

## Cambridge City Council Equality Impact Assessment (EqIA)

This tool helps the Council ensure that we fulfil legal obligations of the [Public Sector Equality Duty](#) to have due regard to the need to –

- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

Guidance on how to complete this tool can be found on the Cambridge City Council intranet. For specific questions on the tool email Helen Crowther, Equality and Anti-Poverty Officer at [equalities@cambridge.gov.uk](mailto:equalities@cambridge.gov.uk) or phone 01223 457046. Once you have drafted the EqIA please send this to [equalities@cambridge.gov.uk](mailto:equalities@cambridge.gov.uk) for checking. For advice on consulting on equality impacts, please contact Graham Saint, Strategy Officer, ([graham.saint@cambridge.gov.uk](mailto:graham.saint@cambridge.gov.uk) or 01223 457044).

<b>3. What is the objective or purpose of your strategy, policy, plan, project, contract or major change to your service?</b>

New powers to protect the environment that have come into force under [The Environmental Protection \(Miscellaneous Amendment\)\(England and Wales\) Regulations 2018](#) which amend [section 34 of the Environmental Protection Act 1990](#).

The Regulations give new powers to local authorities to deal with household waste duty of care through the issuing of FPNs. These new powers give local authorities a more efficient and proportionate response to breach of household waste duty of care instead of enforcement solely by prosecution. The intention is that the fixed penalties will act as a deterrent to offenders; and local authorities using them should see a decrease in the number of fly tipping incidents and the number of prosecutions for breach of household waste duty of care.

In June 2016, FPNs were introduced by the City Council, as an alternative to prosecution, for small scale fly tipping as an alternative to prosecution, diverting these cases away from the Magistrates and Crown courts. In accordance with the City Council's June, 2016, decision to adopt the FPN upper limit level for small scale fly tipping and the July 2018 decision to adopt the FPN upper limit for littering, it is proposed that the City Council also adopt the upper limit charge level for household waste duty of care offences as detailed in the paper.

The council is seeking to use the maximum £400 fixed penalty notice level and to give a discount of £240 for early payment provided payments are made within 10 days (the process in line with all other council issued fixed penalty notices).

FPN's are an effective and visible way of dealing with low level environmental crime and will be supported by the public provided they are used sensibly, enforced even hand and are seen as a response to genuine problems.

The Council has already approved the use of FPNs as an alternative to prosecutions when dealing with other environmental crimes including litter, small-scale fly tipping, dog fouling, illegal advertising and abandoned vehicles. Income from FPN's has to be spent on functions related to cleansing such as litter picking as specified by legislation. It is not a means of generating income for other uses.

The new fixed penalty notices will not be appropriate for operators in the waste management industry, repeat offenders or those responsible for large-scale fly tipping, or the fly tipping of hazardous waste. These types of offences will continue to be enforced by using existing prosecution powers.

It is envisaged that this new power will be used as part of the package of enforcement options available in accordance with the Council's adopted Enforcement Policy.

**10. Potential impacts**

For each category below, please explain if the strategy, policy, plan, project, contract or major change to your service could have a positive/ negative impact or no impact. Where an impact has been identified, please explain what it is. Consider impacts on service users, visitors and staff members separately.

**(a) Age**

**Note that this refers to any group of people of a particular age (e.g. 32 year-olds) , or within a particular age range (e.g. 16-24 year-olds) – in particular, please consider any safeguarding issues for children and vulnerable adults**

Data for this characteristic is not held for environmental offences.

**(b) Disability**

**Note that a person has a disability if they have a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.**

Data for this characteristic is not held for environmental offences.

**(c) Gender reassignment**

Data for this characteristic is not held for environmental offences.

**(d) Marriage and civil partnership**

Data for this characteristic is not held for environmental offences.

**(e) Pregnancy and maternity**

Data for this characteristic is not held for environmental offences.

**(f) Race**

**Note that the protected characteristic 'race' refers to a group of people defined by their race, colour, and nationality (including citizenship) ethnic or national origins.**

Data for this characteristic is not held for environmental offences.

**(g) Religion or belief**

Data for this characteristic is not held for environmental offences.

**(h) Sex**

Data for this characteristic is not held for environmental offences.

**(i) Sexual orientation**

Data for this characteristic is not held for environmental offences.

**(j) Other factors that may lead to inequality – in particular – please consider the impact of any changes on low income groups or those experiencing the impacts of poverty**

Data for similar offences of environmental offences do not hold records of any of the above characteristics, so it is not possible to quantify / consider how specific groups might or might not be affected in Cambridge.

All enforcement action is undertaken in accordance with the council's [Corporate Enforcement Policy](#). The revised fixed penalty notices will offer individuals and businesses the opportunity to pay a monetary fine, and in turn discharge their liability to prosecution (they will not end up with a criminal record). The continuation of an early repayment amount of 40% offers a lower threshold that individuals and businesses can also take advantage of, reducing financial impacts.

The council does not offer payment by instalments or payment plans. Payment for fixed penalties can only be accepted for the full amount. However in cases of extreme financial difficulties, officers have discretion to be able to extend the lower threshold payment period (subject to legal restrictions), and will work together with those issued fixed penalties to avoid prosecution where possible

**11. Action plan – New equality impacts will be identified in different stages throughout the planning and implementation stages of changes to your strategy, policy, plan, project, contract or major change to your service. How will you monitor these going forward? Also, how will you ensure that any potential negative impacts of the changes will be mitigated? (Please include dates where possible for when you will update this EqlA accordingly.)**

As this is in line with existing FPNS, no further amendments to the FPNS will be made. Individual cases will continue to be dealt with on a case by case basis where people end up with financial difficulties.

**12. Do you have any additional comments?**

All communication by the Streets and Open Spaces Operations team is undertaken in accordance with the [Service Standards](#) which details what customers can expect of us. Usage and payment of new FPNS will be monitored and the EqlA kept under review as required.
