in respect of Lion Yard shopping centre and £5.0 million in respect of land at Cowley Road.

Notes to the Main Financial Statements

4 Movement in Reserves Statement – Adjustments between Accounting Basis and Funding Basis under Regulations

The total comprehensive recognised by the Council in the year, is prepared in accordance with proper accounting practice. This note details the adjustments that are made to income and expenditure to reflect the resources that are specified by statute as being available to the Council to meet future capital and revenue expenditure.

Financial year 2011/12

(£000s)	Usable Reserves					Unusable Reserves

Capital grants and contributions	(2,558)	(3,872)
	(19,857)	(23,140)

9 Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Reporting Code of Practice (SERCOP). However, decisions about resource allocation are taken by the Council's Executive on the basis of financial information analysed by portfolio. Reports presented to members are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to revaluation losses and revenue expenditure funded from capital under statute.
- The cost of retirement benefits is based on cash flows (payment of employer's pensions contributions) rather than current service cost of benefits accrued in the year.
- The net income generated by the Council's commercial property service is reported below net cost of services.
- Reports include contributions to Repairs and Renewals Funds rather than the actual expenditure reflected in the accounts.
- The settlement payment due to central government on self- financing of the Housing Revenue Account as this was not funded from revenue resources, but from a number of loans from the Public Works Loan Board.

The income and expenditure of the Council's service portfolios recorded in the budget reports for the year and how it reconciles to that included in the net cost of services in the Comprehensive Income and Expenditure Statement is as follows:

Notes to the Main Financial Statements

(£000s)	2011/12	2010/11 (as restated)
Net Expenditure for the year as reported to management		
General Fund		
Community Services Scrutiny Committee		
Arts, Sports and Public Places	6,031	5,891
Community Development & Health	3,737	3,370
Housing	2,827	2,515

Customer Services and Resources	(6,363)	(3,689)
Strategy & Climate Change	2,717	2,627
Housing Revenue Account		
Housing Management Board	676	568
	19,266	21,690
Amounts in the Comprehensive Income and Expenditure Statement not reported to management	213,251	44,427
Amounts reported to management not included in the Comprehensive Income and Expenditure Statement	5,511	3,173
Cost of Services in the Comprehensive Income and Expenditure Statement	238,028	69,290

The 2010/11 comparative figures have been restated to reflect the portfolios in operation during 2011/12.

Notes to the Main Financial Statements

This reconciliation (analysed subjectively) shows how the figures for the income and expenditure included in the reports to management relate to the Surplus or Deficit on the provision of services included in the Comprehensive Income and Expenditure Statement.

10 Trading Operations

The financial results of the Council's significant trading activities for the year are set out below:

Included within Planning services in the Comprehensive Income and Expenditure Statement

General Markets – the Council operates the general daily market in the city centre together with a number of other smaller specialist markets.

Notes to the Main Financial Statements

(£000s)	2011/12	2010/11
Income	(704)	(683)
Expenditure	365	314
Surplus	(339)	(369)

11 Agency Services

Agency Services provided on behalf of Cambridgeshire County Council were:

(£000s)	2011/12	2010/11
Local Authority Parking Enforcement surplus returned to county council	0	100
On-Street Parking Services		
Net surplus	(1,349)	(1,220)
Surplus reimbursed to county council	1,349	1,220

The agency agreement for Local Authority Parking Enforcement ended on 31 March 2010. £100,000 of prior year surpluses was returned to Cambridgeshire County Council in 2010/11.

Agency Services provided by Cambridgeshire County Council on behalf of the City were:

(£000s)	2011/12	2010/11
Highways Functions and Services		
Total costs	153	178
Costs reimbursed	153	178

The Council operates a box office for private promoters for performances and events held at the Corn Exchange. Gross income collected and paid over to promoters was £3,466,000 in 2011/12 (£3,550,000 in 2010/11.)

12 Members' Allowances

The total allowances paid to members during the financial year 2011/12 were £242,910 (£243,694 in 2010/11) as analysed below. Details of payments to individual members are published annually in a local newspaper.

Notes to the Main Financial Statements

(£)	2011/12	2010/11
Basic allowance payments	116,611	115,915
Special responsibility payments	124,571	125,614
Childcare allowance	198	323
Travel and subsistence payments	1,531	1,841
	242,910	243,693

13 Related Party Transactions

The Council is required to disclose material transactions with related parties. Related parties are bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many transactions that the Council has with other parties (for example, Housing Benefits).

Members of the Council have direct control over the Council's financial and operating policies. During 2011/12 the Council gave grants totalling £339,546 (£239,481 in 2010/11) to voluntary organisations in which 9 members had an interest. £0 (£0 in 2010/11) of these grants were unpaid at the year end. In addition one of these organisations has a long term loan from the Council as disclosed in Note 26 to the accounts.

No other material transactions have been identified for disclosure which are not already included elsewhere in this Statement of Accounts.

Notes to the Main Financial Statements

14 Employee Remuneration

The number of employees whose remuneration, excluding employer's pension contributions, was £50,000 or more in bands of £5,000 were:

	2011/12	2010/11
£50,000 to £54,999	2	4
£55,000 to £59,999	3	2
£60,000 to £64,999	9	6
£65,000 to £69,999	3	1
£70,000 to £74,999	3	5
£75,000 to £79,999	1	0
£80,000 to £84,999	0	2
£85,000 to £89,999	1	1
£90,000 to £94,999	2	2
£110,000 to £114,999	0	1
£115,000 to £119,999	1	0

The remuneration of senior officers, who are included in the above table, is disclosed in more detail, including employer's pension contributions, below:

Financial year 2011/12

(£) Position / Name	Salary	Allowances & Benefits in Kind	Pension Contribution	Total
Chief Executive (A Jackson)	117,859	47	21,922	139,828
Director of Resources (D Horspool)	91,891	485	17,092	109,468
Director of Environment (S Payne)	88,646	0	16,488	105,134
Director of Customer & Community Services (L Bisset)	91,891	471	17,092	109,454
Head of Corporate Strategy (A Limb)	63,778	0	11,863	75,641

Notes to the Main Financial Statements

Financial year 2010/11

(£) Position / Name	Salary	Allowances & Benefits in Kind	Pension Contribution	Total	Note
Chief Executive (A Jackson)	113,252	82	21,065	134,399	
Director of Resources (D Horspool)	91,891	963	17,092	109,946	1
Director of Environment (S Payne)	88,646	0	16,488	105,134	2
Director of Customer & Community Services (L Bisset)	91,891	938	17,092	109,921	3
Director of City Services (T Ainley)	27,648	0	5,143	32,791	4
Head of Corporate Strategy (A Limb)	4,629	0	861	5,490	5
Head of Human Resources (D Simpson)	65,951	54	12,266	78,271	

Note

- 1 Mr Horspool was appointed Director of Resources with effect from 2 August 2010, prior to that his position was Director of Finance.
- 2 Mr Payne was appointed Director of Environment with effect from 2 August 2010, prior to that his position was Director of Environment & Planning.
- 3 Ms Bisset was appointed Director of Customer and Community Services with effect from 2 August 2010, prior to that her position was Director of Community Services.
- 4 The position of Director of City Services was deleted with effect from 2 August 2010.
- 5 Mr Limb was appointed Head of Corporate Strategy from 8 November 2010, until 4 March 2011 this was on a secondment arrangement.

The number of exit packages, analysed between compulsory redundancies and other departures, and the total cost per band are set out in the table below:

Exit Package cost band (including special payments)	Number of Compulsory Redundancies		Number of other departures agreed		Total Number of exit packages by cost band		Total cost of exit packages in each band (£'000)	
	2011/12	2010/11	2011/12	2010/11	2011/12	2010/11	2011/12	2010/11
£0 - £20,000	14	12	0	0	14	12	105	87
£20,001 - £40,000	6	5	0	0	6	5	184	151
£40,001 - £60,000	1	1	0	0	1	1	53	54
£60,001 - £80,000	0	1	0	0	0	1	0	78
Total	21	19	0	0	21	19	342	370

The cost of exit packages includes the capital costs of early retirements (which are not relevant in every case) due to be paid to the Local Government Pension Scheme by the Council. These costs are disclosed as post employment benefit costs within non-distributed costs on the Comprehensive Income and Expenditure Statement.

Notes to the Main Financial Statements

15 Audit Costs

Cambridge City Council incurred the following fees relating to external audit and inspection.

(£000s)	2011/12	2010/11
Fees payable to the Audit Commission in respect of:		
External audit services carried out by the appointed auditor	109	109

Notes to the Main Financial Statements

17 Property Plant and Equipment - Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at fair value is revalued at least every five years.

Current year revaluations were carried out externally by:

Mr A Wilcock MRICS (District Valuer)
Ms A Briggs BA (Hons) MRICS (Bidwells LLP)
Ms A Groom MA MRICS (Bidwells LLP)

The basis for valuation is set out in the statement of accounting policies on page 97.

The following statement should be noted with regard to the valuations carried out by Bidwells LLP:

In reaching the final valuation figures, Bidwells has departed from the Appraisal and Valuation Standards prepared by the Royal Institution of Chartered Surveyors. This is because the valuation of the portfolio is such that Bidwells has not been instructed to re-inspect any of the properties. They have therefore relied on information either obtained by them in 1994, 1997, 2002 and 2007, or subsequently provided by Cambridge City Council in order to reach their conclusions.

Bidwells did undertake an external visual inspection of the properties valued. The Council provides updated information on each property to Bidwells to supplement the detail they already hold and meetings are held to plan and discuss the valuations. These would highlight any significant changes.

The Council has chosen to depart from the Appraisal and Valuation Standards on the grounds of achieving best value for money in relation to property valuation work.

The following table shows the progress of the Council's programme for the revaluation of assets:

(£000s)	Council Dwellings	Other Land and Buildings	Total
Valued at fair value as at:			
31 March 2012	491,714	10,205	501,919
31 March 2011		40,472	40,472
31 March 2010		8,222	8,222
31 March 2009		33,308	33,308
31 March 2008		19,733	19,733
Total Valuation	491,714	111,940	603,654

Vehicles, Plant and Equipment as short life operational assets, are held at historical cost less depreciation as a proxy for fair value.

Notes to the Main Financial Statements

18 Property, Plant and Equipment - Depreciation

The majority of the Council's Property, Plant and Equipment are council dwellings. These are placed into three useful-life bandings. Assets built before 1945 are assessed as having a remaining useful life of 30 years, those built between 1945 and 1974 have a remaining useful life of 40 years, those built between 1974 and 2010 have a remaining useful life of 50 years and those built after 2010 have a useful life of 80 years.

The useful lives of other assets are estimated as:

- Infrastructure Assets – 40 years
- Other buildings – 60 years
- Vehicles, Plant and Equipment – 3 to 20 years

The Council has revised the estimate of the proportion of HRA housing stock values deemed to relate to land. A single rate of 32.5% was previously used for all properties. For 2011/12 the Council has revised the estimate to 31% for houses and bungalows and 22% for flats. It is estimated that this has led to additional depreciation of £589,000.

19 Heritage Assets

(£000s)	Civic Regalia
Carrying value at 1 April 2010, 31 March 2011 and 31 March 2012	430

The collection of Civic Regalia was valued at market value for insurance purposes in November 2011 by Mr Peter Buckle FIRV.

The Council has assessed that the value at the end of each financial year from 2008 to 2012 would not be materially different from the figure obtained in November 2011.

Notes to the Main Financial Statements

20 Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed.

(£000s)	2011/12	2010/11
Opening Capital Financing Requirement	(3)	(3)
Capital Expenditure		
Property, Plant and Equipment	13,796	10,520

HRA self-financing settlement payment	213,572	0
De-minimis capital expenditure	123	680
Loans Advanced		
Private Sector Housing Improvement Loans	67	64
Sources of finance		
Capital receipts	(4,056)	(1,253)
Government grants and other contributions	(3,254)	(3,471)
Revenue and reserves	(9,410)	(8,457)
Closing capital financing requirement	213,852	(3)

Notes to the Main Financial Statements

21 Capital Commitments

At 31 March 2012, the Council was contractually committed to capital work valued at approximately £3.96 million, as shown in the following table. Capital expenditure under these contracts will be incurred in 2012/13, apart from £0.15 million which it is estimated will be spent in 2013/14.

(£000s)	31 March 2012	31 March 2011
Property, Plant and Equipment		
Public conveniences	0	3
Jesus Green tennis courts	94	0
Community Olympic Public Art Commission	101	0

Grand Arcade Car Park control room	54	0
Development land on Kings Hedges Road	293	340
Environmental improvements	0	540
Vie Development public open space	0	94
Oracle Financials server	0	50
Sheep's Green canoe house extension	0	186
Brandon Court	400	2,794
Other works - less than £50,000 per contract	204	232
Revenue Expenditure Funded from Capital Under Statute		
Assessment Centre	0	24
Community Development grants	178	0
Disabled adaptations	0	16
	3,962	4,708

22 Investment Properties

The following items of income and expense have been accounted for in the Comprehensive Income and Expenditure Statement.

