Wards affected: All Wards

## **DRAFT PLANNING AND CLIMATE CHANGE PORTFOLIO PLAN 2014/15**

### **Key Decision**

#### **1. Executive summary**

1.1 This report covers the draft Planning and Climate Change Portfolio Plan 2014-15, which sets out the strategic objectives for the portfolio for the year ahead, describes the context in which the portfolio is being delivered and details the activities required to deliver the outcomes and the vision. Performance measures and risks are also shown for each strategic objective.

#### **2. Recommendations**

2.1 The Executive Councillor is recommended to:

- (i) approve the draft Planning and Climate Change Portfolio Plan 2014-15.

#### **3. Background**

3.1 This is the fourth year in which Cambridge City Council has produced Portfolio Plans. The aim of the Portfolio Plans is to set out how each of the seven Portfolios will contribute to the delivery of the vision outlined in the Council's vision statement.

3.2 The draft Planning and Climate Change Portfolio Plan for 2014-15 has been developed by officers and the Executive Councillor, in parallel with the budget planning process. In comparison to previous years, the draft Planning and Climate Change Portfolio Plan for 2014-15 sets out a limited number of high-level, strategic objectives for the Portfolio, along with the broad activities required to achieve these objectives.

3.3 The services that will deliver the strategic objectives set out in the Plan are each developing more detailed Operational Plans. These will function as management tools to ensure the tasks that deliver the strategic objectives are planned and managed effectively.

## **4. Implications**

### **(a) Financial Implications**

The financial implications of this plan are set out in the budget for the portfolio.

### **(b) Staffing Implications (if not covered in Consultations Section)**

Staff will be allocated personal objectives to ensure the tasks and activities to deliver the objectives are managed. Staff will be supported in the learning and development activities they need to deliver their contribution to the plan.

### **(c) Equal Opportunities Implications**

The activities set out in this plan aim to support the Council's equality and diversity objectives. Equality impact assessments will be carried out on decisions and projects related to this plan as appropriate.

### **(d) Environmental Implications**

The Plan contains objectives and activities that are likely to have a medium positive environmental impact. For example:

- the delivery of the Council's Carbon Management Plan will reduce the councils energy consumption and carbon emissions.
- setting high sustainability standards through the Local Plan will help reduce energy consumption in new developments and increase the proportion of energy consumption in the City that comes from renewable sources.
- it is anticipated that progressing the Green Deal and Cambridge Retrofit projects will ultimately help increase energy efficiency and reduce energy consumption in domestic and commercial properties in the City.

### **(e) Procurement**

Some of the actions involved in the Plan will involve procurement by the Council. Separate reports on the procurement elements of actions included in the Plan will be provided at an appropriate time.

**(f) Consultation and communication**

This is a strategic document covering a number of different objectives. There has therefore been no consultation on this plan *per se*, although there has been or will be consultation on those elements of it that have a significant impact on residents at the appropriate time, in accordance with the Council's code of practice on consultation and community engagement and our statutory obligations on consulting around planning matters.

**(g) Community Safety**

There are no significant community safety issues associated with the strategic actions set out in the Portfolio Plan.

**5. Background papers**

N/a

**6. Appendices**

Appendix A – Draft Planning and Climate Change Portfolio Plan 2014-15

**7. Inspection of papers**
