

Review of Polling Districts, Polling Places and Polling Stations

Addition to Report

1. Amendments to proposed polling district scheme

- 1.1. Following publication of the report for Civic Affairs Committee on Wednesday 9 October 2019, one amendment to the proposed polling district scheme has been received:

Proposed PD	Suggested PD	Road (no. of properties)
JBJ	JCJ	Eccleston Place (7)
		George Pateman Court (55)
		Great Northern Road (139)
		Ravensworth Gardens (101)

Movement of the boundary to accommodate the above would also mean including the following:

JBJ	JCJ	Station Mews (6)
		Station Road (16)
		Tenison Road (0)

- 1.2. The suggested changes are included in the attached map at Appendix A1.
- 1.3. It is **recommended** that the amendments are taken forward and included in the new scheme.

2. Corrections to previously issued maps

- 2.1. Several errors have been identified where although the properties have correctly been identified in their proposed polling districts, the boundary line has been incorrectly drawn.
- 2.2. The correct boundaries are as laid out in the attached maps at Appendix B1, with the red line denoting the correct boundary.
- 2.3. To **note** the correct boundaries, which will be updated on the maps.

3. Polling Stations

- 3.1. To note that the Signal Box Centre at 82, Glenalmond Avenue has been proposed as a polling station for the new JCJ polling district.

- 3.2. This will be investigated as a possible location, pending agreement from the Centre to use their facilities.
