

## APPENDIX E – Summary of Responses to Proposed changes to Cumulative Impact Policy

Respondent	Summary of Comments	Consideration/appraisal	Response
Licensing Authority as a Responsible Authority	Looking further into the figures and statistics provided as part of the Police response to Review of Statement of Licensing Policy. Concluded that the levels in Romsey are above other areas in Cumulative Impact Area and CIA should remain as it is.	Comment considered.	Table provided within response gives another way that the figures can be used and deciphered. Based on the table, it suggests that the evidence is there to keep the Romsey area of Mill Road as part of the Cumulative Impact Area and for the policy to remain as it is.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Alcohol related issues in the area and new housing planned for future could also impact on this is area removed.	Comment considered.	Cumulative Impact Policies can only be based on evidence at the time and cannot take into account what might happen in the future.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. CIA is effective and has played its part in improving the situation on Mill Road. To remove the area from the CIA could see the issues return.	Comment considered.	The Cumulative Impact Policy has been a success and helped the areas within the CIA. The policy has to be regularly reviewed and the continued implementation must be based on the evidence available at that time.
Individual Respondent	The Cumulative Impact Policy is working and should continue in its current form. Situation would be reversed if Romsey area of Mill Road is removed from CIA.	Comment considered.	The Cumulative Impact Policy has been a success and helped the areas within the CIA. The policy has to be regularly reviewed and the continued implementation must be based on the evidence available at that time.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Worried about safety of children if it was removed.	Comments considered	Cumulative Impact Policies can only be based on evidence at the time and cannot take into account what might happen in the future.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Continued incidents witnessed in the area.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Still incidents in the area and removing the area from CIA would make the problems worse.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Issues	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the

	crucial part in reducing issues in the area. Needs to continue to keep the same results.		consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Is working well and if removed would be a disaster for the area.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Still an issue with street drinkers in the area and anti- social behaviour. Problem will only worsen if area removed from CIA.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Councillor	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. The reduction in alcohol related crime indicates CIA is working. Several developments planned for the area. Seating also to be added to the area, which could appeal to street drinkers.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation. Cannot take into account what might happen in the future.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Policy is working and that is why it should remain.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Still a number of issues on Mill Road. New housing planned for future could also impact on this is area removed.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation. Cannot take into account what might happen in the future.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Maybe look to remove the stretch of Mill Road from Coleridge Road to Brookfields and then monitor to see the impact.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation. Consultation was carried out for Romsey area of Mill Road. To split the area further would need further evidence and possibly another consultation.

## APPENDIX E – Summary of Responses to Proposed changes to Cumulative Impact Policy

Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Has worked well and made the area vibrant and safe. If removed, danger this would be reversed. New housing planned for future could also impact on this is area removed.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation. Cannot take into account what might happen in the future.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Area has benefitted from being in CIA. Still issues with street drinking on Mill Road and the removal of the area from CIA could make this worse.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Rather than removing Romsey area of Mill Road from Cumulative Impact Policy, extra areas should be added to incorporate side streets from East Road to the Railway Bridge on Mill Road.	Comments considered	Evidence would need to be provided that these areas should be included within the Cumulative Impact Policy and a further consultation carried out.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Also Mill Road is one road, shouldn't be split into two due to differing wards. Has shown to be working, removing it would put this at risk.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. CIA is the reason that figures have improved.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Individual Respondent	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. Would return to previous levels of incident and anti-social behaviour.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation.
Councillor	Romsey area of Mill Road should remain as part of Cumulative Impact Policy. The reduction in alcohol related crime indicates CIA is working. Several developments planned for the area. Seating also to be added to the area, which could appeal to street drinkers.	Comments considered	Decision will be taken based on the current evidence provided and comments made in response to the consultation. Cannot take into account what might happen in the future.
