1. Introduction

This report provides an overview of City Council Refuse and Environment and Streets and Open Spaces service activity relating to the geographical area served by the South Area Committee. The report identifies the reactive and proactive service actions undertaken in the previous year, including the requested priority targets and reports back on the recommended issues and associated actions to be targeted in the following period. It also includes key officer contacts for the reporting of waste and refuse and public realm issues.

2. Target setting and recommendations

All those at Committee have an opportunity to suggest issues that they would like to see tackled in the neighbourhood area during the upcoming period to help shape the activity to be undertaken within the public realm. Following suggestions that are received the relevant teams will consider the suggestions, and will prioritise work, responding reactively where appropriate and programming some work for the future. All suggested targets will be reported back on in the following period to update members and the public on the status of the issue. Recommendations will also be presented to the committee for consideration and to aid discussion.

Recommendations

The following are suggestions for members on what action could be considered for priority within the South Area for the upcoming period.

Continuing priorities¹

Number	Priority details
1	Early morning, daytime and weekend patrols for dog fouling on Cherry Hinton Recreation Ground, <i>Trumpington Recreation Ground</i> and Cherry Hinton Hall.
2	Enforcement targeted approach to areas where Addenbrookes site joins residential areas such as Hills Road and Red Cross Lane and to work with Addenbrookes to work towards the bus station area being cleaned up.
3	Enforcement to work with the County Council, against utilities and companies that damage the verge on Mowbray and Fendon Road.
4	Enforcement joint working and patrols to deal with littering from students of Long Road Sixth Form in the areas of Long Road and Sedley Taylor Road.
5	Enforcement patrols to deal with litter, abandoned vehicles and fly tipping in and around Teversham Drift
6	Enforcement action to deal with bins left on pavements in Anstey Way.
7	Enforcement patrols to tackle fly tipping at the Anstey Way recycling centre

Members are recommended to endorse the above recommendations or to make proposed amendments, and in doing so to consider the following community intelligence questions to help shape the public realm work.

Community intelligence questions

1. What activities should be considered as part of ward blitzes?
2. What geographical locations would benefit from targeted work? (including public realm enforcement activity and clean-up work by the community payback)
3. What locations for new and replacement general waste, recycling and dog bins (in line with resources available) should be considered?
4. Where and when the dog warden service should patrol in order to target dog fouling?

¹ Amendments to continuing priorities are shown in italics

3. Routine activity

Streets and Open Spaces teams work closely with residents, community and campaign groups to keep Cambridge clean, green and safe. Street cleansing works to clear shop fronts and maintain all residential streets to a good standard of cleaning by sweeping them regularly. The team empties litterbins and dog bins across the city parks and open spaces, as well as removing graffiti and clearing needles and fly tipping.

The grounds maintenance team maintains all council housing and highway grass and shrub beds across the city, and carries out the maintenance of the city's cemeteries and crematoriums as well as the maintenance of all parks across the city. The City Rangers team provide a street-level, face-to-face contact point for people to raise any cleanliness and public safety issues that they might have concerning their neighbourhood.

The dog warden patrols within Cambridge to increase people's awareness of the requirement to clear up after their pets, as well as collecting stray dogs within the city and works alongside animal charities to deliver educational roadshows. Investigation of instances of environmental crime in public places across the city is carried out by the public realm enforcement team. As well as undertaking enforcement action where necessary, the team provide advice for residents and businesses on issues including fly tipping, litter, waste, illegal advertising, abandoned shopping trolleys, verge parking and abandoned, untaxed and nuisance vehicles.

4. Specific issues and actions: Previous period

The following specific issues were identified for targeted action in the previous period. The following tables summarise the action undertaken and current situation, whether ongoing or completed, for each issue.

Priority 1	Early morning, daytime and weekend patrols for dog fouling on Nightingale Avenue Recreation Ground, Cherry Hinton Recreation Ground and Cherry Hinton Hall.
Action Taken	Dog Warden patrols have been conducted by the dog wardens to address the issues of dog fouling at the above locations, patrols times totalled 18 hours. Educational advice, verbal warnings and dog bags have been provided to a number of dog walkers seen at these locations during early mornings, daytimes and at weekends.
Current Situation:	Ongoing
Priority 2	Enforcement targeted approach to areas where Addenbrookes site joins residential areas such as Hills Road and Red Cross Lane and to work with Addenbrookes to work towards the bus station area being cleaned up.
Action Taken	Patrols have been carried out on a regular basis of at least one day a week. The officer has conducted 18 hours of educational and littering patrols. Officers have handed out pocket ashtrays and ensuring that the smoking areas and bins are kept clear of cigarette butts, and issued 1 fixed penalty notices to those caught littering. 1 successful prosecution
Current Situation:	Ongoing
Priority 3	Enforcement to work with the County Council, against utilities and companies that damage the verge on Mowbray and Fendon Road.
Action Taken	18 Warning letters have been sent out in this period.
Current Situation:	Ongoing