(£000s)	2011/12	2010/11
Rental income from investment property	(7,911)	(7,708)
Direct operating expenses arising from investment property	605	601
Net gain	(7,306)	(7,107)

Notes to the Main Financial Statements

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the receipt of income and the proceeds of disposal.

The following summarises the movement in the fair value of investment properties over the year.

(£000s)	2011/12	2010/11
Balance at start of the year	96,834	89,289
<i>Additions:</i>		
Subsequent expenditure	64	0
Net gains/losses from fair value adjustments	15,476	7,717
Disposals	(847)	0
<i>Transfers:</i>		
To/from Property, Plant and Equipment	(154)	(172)
Transfers from assets in the course of construction	0	0
Balance at the end of the year	111,373	96,834

23 Intangible Assets

The Council accounts for its software as intangible assets, where the software is not such an integral part of a particular IT system that it is accounted for as part of the hardware item of property, plant and equipment.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council.

The carrying amount of intangible assets is amortised on a straight-line basis. The amortisation of £122,000 charged to revenue in 2011/12 relates to specialist software and was charged to relevant services in the Comprehensive Income and Expenditure Statement.

Notes to the Main Financial Statements

The movement on intangible asset balances during the year was as follows:

(£000s)	2011/12	2010/11
	Software licences	Software licences
Balance at the start of the year:		
Gross carrying amounts	905	828
Accumulated amortisation	(401)	(315)
Net carrying amount at start of the year	504	513
Purchases	156	76
Amortisation for the period	(122)	(109)
Other changes	0	24
Net carrying amount at end of year	538	504
Comprising:		
Gross carrying amounts	1,061	905
Accumulated amortisation	(523)	(401)

Software purchased in 2011/12 included general network software and specialist software relating to the administration of benefits and the customer service centre. The costs will be amortised over the expected life of the software.

24 Leases

Council as Lessee

Finance Leases

The carrying value of investment properties held under finance leases was £1,547,000 at both 31 March 2012 and at 31 March 2011. Secondary lease payments of £2,247 in each of 2010/11 and 2011/12 were accounted for as finance costs. This annual charge will continue until 2035.

These Industrial units are leased out under operating leases and the total minimum lease payments are £39,000 at 31 March 2012 (£96,000 at 31 March 2011).

The Council leases in three car parks under long-term peppercorn leases. The carrying value of these car parks included in Property, Plant and Equipment was £16,907,740 at 31 March 2012 (£17,269,000 at 31 March 2011).

Notes to the Main Financial Statements

Operating Leases

The Council leases in a number of operational properties and some equipment under operating leases.

The future minimum lease payments due under non-cancellable leases in future years are:

(£000s)	31 March 2012	31 March 2011
Not later than one year	287	411
Later than one year and not later than five years	599	820
Later than five years	182	248
	1,068	1,479

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

(£000s)	2011/12	2010/11
Minimum lease payments	411	427

Council as Lessor

Operating Leases

The Council leases out commercial properties across the City under operating leases. The portfolio includes, shops, industrial units and shopping centres.

The future minimum lease payments receivable, under leases which cannot be cancelled, are:

(£000s)	31 March 2012	31 March 2011
Not later than one year	3,332	4,283
Later than one year and not later than five years	10,314	12,489
Later than five years	97,025	99,820
	110,671	116,592

The minimum lease payments receivable do not include contingent rents such as those based on turnover. In 2011/12 £2,207,699 contingent rents were receivable by the Council (2010/11 £2,208,180).

Notes to the Main Financial Statements

25 Short-Term and Long-Term Investments

(£000s)	2011/12		2010/11	
	Long Term	Short Term	Long Term	Short Term
Investments in Icelandic banks and their UK subsidiaries	2,190	1,545	3,294	1,955
Other investments	0	56,061	0	48,632
	2,190	57,606	3,294	50,587

Investments in Icelandic Banks and their UK Subsidiaries

Investments included in current assets and long-term assets in the Balance Sheet at 31 March 2012 include the following investments, the values of which have been impaired because of the financial difficulties experienced by Icelandic banks and their subsidiaries. The impairments reflected in the accounts are based on the latest LAAP guidance issued in June 2012.

In October 2008, the Icelandic Banks Landsbanki Islands hf, Kaupthing and Glitnir collapsed and the UK subsidiaries of the bank, Heritable Bank Plc and Kaupthing Singer and Friedlander, went into administration.

The Council had £9m deposited between Landsbanki Islands hf and its UK subsidiary, Heritable Bank Plc, with varying maturity dates and interest rates as follows:

Bank	Original Investment Date	Original Maturity Date	Amount Invested (£'000)	Interest Rate (%)
Heritable	09/01/2008	09/10/2008	1,000	5.65
Heritable	13/06/2008	22/12/2008	1,000	6.21
Landsbanki	30/06/2008	06/01/2009	2,000	6.22
Heritable	05/09/2008	05/03/2009	2,000	6.00
Landsbanki	01/07/2008	24/04/2009	1,000	6.35
Landsbanki	01/07/2008	22/05/2009	2,000	6.42
			9,000	

All monies within these institutions are currently subject to their respective administration and receivership processes. The amount and timing of payments to depositors such as the Council will be determined by the administrators / receivers.

Notes to the Main Financial Statements

The current situation with regards to recovery of the sums deposited varies between each institution. Based on the latest information available, the Council considers that it is appropriate to make an impairment adjustment for the deposits based on the information outlined below. As the available information is not definitive as to the amounts and timings of payments to be made by the administrators/receivers, it is likely that further adjustments will be made to the accounts in future years.

The net reversal of impairment losses recognised in the Income and Expenditure Account in 2011/12 of £471,000 (2010/11 impairment losses of £42,000) have been calculated by discounting the assumed cashflows at the effective interest rate of the original deposits in order to recognise the anticipated loss of interest to the Council until monies are recovered.

The overall position is summarised as follows:

(£000s)	2011/12		2010/11	
	Heritable Bank Plc	Landsbanki Islands hf	Heritable Bank Plc	Landsbanki Islands hf
Balance sheet carrying value				
Long term investments	222	1,968	514	2,779
Short term investments	567	979	843	1,112
Increase / (decrease) in impairment recognised in the Comprehensive Income and Expenditure account	(95)	(376)	0	42
Cash received	725	1,556	616	0

The deposits in Heritable were originally impaired by £1,244,000 and in Landsbanki by £1,390,000 in 2008/09. In 2009/10 there was an additional impairment of £408,000 in respect of Landsbanki and a reversal of the Heritable impairment of £212,000.

Heritable Bank Plc

Heritable Bank Plc is a UK registered bank operating under Scottish law. The company was placed in administration on 7 October 2008. In relation to the 2008/09 statement of accounts the Council decided to recognise an impairment based on recovering 80p in the £. The progress report issued to creditors, by the administrators Ernst and Young in August 2011, noted a base case return to creditors of 86 to 90 pence in the £. The latest updates from the administrators have not changed this estimate. Total dividends paid to date are 74.54% of the claim – including dividends of 6.64% in 2012/13. In calculating the current expected recoverable amount the Council has made the following assumptions in respect of the timing of recoveries:

July 2012	3.50%
October 2012	3.50%
January 2013	3.50%
April 2013	5.81%

Notes to the Main Financial Statements

This schedule is based on expected total dividends of 88% of the claim. Recoveries are expressed as a percentage of the Council's claim, which includes interest accrued up to 6 October 2008.

Landsbanki Islands hf

Landsbanki Islands hf is an Icelandic entity. Following steps taken by the Icelandic Government in early October 2008 its domestic assets and liabilities were transferred to a new bank (new Landsbanki) with the management of the affairs of Old Landsbanki being placed in the hands of a resolution committee. Old Landsbanki's affairs are being administered under Icelandic law. In respect of the 2008/09 accounts the Council decided to recognise an impairment based on it recovering 83p in the £.

The Council's estimate of the likely recoverable amount was subsequently updated in line with CIPFA guidance to 94.86 pence in the £.

This rate of recovery was based on the assumption that local council deposits had priority status and would therefore be repaid ahead of any creditors that did not have priority status. This was based on the Reykjavik District Court verdict on 1 April 2011 confirming that local authorities' claims qualified for priority status under Article 112 of the Icelandic Bankruptcy Legislation. However, this decision was subject to an appeal to the Icelandic Supreme Court.

The Supreme Court confirmed the priority status of local council deposits in October 2011. Under the terms of the distribution proposal, payment of each depositor's claim (measured in Icelandic Kroner as at 22 April 2009) was made in a basket of currencies with conversions made using Central Bank of Iceland selling rates as at 22 April 2009. The distribution currencies were Icelandic Kroner, Euros, US dollars and sterling. A total of £740 million, €710 million, \$710 million and ISK 10 billion was distributed to qualifying priority creditors. The Council therefore received a distribution in February 2012 close to one-third of its priority claim. The Icelandic distribution is currently held in escrow.

The Winding Up Board announced in March 2012 that it anticipated that recoveries would exceed the book value of priority claims. It is therefore now considered likely that UK local authorities will recover 100% of their deposits, subject to future exchange rate fluctuations.

Following the sale of Iceland Foods, the Landsbanki Winding Up Board authorised a further distribution to priority creditors in May 2012. The distribution was made wholly in sterling and the total amount distributed to creditors was £850 million. Taken together with the first distribution at the end of 2011, this raise the total amount distributed to approximately 43%. The future pattern of distributions by the Landsbanki Winding Up Board is not known, although the Board has published on its website an estimated schedule of recoveries by year, based on the position as at 31 December 2011.

Therefore in estimating the current expected recoverable amount the Council has made the following assumptions in respect of the timing of recoveries:

December 2012	7.00%
December 2013	7.00%
December 2014	7.00%
December 2015	7.00%

Notes to the Main Financial Statements

December 2016	7.00%
December 2017	7.00%
December 2018	7.00%
December 2019	7.00%

Interest credited to the Comprehensive Income and Expenditure Statement in respect of these investments (but not actually received) is as follows:

(£000s)	2011/12	2010/11
Heritable Bank Plc	62	97
Landsbanki Islands hf	235	240

The Council took advantage of the Capital Finance Regulations to defer the impact of impairments recognised on these investments in 2008/09 and 2009/10 on the General Fund using the Financial Instruments Adjustment Account. Under the regulations the total impairments recognised in the Comprehensive Income and Expenditure Statement in 2008/09 and 2009/10 were charged to the General Fund in 2010/11. From 2010/11, any changes to the impairments previously recognised are reflected in the General Fund in the relevant year.

Further details on the Council's approach to managing credit risks are contained in Note 38.

26 Long-Term Debtors

Long-term debtors which fall due after a period of at least one year:

(£000s)	31 March 2012	31 March 2011	1 April 2010
Mortgages	8	17	39

	(13,053)	(8,767)	(9,509)

Notes to the Main Financial Statements

31 Receipts in Advance

(£000s)	31 March 2012	31 March 2011	1 April 2010
Cambridge City Council share of Council Tax receipts	(365)	(347)	(354)
Capital grants receipts in advance	(677)	(1,376)	(1,152)
Other	(1,737)	(1,701)	(1,715)
	(2,779)	(3,424)	(3,221)

32 Provisions

The insurance provision has been set aside to meet the estimated cost to the Council of outstanding insurance claims. However, the actual cost (if any) of individual claims and the timing of payments are uncertain and may be dependent upon the results of negotiation and/or legal action.

Under current insurance arrangements, the Council takes responsibility for meeting the first £10,000 of any liability or motor claim up to a total combined loss in any insurance year of £275,000. For property losses, the Council is responsible for meeting up to £150,000 of claims in respect of General Fund property from the provision and up to £250,000 for HRA property from the HRA. The Council's external insurers meet claims or losses in excess of these amounts.

The Council's PVCu windows factory closed in October 2006. A 10-year warranty on all units manufactured since 1997 has been given by the Council and claims could be received until 2017. A warranty provision was established based on a percentage of the contract values. During 2010/11 a review of the provision was undertaken and given the low level of claims incurred over the last five years, the provision was reduced to a sum equal to 0.1% of the potential liability.

