I object to the licence for alcohol at 78-80 Mill Road. Mill Road is a CIZ, with drink issues: street & under age drinkers and 'pre-loading'. The hours for alcohol sales are long, with nothing to show how sales will be controlled. The extended hours will increase disturbances, litter and 'deposits' by drunks. We recently saw a street drinker relieving himself in public. Prices from a near similar Sainsbury's store: Vodka £10.50, 10 cans:£8; make alcohol affordable, readily available and attractive. And likely to lead to public nuisances, crime and disorder, a threat to public safety and to children. There are hot spots close to 78-80 Mill Road, where street drinkers congregate and cause damage and public nuisance: near Bath House toilets and in Mill Road Cemetery. I have also received verbal abuse from street on Mill Road. Mill Road is a residential area, with families. We need to be setting good examples to children and discouraging street drinking, under-age drinking and pre-loading.

I wish to object to the application for an alcohol licence for 78 - 80 Mill Road. Mill Road has a historic problem with street drinking and to grant the new business (Sainsbury's) and alcohol licence is dangerous and flies in the face of current council policy regarding granting such a licence.

I believe that the license to sell alcohol from 7am to 11 pm should not be given to sainsburys. The area of the mill road sees a good amount of footfall during most times of the year. The license would lead to nuisancee for other road users and also to neighboured. The proximity of a Muslim prayer hall should also be considered and might lead to law and order problems

Objections to Sainsbury's Alcohol Licence application - 78-80 Mill Road (currently the Mace store). I am objecting on the grounds of public safety first and foremost. The Mill Road / Tenison Road crossing is already very dangerous for all users (pedestrians, bikes and cars) and is getting more so every day due to increased traffic. The pavements are narrow, worn down, and blocked by bins. I have seen an accident with a car travelling west-bound on Mill road turning into Tenison Rd knocking a cyclist over.

I object to Sainsbury's application on these grounds:The prevention of crime and disorder, Public Safety, Public Nuisance,The protection of children from harm. Disturbance from street drinkers and students in this area is a problem and I have seen drunken, anti-social behaviour daily, including a comatose streetdrinker on Tenison Road at 3.45pm, Streetdrinkers urinating and defecating openly on Petersfield, an arguing, drunk couple throwing a glass bottle of beer at my baby's buggy, narrowly missing her but spraying her with beer, drunk and lewd Streetdrinkers sitting on Tenison Road, begging, a streetdrinker opening my letterbox, looking in and knocking on my door begging twice, late night noise disturbance by students who use this store to buy alcohol on their way home. Increasing the hours in which alcohol can be sold from this site will increase the problems of crime and disorder.

Mill Road has a special character, which needs to be preserved. We need independent shops, not supermarkets. The proposed Sainsbury's will sell alcohol for long hours. This will contribute to anti-social behaviour in the area. I request that Sainsbury's not be premitted to open a new shop on Mill Road.

Please do not grant an extended alcohol licence for 78-80 Mill Road, as applied for by Sainsbury's. We already have problems with anti-social behaviour in the area and although, as a result of previous council action, these are not as bad as a few years ago, we are concerned that granting this licence could lead to an increase in such behaviour.

I wish to object to Sainsbury's application for alicence to sell alcohol from 7am to 11pm at 78-80 Mill Road. The Council took the serious step of designating Mill Road a Cumulative Impact Zone with the intention of not allowing any further licences or extensions of licences. This step was taken after hard work by local people, councillors and police becaue of evidence of many alcohol related incidents on Mill Road .Local residents often felt intimidated in the evenings by alcohol related disturbing behaviour. Things have been better with the CIZ, but I still avoid going out after dark down Mill Road because I often meet a group who seem to have had too much to drink and find myself forced off the pavement on to the road to get past them. I have grandchildren who visit often; I do not feel I can allow them to go down Mill Road on their own after my granddaughter (aged 8) had an unpleasant experience with some drunks last year in the late afternoon.

As a resident of Romsey for 20 years, Mill Road is an very important part of my life experience and well-being. I walk to work and back every weekday, and shop and socialized in its environs every day. We have enough retail alcohol outlets already. We already have too many people and children buying drink on Mill Road, degrading the cultural environment, making it unsafe and distressing for children, women, older people and everyone. We love living in and around Mill Road, How can an additional, 7-day a week, cheaper, drink outlet, not add to our area's problems and further damage our quality of life?

