---

**COUNCIL OFFICE ACCOMMODATION- APPROVAL OF CAPITAL FUNDING**

A report to Strategy and Resources Committee on 3 July detailed refurbishment schemes required under the already approved Office Accommodation Strategy. It highlighted that there was a need to provide additional capital funding for Mandela House totalling £450,000 for additional work outside the original approved scheme. This will be met from General Fund reserves and the overall position will be reflected in the Medium-Term Financial Strategy reporting to the next Council meeting.

The Strategy and Resource Scrutiny Committee considered and approved the recommendations by 6 votes to 0.

**Accordingly, Council is recommended to:**

- i. Approve additional funding for the Office Accommodation Scheme of £450,000 to be met from General Fund Reserves.