(£000s)	Insurance Provisions	PVCu Provisions	Total
Balance at 1 April 2011	(273)	(11)	(284)
Additional provisions made in 2011/12	(221)	0	(221)
Amounts used in 2011/12	102	2	104
Unused amounts reversed in 2011/12	86	0	86
Balance as at 31 March 2012	(306)	(9)	(315)

Notes to the Main Financial Statements

33 Grant Income

The Council credited the following significant grants and contributions to the Comprehensive Income and Expenditure Statement in 2011/12:

(£000s)	2011/12	2010/11
Credited to Taxation and Non Specific Grant Income		
Share of National Non-domestic Rates	(7,268)	(10,861)
Revenue Support Grant	(2,247)	(1,577)
Council Tax Freeze Grant	(170)	0
New Homes Bonus	(910)	0
Land Charges Grant	(34)	0
Area Based Grant	0	(175)
Capital grants and contributions	(2,558)	(3,872)
	(13,187)	(16,485)
Credited to Services		
Concessionary Fares	0	(1,990)
Ditching Maintenance	0	(100)
Free Swimming	0	(8)
Homelessness Grant	(575)	(461)
Local Support Partnership Grants	(43)	(24)
Council Tax Admin Subsidy	(232)	(274)
Council Tax Benefits Subsidy	(6,267)	(6,360)
Rent Allowance and Rent Rebates Admin Subsidy	(607)	(509)
Rent Allowance Subsidy	(16,644)	(16,138)
Non HRA Rent Rebates Subsidy	(67)	(42)
Rent Rebates Subsidy	(16,823)	(15,705)
	(41,258)	(41,611)

The Council has received a number of developer contributions that have yet to be recognised as income as they have conditions attached to them that may require the monies to be returned to the giver. The balances at the year-end are as follows:

(£000s)	31 March 2012	31 March 2011
Capital Grants Receipts in Advance		
Due within 12 months	(677)	(1,376)
Due in more than 12 months	(2,726)	(2,622)
Total	(3,403)	(3,998)

Notes to the Main Financial Statements

34 Usable Reserves

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement and Notes 4 and 5.

35 Unusable Reserves

(£000s)	31 March 2012	31 March 2011 (as restated)	1 April 2010 (as restated)
Deferred Capital Receipts	(77)	(97)	(882)
Revaluation Reserve	(42,317)	(38,615)	(51,783)
Capital Adjustment Account	(475,620)	(672,761)	(731,194)
Financial Instruments Adjustment Account	393	783	3,312
Pensions Reserve	78,945	57,871	106,193
Collection Fund Adjustment Account	158	83	42
Accumulated Absences Account	558	507	589
Total Unusable Reserves	(437,960)	(652,229)	(673,723)

Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by capital receipts. When the deferred cash settlement actually takes place, amounts are transferred to the Capital Receipts Reserve.

(£000s)	2011/12	2010/11
Balance at 1 April	(97)	(882)
Transfer of deferred capital receipts credited as part of other income to the Comprehensive Income and Expenditure Statement	20	35
Transfer to the Capital Receipts Reserve upon receipt of cash	0	750
Balance at 31 March	(77)	(97)

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

Notes to the Main Financial Statements

- Revalued downwards or impaired and the gains are lost
- Used in the provision of services and the gains are consumed through depreciation, or
- Disposed of and the gains are realised

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

(£000s)	2011/12	2010/11 (as restated)
Balance at 1 April	(38,615)	(51,783)
Net (gains) / losses on revaluations during the year	(4,467)	12,623
Amounts written off the Capital Adjustment Account		
Difference between fair value depreciation and historical cost depreciation	765	539
Accumulated gains on assets sold or scrapped	0	6
Balance at 31 March	(42,317)	(38,615)

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 4 provides details of the source of all the transactions posted to the Capital Adjustment Account, apart from those involving the Revaluation Reserve.

Notes to the Main Financial Statements

(£000s)	2011/12	2010/11
Balance at 1 April	(672,761)	(731,194)
Charges for depreciation and impairment of non-current assets	13,709	12,273
Revaluation losses on property, plant and equipment	(3,841)	63,388
Amortisation of intangible assets	122	109
Revenue expenditure funded from capital under statute and de minimis capital spend	2,920	2,521
Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	3,645	1,530
Depreciation in excess of historic cost transfer from revaluation reserve	(765)	(539)
Transfer from revaluation reserve on disposal of non-current assets	0	(6)
Use of the Capital Receipts Reserve to finance new capital expenditure	(4,056)	(1,253)
Use of the Major Repairs Reserve to finance new capital expenditure	(4,300)	(4,668)
Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing	(1,072)	(2,339)
Application of grants to capital financing from the Capital Grants Unapplied Account	(2,182)	(1,132)
Repayment of private sector housing loans	12	56
Private sector housing loans adjustment	(37)	0
Capital expenditure charged against the General Fund and Housing Revenue Account balances	(5,110)	(3,790)
Self-financing of the HRA settlement payment	213,572	0
Movements in the market value of investment properties debited or credited to the Comprehensive Income and Expenditure Statement	(15,476)	(7,717)
Balance at 31 March	(475,620)	(672,761)

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains in accordance with statutory provisions.

Notes to the Main Financial Statements

(£000s)	2011/12	2010/11
Balance at 1 April	783	3,312
Amortisation of debt redemption premium	(346)	(546)
Movement in fair value of private sector housing improvement loans	(44)	23
Movements in respect of investments in Icelandic banks	0	(2,006)
Balance at 31 March	393	783

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pensions funds or eventually pays any pensions for which is it directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid. Further details on pension transactions are shown in note 39.

(£000s)	2011/12	2010/11
Balance at 1 April	57,871	106,193
Actuarial gains or losses on pensions assets and liabilities	19,552	(28,019)
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	6,448	(15,196)
Employer's pension contributions and direct payments to pensioner payable in the year	(4,926)	(5,107)
Balance at 31 March	78,945	57,871

Notes to the Main Financial Statements

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

(£000s)	2011/12	2010/11
Balance at 1 April	83	42
Amount by which council tax income credited to the Comprehensive Income and Expenditure Statement is different from council tax income calculated for the year in accordance with statutory requirements	75	41
Balance at 31 March	158	83

Accumulating Compensated Absences Adjustment Account

The Accumulating Compensated Absences Adjustment Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year. The amounts accrued at the end of each year reflect untaken leave, time-off-in-lieu and flexitime balances. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

(£000s)	2011/12	2010/11
Balance at 1 April	507	589
Settlement of or cancellation of accrual made at the end of the preceding year	(507)	(589)
Amounts accrued at the end of the current year	558	507
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	51	(82)
Balance at 31 March	558	507

36 Contingent Liabilities and Assets

Contingent Liabilities

Compulsory Purchase Orders

Residential dwellings:

The Council has compulsorily purchased two houses, the first in 2003/04 and the second in 2006/07. The obligation to compensate the previous owners arises when the claimant actually claims compensation and such amount is agreed or awarded by the Lands Tribunal. The claimants have 12 years from the date of purchase to make a claim for compensation and are entitled to the value of land and property, plus interest accrued in accordance with the interest rate set in the Land Compensation Act 1961. The values plus accumulated interest at 31 March 2012 are £583,448.

A compensation claim has now been received in respect of one of the two houses.

Contingent Assets

VAT

HM Revenue and Customs (HMRC) v Isle of Wight and others

The above case is still ongoing with no final determination yet as to whether the VAT liability for the provision of off-street car parking by local authorities should be VAT standard rated or classed as 'non-business' (and hence outside the scope of VAT). The Council has submitted, based on the possible final outcome of the case, claims for the repayment of £17.6 million of VAT (net of fees) paid over to HMRC in relation to off-street car parking since the start of VAT in April 1973. As at 31 March 2012 this claim remained outstanding pending the outcome of a further VAT tribunal (to be heard during May 2012). This Tribunal will be looking at the question of possible distortion of competition if the provision of off-street parking by local authorities was not subject to VAT but that provided by the private sector was.

Compound Interest

There have been a number of recent developments in relation to the ability of taxpayers to claim 'compound', as opposed to 'simple', interest on monies repaid (or to be repaid) to them by HMRC. Compound interest can far exceed that of simple interest and the Council has been advised that claims for compound interest can, potentially, go back to 1973. In view of the significant value of VAT repayment claims already made by the Council, both in relation to that still outstanding (as above) and those already repaid by HMRC under 'Fleming', the Council has engaged a firm of lawyers to submit a claim for compound interest to the High Court. It is currently unclear when these claims will be determined.

Notes to the Main Financial Statements

37 Financial Instruments

Categories of Financial Instrument

The following categories of financial instrument are carried in the balance sheet:

(£000s)	Long Term		Current	
	31 March 2012	31 March 2011	31 March 2012	31 March 2011
Investments				
Loans and receivables	2,190	3,294	57,606	50,587
Debtors				
Loans and receivables	889	773	5,520	5,183
Creditors				
Financial liabilities at amortised cost	0	0	(10,438)	(9,140)
Long Term Borrowing				
Financial liabilities at amortised cost	(213,654)	0	0	0
	(210,575)	4,067	52,688	46,630

Notes to the Main Financial Statements

Income, Expense, Gains and Losses

The following items of income, expense, gain or loss are reflected in the Statement of Comprehensive Income and Expenditure in respect of financial instruments:

(£000s)	2011/12		2010/11	
	Financial Liabilities at amortised cost	Financial Assets - Loans and Receivables	Financial Liabilities at amortised cost	Financial Assets - Loans and Receivables
Interest expense	84	0	2	0
Reductions in fair value	0	0	0	47
Reversal of losses on impaired financial assets	0	(471)	0	0
Impairment losses	0	251	0	232
PWLB fees on arrangement of HRA self-financing loans	75	0	0	0
Total expense in Surplus or Deficit on the Provision of Services	159	(220)	2	279
Increases in fair value	0	(11)	0	0
Interest Income	0	(544)	0	(456)
Interest income accrued on impaired financial assets	0	(297)	0	(337)
Total income in Surplus or Deficit on the Provision of Services	0	(852)	0	(793)

Fair Value of Assets and Liabilities

Financial liabilities and financial assets represented by loans and receivables are carried in the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- ◆ An estimated interest rate at 31 March 2012 of 2.18% (3.74% at 31 March 2011) has been used to calculate the fair value of private sector housing improvement loans
- ◆ Estimated ranges of interest rates at 31 March 2012 of 3.22% to 3.28% for loans from the PWLB based on premature repayment rates at that date
- ◆ No early repayment is recognised
- ◆ Where an instrument will mature in the next 12 months, the carrying amount is assumed to approximate to fair value

Notes to the Main Financial Statements

- ◆ The fair value of trade and other receivables is taken to be the invoiced or billed amount

The fair values are calculated as follows:

(£000s)	31 March 2012		31 March 2011	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial Liabilities at amortised cost				
Creditors	(10,438)	(10,438)	(9,140)	(9,140)
Long term borrowing	(213,654)	(224,896)	0	0
Loans and receivables:				
Long term debtors	889	889	773	773
Current debtors	5,520	5,520	5,183	5,183
Long term investments	2,190	2,190	3,294	3,294
Current investments	57,606	57,606	50,587	50,587

The fair value of the liabilities is higher than the carrying amount because the Council's portfolio of loans includes fixed rate loans where the interest rate payable is higher than the prevailing rates at the balance sheet date.

38 Nature and extent of risks arising from financial instruments

The Council's activities expose it to a variety of financial risks:

- ◆ Credit risk – the possibility that other parties might fail to pay amounts due to the Council
- ◆ Liquidity risk – the possibility that the Council might not have funds available to meet its commitments to make payments
- ◆ Market risk – the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates and stock market movements.

How the Council manages those risks

The Council maintains principles for overall risk management, as well as approved policies covering specific areas, such as Treasury Management. The principles behind how the Council intends to manage overall credit, liquidity and market risk in its investments are contained within the Annual Treasury Management and Investment Strategy report, submitted to full Council before the start of each financial year. This strategy can be amended, but only by full Council. During 2011/12 the Council made some amendments to its investment strategy and these are outlined below.

Notes to the Main Financial Statements

Credit risk

Credit risk arises from investments with banks and other financial institutions, as well as credit exposures to the Council's customers.

One of the things that the Council seeks to do through the operation of its Treasury Management and Investment Strategy is to minimise its exposure to risks in relation to investments. The policies have been amended during 2011/12.

The Council has, in general, continued with its suspension of lending to overseas financial institutions or their UK subsidiaries. The Council's current policy is to only lend to UK nationalised banks and other local authorities for up to twelve months in duration and non-nationalised banks and building societies for up to three months. This is in line with guidance from our treasury management advisers and in line with the Council's established Treasury Management Deposit Strategy.

The Council has also maintained a limit on the total that may be invested within the same company group. The policy of having no limit on the total amount which may be invested in the Government's Debt Management Account deposit Facility (DMADF) continued in 2011/12.

The Council uses the 'creditworthiness service' provided by Sector. This service has been progressively enhanced and uses a sophisticated modelling approach using credit ratings from the following rating agencies – Fitch, Moodys and Standard and Poors. However, it does not rely solely on the current credit ratings of counterparties but also uses the following as overlays:

- Credit watches and credit outlooks from credit rating agencies
- Credit Default Swaps (CDS) spreads to give early warning of likely changes in credit ratings

This modelling approach combines credit ratings, credit watches and credit outlooks in a weighted scoring system which is then combined with an overlay of CDS spreads for which the end product is a series of colour code bands which indicate the relative creditworthiness of counterparties. These colour codes are also used by the Council to determine the appropriate duration for investments and are therefore referred to as durational bands. The Council is satisfied that this service now gives a much improved level of security for its investments.

With the exception of the DMADF, limits are set for the amount that may be on deposit with any one institution. At 31 March 2012 these were: a maximum of £16 million with HSBC Bank Plc (the Council's bank), £10 million with other approved counterparties and a maximum of 1.5 times this limit may be invested, in total, with counterparties belonging to the same company group.

