**Single Equality Scheme  
2015 – 2018**

**Year One Review  
July 2016**

## Introduction

The Council carries out a wide range of work that helps challenge discrimination, advance equality of opportunity and promote good relations between different communities. Cambridge City Council's Single Equality Scheme sets out our objectives in relation to equalities and diversity for 2015-2018.

This review does not seek to capture everything we do in relation to equality and diversity. Instead it:

- Highlights some of our key achievements during the year which have contributed to progress towards our equalities objectives.
- Reports on progress against the specific actions we identified for the first year of our Single Equality Scheme (2015/16)
- Sets out some actions for the second year of the Single Equality Scheme (2015-16) that will further help us achieve these objectives.

## What have we achieved during 2015-16?

In our Single Equality Scheme, we identified a number of actions for completion during 2015/16 that would help the Council make progress towards achieving its five equalities objectives. Details of all the actions and the progress we have made in delivering them are set out in the tables below:

### **Objective 1 – To further increase our understanding of the needs of Cambridge's growing and increasingly diverse communities so that we can target our services effectively**

<b>In the first year of the plan (2015/16) we aimed to:</b>	<b>In the first year we:</b>
Use evidence gathered as part of the recent Grants Review to provide a fuller profile for who is in most need in Cambridge	The Grants Review was completed by July 2014 ready for the launch of applications in August 2014. The evidence gathered through the review informed the new funding objectives for the grants, which included helping residents in most need (including those on low incomes) and removing barriers related to disability, gender, ethnicity, and sexual orientation.
Using the approach adopted by the LGBTQ needs assessment, work with voluntary and community groups to conduct similar needs assessments for	Building on the model used for the LGBTQ needs assessment carried out in 2014/15, four surveys were carried out in 2015/16 focussing on: women; men on low incomes; people with disabilities; and BAME and faith communities. A total of 766

<p>women, men on low incomes, people with disabilities, and BAME/faith communities</p>	<p>survey questionnaires were completed across these four groups. Analysis of the findings of these surveys has been delayed, due to internal capacity issues. The Council will commission a partner organisation to analyse the results of the surveys and the findings will be used to inform Council service development and delivery.</p>
<p>Improve information available on the housing needs of people with disabilities, through the Cambridge sub-regional Strategic Housing Market Assessment</p>	<p>The Council is leading on a Cambridgeshire-wide project to identify housing needs of people with disabilities. Sub-regional authorities in Suffolk are also engaged, but are pursuing their own piece of work. To date a database of existing provision is almost complete, some data has been acquired from Cambridge County Council's adult social care services, and work is under way to develop an assessment model.</p>
<p>Explore opportunities to adopt a more participatory approach to the City Council's annual budget consultation, including securing a representative sample of the Cambridge population</p>	<p>In 2014/15, the council used a tool called YouChoose to carry out its budget consultation. As part of this consultation, residents were asked to say how they would increase or decrease the budget across a range of council services, to meet the council's savings targets and set a balanced budget.</p> <p>In the YouChoose exercise, residents identified a number of services where they thought the biggest savings could be made. In 2015/16 the council held workshops with residents and businesses to explore in more detail at where savings could be made from the services picked out last year. Participants were asked to give their views on a number of costed savings proposals. The workshop participants were recruited to reflect the demographics of the Cambridge population.</p>
<p>Analyse the results of the 2014 STAR City Council tenant satisfaction survey to identify groups with lower levels of satisfaction with services and target improvements for them</p>	<p>The 2014 tenant satisfaction survey was published in July 2014. Analysis of the survey results was used to identify groups with lower levels of satisfaction with services and target improvements for them</p>

**Objective 2 - To continue to work to improve access to and take-up of Council services from all residents and communities**

