# 1. Introduction

This report provides an overview of City Council Refuse and Environment and Streets and Open Spaces service activity relating to the geographical area served by the West Area Committee. The report identifies the reactive and proactive service actions undertaken in the previous year, including the requested priority targets and reports back on the recommended issues and associated actions to be targeted in the following period. It also includes key officer contacts for the reporting of waste and refuse and public realm issues.

## 2. Target setting and recommendations

All those at Committee have an opportunity to suggest issues that they would like to see tackled in the neighbourhood area during the upcoming period to help shape the activity to be undertaken within the public realm. Following suggestions that are received the relevant teams will consider the suggestions, and will prioritise work, responding reactively where appropriate and programming some work for the future. All suggested targets will be reported back on in the following period to update members and the public on the status of the issue. Recommendations will also be presented to the committee for consideration and to aid discussion.

### Recommendations

The following are suggestions for members on what action could be considered for priority within the West Area for the period of December 2016 to February 2017.

#### Continuing priorities\*

Number	Priority details
1	Enforcement and City Ranger patrols in the City Centre to address issues of illegally deposited trade waste and littering. Justification: Littering and illegal deposited waste if left un-investigated can cause ongoing issues and encourage antisocial behaviour. This priority has been included as a continuation to balance the high standard of trade waste management and litter patrols already existing in the West/Central area and to continue to build upon this work further.
2	Joint working patrols to address the issues of fly tipping at Adam and Eve Street recycling point Justification: Fly tipping at Adam and Eve Street recycling centre continues to be a problem for fly tipping figures across the West area. Enforcement and ranger work to focus on these areas will balance education and enforcement to deter this problem.

#### New suggested priorities

Number	Priority details
3	Dog warden patrols to target irresponsible dog owners on Midsummer Common Justification: In November there were three reports of intimidating or uncontrolled dogs on Midsummer Common. Dog warden patrols are planned to focus on this area at key times and to gather intelligence / speak to dog owners about the issues in the area.

---

\* Amendments to continuing priorities are shown in italics

Members are recommended to endorse the above recommendations or to make proposed amendments, and in doing so to consider the community intelligence questions below to help shape the public realm work.

### **Community intelligence questions**

1. What activities should be considered as part of ward blitzes?
2. What geographical locations would benefit from targeted work? (including public realm enforcement activity and clean-up work by the community payback)
3. What locations for new and replacement general waste, recycling and dog bins (in line with resources available) should be considered?
4. Where and when the dog warden service should patrol in order to target dog fouling?

## **3. Routine activity**

Streets and Open Spaces teams work closely with residents, community and campaign groups to keep Cambridge clean, green and safe. Street cleansing works to clear shop fronts and maintain all residential streets to a good standard of cleaning by sweeping them regularly. The team empties litterbins and dog bins across the city parks and open spaces, as well as removing graffiti and clearing needles and fly tipping.

The grounds maintenance team maintains all council housing and highway grass and shrub beds across the city, and carries out the maintenance of the city's cemeteries and crematoriums as well as the maintenance of all parks across the city. The City Rangers team provide a street-level, face-to-face contact point for people to raise any cleanliness and public safety issues that they might have concerning their neighbourhood.

The dog warden patrols within Cambridge to increase people's awareness of the requirement to clear up after their pets, as well as collecting stray dogs within the city and works alongside animal charities to deliver educational roadshows. Investigation of instances of environmental crime in public places across the city is carried out by the public realm enforcement team. As well as undertaking enforcement action where necessary, the team provide advice for residents and businesses on issues including fly tipping, litter, waste, illegal advertising, abandoned shopping trolleys, verge parking and abandoned, untaxed and nuisance vehicles.

## 4. Specific issues and actions

The following specific issues were identified for targeted action in the previous period. The following tables summarise the action undertaken and current situation, whether ongoing or completed, for each issue.

<b>Priority 1</b>	<b>Enforcement and City Ranger patrols in the City Centre to address issues of illegally deposited trade waste and littering.</b>
Action Taken	Patrols were undertaken by the public realm team to address the issues of trade waste illegally deposited and littering during the period of September 2016 – November 2016. Numerous fixed penalty notices were issued, including Fitzroy Street, New Square, Burleigh St, Bridge Street and Fisher Square. Several businesses within the city have been engaged with and have pledged to the litter voluntary code, which promotes responsible litter management. There has been numerous FPNs issued to business regarding their breach of section 47 notices (notices which set out how waste must be stored and presented for collection), a number of business in the city have been issued with notices regarding their duty of care. Officers are currently are working closely with charity shops in the city regarding fly tipping, and a number of prosecutions for dumping waste are being processed.
Current Situation:	Ongoing
<b>Priority 2</b>	<b>Joint working patrols to address the issues of fly tipping at Adam and Eve Street recycling points</b>
Action Taken	Regular inspections made at the recycling centre. This is becoming a problematic issue with fly tips at the location. A number of which have been reported and cleared with investigations carried out. Suspects have been identified and action has been and is being taken, some fixed penalty notices have been issued to suspects.
Current Situation:	Ongoing
<b>Priority 3</b>	<b>Pressure wash and cleanse of the public recycling points at Castle Park, Park Street, Adam and Eve Street and Lammas Land.</b>
Action Taken	This work is programmed in with all the other recycling points across the city and will be completed by the end of the period of November 2016.
Current Situation:	Completed

### Other issues:

<b>Issue</b>	<b>Request for Christ's Pieces railings to be painted</b>
Action Taken	This project has been agreed with the Development Team and added to the program of work for Community Payback. It is planned to undertake this work over several months during the Summer of 2016, and was started during August and September. This work is being undertaken in phases and the next section to be painted is near to the children's play area.
Current Situation:	Ongoing

## 8. Resources

The following are suggestions that members of the West Area Committee and residents and businesses may wish to consider or request for the upcoming period:

Remaining bins stocks for the city have been reallocated across all wards to ensure that bins are installed where required.

### Recycling and general street litter bins

A small quantity of recycling and general street litter bins are available for each ward, as follows:

Ward	Bins used	Bins available for installation
Castle	6	3
Market	7	2
Newnham	2	3

We would like to receive suggestions for where bins should be installed on the street and will investigate the suitability of all suggested locations. We will also be undertaking a review of where bins are currently installed to see how they are used.

Installed bin sites:

Ward	Location	Installation Date	Comments
Castle	Storey's Way (pedestrian traffic lights – junction with Huntingdon Road)	March 2015	
Castle	Howes Place (junction Huntingdon Road)	March 2015