In light of the above investment strategy, the Council considers that it has taken all reasonable steps to reduce to a minimum any exposure to credit risks in relation to its investments at 31 March 2012 and that any residual risk cannot be quantified.

Notes to the Main Financial Statements

The following shows the original principal sums of investments at 31 March analysed by the nature of financial institution, country in which they are domiciled and remaining period to maturity:

(£000s)	Maturity Band			Total
	less than 3 months	3 months to 6 months	6 months to 1 year	
31st March 2012				
United Kingdom				
Banks	26,380	13,000	0	39,380
Building Societies	10,000	0	0	10,000
Local Authorities	11,000	0	0	11,000
Total	47,380	13,000	0	60,380

(£000s)	Maturity Band			Total
	less than 3 months	3 months to 6 months	6 months to 1 year	
31st March 2011				
United Kingdom				
Banks	8,250	0	0	8,250
Building Societies	0	0	0	0
Local Authorities	26,500	10,000	6,000	42,500
Total	34,750	10,000	6,000	50,750

These tables exclude the investments in Heritable Bank and Landsbanki as detailed in Note 26.

The following analysis summarises the Council's assessment of its potential maximum exposure to credit risk (impairment allowance) in relation to debtors:

(£000s)	31 March 2012		31 March 2011	
	Gross Debt	Impairment Allowance	Gross Debt	Impairment Allowance
Long term debtors	889	0	773	0
Current and former tenants	1,520	1,270	1,366	1,045
Other debtors	4,000	926	3,817	925
	6,409	2,196	5,956	1,970

Long-term debtors include private sector housing improvement loans and council house mortgages. These debts are secured on properties.

The movement in the impairment allowance during the year can be summarised as follows:

Notes to the Main Financial Statements

(£000s)	31 March 2012	31 March 2011
Balance as at 1 April	1,970	1,846
Increase in allowance for impairment	240	157
Balances written off during the year	(14)	(33)
	2,196	1,970

The Council does not generally extend credit to its customers beyond 21 days. At 31 March 2012, of the total debtor and deferred debtor balances of £6.4 million (£6.0 million at 31 March 2011), the past due amount was £2.8 million (£2.2 million at 31 March 2011) and can be analysed by age as follows:

(£000s)	31 March 2012	31 March 2011
Customer Debts		
Less than three months	611	296
Three to six months	73	83
Six months to one year	195	185
More than one year	1,914	1,675
	2,793	2,239

Liquidity risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements happen, the Council has ready access to borrowings from the Public Works Loan Board (PWLB). There is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

On 28 March 2012 the Council took out a number of fixed rate maturity loans with the PWLB to meet the cost of the HRA self-financing settlement due to central government. These loans have terms of between 26 and 45 years. The HRA business plan confirms the affordability of interest payments and the repayment of these loans on maturity and that the Council may be able to consider earlier redemption if advantageous.

The maturity analysis of the loans is as follows:

(£000s)	31 March 2012	31 March 2011
Between 25 and 30 years	53,413	0
Between 30 and 35 years	53,413	0
Between 35 and 40 years	53,414	0
Between 40 and 45 years	53,414	0
	213,654	0

Notes to the Main Financial Statements

Market risk

Interest rate risk

The Council is exposed to minimal risk in terms of its exposure to movements in interest rates. This is because the majority of its investments are at fixed rates. These investments are also of less than one year in duration and so changes to fair value will be minimal. The Council does, however, utilise a bank deposit account for very short term cash deposits and the interest rate on this account moves in line with movements in the bank rate.

In general terms, a rise in interest rates would have the following effects:

- ◆ Investments at variable rates – the interest income credited to the Income and Expenditure Account will rise
- ◆ Investments at fixed rates – the fair value of the assets will fall
- ◆ Loans at fixed rates – the fair value of liabilities will fall.

Borrowing are not carried at fair value, so nominal gains and losses on fixed rate borrowings would not impact on the surplus or deficit on the provision of services. The treasury management team has an active strategy for assessing interest rate exposure that feeds into the setting of the annual budget and which is used to update the budget during the year. However, looking back on last year, if interest rates on the bank deposit account had been one percentage point higher, with all other variables held constant, the financial effect would have been an additional income of £65,000 (£38,000 in 2010/11).

Price risk

The Council does not invest in equity shares and so is not exposed to this risk.

Foreign exchange risk

The Council has no financial assets or liabilities denominated in foreign currencies other than its exposure as detailed in Note 25.

39 Defined Benefit Pension Schemes

Participation in pension schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments and this needs to be disclosed at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme, administered locally by Cambridgeshire County Council. This is a funded defined benefit final salary scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets.

Notes to the Main Financial Statements

Transactions relating to post employment benefits

The Council recognises the cost of retirement benefits in the reported cost of services when employees earn them, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against council tax is based on the employer contributions payable in the year, so the real cost of post employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

(£000s)	Local Government Pension Scheme	
	2011/12	2010/11
Comprehensive Income and Expenditure Statement		
Cost of Services:		
Current service cost	4,650	5,178
Past service costs	0	(23,479)
Settlements and curtailments	161	203
Financing and Investment Income and Expenditure:		
Interest cost	10,435	11,558
Expected return on scheme assets	(8,798)	(8,656)
Total post employment benefit charged to the surplus or deficit on the provision of services	6,448	(15,196)
Other post employment benefit charged to the comprehensive income and expenditure statement		
Actuarial (gains) / losses	19,552	(28,019)
Total post employment benefit charged to the comprehensive income and expenditure statement	26,000	(43,215)
Movement in reserves statement		
Reversal of net charges made to the surplus or deficit for the provision of services for post employment benefits in accordance with the code	(21,074)	48,322
Employers' contributions payable to the scheme	4,926	5,107

The cumulative amount of actuarial losses recognised in the Comprehensive Income and Expenditure Statement to the 31 March 2012 is a loss of £73.3 million (£56.3 million at 31 March 2011).

Notes to the Main Financial Statements

Assets and liabilities in relation to post employment benefits

Reconciliation of present value of the scheme liabilities (defined benefit obligation):

(£000s)	2011/12	2010/11
Opening balance at 1 April	(190,481)	(227,955)
Current Service Cost	(4,650)	(5,178)
Interest Cost	(10,435)	(11,558)
Contributions by scheme participants	(1,567)	(1,707)
Actuarial gains/(losses)	(8,775)	26,309
Past Service Gains	0	23,479
Benefits paid	7,514	6,025
Estimated unfunded benefits paid	323	307
Curtailments	(161)	(203)
Closing balance at 31 March	(208,232)	(190,481)

Reconciliation of fair value of the scheme (plan) assets:

(£000s)	2011/12	2010/11
Opening balance at 1 April	132,610	121,762
Expected return on assets	8,798	8,656
Actuarial gains/(losses)	(10,777)	1,710
Employer Contributions	4,926	5,107
Contributions by scheme participants	1,567	1,707
Unfunded benefits paid	(323)	(307)
Benefits paid	(7,514)	(6,025)
Closing balance at 31 March	129,287	132,610

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yield on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on the Fund in market value terms for the year to 31 March 2012 was 0.5%.

Notes to the Main Financial Statements

Scheme History

(£000s)	2011/12	2010/11	2009/10	2008/09	2007/08
Present value of liabilities	(208,232)	(190,481)	(227,955)	(133,978)	(136,833)
Fair value of assets in the Local Government Pension Scheme	129,287	132,610	121,762	90,405	109,994
Surplus/(deficit) in the scheme	(78,945)	(57,871)	(106,193)	(43,573)	(26,839)

The liabilities show the underlying commitments that the Council has in the long run to pay post employment (retirement) benefits. The total liability of £78.9 million has a substantial impact on the net worth of the Council as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy:

- The deficit on the local government scheme will be made good by increased contributions over the remaining working life of employees (i.e. before payments fall due), as assessed by the scheme actuary
- Finance is only required to be raised to cover discretionary benefits when the pensions are actually paid.

The total contributions expected to be made to the Local Government Pension Scheme by the Council in the year to 31 March 2013 are £4.154 million.

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. The Local Government Pension Scheme liabilities have been assessed for the County Council Fund by Hymans Robertson, an independent firm of actuaries, based on the latest full valuation of the scheme as at 31 March 2010.

Notes to the Main Financial Statements

The principal assumptions used by the actuary have been:

	Local Government Pension Scheme	
	2011/12	2010/11
Long-term expected rate of return on assets in the scheme:		
Equity investments	6.3%	7.5%
Bonds	3.3%	4.9%
Property	4.4%	5.5%
Cash	3.5%	4.6%
Mortality Assumptions:		
Longevity at 65 for current pensioners		
Men	21.0	21.0
Women	23.8	23.8
Longevity at 65 for future pensioners		
Men	22.9	22.9
Women	25.7	25.7
Rate of inflation	2.5%	2.8%
Rate of increase in salaries	4.8%	5.1%
Rate of increase in pensions	2.5%	2.8%
Rate for discounting scheme liabilities	4.8%	5.5%
Take up of option to convert annual pension into retirement lump sum (in respect of pre April 2008 service)	25.0%	25.0%
Take up of option to convert annual pension into retirement lump sum (in respect of post April 2008 service)	63.0%	63.0%

The Local Government Pension Scheme's assets consist of the following categories, by proportion of the total assets held:

	31 March 2012	31 March 2011
	%	%
Equity investments	72	73
Bonds	14	15
Property	9	8
Cash	5	4
Total	100	100

Notes to the Main Financial Statements

History of experience gains and losses

The actuarial gains identified as movements on the Pensions Reserve in 2011/12 can be analysed into the following categories, measured as a percentage of assets or liabilities at 31 March 2012.

%	2011/12	2010/11	2009/10	2008/09	2007/08
Difference between the expected and actual return on assets	(6.4)	1.3	19.6	(31.8)	(15.1)
Experience gains and losses on liabilities	(0.0)	0.1	(0.1)	0.3	1.0

40 Cashflow Statement – Operating Activities

The cash flows for operating activities include the following items:

(£000s)	2011/12	2010/11
Housing rents	16,088	15,238
Revenue Support Grant	2,247	1,577
Council share of national non-domestic rates from national pool	7,268	10,861
Housing Benefit subsidies	33,385	31,642
Council share of Council Tax receipts	6,846	6,761
Cash paid to and on behalf of employees	(33,013)	(34,840)
Payments to the capital receipts pool	(1,310)	(2,224)
Housing Benefit paid	(16,882)	(16,494)
Interest received	619	911
Interest paid	(2)	(2)
HRA Self-financing settlement payment	(213,572)	0
Other operating cash flows	(6,778)	(3,556)
	(205,104)	9,874

Notes to the Main Financial Statements

41 Cashflow Statement – Investing Activities

The cash flows for investing activities are as follows:

(£000s)	2011/12	2010/11
Purchase of property, plant and equipment, investment property and intangible assets	(12,839)	(11,901)
Purchase of short-term and long-term investments	(206,975)	(203,800)
Proceeds from the sale of property, plant and equipment, investment property and intangible assets	3,209	3,849
Proceeds from short-term and long-term investments	201,719	193,916
Other receipts from investing activities	1,551	3,567
	(13,335)	(14,369)

42 Cashflow Statement – Financing Activities

(£000s)	2011/12	2010/11
Cash receipts from long-term borrowing	213,497	0
Other receipts from financing activities	7,166	3,262
Net cash flows from financing activities	220,663	3,262

Other receipts from financing activities reflect movements in the cash collected for National Non-Domestic Rates and Council Tax collected by the Council as an agent for others.

43 Heritage Assets – Change in Accounting Policy required by the Code of Practice for Local Authority Accounting

The Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 introduced a change to the treatment in accounting for heritage assets held by the Council.

For 2011/12 the Council is required to change its accounting policy for heritage assets and recognise them at valuation. Previously heritage assets were not recognised in the balance sheet as it was difficult to obtain cost information on the assets. The Council's accounting policies for the recognition and measurement of heritage assets are set out in the statement of accounting policies.

In applying the new accounting policy, the Council has recognised £430,000 of heritage assets on the balance sheet. The 1 April 2010 and 31 March 2011 balance sheets have therefore been restated in the 2011/12 Statement of Accounts.

Notes to the Main Financial Statements

The effects of the restatement are as follows:

Effect on Opening Balance Sheet 1 April 2010

(£000s)	Opening balances as at 1 April 2010	Restatement	Opening balances as at 1 April 2010 as restated
Heritage Assets	0	430	430
Long Term Assets	787,584	430	788,014
Total Net Assets	725,013	430	725,443
Unusable Reserves	(673,293)	(430)	(673,723)
Total Reserves	(725,013)	(430)	(725,443)

Corresponding changes to the balance on unusable reserves and total reserves have been made to the Movement on Reserves Statement at 1 April 2010.

Effect on Balance Sheet 31 March 2011

(£000s)	As previously stated	Restated
Heritage Assets	0	430
Long Term Assets	714,428	714,858
Total Net Assets	706,084	706,514
Unusable Reserves	(651,799)	(652,229)
Total Reserves	(706,084)	(706,514)

Corresponding changes to the balance on unusable reserves and total reserves have been made to the Movement on Reserves Statement at 1 April 2011.

