

**Are you a Cambridge business looking to grow greener?  
Access funding to become more eco-friendly and save money!**

For the first time ever, not-for-profit organisation Investors in the Environment (iE) Consultancy is working together with Cambridge City Council to offer eligible businesses in the city the opportunity to receive up to £750 in match funding to improve their eco credentials and save over £90,000 for the year.

iE Consultancy has over 15 years' experience in helping clients reduce their environmental impacts and increase profits. The organisation delivers high quality environmental consultancy services and works alongside its clients to help them deliver their green goals.

The organisation is now offering 15 eligible businesses the opportunity to receive up to £750 in match funding to help improve their eco credentials. Businesses will have the chance to use the full hub of iE Consultancy's services, which include Environmental Management System support, resource efficiency auditing, feasibility studies and support and advice for project financing and grant funding.

Kim Coley, Commercial Executive explains: "The project enables businesses to not only gain better environmental credentials, but it also acts as a cost saving scheme that is tailored to the needs of your business. Don't miss taking advantage of this great offer – in the last year alone we have saved businesses a total of £300,000!"

Whether you are looking to progress your eco status, provide environmental training for staff or simply cut costs, this project is suited to your business needs. Plus if your company uses iE Consultancy services, you can receive half price Investors in the Environment membership to gain accreditation and a recognised eco stamp of approval to promote your green credentials.
