1. Introduction

This quarterly report provides an overview of City Council Refuse and Environment and Streets and Open Spaces service activity relating to the geographical area served by the East Area Committee. The report identifies the reactive and proactive service actions undertaken in the previous quarter, including the requested priority targets and reports back on the recommended issues and associated actions to be targeted in the following. It also includes key officer contacts for the reporting of waste and refuse and public realm issues.

2. Target setting and recommendations

All those at Committee have an opportunity to suggest issues that they would like to see tackled in the neighbourhood area during the upcoming quarter to help shape the activity to be undertaken within the public realm.

Following suggestions that are received the relevant teams will consider the suggestions, and will prioritise work, responding reactively where appropriate and programming some work for the future. All suggested targets will be reported back on in the following quarter to update members and the public on the status of the issue. Recommendations will also be presented to the committee for consideration and to aid discussion.

Recommendations

The following are suggestions for members on what action could be considered for priority within the East Area for the quarter of July to September 2015.

Continuing priorities¹

1. Enforcement patrols to tackle fly-tipping *The Broadway and at Ekin Road*
2. Early morning patrols for dog fouling at the following locations:
 - Romsey Recreation Ground
 - Petersfield Recreation Ground
 - Cannon Green
 - St Thomas's Square and Road

7. Patrols to deal with illegal camping at Barnwell East and West nature reserves.
8. Cleansing around bench and surrounding area at Cavendish Road / Mill Road junction.

¹ Amendments to continuing priorities are shown in italics

Members are recommended to endorse the above recommendations or to make proposed amendments, and in doing so to consider the community intelligence questions below to help shape the public realm work.

Community intelligence questions

1. What activities should be considered as part of ward blitzes?
2. What geographical locations would benefit from targeted work? (including public realm enforcement activity and clean-up work by the community payback)
3. What locations for new and replacement general waste, recycling and dog bins (in line with resources available) should be considered?
4. Where and when the dog warden service should patrol in order to target dog fouling?.

3. Routine activity

Streets and Open Spaces teams work closely with residents, community and campaign groups to keep Cambridge clean, green and safe. Street cleansing works to clear shop fronts and maintain all residential streets to a good standard of cleaning by sweeping them regularly. The team empties litterbins and dog bins across the city parks and open spaces, as well as removing graffiti and clearing needles and fly tipping.

The grounds maintenance team maintains all council housing and highway grass and shrub beds across the city, and carries out the maintenance of the city's cemeteries and crematoriums as well as the maintenance of all parks across the city. The City Rangers team provide a street-level, face-to-face contact point for people to raise any cleanliness and public safety issues that they might have concerning their neighbourhood.

The dog warden patrols within Cambridge to increase people's awareness of the requirement to clear up after their pets, as well as collecting stray dogs within the city and works alongside animal charities to deliver educational roadshows. Investigation of instances of environmental crime in public places across the city is carried out by the public realm enforcement team. As well as undertaking enforcement action where necessary, the team provide advice for residents and businesses on issues including fly tipping, litter, waste, illegal advertising, abandoned shopping trolleys, verge parking and abandoned, untaxed and nuisance vehicles.

4. 'Ward Blitz' activity

The City Council has embarked on a campaign of monthly 'ward blitzes' across the City, involving the Council's City Rangers, Rapid Response, Public Realm Enforcement and Street Cleansing teams. These teams will undertake coordinated public realm maintenance, enforcement and educational action, targeting one ward every month in rotation. Working within existing budgets, this action is additional to the routine, day-to-day, work undertaken by these services.

In the East Area, the first ward blitz programme took place in Abbey during December 2014 and will have included a combination of the following actions:

- Deep cleansing of channels
- Cleansing of litter and dog bins
- Cleansing of signage
- Cleansing of recycling centres
- Increased dog warden presence
- Increased public realm enforcement presence
- Joint working with Cambridgeshire Fire and Rescue, and Cambridgeshire Police

- Free dog microchipping event
- Proactive inspections by pest control in known hotspots

The results of the Abbey ward blitz were included in the previous report; results of the Coleridge ward blitz are included in the appendices of this report. Future ward blitzes for the East Area are scheduled for Petersfield in August 2015 and Romsey in December 2015.