44 Prior Period Adjustments

The Service Reporting Code of Practice (SERCOP) has subdivided the previous single service line 'Cultural, Environmental, Regulatory and Planning Services' into three lines as shown below. Some comparative figures for 2010/11 have therefore been restated. As part of this change the accounting treatment of some investment property income that was previously netted off building costs allocated to service lines has been reviewed.

Notes to the Main Financial Statements

In addition, agency income and expenditure of £2,383,000 has been excluded from the restated figures for cultural and related services as this income was collected on behalf of private promoters. This adjustment has no impact on net expenditure as previously reported.

(£000s)	2010/11 (as restated)			2010/11 (as originally reported)		
	Gross Expenditure	Gross Income	Net Expenditure	Gross Expenditure	Gross Income	Net Expenditure
Central services to the public	8,924	(7,291)	1,633	8,904	(7,291)	1,613
Cultural, environmental, regulatory and planning services	0	0	0	35,715	(14,210)	21,505
Cultural and related services	12,172	(4,391)	7,781	0	0	0
Environmental and related services	12,787	(4,731)	8,056	0	0	0
Planning services	8,652	(3,128)	5,524	0	0	0
Highways and transport services	13,099	(10,618)	2,481	13,099	(10,643)	2,456
Other housing services	38,359	(34,615)	3,744	38,316	(34,615)	3,701
Corporate and democratic core	2,833	0	2,833	2,777	0	2,777
	96,826	(64,774)	32,052	98,811	(66,759)	32,052

45 Financial Instruments – Impact of the adoption of the new standard on the financial statements – effective for the 2012/13 financial year

The Code of Practice on Local Authority Accounting in the United Kingdom 2012/13 incorporates amendments to *IFRS7 Financial Instruments : Disclosures*. These amendments require additional disclosures in respect of transfers of financial assets. It is not expected that these requirements will impact on the Council.

46 Date the Statement of Accounts were authorised for issue

The audited Statement of Accounts were authorised for issue by the Director of Resources on 19 September 2012. This is the date up to which events after the balance sheet date have been considered.

Additional Financial Statements and Information

Additional Financial Statements and Information

Housing Revenue Account Income and Expenditure Account

This statement sets out details of the income and expenditure in relation to the provision of Council dwellings.

(£000s)	Note	2011/12	2010/11
Income

Housing Revenue Account balance carried forward		(6,974)	(5,688)

Notes to the Housing Revenue Account

1 Introduction

The Local Government and Housing Act 1989 set the framework within which the HRA operates. The account is 'ringfenced', meaning that authorities do not have discretion to fund any HRA deficits from the General Fund. Transfers from the General Fund can only be made at the direction of the Secretary of State.

2 Gross Rent

This represents income receivable in respect of all dwellings within the HRA, gross of rent rebates and net of rents not payable when properties are empty. As at 31 March 2012, 1.76% of properties were vacant (1.23% at 31 March 2011).

The average rent payable in 2011/12 was £87.78 per week based on 48 payable rent weeks (£81.02 per week on a 52 week basis). The average rent payable in 2010/11 was £81.39 per week based on 48 payable rent weeks (£75.13 per week on a 52 week basis).

3 Housing Revenue Account Subsidy Payable

The Council is required to pay Housing Revenue Account Subsidy to central government.

The Council's HRA subsidy payable for 2011/12 was calculated as follows:

(£000s)	2011/12	2010/11
Management and maintenance	12,061	11,687
Capital charges	495	658
	12,556	12,345
Notional rent	(30,650)	(29,101)
Interest on receipts	(1)	(1)
	(18,095)	(16,757)
Major Repairs Allowance	5,119	5,020
Subsidy Paid in Year	(12,976)	(11,737)
Adjustment to subsidy required in future years	(15)	(2)
Estimated adjustment to subsidy for prior year	2	130
Actual adjustment to subsidy for prior year	10	(124)
Adjustment for HRA self financing interest	76	0
Negative subsidy included in HRA Summary	(12,903)	(11,733)

4 Asset Values within the HRA

(£000s)	Asset Values		Depreciation	
	31 March 2012	1 April 2011	2011/12	2010/11
Dwellings	491,714	489,598	9,141	8,310
Other Land and Buildings	9,458	7,561	114	80
Infrastructure	953	765	21	20
Investment Properties	4,808	4,297	0	0
Non-current assets held for sale	0	0	0	0
Assets in the course of construction	3,987	829	0	0
	510,920	503,050	9,276	8,410

The value of council dwellings at 1 April 2011, based on vacant possession, was £1,255 million (2010/11: £1,581 million). Vacant possession value is the estimate of the total sum that would be received if all the dwellings were sold on the open market. The balance sheet value is calculated on the basis of rents receivable on existing tenancies. These are less than the rent that would be obtainable on the open market, and the balance sheet value is therefore lower than the vacant possession valuation. The difference between the two values shows the economic cost of providing housing at less than market value.

Net revaluation gains on Property, Plant and Equipment of £3.6 million have been charged to the Comprehensive Income and Expenditure Statement in 2011/12 (net losses of £59.5 million in 2010/11). Remaining valuation movements in the value of property, plant and equipment have been charged to the revaluation reserve.

De-minimis capital expenditure of £46,000 (2010/11 £594,000) and revenue expenditure funded from capital under statute of £0 (2010/11 £1,300) has been written off during 2011/12.

The Council has revised the estimate of the proportion of HRA housing stock values deemed to relate to land. A single rate of 32.5% was previously used for all properties. For 2011/12 the Council has revised the estimate to 31% for houses and bungalows and 22% for flats. It is estimated that this has led to additional depreciation of £589,000.

5 Loan Interest Charges

During 2011/12 authorities managed their debt as a whole and no separate record is kept of loans taken out for HRA purposes. However notional HRA debt is estimated by reference to a calculation called the HRA capital financing requirement. The HRA capital financing requirement is a measure of net HRA indebtedness which takes account of any new borrowing taken out each year, assumed to be for HRA purposes, and the assumed repayment of existing HRA debt. The loan interest charges met by the HRA are calculated by multiplying the mid-year credit ceiling by the Council's average rate of interest for long-term borrowing.

As noted elsewhere in the Statement of Accounts the Council made an HRA self-financing settlement payment of £213.6 million on 28 March 2012. To meet this payment the Council took out a number of long-term maturity loans with the Public Works Loan Board (PWLB).

Under HRA self-financing the Council has adopted a 'two-pool' approach so that HRA self-financing loans and the resultant interest are directly attributable to the HRA. This has led to interest charges for the period from 28 to 31 March of £82,000 being charged to the HRA.

6 Housing Stock

The Council was responsible for an average stock of 7,325 dwellings during the year. The stock as at 31 March 2012 was as follows:-

	31 March 2012	31 March 2011
Houses & bungalows	3,697	3,702
Flats	3,058	3,060
Sheltered housing units	525	528
Shared ownership properties	40	40
Total	7,320	7,330
The change in stock during the year can be summarised as follows:		
Stock at 1 April	7,330	7,405
Right to buy sales	(12)	(17)
Net shared ownership changes	0	(1)
New properties	2	5
Other changes	0	(62)
Stock at 31 March	7,320	7,330

The majority of the 'Other changes' in 2010/11 (shown above) relate to the decommissioning of sheltered units at Seymour Court and Roman Court. These properties have been transferred to other land and buildings and are therefore no longer valued on the basis of existing use value -social housing at 31 March 2011.

7 Rent Arrears

Rent arrears at 31 March 2012 were £1,518,854 (£1,329,252 at 31 March 2011) and as a proportion of gross rent income have increased from 4.29% in 2010/11 to 4.59% in 2011/12.

At 31 March 2012 a provision for bad debt of £1,232,318 was held in the balance sheet (£1,044,879 at 31 March 2011).

8 Financing of Capital Expenditure

(£000s)	2011/12	2010/11
Capital receipts	3,663	1,036
Major repairs reserve	4,300	4,668
Revenue financing of capital	1,842	1,792
Capital contributions and grants	258	816
	10,063	8,312

Capital expenditure in the year was all in relation to HRA stock apart from £209,000 (£39,000 in 2010/11) which was spent on HRA infrastructure assets, £94,000 on other land and buildings (£48,221 in 2010/11), £35,000 on investment properties (£0 in 2010/11), and £3,229,000 (£565,000 in 2010/11) on assets in the course of construction.

9 Capital Income within the HRA

(£000s)	2011/12	2010/11
Dwellings	2,027	2,876
Land	37	132
	2,064	3,008

10 Major Repairs Reserve (MRR)

(£000s)	2011/12	2010/11
Balance at 1 April	(352)	0
Transfer to MRR during the year	(9,276)	(8,410)
Amount transferred from MRR to HRA	4,157	3,390
HRA capital expenditure on housing charged to MRR	4,300	4,668
Balance at 31 March	(1,171)	(352)

11 Contributions from the Pensions Reserve

The Housing Revenue Account is charged with an attributable share of current service costs in line with IAS19. The difference between this cost and employer contributions payable is then appropriated from the pensions reserve so that the overall amount to be met from rent and government subsidy reflects employer contributions payable by the Council.

12 HRA self-financing settlement payment

The Council made a settlement payment to central government in respect of self-financing of the HRA in March 2012.

Additional Financial Statements and Information

Collection Fund

This shows the transactions in relation to the collection of Council Tax and National Non-Domestic Rates (NNDR). The account shows how the amounts collected have been distributed to Cambridgeshire County Council, Police and Fire Authorities and to the City Council's General Fund as well as to the NNDR Pool.

(Surplus)/Deficit as at 1 April		721	360
Deficit as at 31 March	5	1,384	721

Additional Financial Statements and Information

Notes to the Collection Fund

1 General

This statement shows the transactions of the Collection Fund, a statutory fund separate from the General Fund of the Council. The Collection Fund accounts for income relating to Council Tax and NNDR on behalf of those bodies (including the Council's own General Fund) for whom the income has been raised. The costs of collection are accounted for in the General Fund.

2 Council Tax

Under the arrangements for Council Tax, each domestic property within the Council's area is assigned to one of eight 'valuation bands' (A to H) based on the estimated price it would have achieved if it had been sold at 1 April 1991. The Council Tax is set for band D properties and the tax for other bands is calculated as a proportion of the band D tax. The band D Council Tax for the year ended 31 March 2012 was set at £1,441.78, made up as follows:

(£s)	2011/12	2010/11
Cambridge City Council	166.57	166.57
Cambridgeshire County Council	1,047.78	1,047.78
Cambridgeshire Police Authority	169.56	169.56
Cambridge Fire Authority	57.87	57.87
Total	1,441.78	1,441.78

The following table shows the calculation of the Council Tax Base for 2011/12 (used to determine the tax needed at Band D to finance spending).

Council Tax Base 2011/12

Valuation Band	Total number of dwelling on the Valuation List	Total Equivalent Dwellings (after discounts, exemptions etc)	Ratio to Band D	Band D Equivalents
A	2,835	2,136	6/9	1,424
B	9,408	7,523	7/9	5,851
C	17,370	14,936	8/9	13,277
D	8,445	7,169	9/9	7,169
E	4,739	4,077	11/9	4,983
F	3,047	2,634	13/9	3,805
G	2,828	2,291	15/9	3,818
H	447	247	18/9	494
Total	49,119	41,013		40,821

Additional Financial Statements and Information

The income of £58.18 million in 2011/12 was receivable from the following sources:

(£000s)	2011/12	2010/11
Billed to Council Tax payers	51,977	51,660
Transfer from General Fund - Council Tax benefits	6,180	6,282
Ministry of Defence Contributions in Lieu	26	21
	58,183	57,963

3 National Non-Domestic Rates Income

Under the arrangements for business rates, the council collects non-domestic rates for its area, based on local rateable values multiplied by a nationally set business rate. This amount, less certain allowances and other deductions, is paid into the NNDR Pool, which pays back to authorities a share of the pool based on a standard amount per head of population.

The local rateable value as at 31 March 2012 was £257,462,261 (£258,788,456 at 31 March 2011) and the Uniform Business Rate in 2011/12 was set by the government at 43.3p (2010/11, 41.4p).

4 Provision for Non-Payment of Council Tax

A contribution of £469,315 (£357,723 in 2010/11) was made to a provision for bad debts. During 2011/12, £283,637 of irrecoverable debts were written off (2010/11 £103,147).

5 Collection Fund Surpluses and Deficits

The deficit of £1,383,787 at 31 March 2012 (£721,208 deficit at 31 March 2011), which related to Council Tax, will be recovered in subsequent financial years from Cambridgeshire County Council, Cambridgeshire Police and Fire Authorities and the Council in proportion to their shares of the total Council Tax raised.

