

Cambridge City Council Equality Impact Assessment

Completing an Equality Impact Assessment will help you to think about what impact your strategy, policy, plan, project, contract or major change to your service may have on people that live in, work in or visit Cambridge, as well as on City Council staff.

The template is easy to use. You do not need to have specialist equalities knowledge to complete it. It asks you to make judgements based on evidence and experience. There are guidance notes on the intranet to help you. You can also get advice from David Kidston, Strategy and Partnerships Manager on 01223 457043 or email david.kidston@cambridge.gov.uk or from any member of the Joint Equalities Group.

- The results of relevant consultation that you or others have completed (for example with residents, people that work in or visit Cambridge, service users, staff or partner organisations).
- Complaints information.
- Performance information.
- Information about people using your service (for example whether people from certain equalities groups use the service more or less than others).
- Inspection results.
- Comparisons with other organisations.
- The implementation of your piece of work (don't just assess what you think the impact will be after you have completed your work, but also think about what steps you might have to take to make sure that the implementation of your work does not negatively impact on people from a particular equality group).
- The relevant premises involved.
- Your communications.
- National research (local information is not always available, particularly for some equalities groups, so use national research to provide evidence for your conclusions).

9. Conclusions and Next Steps

- If you have not identified any negative impacts, please sign off this form.
- If you have identified potential negative actions, you must complete the action plan at the end of this document to set out how you propose to mitigate the impact. If you do not feel that the potential negative impact can be mitigated, you must complete question 8 to explain why that is the case.
- If there is insufficient evidence to say whether or not there is likely to be a negative impact, please complete the action plan setting out what additional information you need to gather to complete the assessment.