I object to this proposal. There is no need to sell alcohol for 16 hours a day, 7 days a week in a neighbourhood such as Romsey. Such an abundance of availability of alcohol will only lead to more anti-social behaviour and have a negative impact on the wonderful area of Mill Road. In all honesty, ask yourself, "Who needs to buy alcohol at 7 in the morning?"

I wish to object to this application. The Mill Road area has a significant problem with street drinking. On several occasions we have found young men collapsed on the pavement near our house. This is upsetting for us and our young children. When out with my children on Mill Road, I have been approached and asked for money or forced to "buy" DVDs which were clearly stolen and which I then returned to the DVD shop. We suffer from loud shouting, singing etc late at night from drunk individuals leaving Mill Road and walking down Tenison Road. Increasing the supply of alcohol in this area, especially in the evening/night, will only exacerbate this problem. Please do not print any of my personal details with these comments.

Cambridge City Council should NOT GRANT an alcohol licence to Sainsbury's for the store at 78-80 Mill Road. Excess alcohol consumption is a contributing factor in a high proportion of recorded crimes and disorderly conduct. Granting an alcohol license will further exacerbate the frequent occurrence of individuals heavily drinking in public. In Mill Road Cemetery/Mill Road drinkers congregate and exhibit violent and unruly behaviour. The granting of a licence would result in a cumulative adverse impact on littering in the street, which comprise typically of discarded alcohol bottle and cans. Specifically, where drinker congregate i.e. Tenison Road junction. Poor regulation of alcohol sales in shops, as opposed to pubs, makes the likelihood of underage drinkers buying alcohol more probably. It is common along Mill Road to see minors drinking. The granting of a license to Sainsbury's would make the present situation still worse.

I am opposed to the licence application. The increased ease of access to alcohol for longer hours will lead to an increase in crime and antisocial behaviour in the area. On many occasions I have had to cross mill road to avoid drunken arguments and have had to do this without using any of the crossings with the children which is dangerous as the road is so busy. The arguments and the shouting frighten the children. Our use of the cenetry & park is inhibited by people who are consuming alcohol during the day and associated littering. I do not believe this is a safe or pleasant environment for children. Mill road is littered with vomit in the mornings which is a health risk. There is constantly broken glass on the pavements and road damaging bike and pushchair tyres and is dangerous to my preschool children if they fall on it and is harmful to pets and urban wildlife. I firmly believe that greater opportunity to buy alcohol will only make all these things worse.

Please do not provide Sainsburys a license to sell alcohol from 7am-11pm. Street drinking and drunkenness blights our neighbourhood and destroys lives. We should be building treatment centres not providing more outlets to buy cheap booze. There are certain habitual drinkers who pose a real nuisance and the increase in outlets selling fast food and liquor attracts people to our neighbourhood for all the wrong reasons. Please use your powers to block this application.

We consider that it would be ill advised for Sainsbury's to have their application for licensing hours at the proposed Mill Road branch extended beyond those currently enjoyed by the existing outlet Mace. It is only the south side of Mill Road which is commercial in character while the north side of Mill Road on the Petersfield stretch is almost entirely residential, comprising owner occupier and family accommodation with a high concentration of sheltered housing for the elderly. For Sainsbury's to sell alcohol until late in the evening has the potential to create a public nuisance of noisy behaviour, litter and disorder.

Luke Catchpole

From: [redacted]

Subject: Sainsbury's in Mill road

Dear Licensing Authority

I would like to object strongly to the application for licensing hours by the new Sainsbury's shop in Mill Road. In our neighbourhood we already have a large number of alcohol outlets including shops and pubs. We also have a long experience of anti-social drinking on the streets and in the cemetery.

This results in noisy groups walking through our neighbourhood, for example on the way to the cycle bridge in Devonshire Road, shouting and damaging cars on their way. This happens very frequently now. We don't feel able to sleep in bedrooms facing the street as we are constantly woken up by rowdy people who have drunk too much.

It is also very unpleasant to walk up Mill road and surrounding areas in the evening and at night as people accost us. We would like to be able to use the street for social purposes such as eating in local restaurants but feel deterred by the liklihood of rowdiness and being accosted on the street.

We do not need any further exacerbation of this behaviour. We are happy for people to enjoy a sociable drink but the easy availabilty of supermarket 'cheap' drink simply increases this unpleasant behaviour. We don't need it to be increased in this way. Please do not add to our problems - it is not necessary.