The total Collection Fund deficit is therefore shared as follows:

(£000s)	31 March 2012	31 March 2011
Cambridge City Council	158	83
Cambridgeshire County Council	1,007	524
Cambridgeshire Police Authority	163	85
Cambridgeshire Fire Authority	56	29
	1,384	721

Statement of Accounting Policies and Glossary of Financial Terms and Abbreviations

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Statement of Accounting Policies

1 General Principles

The Statement of Accounts summarises the Council's transactions for the 2011/12 financial year and its position at the year-end of 31 March 2012. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2011, which those regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 and the Service Reporting Code of Practice 2011/12, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

2 Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed - where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including those rendered by the Council's officers) are recorded as expenditure when the services are received, rather than when payments are made.
- Interest payable on borrowings and receivable on investments is accounted for on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where there is evidence that debts are unlikely to be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

Where the Council is acting as an agent for another party (e.g. in the collection of NNDR and council tax), income and expenditure are recognised only to the extent that commission is receivable by the Council for the agency services rendered or the Council incurs expenses directly on its own behalf in rendering the services.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

3 Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are investments that mature in 30 days or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

4 Changes in Accounting Policies and Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Changes in accounting estimates are accounted for prospectively, ie, in the current and future years affected by the change.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

5 Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of intangible assets attributable to the service

The Council is not required to raise council tax to cover depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual provision from revenue to contribute towards the reduction in its overall borrowing requirement. This provision, known as Minimum Revenue Provision (MRP), is equal to an amount calculated on a prudent basis determined by the Council in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by the contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two. No MRP is currently charged as the debt acquired in relation to HRA self-financing is outside the scope of this regime.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

6 Employee Benefits

Benefits Payable During Employment

Short-term employee benefits (those that fall due wholly within 12 months of the year-end), such as wages and salaries, paid annual leave and paid sick leave, flexi-leave and time off in lieu for current employees, are recognised as an expense in the year in which employees render service to the Council. An accrual is made against services in the Surplus or Deficit on the Provision of Services for the cost of holiday entitlements and other forms of leave earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. The accrual is made at the remuneration rates applicable in the following financial year. Any accrual made is required under statute to be reversed out of the General Fund Balance by a credit to the Accumulating Compensated Absences Adjustment Account in the Movement in Reserves Statement.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the Comprehensive Income and Expenditure Statement when the Council is demonstrably committed to either terminating the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for termination benefits related to pensions enhancements and replace them with debits for the cash paid to the pension fund and pensioners.

Post Employment Benefits

Employees of the Council are members of the Local Government Pension Scheme, administered by Cambridgeshire County Council.

The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for the Council.

The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme:

- The liabilities of the Cambridgeshire County Council pension fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate of 5.5% (based on the iBoxx Sterling Corporates over 15 year index).

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

- The assets of the Cambridgeshire County Council pension fund attributable to the Council are included in the Balance Sheet at their fair value:
 - Quoted securities – current bid price
 - Unquoted securities – professional estimate
 - Unitised securities – current bid price
 - Property – market value
- The change in the net pensions liability is analysed into seven components:
 - Current service cost – the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked
 - Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs
 - Interest cost – the expected increase in the present value of liabilities during the year as they move one year closer to being paid – debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement
 - Expected return on assets – the annual investment return on the fund assets attributable to the Council, based on an average of the expected long-term return – credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement
 - Gains/losses on settlements and curtailments – the result of actions to relieve the Council of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited/credited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs
 - Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – debited to the Pensions Reserve
 - Contributions paid to the Cambridge City Council pension fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The balance that arises on the Pensions Reserve thereby measures the beneficial impact on the General Fund of being required to account for retirement benefits on the basis of cash flows than as benefits are earned by employees.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

7 Events after the Reporting Period

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect disclosure is made in the notes of the nature of the events and their estimated financial effect

Events taking place after the date of authorisation for issue are not reflected in the Statement of Account.

8 Exceptional Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the account.

9 Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

This means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest) and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Gains and losses on the repurchase or early settlement of borrowing are credited and debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain/loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

10 Financial Assets

Financial assets are classified into two types:

- Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market
- Available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments

The Council currently only has assets classified as 'loans and receivables.'

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are then measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

The Council has made interest-free loans for private sector housing improvements (soft loans). When soft loans are made, a loss is recorded in the Comprehensive Income and Expenditure Statement (debited to the appropriate service) for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable from the voluntary organisations, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require that the impact of soft loans on the General Fund Balance is the interest receivable for the financial year – the reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a change made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the derecognition of an asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

11 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- The Council will comply with the conditions attached to the payments, and

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

- The grants or contributions will be received

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attaching to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants/contributions) or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Account. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Account are transferred to the Capital Adjustment Account once they have been applied.

12 Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (e.g. software licence) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Internally generated assets are capitalised where it is demonstrable that the project is technically feasible and is intended to be completed (with adequate resources being available) and the Council will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and restricted to that incurred during the development phase (research expenditure is not capitalised),

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Council's goods or services.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

13 Inventories

Inventories are included in the Balance Sheet at the lower of cost and net realisable value. The cost of inventories is assigned using the first-in first-out (FIFO) costing formula.

14 Investment Properties

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at a cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Properties are not depreciated, but assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the General Fund Balance.

However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

15 Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee and the fair value of the property, plant or equipment at lease inception is above the Council's de-minimis levels of £2,000 for vehicles and £15,000 for other items. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

The Council as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the years in which they are incurred.

Lease payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- A finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement)

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life.

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual provision is made from revenue towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore replaced by revenue provision in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease asset in the Balance Sheet.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Lease rentals receivable are apportioned between:

- A charge for the acquisition of the interest in the property – applied to write down the lease liability (together with any premiums received), and
- Finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement)

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and will be required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are paid, the element for the charge for the acquisition of the interest in the property is used to write down the lease asset. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

16 Overheads and Support Services

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA *Service Reporting Code of Practice 2011/12* (SERCOP). The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multi-functional, democratic organisation.
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and any depreciation and impairment losses chargeable on surplus assets in Property, Plant and Equipment.

These two cost categories are defined in SERCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

17 Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

A de-minimis level of £2,000 has been adopted for vehicles and £15,000 for all other items. Assets that cost less than these limits are classified as revenue, rather than capital expenditure.

Measurement

Assets are initially measured at cost, comprising:

- The purchase price
- Any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management
- The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition will not increase the cash flows of the Council. In the latter case, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Infrastructure, community assets and assets under construction – depreciated historical cost
- Dwellings – fair value, determined using the basis of existing use value for social housing (EUV-SH)
- All other assets – fair value, determined the amount that would be paid for the asset in its existing use (existing use – EUV)

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a revaluation or impairment loss previously charged to a service.

Where decreases in value are identified, the revaluation loss is accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- Where there is no balance in the Revaluation Reserve or insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Disposals

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower end of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Gains in fair value are recognised only up to the amount of any previously recognised losses. Depreciation is not charged on Assets Held for Sale.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. Housing sold under the Right to Buy legislation is not reclassified as Assets Held for Sale as its primary purpose remains as a dwelling until the point of disposal and it is only considered significantly more likely than probable that a disposal will actually occur on the day of disposal itself.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals (75% for dwellings, 50% for land and other assets, net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- Dwellings and other buildings – straight-line allocation over the useful life of the property as estimated by the valuer
- Vehicles, plant and equipment – a percentage of the value of each class of assets in the Balance Sheet, as advised by a suitably qualified officer
- Infrastructure – a percentage of the value of each class of assets in the Balance Sheet, as advised by a suitably qualified officer

Where an item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are depreciated separately.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

18 Heritage Assets

Heritage assets are assets with historical, artistic, scientific, technological, geophysical or environmental qualities which are held and maintained principally for their contribution to knowledge and culture.

Heritage assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on property, plant and equipment. However, some of the measurement rules are relaxed in relation to heritage assets as detailed below.

Civic Regalia

The collection of civic regalia includes ceremonial maces, chains of office and other civic items. These items are reported in the balance sheet at insurance valuation which is based on market values. These valuations are reviewed regularly to ensure that they are current. These items are deemed to have indeterminate lives and high residual values so the Council does not consider it appropriate to charge depreciation.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment, for example where there is physical deterioration, breakage or doubts as to authenticity. Any impairment is recognised and measured in accordance with the Council's general policy on impairment of non-current assets.

The Council does not normally make any purchases or disposals of these items. Further information on the most significant items in the collection can be found on the Council's website.

19 Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

20 Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the surplus/deficit on the provision of services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments and retirement benefits and that do not represent usable resources for the Council – these reserves are explained in the relevant policies.

21 Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

22 Value Added Tax (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

23 Foreign Exchange Translation

Where the Council has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate on the date that the transaction was effective. Where amounts in foreign currency are outstanding at the year end they are converted at the spot exchange rate at 31 March. Resulting gains or losses are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Glossary of Financial Terms and Abbreviations

Accounting Period

The period of time covered by the accounts, normally 12 months commencing on 1 April for local authorities.

Accruals

Sums included in the final accounts to cover income or expenditure attributable to the accounting period but for which payment has not been made/received at the balance sheet date.

Amortisation

A measure of the consumption of the value of intangible assets, based on the remaining economic life.

Capital Expenditure

Expenditure on new assets such as land and buildings, or on enhancements to existing assets which significantly prolong their useful life or increase their value.

Capital Receipt

Income from the sale of capital assets such as council houses, land or other buildings.

Cash Equivalents

Cash equivalents are investments that mature in 30 days or less from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

Contingent Liabilities

Potential liabilities which are either dependent on a future event or cannot be reliably estimated.

Creditors

Amounts owed by the Council at 31 March for goods received or services rendered but not yet paid for.

Current Assets

Assets which can be expected to be consumed or realised during the next accounting period.

Current Liabilities

Amounts which will become due or could be called upon during the next accounting period.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Debtors

Amounts owed to the Council which are collectable or outstanding at 31 March.

Depreciation

A measure of the consumption of the value of non-current assets, based on the remaining economic life.

Effective rate of interest

The rate of interest that will discount the estimated cash flows over the life of a financial instrument to the amount in the balance sheet at initial measurement.

Equity instrument

A contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities (e.g. an equity share in a company.)

Fair Value

The amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arms length transaction.

Finance Lease

A lease that transfers substantially all of the risks and rewards of ownership of a non-current asset to the lessee.

Financial Asset

A right to future economic benefits controlled by the Council. Examples include bank deposits, investments, trade receivables and loans receivable.

Financial Liability

An obligation to transfer economic benefits controlled by the Council. Examples include borrowings, financial guarantees and amounts owed to trade creditors.

Financial Instrument

Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another.

Government Grants

Payments by central government towards local council expenditure. They may be specific, for example Housing Benefit subsidy, or general such as Revenue Support Grant.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Heritage Assets

Heritage Assets are assets with historical, artistic, scientific, technological, geophysical or environmental qualities which are held and maintained principally for their contribution to knowledge and culture.

Impairment

The term used where the estimated recoverable amount from an asset is less than the amortised cost at which the asset is being carried on the balance sheet.

Non-current assets

Assets which can be expected to be of use or benefit the Council in providing its service for more than one accounting period.

Operating Lease

A lease under which the ownership of the asset remains with the lessor; for practical purposes it is equivalent to contract hiring.

Outturn

Refers to actual income and expenditure or balances as opposed to budgeted amounts.

Precepts

The amount which a local council which cannot levy a council tax directly on the public (for example a County Council or Police Authority) requires to be collected on its behalf.

Provisions

Monies set aside for liabilities which are likely to be incurred but where exact amounts or dates are uncertain.

Reserves

Amounts set aside in the accounts for the purpose of meeting particular future expenditure. A distinction is drawn between reserves and provisions which are set up to meet known liabilities.

Revenue Expenditure

Spending on day to day items including employees' pay, premises costs and supplies and services.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Revenue Expenditure Funded From Capital Under Statute

Expenditure which legislation allows to be classified as capital for funding purposes when it does not result in the expenditure being carried on the Balance Sheet as a non-current asset. The purpose of this is to enable it to be funded from capital resources rather than be charged to the General Fund and impact on that year's council tax.

Revenue Support Grant

Grant paid by central government to a local council towards the costs of its services.

The Code

The Code of Practice on Local Authority Accounting in the United Kingdom 2010/11. This specifies the principals and practices of accounting required to give a 'true and fair' view of the financial position and transactions of a local authority.

Statement of Accounting Policies & Glossary of Financial Terms and Abbreviations

Abbreviations used in the accounts

CIPFA	Chartered Institute of Public Finance and Accountancy

**ANNUAL REPORT AND
SUMMARY STATEMENT OF
ACCOUNTS**

**FOR THE YEAR ENDING
31 MARCH 2012**

(DRAFT)

This document is available on our website at www.cambridge.gov.uk

Annual Report 2011/2012

Cambridge City Council provides a wide range of services to people that live in, work in and visit Cambridge.

