AMENDED COPY

P Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e) (please read guidance note 9)

Staff are fully trained to ensure that the premises provides a safe environment for all that frequent, those who pass by or live in the surrounding area. By promoting responsible drinking and conscientious checking of ages and sobriety of the customers one would hope that the licensing objectives can be achieved. Staff and management will not tolerate underage drinking, violence, racism or drug use / selling, and all of these will be reported to police without exception. All areas of the premises will be fully supervised and any spillage of breakage will be cleared away immediately. The business will become part of the Pubwatch scheme and also join up to the Cambac radio link system. The property will also have CCTV installed. There will be a camera on the front of the property, to compliment the City's camera directly opposite the property. We will also install a camera inside the property along with an additional camera covering the rear courtyard, therefore covering all areas of the premises.

b) The prevention of crime and disorder

All staff are fully trained in effective and responsible management and will be BII house members or greater. Although pubs on King Street do not tend to operate a Pub watch scheme, staff will notify other bars of troublesome patrons and the staff from other bars do the same. The staff operate a 100% zero tolerance to drugs and the use of drugs anyone caught will be reported to the police without exception and the other licensed premises on King Street will also be notified. Such patrons will be barred permanently from the premises. The bar layout does not provide secluded areas in which this could take place with out detection by staff. Patrons that appear drunk will not be served alcohol but water will always be available. Staff will not operate any promotional drinking schemes or permit the consumption of alcohol in competition. During opening hours the exterior of the premises will be illuminated by sign lighting and also street lighting. The bar operates reasonable opening hours, and any patrons that appear to be under age will be required to provide an accredited form of identification prior to being served. Alcohol will not be provided for take away unless in sealed containers and glass will be only allowed inside the premises.