Yours sincerely

Bronwen Walter

I am objecting to this application on the following grounds: 1. The proposed licence holder will be operating in a cumulative impact zone where there is already a significant problem with street drinking. Small supermarket stores of this kind rely heavily on drinks sales in order to make a profit. The licence holder would therefore necessarily be contributing further to the negative impact of alcohol sales in this area. 2. I, along with other residents, experience problems of begging, noise disruption and, very rarely, aggressive behaviour, from the street drinking population in this area. I have been subject to drink related aggression twice over the past few years, once by drunk students and once by a begging street drinker. The granting of this application will further exacerbate drink related public nuisance of this kind. 3. The proposed store appears to be proposing longer hours than the current licence holder. Again this can only make the current situation worse.

As a nearby resident to Mill Rd I am very concerned at the prospect of another alcohol outlet. As a female one feels quite vulnerable already walking along Mill Rd at night. This license also has the potential to encourage more crime in the area, which already has a high crime rate and certainly could create a more general public nuisance. I sincerely hope this license, which is unecessary bearing in mind all the pubs in the area, will not be granted. Thank you for reading this.

I'm writing to comment about Sainsbury's application for an alcohol licence for 78-80 Mill Road. This is a bad idea. There are lots of street drinkers in this area, who congregate all along Mill Road from outside the Co-op on Catharine Street, to the bus stop at the other end opposite the swimming pool. Providing more opportunities for them to purchase alcohol will not help them. It might also lead to an unwelcome return of aggressive behaviour which there has been in the past.

Subject: Sainsburys licence application for current Mace store in Mill Road

Dear Licensing

I wouldn't usually write but the application from Sainsburys for a licence to sell alcohol from 7am to 11pm on Mill Road, Cambridge has moved me to contact you and ask you to turn down this application.

I would mention the following:

- 16 hours a day, 7 days a week, is an extraordinarily large number of hours selling alcohol
- You will be aware that Mill Road has a long running and ongoing issue with anti social behaviour that is almost entirely fuelled by excess alcohol consumption. This has been a long running local issue that all the Councillors in the area have written at length on and has been a consistent issue at elections for good reason - because it is a real issue for all of us living here
- Lately the situation has improved, partly because shops on Mill Road have become more responsible about alcohol sales - this would take us backwards and also be unfair on smaller businesses trying to be responsible
- This is not the same as out of town supermarket sales. Small shops on a street like this which sell alcohol tend to act as a magnet for people who are looking to purchase alcohol only and drink it at any hour of the day, leading to anti social behaviour
- Mill Road is a cumulative impact zone and this would significantly increase the cumulative impact on anti social behaviour in this largely residential neighbourhood

Please therefore turn down this application.

Thank you and kind regards

Martin Pierce

We are all extremely worried and against a) another large supermarket chain and b) the alcohol license with rediculously long hours. Mill Road does NOT need a SAINSBURY's nor more booze shops. We already have our fair share of drunk and disorderly behaviour and drop-outs. THANK YOU FOR TURNING THIS APPLICATION DOWN.

I strongly urge you not to agree to the alcohol licence for the Mill Road Sainsbury's. Mill Road and the streets nearby are already adversely affected by people who are drunk during the day and more particularly right throughout the night, making a great deal of noise and sometimes acting in an intimidating way as well as putting themselves in danger by a busy road and adversely affecting their health. I am proud that Mill Road provides help and support for many of these people (e.g. Jimmy's, Salvation Army) but their good work will be undermined by access to alcohol at Sainsbury's from 7 in the morning to late at night. There are more than enough providers of alcohol in the road, most of which (not all) work together to try to reduce anti-social behaviour resulting from over-drinking. Sainsbury's cannot help this problem and is likely to make it much worse. No more alcohol to be sold in Mill Road please!

The address for Sainsbury's on Mill Road is a short walk from Highsett, and in spite of a gate on Hills Road (put there to discourage antisocial use) it is still used as a short cut, with experience of inebriated people coming through and using the gardens and secluded places for antisocial purposes. I feel that an alcohol licence as requested is liable to increase the problem and should not be allowed.

I am concerned that Sainsbury's have shown no recognition in their application of the fact that Mill Road is a Cumulative Impact Zone. If they want such long open hours selling alcohol then at a minimum they should have to show how they would mitigate the effect of what they are asking for and of what they would sell. They have not committed to minimum prices or to having a limit on the strength of some alcohol types, for example. Not only are the specifics disappointing, I think they show that Sainsbury's do not understand the area they are moving into and have not been responsive to the concerns which lead to the establishment of the Cumulative Impact Zone in the first place. I therefore object to this license being granted to the company.
