14/9/NAC Open Forum – Request use of enforcement vehicle and penalty notices for pavement parking that causes an obstruction	County Councillor Onasanya		Consultation completed. Results and any further action to follow. 8 th April - Update in respect of the pavement parking, Philip Hammer has advised that Civil Parking Enforcement Powers (legislation under the Traffic Management Act 2004) that the Council use are essentially based around "signs and lines". As such the Police still retain the right to enforce against illegal parking and Mr Hammer has advised that if the Police insist we should address parking where no restrictions are in place, to give them his details and he will clarify the matter with them. His details are as follows: Philip.Hammer@cambridgeshire.gov.uk

			<p>Update from Cllr Manning (at 3 July meeting)</p> <p>Suggested Committee write to Community Safety Partnership for an update.</p> <p>Letter has been sent</p> <p>Update November 2014 The requests for enforcement can now be telephoned and reported through to the City Ranger who can take pictures and give this information on to the police for enforcement action.</p>
14/13/NAC – Speed awareness courses for 20pmh offences. Who will provide them and will they be offered locally.	Councillor Ward		<p>Update: This matter would remain on the action sheet to allow Officers to discuss the matter further with the Police.</p> <p>There is a local provider of speed awareness courses, and drivers don't have to take them in Cambridge. Details of the company to follow.</p> <p>However whilst national rules allow for speed awareness courses for 20mph violations there is currently no local course set up. Police are investigating what needs to be done to achieve this, and Councillor Ward will report back later - On-going</p>
14/26/NAC - Tree roots opposite Co-op Green End Road causing trip hazard	Councillor Manning		<p>Update: Additional tree has been added to the list for remedial work but the item is still on-going.</p> <p>Further update: given the cost and the fact that there is now an EIP in that area, and a project I have got added to the Northern Area Corridor Transport Plan pot, it will be done as part of one of these. Officers have confirmed this won't affect either project (in terms of adding extra cost or stopping elements from being done).</p> <p>Update 5 Dec 14 Cllr Manning : Initial site visit completed and this matter will be included in a wider feasibility study of the area.</p>

14/41/NAC To investigate the possibility if the Crime Figures could display drug related Offences in a separate column of the report.	Councillor Pitt		
<p>ADDITIONAL ACTION – missed off from meeting on 3 July 2014</p> <p>14/56/NAC Open Forum – Progress on the safety assessment for the junction between Milton Road and the new development between Milton Road and Woodhead Drive</p>	<p>Councillor Onasanya Councillors Kevin Price and Mike Todd Jones</p>		<p>Update from Cllr Onasanya:</p> <p>I have been informed that although there are currently 88 cluster sites in Cambridgeshire (excluding trunk roads and Peterborough), of which 51 are within the City of Cambridge, this junction is not part of an accident cluster site.</p> <p>During the current cluster site period (Jan 2011 - end December 2013) one injury accident was recorded at the junction. This involved a cyclist filtering along the inside of a line of traffic colliding with a moped that was turning right into the junction.</p> <p>The records also show an injury accident in 2009, this occurred when a learner driver stalled at the junction and was hit from behind by the following vehicle. However, there is no record of a safety audit being carried out on the junction design.</p> <p>I have been informed it is believed that construction predated the start of the safety audit process in Cambridgeshire in 1997.</p> <p>Additionally, the Lead Engineer Road Safety Team Local</p>

			<p>Infrastructure and Street Management have advised they are unaware of any physical changes to the junction layout in the intervening period that would have required a safety audit.</p> <p><u>Update Nov 2014</u> This it is a planning issue the City Councillors are now looking into it. Additionally, the original area specified was not actually correct and as such the reply given was not therefore accurate.</p>

14/73/NAC Parking problems in Buchan Street	Cllr Price to investigate		<p>Reply from the Neighbourhood Community Development Manager (2nd December 2014)</p> <p>There is limited parking in the car park at the moment because of the building site and the contractors parking their vehicles and the fact that we are still open to community groups. So I can appreciate there will be some overspill at the moment .Hoping that this will become less of an issue in the new year when we are 'back to normal ', but it is something that we will keep an eye on".</p>
