ELIGIBILITY CRITERIA

As agreed by the Executive Councillor (Environment) on the 18th March 2003 with amendments agreed on the 22nd March 2005.

Essential Criteria:

- Schemes should have a direct, lasting and noticeable improvement to the appearance of a street or area.
- Schemes should be publicly visible and accessible.
- Should the scheme be on private land, the owners' permission must be granted unless there are exceptional circumstances by which the Area Committee may wish to act unilaterally, with full knowledge and responsibility for the implication of such action.
- Schemes must provide low future maintenance costs.

Desirable criteria:

- Active involvement of local people.
- The project will benefit a large number of local people.
- 'Partnership' funding.
- The potential for inclusion of employment training opportunities.
- Ease and simplicity of implementation.
- Potential for meeting key policy objectives (e.g. improving community safety or contributing to equal opportunities).

Ineligible for funding:

- Where a readily available alternative source of funding is available.
- Revenue projects.
- Schemes that have already received Council funding (unless it can be clearly demonstrated that this would not be 'top up' funding).
- Works that the City or County Council are under an immediate obligation to carry out (e.g. repair of dangerous footways)
- Play areas (S106 funding should pay for this resource)

Other Information:

The following categories of work were agreed as being eligible for funding by the Area Committees:

- Works in areas of predominately council owned housing
- Works to construct lay-bys where a comprehensive scheme can be carried out which not only relieves parking problems but achieves environmental improvements.