The services provided by the City Council include:

- ◆ Keeping the streets and public open spaces clean.
- ◆ Emptying refuse and recycling bins.
- ◆ Providing a range of leisure facilities, including swimming pools and community centres, and providing entertainment in the City's parks and at the Corn Exchange.
- ◆ Awarding a wide range of grants to support local organisations and community groups.
- ◆ Offering planning advice, progressing planning applications and making sure that new buildings and alterations are safe.
- ◆ Providing housing advice and support, and working with partners to meet peoples' housing needs.
- ◆ Acting as landlord to over 7,300 council-owned properties.
- ◆ Processing housing benefit and council tax benefit applications.
- ◆ Monitoring and enforcing food and drink hygiene standards, together with the control of pests and disease, noise and air pollution.
- ◆ Licensing food premises, street traders and entertainment venues.
- ◆ Dealing with anti-social behaviour, in partnership with the Police and other agencies.
- ◆ Managing council run car parks.
- ◆ Organising and managing elections and the electoral register.

The City Council serves a population of about 119,800 residents in an almost entirely urban area in an otherwise mainly rural county. Cambridge is a sub-regional centre with high levels of inward travel to work and for shopping and leisure activities, which adds significantly to the day-time population. The Council provides many services that are used by people who live outside of the city as well as residents, which places additional pressure on our resources.

The city is at the centre of a housing growth region, with many new homes planned for sites on the southern and north-west fringes of Cambridge. The provision of good quality affordable and sustainable housing is a priority for the Council and it has set a target for developers of 40% affordable housing to be provided on the larger growth sites. The City Council will be consulting during 2012/13 on a range of issues and options that need to be considered as part of the development of the new Cambridge Local Plan, and which are important for the future planning and development of the city.

What we want to achieve

Cambridge City Council has a clear vision for the future of the city, a vision which is shared with Cambridge citizens and with partner organisations.

Vision Statement

Cambridge - where people matter

- ◆ A city which celebrates its diversity, unites in its priority for the disadvantaged and strives for shared community wellbeing
- ◆ A city whose citizens feel they can influence public decision making and are equally keen to pursue individual and community initiatives
- ◆ A city where people behave with consideration for others and where harm and nuisance are confronted wherever possible without constraining the lives of all

Cambridge - a good place to live, learn and work

- ◆ A city which recognises and meets needs for housing of all kinds – close to jobs and neighbourhood facilities
- ◆ A city which draws inspiration from its iconic historic centre and achieves a sense of place in all of its parts with generous urban open spaces and well-designed buildings
- ◆ A city with a thriving local economy that benefits the whole community and builds on its global pre-eminence in learning and discovery
- ◆ A city where getting around is primarily by public transport, bike and on foot

Cambridge - caring for the planet

- ◆ A city in the forefront of low carbon living and minimising its impact on the environment from waste and pollution.

Priorities

The national economic situation and the government's plans to tackle the national debt will be a challenge for the City Council because over the next few years we will have less money to spend. As we plan for the future our aim will be to:

- ◆ protect services for vulnerable individuals and communities
- ◆ protect the basic services that keep our city looking good and working well
- ◆ make sure that we get right the things we only have one chance to get right – such as planning new communities.

How we will achieve our vision for Cambridge

Portfolio Plans

The Executive is made up of the Leader of the Council and six Executive Councillors. Each Executive Councillor is responsible for a specific group of services, known as a portfolio, and they can make decisions about the services they are responsible for. For 2011/12 Portfolio Plans were prepared for the following portfolios:

- Arts and Recreation
- Community Development and Health
- Customer Services and Resources
- Environmental and Waste Services
- Housing
- Climate Change and Growth, and
- Strategy.

Each Executive Councillor has a plan that sets out how the services they are responsible for will contribute to the achievement of the council's vision for Cambridge.

The following pages outline what we achieved over the past year as a result of the 2011/12 portfolio plans, and what our plans are for 2012/13.

Arts and Recreation Portfolio Plan

During 2011/12 we:

- ◆ Installed a new piece of public art at Logan's Meadow Nature Reserve, which will be followed by further projects such as the Snowy Farr Memorial Artwork and a piece at Mill Road Cemetery in 2012/13.
- ◆ Continued to invest in and make improvements to our open spaces, for example refurbishing the skate park and installing barbeque stones in Jesus Green.
- ◆ Reviewed our leisure grants policy and priorities to focus on improving access to leisure activities, enhancing the City's cultural offer and supporting local neighbourhood and sports activities.
- ◆ Delivered a major refurbishment of the changing facilities and provision for disabled people at Parkside Pools.
- ◆ Engaged and involved local communities in shaping arts and recreation activities. For example consultations were held on the improvements to the Parkside Pool changing facilities, the leisure grants review and the Arts Strategy Action Plan.
- ◆ Implemented a staffing restructure of the Cambridge Corn Exchange and the Arts and Recreation Service to achieve a reduction in the subsidy of these services of £350,000.

Annual Report

Our plans for 2012/13 in the Arts, Sports & Public Places portfolio include:

- ◆ Improving access to arts, sports and public places for all city residents, through the new contract for the management of the Council's leisure facilities, the leisure grants programme and by engaging with groups of people that do not currently use these services.
- ◆ Celebrating the London 2012 Olympic and Paralympic Games, including by hosting the Olympic Torch Relay and Evening Celebration on the 7th of July.
- ◆ Improving the quantity and quality of provision of recycling, litter and dog waste bins on our open spaces.
- ◆ Making improvements to our open spaces, sports, recreation and public art provision through a range of projects funded by developers.
- ◆ Continuing to work with all parties to explore proposals for a community stadium for Cambridge.
- ◆ Identifying ways in which the Council can promote public access to public open space not directly maintained by the City Council.
- ◆ Protecting the environment and tackling the causes and consequences of climate change by establishing a plan and priorities to enhance local environmental quality, biodiversity and sustainability.

Climate Change and Growth Portfolio Plan

During 2011/12 we:

- ◆ Prepared an evidence base for the new Cambridge Local Plan. The final document will set out the planning framework to guide the future development of Cambridge. The plan will aim to protect the character of the city and make provision for housing and jobs, along with all the necessary infrastructure.
- ◆ Granted permission to build the first 1,200 homes on the new developments on the Southern fringe of the city. Work has commenced on site and the new homes will start to be occupied in late 2012.
- ◆ Worked with developers to ensure that all the new developments on the fringe sites allow local communities to achieve high standards of sustainability and minimise their carbon emissions, with all new homes being built at level 4 and above of the Code for Sustainable Homes.
- ◆ Worked with the County Council to ensure that the impact of new developments is mitigated, through the review of area transport plans and the development of new projects and funding bids.
- ◆ Received and determined 10% more planning applications than in the previous year.

Annual Report

Our plans for 2012/13 in the Planning & Sustainable Transport portfolio include:

- ◆ Consulting on a range of issues and options which need to be considered as part of the development of the new Cambridge Local Plan and that are important for the future planning and development of the city.
- ◆ Working with the County Council and South Cambridgeshire District Council on the review of the Local Plan, and other planning matters, to ensure a co-operative and coordinated approach to planning for the Cambridge sub-region.
- ◆ Updating our Planning Enforcement Policy and making enforcement action a higher priority for the Planning Service.
- ◆ Delivering new transport measures to improve facilities for pedestrians, cyclists and public transport users, including in the new developments around the city.
- ◆ Reducing traffic speeds and increasing road safety for all users by establishing new 20mph zones in Cambridge.

Community Development and Health Portfolio Plan

During 2011/12 we:

- ◆ Asked residents living in the North Area of the city what their priorities were for the local area, so that we could use our resources to make improvements that matter to them. Nearly 700 people told us their views, including many young people, and the City Council has made a number of improvements, particularly to the local environment, as a result.
- ◆ Promoted and managed grant funding so that voluntary groups are able to access grant aid and other support to help them build their knowledge, skills and confidence as partners with the City Council sustaining vibrant localities and neighbourhoods.
- ◆ Reviewed the Children and Young People's Participation Service (ChYpPS) so that in the future it focuses on open access play for 9-13 year olds, takes a more entrepreneurial approach, makes the best use of the skills of the staff, uses volunteers to increase capacity and generates income.
- ◆ Supported events and programmes to celebrate diversity, such as Black History Month, Cambridge Celebrates Age, Disability History Month, Inter-Faith Week, Refugee Week, LGBT History Month, Holocaust Memorial Day and International Women's Day.
- ◆ Engaged more actively with black and minority ethnic and other communities who feel vulnerable, to provide them with opportunities to express their concerns and have them addressed.
- ◆ Worked to integrate existing and new communities in the Southern Fringe and North West of Cambridge by establishing forums to communicate with residents and ensuring that all are involved in community activities.

Annual Report

Our plans for 2012/13 include:

- ◆ Providing local residents with more opportunities to influence decisions about their local area by using the learning from the North Area Committee pilot to support area working across the city's other three areas.
- ◆ Reviewing how the City Council's community facilities are managed, taking account of the proposed facilities in the growth sites and the opportunities presented in the Localism Bill.
- ◆ Working with the YMCA and young people to explore different options for providing a new facility for young people in the centre of Cambridge.
- ◆ Continuing to support the integration of new communities with existing residents through the provision of community activities.
- ◆ Working with partners to make significant progress towards delivering new community infrastructure in the North West and Southern fringes of Cambridge, including the Trumpington Meadows Primary School and the new community facility at Clay Farm.
- ◆ Establishing an effective Local Health Partnership to improve public health in Cambridge.
- ◆ Developing a model of Restorative Justice, which focuses on the needs of victims and encourages offenders to take responsibility for their actions and to repair the harm they've done, in order to reduce re-offending, anti-social behaviour and low-level crime in Cambridge.
- ◆ Working with our partners to reduce the presence of street drinkers and the associated anti-social behaviour.

Customer Services and Resources Portfolio Plan

During 2011/12 we:

- ◆ Implemented changes to the Council's own systems to implement the national welfare reforms and liaised with partners such as the Department of Work and Pensions and advocacy and support agencies. This has included providing briefing sessions for local welfare support groups, elected Members and colleagues.
- ◆ Provided debt advice and information, minimising the number of people who, as a result of welfare reforms, are at risk of becoming homeless or whose financial circumstances could be exploited by others. This work includes administering Discretionary Housing Payments to support those in most financial need or those in danger of defaulting on their rent payments.
- ◆ Achieved savings and efficiencies to ensure that the City Council is equipped to deliver the Council's vision for the city within the resources available.
- ◆ Worked with our partners to provide more joined-up customer services, for example a Memorandum of Understanding was signed with the Cambridge Citizens Advice Bureau (CCAB) to ensure greater clarity and closer working between the two organisations. The

Annual Report

Customer Service Centre has installed a CCAB self help advice kiosk in the reception at Mandela House.

- ◆ Improved our services to make sure that they are focused on meeting the needs of our customers, for example we designed a new process that will significantly reduce customer waiting times and provide a more efficient housing repairs service.
- ◆ Started to explore the opportunities for establishing one or more Business Improvement Districts in Cambridge to support the appropriate involvement and financial input from the city's business community to the future development of the city.

Our plans for 2012/13 include:

- ◆ Working with partner organisations to agree a common approach to the management of public sector owned property assets, to deliver the maximum possible benefit to the citizens of Cambridge.
- ◆ Making the optimum use of the Council's accommodation and providing support to enable our staff to work smarter and more flexibly.
- ◆ Obtaining greater value for money from the Council's spending on procurement.
- ◆ Ensuring that the welfare reforms are efficiently and effectively planned for and implemented, and support is given to the most vulnerable in the city, with action being taken to mitigate hardship where possible.
- ◆ Preparing for the retention of local business rates as part of the Local Government Resource Review.
- ◆ Continuing to explore how we as an organisation, and with our partners, can provide more joined-up customer services.
- ◆ Developing and consulting upon a business plan to support the development of a bid or bids for a Business Improvement District within Cambridge, in order to enable the appropriate involvement and financial input from the city's business community to the future development of the city.

Environment and Waste Portfolio Plan

During 2011/12 we:

- ◆ Carried out a major review of the routes taken by our vehicles to collect waste and materials for recycling in order to significantly reduce the cost of the Waste Service.
- ◆ Provided new facilities for 'recycling on the go', and improved the range of materials that can be recycled at the 23 recycling banks around the city, for example to include plastic pots, tubs and trays.
- ◆ Increased our income from trade waste collection by making our offer more competitive and more attractive, and worked with businesses to improve their waste management and increase recycling.

Annual Report

- ◆ Maintained high standards of street cleansing and responded to residents' priorities about their local environment, by carrying out targeted litter picks and clean-up campaigns, assisted by the Probation Service.
- ◆ Made it easier for residents to make representations about licensing matters by enabling them to do it online.

Our plans for 2012/13 include:

- ◆ Taking steps to increase recycling in Cambridge beyond 45%, by providing customers with more new facilities for 'recycling on the go', encouraging the recycling of particular materials that aren't consistently recycled by residents across the city and by targeting particular groups.
- ◆ Exploring how we can better work with partners to improve the efficiency of our waste services.
- ◆ Addressing the impact that excessive noise has on residents, by mapping noise complaints across Cambridge, educating communities and enforcing change when necessary.
- ◆ Improving the health of Cambridge residents by working with our partners to implement the new public health arrangements, and by working to reduce the health impact of alcohol and the night-time economy.
- ◆ Planning for the introduction of the new licensing legislation, in particular the late night levy, which together with the Business Improvement District will result in cleaner, safer streets in the city centre.
- ◆ Making it easier for people to report litter, graffiti and fly tipping online and by text.
- ◆ Working with the County Council to improve air quality and reduce emissions, by seeking emission improvements from public transport vehicles and by promoting alternatives to the private car.

