

1. Title of strategy, policy, plan, project, contract or major change to your service:

The public sector has had, and continues to have, a very challenging time as the government implements austerity plans to reduce the national debt. Local government has seen its central government grant cut by around 40%, which has meant that many Councils have had to stop providing most, if not all, of their discretionary services such as community development, sports and arts services and voluntary sector support. Whilst there are signs that the national economic climate may be improving, there are clearly still many difficult years ahead for local government with further budget reductions from central government and increasing demands for statutory services.

Cambridge City Council has worked hard to try and reduce the costs of its services through efficiencies, sharing resources with partner authorities and outsourcing some services to private or not for profit organisations where this has proved cheaper and where quality can be maintained.

As part of this, Cambridge City Council is reviewing the following internal services – Building Control, Legal and Information Technology. This is an EQIA for the three decisions to be considered at the [Council's Strategy and Resources Scrutiny Committee on 13 July](#).

1. The rationale for the establishment of a Building Control Shared Service (BCSS) between Cambridge City Council (CCC), South Cambridgeshire District Council (SCDC) and Huntingdonshire District Council (HDC) is that it will enable each local authority to undertake its statutory duty in implementing and enforcing the building regulations in their area, whilst providing a more sustainable and resilient business model for future service delivery and cost effectiveness. It will enable the development of a five year business plan to generate additional income and create efficiencies which will support enhanced competitiveness in a commercial market.
2. The rationale for the establishment of a shared legal service between CCC, SCDC and HDC is that it will enable a reduction in the externalisation of legal work through the broader sharing of legal capability, increase output from lawyers by managing non-lawyer work away from them, create a single point for commissioning legal services to improve value for money from the process of externalising legal work, increase the opportunity for income generation by offering legal services to public and voluntary sector bodies, and improve staff recruitment, retention and development.
3. The rationale for the establishment of an ICT Shared Service (ICTSS) between CCC, SCDC and HDC is that it will enable the creation of a shared Applications Systems and technical infrastructure to facilitate wider shared service delivery for all Council Services creation of a shared, reduce overall IT cost, increase resilience and capacity and improve staff recruitment, retention and development.

At the moment, it is intended to carry out one Equality Impact Assessment (EqIA) for the three decisions as, although the services themselves are quite different, the impact of the changes if approved, will be largely equivalent in equalities terms for the staff affected and for the community.

2. What is the objective or purpose of your strategy, policy, plan, project, contract or major change to your service?

- For building control there is unlikely to be any positive or negative effect

(j) Other factors that may lead to inequality – in particular – please consider the impact of any changes on low income groups or those experiencing the impacts of poverty (please state):

In the case of each service, the effects are primarily on staff rather than the community.

However, the overall aim of creating shared services is to preserve or enhance the existing service and increase its resilience for the future while reducing unnecessary costs.

This focus on an improved service, with reduced costs, will enable the Council to ensure that its resources are preserved and diverted to those who need it most in line with its anti-poverty strategy.

In the case of legal shared services there may be an opportunity to offer low cost legal advice to public or voluntary sector bodies which may be of general benefit in this context.