<b>In the first year of the plan (2015/16) we aimed to:</b>	<b>In the first year we:</b>
<p>Deliver a series of training sessions on carrying out effective Equality Impact Assessments (EqIAs) and promote them to all services as part of the City Council's corporate Learning and Development programme</p>	<p>3 training courses on conducting effective EqIAs were scheduled during 2015/16. All three sessions were cancelled due to low numbers of bookings from staff. The course was communicated well in advance along with other training events. During 2016/17 officers will promote EqIA training to those Council services that seek the most support when completing EqIAs.</p>
<p>Organise an annual briefing session for Councillors on equalities issues as part of the corporate programme of member briefings</p>	<p>A briefing session for Councillors was organised for 9 September 2015 as part of the corporate programme of member briefings. However, the briefing session was cancelled due to limited interest from Councillors. A detailed written briefing on equalities issues was circulated to all Councillors, and we will continue to explore alternative methods of engaging Councillors in equalities issues.</p>
<p>Ensure that all new starters understand the importance of equality and diversity, and that staff are able to further their understanding as part of their ongoing development, e.g. through the disability awareness course in the corporate learning and development programme</p>	<p>The Council continued to provide a dedicated induction session on equality and diversity, which was attended by a total of 74 staff during the course of 2015/16. A number of other training courses were provided on specific equality and diversity issues including:</p> <ul style="list-style-type: none"> <li>• Disability awareness training course, which was attended by 11 staff</li> <li>• Mental health first aid training course, which was attended by 11 staff</li> <li>• Transgender awareness training course, which was attended by 90 staff across a number of sessions.</li> </ul>
<p>Procure a new corporate interpreting and translation contract in collaboration with neighbouring councils and monitor the contract effectively to ensure that interpreters meet</p>	<p>The Council worked with Cambridgeshire County Council to shape a new framework contract with a number of providers of interpreting and translation services. Council services are now able to use a number of different service providers that are on the framework contract. The Corporate Strategy</p>

In the first year of the plan (2015/16) we aimed to:	In the first year we:
the needs of customers and Council services	service is actively managing the contract to ensure that the Council and its customers receive a high standard of service.
Support residents to access digital services provided by the City Council and other organisations and businesses by enabling residents to access the internet and develop their digital skills.	<p>Using funding from the Council's Sharing Prosperity Fund, a Digital Inclusion Fund was created in 2015/16. A total of £15,000 was allocated to 4 projects:</p> <ul style="list-style-type: none"> <li>• City Homes delivered a series of 5 12-week training course for 34 Council tenants at Browns Field Community Centre, Ross Street Community Centre, The Meadows Community Centre and Rock Road Library.</li> <li>• Camsight provided a package of advice, assessment, training in basic digital skills and ongoing technical support to 28 visually impaired Cambridge residents.</li> <li>• Cambridge Housing Society (CHS) was awarded funding to: develop the specialist IT skills of CHS support staff to enable their clients to get online and practise their digital skills; and work with volunteers from Lloyds bank to support digitally excluded older people living in CHS housing.</li> <li>• Cambridge Online was awarded funding to set up and run Digital Inclusion "Clubs" in various City locations.</li> </ul>

**Objective 3 - To work towards a situation where all residents have equal access to public activities and spaces in Cambridge and are able to participate fully in the community**

In the first year of the plan (2015/16) we aimed to:	In the first year we:
Conduct a review of accessibility of Cambridge City Centre for people with disabilities, older people and others with mobility issues, including advertising boards and street cafes blocking	The Cambridge City Centre Accessibility Study was completed and presented to the Council's Community Service Committee in March 2016. The review provides a baseline assessment of current accessibility issues in and around the city centre. Key issues included obstructions on streets in the city centre and issues with the

An action plan was subsequently developed by Council officers and approved at Community Service Committee in July 2015. A number of actions have been progressed to date including:</p> <ul style="list-style-type: none"> <li>• Drafting an ‘A board’ policy and carrying out an audit of ‘A boards’ in the city centre.</li> <li>• Re-orienting the on-street cycle parking stands in Sidney Street outside Sainsbury’s store so that they can be easily accessed from the carriageway side, rather than the footway.</li> <li>• Collecting over 1500 abandoned and derelict cycles and carrying out an operation to remove unused cycle locks, which can be a trip hazard.</li> <li>• Developing an online reporting procedure for abandoned bicycles to speed up the notification process.</li> </ul>
<p>Work with taxi trade representatives to develop and promote a Disabled Access policy for taxis in Cambridge, which will ensure a reliable service for customers who require wheelchair accessible taxis. The policy will address a range of identified issues including: tackling drivers who refuse to accept disabled passengers; vehicle standards; and training needs of taxi drivers on using ramps and safe accommodation of wheelchairs in taxis.</p>	<p>The Council is currently reviewing the full taxi policy, including the disabled access element. A demand survey was carried out in 2013 which identified issues around the behaviour and attitude of some taxi drivers towards disabled passengers. Since then, we have met with taxi drivers through the taxi forum and engaged with disabled groups.</p> <p>The full taxi policy is going to the Council’s Licensing Committee in July 2016 for permission to carry out consultation, including on the disabled access element. The final policy will then go to Licensing Committee in October 2016, taking account of the consultation responses. The new policy will focus on training and awareness on disability issues as part of mandatory safeguarding training for all taxi drivers.</p>
<p>Ensure that the diversion of footpaths and creation of alternative routes on Parkers Piece during the redevelopment of the University Arms Hotel</p>	<p>The redevelopment of the University Arms Hotel on Regent Street in Cambridge commenced in the summer of 2015. The construction contractor was granted a temporary license by the Council to occupy a small section of Parker’s Piece,</p>