Housing Portfolio Plan

During 2011/12 we:

- ◆ Implemented the national changes to the way that councils finance their own housing. This included borrowing £214 million to enable us to build new council houses and maintain existing ones, including making them more energy efficient.
- ◆ Worked with private sector landlords to improve the condition of private rented housing and the management of houses of multiple-occupation.
- ◆ Successfully negotiated with the Homes and Communities Agency that properties let under the new Affordable Rent tenure should be let at or around 65% of local market rents (as opposed to the proposed 'up to 80%').

Annual Report

- ◆ Engaged with Cambridge University colleges to help them attain Landlord Accreditation, which is a scheme for private landlords that demonstrate good standards in the condition and management of their properties and their relationship with their tenants.
- ◆ Established a shared Home Improvement Agency with South Cambridgeshire District Council and Huntingdonshire District Council to support older and vulnerable people to be warm, safe and as independent as possible in their homes.
- ◆ Worked with partners to prevent homelessness, for example we secured funding for a project with NHS Cambridgeshire to target vulnerable adults with multiple support needs that are at risk of becoming rough sleepers.
- ◆ Launched the HeatSeekers scheme to assist residents to identify and install energy-efficiency measures. Thermal imaging is used to identify homes that could most benefit from improved insulation, and free or grant-assisted insulation is offered to address fuel poverty.

Our plans for 2012/13 include:

- ◆ Investing in our existing housing stock and starting to deliver the new council house building programme.
- ◆ Working with developers, Registered Providers (housing associations) and planners to ensure that the city's social and market housing stock (including private rented housing) continues to grow, including 40% Affordable Housing in most new developments and the delivery of the Council's own new build programme.
- ◆ Increasing the energy efficiency of existing homes; promoting sustainable design and construction methods and promoting high standards of environmental sustainability of new homes and communities, including water management.
- ◆ Reviewing our approach to ensure new specialist housing is provided including carrying out an assessment of potential Gypsy and Traveller sites, as part of the local plan development.
- ◆ Completing a review of the Council's Letting Policy to ensure that priority for re-housing continues to be given to those who have least opportunity to access market housing.
- ◆ Maintaining and promoting services to take action effectively against private sector landlords that do not comply with housing health and safety matters as well as landlord and tenant issues.
- ◆ Undertaking a review of empty homes policy in the light of national policy change and take effective action to get vacant homes back into use.
- ◆ Improving support to rough sleepers, including the completion of the Jimmy's Assessment Centre project, thereby reducing the incidence of rough sleeping and use of temporary accommodation as households move more effectively to secure permanent housing.

Annual Report

Strategy Portfolio Plan

During 2011/12 we:

- ◆ Adopted a new Single Equality Scheme for 2012 to 2015, which sets out what we will do to challenge discrimination and promote equal opportunity in all aspects of our work.
- ◆ Used social media more effectively to ensure that residents are kept informed of important news and service changes.
- ◆ Adopted and implemented a Code of Best Practice on Consultation and Community Engagement. This established clear principles to guide council departments on a more structured, proportionate and appropriate approach to consultation.
- ◆ Improved how we engage with residents about the issues that matter most to them by training our staff to enhance their customer service skills.
- ◆ Reviewed and streamlined the Council's partnership work to ensure that it is clearly aligned with our vision for the city and consistently contributes to achieving it.
- ◆ Agreed a cultural and organisational change programme to move us further towards working as "One Council", so we deliver services to our customers more seamlessly and efficiently, and within the resources available.
- ◆ Took decisions to give more powers to our Area Committees to make it easier for people to influence the decisions being made about their local area. The powers devolved include decisions about who receives Safer City Grants, and some decisions about projects funded by developer contributions that meet the needs of each area and the priorities agreed with each local community.

Our plans for 2012/13 include:

- ◆ Adopting a refreshed Climate Change Strategy to set out our strategic approach to climate change over the next five years.
- ◆ Implementing our Carbon Management Plan to reduce the City Council's carbon footprint and energy bills, including developing a proposal for a district heating scheme.
- ◆ Implementing our Single Equalities Scheme to ensure that we better understand and meet the diverse needs of the city's communities.
- ◆ Engaging and consulting with communities on key issues affecting them in appropriate and effective ways, in line with our Code of Best Practice on Consultation and Community Engagement.
- ◆ Developing our website so that our customers can conduct even more of their business online, and continuing to identify and adopt innovative and effective uses of social media.
- ◆ Ensuring greater transparency and openness about how we conduct our business, by making more information and data about the Council's services and performance available in more accessible ways.

Annual Report

- ◆ Working with partners to drive forward the economic development of the city and its surrounding area through the Local Enterprise Partnership.
- ◆ Ensuring the City Council is equipped to deliver the Council's vision for the city within the resources available, by taking a structured approach to identifying savings and further efficiencies.

How to find out more

Further information about the Council's performance and the Council's priorities for 2012-13 can be found in our Portfolio Plans available on our website.

Summary Statement of Accounts

Introduction

The services provided by local councils affect everyone's quality of life. Money is needed to carry out the functions and services that the Council provides and the Council's accounts are an important element in demonstrating the stewardship of public money. They show the resources available and how they have been used to deliver everyday services to the City's residents, visitors, businesses and other organisations.

Each year, the Council is legally required to produce a Statement of Accounts that presents the Council's financial activities and gives details of the overall financial position, however, much of the information in the document is of a technical nature in order to satisfy statutory requirements.

The following Summary Accounts are intended to be a more user-friendly version of the detailed publication and to provide a brief overview of the Council's financial position for year ending 31st March 2012.

Director of Resources' Statement

The Council's Statement of Accounts has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 based on International Financial Reporting Standards.

The figures in this summary were originally compiled having regard to proper accounting practice. To help make this summary easier to understand we have simplified the presentation of some figures.

The full 2011/12 Statement of Accounts has been audited by the Audit Commission who gave an unqualified audit opinion.

David Horspool CPFA

A full copy of the Council's 2011/12 audited accounts is available on our website or from:

Head of Accounting Services
Cambridge City Council
Lion Yard
Lion House
Cambridge
CB2 3NA

The Council can also produce electronic or large print copies. We can arrange for a summary in Braille, on tape or in another language, although this will take longer.

Summary Statement of Accounts

Income and Expenditure

This statement shows the costs of providing services in the year.

The total expenditure incurred in running our services was £337.2 million. Service income, such as fees and charges was £99.2 million. The net cost of each service, totalling £238.0 million, is shown in the table below. Exceptionally, expenditure in the year included a significant one-off payment of £213.6 million to Central Government in relation to new arrangements for the funding of council housing.

	£m
Central services to the public (elections, land charges and local tax collection)	1.4
Cultural & related services	8.1
Environmental & related services	8.4
Planning services	5.1
Transport	(2.8)
Council housing (Housing Revenue Account) - settlement payment to government for self-financing	213.6
Council housing (Housing Revenue Account)	(3.3)
Other housing services	4.7
Corporate and democratic services	2.6
Non-distributed costs	0.2
Cost of Services	238.0
Payments to the Government Housing Capital Receipts Pool	1.4
Surplus or deficit on the sale of assets	0.4
Interest receivable	(0.8)
Interest payable	0.1
Revision to estimated recovery of Icelandic bank deposits	(0.5)
Net income from commercial and industrial properties and changes in their value	(22.4)
Net pensions interest cost and expected return on pensions assets	1.6
Council tax income	(6.7)
Share of national business rates	(7.3)
Non-ringfenced government grants	(3.3)
Capital grants and contributions	(2.5)
Net Deficit for the year	198.0

Summary Statement of Accounts

Movements in Usable Reserves

The Council's usable reserves increased by £1.2 million in 2011/12. Total usable reserves were £55.5 million at 31 March 2012, as shown below :

	General Fund Balance £m	Housing Revenue Account (HRA) Balance £m	Other Usable Reserves £m	Total Usable Reserves £m
Balance at 1 April 2011	(9.9)	(5.7)	(38.7)	(54.3)
(Surplus) or deficit on the provision of services	(11.3)	209.3		198.0
Adjustments between accounting basis and funding basis under regulations	9.3	(210.8)	2.3	(199.2)
Transfers to or (from) earmarked reserves	2.4	0.2	(2.6)	
Decrease or (Increase) in the year	0.4	(1.3)	(0.3)	(1.2)
Balance at 31 March 2012	(9.5)	(7.0)	(39.0)	(55.5)

Other usable reserves at 31 March 2012 comprised :

Summary Statement of Accounts

Balance Sheet

At the end of each financial year, we draw up a balance sheet that presents how much the Council's land and buildings are worth, what is owed to others (liabilities), what others owe us (debtors and investments) and how much cash and other reserves we have.

	Net Assets at 31 March 2012 £m
Value of land, property, equipment and vehicles	730.9
Long-term debtors and investments	3.3
Cash and short-term cash investments	62.4
Short term debtors	8.1
Stock	0.2
Current liabilities	(16.2)
Long-term liabilities	(295.3)
Net Assets	493.4
Usable reserves	(55.5)
Unusable reserves	(437.9)
Total Reserves	(493.4)

Unusable reserves are not available to use to provide services. This category of reserves includes, for example, amounts which would only become available if the related assets were sold.

Cash Movements

The council handled significant amounts of cash during the year.

	2011/12 £m
Cash at 1 April 2011	2.6
Cash receipts	486.3
Cash payments	(484.1)
Cash at 31 March 2012	4.8

Summary Statement of Accounts

The detailed Statement of Accounts publication includes many notes of explanation and detailed analysis of figures in the main financial statements. A selection of the notes which may be of particular interest to the public have been summarised and are presented below.

Employee Remuneration

The numbers of employees whose remuneration, excluding employer's pension contributions, was £50,000 or more in bands of £5,000 were :

	2011/12	2010/11
£50,000 to £54,999	2	4
£55,000 to £59,999	3	2
£60,000 to £64,999	9	6
£65,000 to £69,999	3	1
£70,000 to £74,999	3	5
£75,000 to £79,999	1	0
£80,000 to £84,999	0	2
£85,000 to £89,999	1	1
£90,000 to £94,999	2	2
£110,000 to £114,999	0	1
£115,000 to £119,999	1	0

The remuneration of senior officers, who are included in the above table, is disclosed in more detail, including employer's pension contributions, below:

Senior Officers Remuneration 2011/12

Position / Name	Salary £	Allowances & Benefits in Kind £	Pension Contribution £	Total £
Chief Executive (A Jackson)	117,859	47	21,922	139,828
Director of Resources (D Horspool)	91,891	485	17,092	109,468
Director of Environment (S Payne)	88,646	0	16,488	105,134
Director of Customer & Community Services (L Bisset)	91,891	471	17,092	109,454
Head of Corporate Strategy (A Limb)	63,778	0	11,863	75,641

Summary Statement of Accounts

Members Allowances

The total of allowances paid to members during the financial year 2011/12 was £242,910 (£243,694 in 2010/11). Details of payments to individual members are published annually in a local newspaper. Details can also be found on the Councillors pages on our website.

Capital Spending

We also spend money on buying assets and improving our council housing and other assets. We account for this type of expenditure separately from the day-to-day running costs of services.

Capital expenditure totalled £17.0 million in 2011/12.

This capital expenditure was financed as follows:

	£m
Capital receipts (from sale of council houses and other assets)	4.1
Government grants and other contributions	3.2
Revenue and reserves	9.4
Use of cash balances	0.3
Total	17.0

Summary Statement of Accounts

Housing Revenue Account

The Housing Revenue Account (HRA) records income and expenditure relating to the management and maintenance of council housing.

During 2011/12 the Council was responsible for an average of 7,325 properties.

	£m
Dwelling rents	(30.4)
Non-dwelling rents	(0.8)
Charges for services and facilities	(2.7)
Other income	(0.7)
Income	(34.6)
Repairs and maintenance	5.9
Supervision and management	6.3
Rents, rates, taxes and other charges	0.3
Depreciation and impairment	5.6
Negative HRA subsidy	12.9
Provision for bad debts	0.2
Share of corporate and democratic core costs	0.3
HRA self-financing settlement payment to government	213.6
Debt management costs	0.1
Expenditure	245.2
Net cost of HRA services	210.6
Surplus on sale on assets	(0.4)
Interest payable	0.1
Other income	(1.0)
Deficit for the year	209.3
Adjustments between accounting basis and funding basis under regulations	(210.8)
Contributions to earmarked reserves	0.2
Net HRA surplus for the year	(1.3)

The HRA surplus for the year of £1.3 million was added to the previously accumulated surplus. The HRA is 'ring-fenced' by law which means its income and reserves cannot be used for any purpose other than the provision and management of Council housing. The accumulated surplus on the HRA at 31 March 2012 was £7.0 million.
