

Cambridge City Council Equality Impact Assessment

Completing an Equality Impact Assessment will help you to think about what impact your strategy, policy, plan, project, contract or major change to your service may have on people that live in, work in or visit Cambridge, as well as on City Council staff.

The template is easy to use. You do not need to have specialist equalities knowledge to complete it. It asks you to make judgements based on evidence and experience. There are guidance notes on the intranet to help you. You can also get advice from Suzanne Goff, Strategy Officer on 01223 457174 or email suzanne.goff@cambridge.gov.uk or from any member of the Joint Equalities Group.

1. Title of strategy, policy, plan, project, contract or major change to your service:

POWER TO CHARGE FOR CERTAIN ENFORCEMENT ACTION UNDER THE HOUSING ACT 2004 (the "ACT")

2. What is the objective or purpose of your strategy, policy, plan, project, contract or major change to your service?

To ensure compliance with the Housing Act 2004 and thereby drive up the standards of the Private Rented Sector. By laying a charge for enforcement action we will also ensure that the person responsible for the underlying disrepair/poor management repays the cost for the Council undertaken that action.

3. Who will be affected by this strategy, policy, plan, project, contract or major change to your service? (Please tick those that apply)

- Visitors

7. Potential impact

Please list and explain how this strategy, policy, plan, project, contract or major change to your service could **positively** or **negatively** affect individuals from the following equalities groups.

When answering this question, please think about:

- The results of relevant consultation that you or others have completed (for example with residents, people that work in or visit Cambridge, service users, staff or partner organisations).
- Complaints information.
- Performance information.
- Information about people using your service (for example whether people from certain equalities groups use the service more or less than others).
- Inspection results.
- Comparisons with other organisations.
- The implementation of your piece of work (don't just assess what you think the impact will be after you have completed your work, but also think about what steps you might have to take to make sure that the implementation of your work does not negatively impact on people from a particular equality group).
- The relevant premises involved.
- Your communications.
- National research (local information is not always available, particularly for some equalities groups, so use national research to provide evidence for your conclusions).

8. If you have any additional comments please add them here

Deprivation and poor housing conditions are linked. In Cambridge approximately 37% of properties in the Private Rented Sector are considered to be below the Decent Homes Standard. However for vulnerable households (those in receipt of a means tested benefits or benefits linked to disability) are more likely to live in a home that is non-decent (45%) and will also be less able to afford alternate accommodation. It is therefore likely that implementation of this policy will have minor positive effect on those experiencing the impacts of poverty.

9. Conclusions and Next Steps

- If you have not identified any negative impacts, please sign off this form.
- If you have identified potential negative actions, you must complete the action plan at the end of this document to set out how you propose to mitigate the impact. If you do not feel that the potential negative impact can be mitigated, you must complete question 8 to explain why that is the case.
- If there is insufficient evidence to say whether or not there is likely to be a negative impact, please complete the action plan setting out what additional information you need to gather to complete the assessment.

All completed Equality Impact Assessments must be emailed to Suzanne Goff, Strategy Officer, who will arrange for it to be published on the City Council's website.