Priority 4	Trumping Rec
Action Taken	Officers have spent approximately 18 hrs of patrols, given out dog poo bags, education and advice, Officers have found that in the past 4 months there has been a vast improvement with dog fouling issues
Current Situation:	Ongoing
Priority 5	Enforcement joint working and patrols to deal with littering from students of Long Road Sixth Form in the areas of Long Road and Sedley Taylor Road.
Action Taken	Officer visited Long Road sixth form at the beginning of 2018 and gave an educational pack and discussed littering issues, the law and subsequent penalties. However, as most of the students are under18 and therefore cannot be issued with fixed penalties. Officer has spent approximately 2 hours a month patrolling the area and chatting to students, giving out pocket ashtrays and advice. Officer has noticed in the past 4 months the area where students congregate is much cleaner. Officer has spent approximately 12hrs
Current Situation:	Ongoing
Priority 6	Enforcement patrols to deal with litter, abandoned vehicles and fly tipping in and around Teversham Drift.
Action Taken	5 hours of patrols were carried out, 3 case of flytipping investigated (no evidence found).
Current Situation:	Ongoing
Priority 7	Action to deal with bins left on pavements in Anstey Way & recycling centre
Action Taken	Officer has talked to the residents about the bins it's very difficult as there is such a small space for them to be stored but all tenants in the flats are happy to adhere to keeping them in the designated space but there has been issues with children at night dragging the bins around, Officer is monitoring this when they are inspecting the recycling centre. Mail shot was sent to the flats at the beginning of the year regarding littering. Officer has spent approximately 20 hrs inspecting the site. Although there has been an improvement, there are still issues with flytipping but no evidence; it tends to be bigger items. Issues with tyres being dumped at the recycling point and spoke to the bike shop, no further problems.
Current Situation:	Ongoing

Trumpington	Brooklands Avenue (by Hobsons Conduit)	June 2015

Pocket ashtray distribution

Locations of where pocket ashtrays should be distributed from are welcomed by the Public Realm Enforcement team.

Dog fouling signs

Small quantities of 'no dog fouling' signs are available for each ward, as follows:

Ward	Signs used	Signs available for installation
Cherry Hinton	0	13
Queen Edith's	0	13
Trumpington	0	13

Proactive and community work

During the period December 2017 to May 2018 the following community and Ranger work has been undertaken in the South of the City.

Community Payback

Between December and May the City Ranger has completed 12 projects/jobs with the support of Community Payback teams.

These include:

- Edging paths at Wulfstan Way
- Clean up at Walpole Road
- Digging over beds at the Burnside Allotments
- Litter pick and tidy of the alleyways at Teversham Drift
- Cutting back the verge at the Trumpington Allotments as well as a litter pick and tidy of the area
- Hanover and Princess Court had gully's cleaned and various gardening work including moving soil conditioner and shrubs
- Snakey Path clearing
- Nightingale Community Gardens – various gardening support
- And day to day Ranger Support

Upcoming Community clean-up day

Planning and organising has started for this year's Community Action Day which will be taking place in September being supported by the Cherry Hinton F.o.G... Area Rangers, Volunteers, Recycling Champions and Community Payback.

Skips will be provided for local residents to get rid of their bulky waste and we also make collections of waste for elderly or residents who require our assistance.

There will be a Bring and Take it stand which always proves to be a great success along with various information stalls run by local groups.

Information posters will be distributed nearer the time.

East Cambridge Lakes Public Open Days

Following the success of the first Open Day on 11 March, where we had 1000 visitors who enjoyed a stroll around the flooded chalk pits between Romsey and Cherry Hinton and explored this quiet urban oasis, we are currently planning to have open days on a monthly basis with the next opening day happening on Sunday 11 June.

We have had an amazing response from local residents volunteering to become Marshals to support these open days and are looking at ways to improve the experience for both volunteers and visitors.

East Cambridge Lakes
Public Open Day,

11th March 2018

between 10 a.m. and 3 p.m.

**Please be aware that there is no parking on
site or adjacent residential streets**

**Access is via the gate at the end of
Burnside and Snaky Path.**

No Dogs please.

Confirmed dates and information for upcoming opening days will be available shortly.