A temporary accessible foot and cycle path was constructed around the perimeter of the site on Parker's Piece to ensure that the construction works do not restrict public access, including for people with disabilities, older people, and others with mobility issues.</p>
<p>Respond to the National Accessible Britain Challenge, which aims to engage and work with disabled people to remove barriers that can prevent them being full and active contributors in their community.</p>	<p>The Council submitted examples of its work on disability and accessibility issues to the Department for Work and Pensions for inclusion in a list of good practice case studies for the Accessible Britain Challenge in 2015.</p> <p>The Council has also signed the Cambridgeshire and Peterborough Mental Health Crisis Concordat, which supports the national Mental Health Crisis Concordat. As part of the scheme, the Council has identified two Councillors as Mental Health Champions (Councillor Lewis Herbert and Councillor Gerri Bird).</p>
<p>Work with Citizen's Advice Bureau to develop a pilot project at East Barnwell Medical Practice to provide advice sessions, including a focus on mental health issues due to low</p>	<p>£25,000 was allocated from the Sharing Prosperity Fund for a pilot outreach project during 2015/16. Continue to monitor the profile of the workforce, recruitment, and training attendance by equality group and report annually to the Equalities Panel	The Equality in Employment report was produced and presented to the Equalities Panel in June 2015. Deliver an apprenticeship programme, which will increase the number of apprenticeship opportunities in City Council services	The Council's apprenticeship programme was progressed during 2015/16. We currently have 7 apprentices in post and are scheduled to recruit a further 8 apprentices in 2016/17. It took longer than anticipated to set up apprenticeship arrangements, which delayed the first appointments, so it is expected that the programme will now be completed by 2018. We are also currently preparing for the implications of introduction of the national Apprenticeship Levy from April 2017.
Review the Council's Procurement Guide for officers on 'Equalities, Social Value and the Living Wage' and update it to reflect any relevant changes in equalities or procurement legislation and guidance	The Council's Procurement Guide for officers on 'Equalities, Social Value and the Living Wage' has been reviewed and three separate guides on 'Equalities', 'Social Value' and the 'Living Wage' have been published on the intranet for staff carrying out procurements to refer to. The Equalities guide has been updated to reflect relevant changes in equalities or procurement legislation and guidance.
As part of a wider audit of the Council's contract management processes, audit a sample of contracts to determine whether equalities considerations are being monitored effectively by contract managers	The audit of the Council's contract management processes is currently underway. The audit is likely to be concluded and reported on in summer 2016, including an assessment of whether equalities considerations are being monitored effectively by contract managers.

**What actions do we intend to carry out in year two of the Single Equality Scheme?**

We have identified a number of actions for the second year (2016/17) of the Council’s Single Equality Scheme. These actions will help us to achieve the six equality and diversity objectives identified in the Scheme. Some of these actions pursue the same themes as those identified for 2015/16, while other actions are new, or build on our learning during the first two years of the scheme.

**Objective 1 - To further increase our understanding of the needs of Cambridge’s growing and increasingly diverse communities so that we can target our services effectively**

To achieve this over the next three years we will	In the second year of the plan (2016/17) we will	The service(s) that will lead on this is
1.1 Develop an equalities evidence base to inform the planning and delivery of Council services and improve monitoring of outcomes from projects and service delivery	Commission a partner organisation to analyse the results of needs assessments of women, men on low incomes, people with disabilities, and BAME/faith communities, and disseminate findings to services so that they can be used to inform service planning	Community, Arts and Recreation, Corporate Strategy
	Continue to lead the Cambridgeshire-wide project to increase information available on the housing needs of people with disabilities	Strategic Housing
	Work with developing Equalities and Diversity Network to collect data, develop a robust evidence base of existing community provision, and identify where there are gaps and oversupply in provision.
