**SITE DETAILS**

<b>Site:</b>	<b>NORTHSTOWE - PHASE 1: PARCEL H3</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Housebuilder: Taylor Wimpey
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, S/0388/12/OL (up to 1,500 dwellings), S/0390/12 (site wide masterplan) & S/2776/16/RM (40 dwellings) Parcel H3 has detailed planning permission for 40 dwellings.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  At March 2018, 24 dwellings had been completed, 9 dwellings were under construction and 7 dwellings had not been started. We have previously been advised that this parcel would be largely completed in Summer 2018 and that the Taylor Wimpey sales complex on this parcel is likely to be used for all Taylor Wimpey parcels at Northstowe, therefore 9 dwellings on this parcel can only be completed once the sales complex is no longer needed and has been removed.

**SITE DETAILS**

<b>Site:</b>	<b>NORTHSTOWE - PHASE 2</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Developer: Homes England
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, S/2011/14/OL (up to 3,500 dwellings) & S/0390/12 (site wide masterplan) Phase 2 has outline planning permission for up to 3,500 dwellings.
<b>Councils' assessment:</b>	<p>This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:</p> <p>At March 2018, the site had outline planning permission and therefore no construction had started on site. A condition on the planning permission allows three years for the submission of the first reserved matters planning application; therefore the first reserved matters planning application would need to be submitted by January 2020. A condition on the planning permission restricts any dwellings from being occupied on phase 2 of Northstowe prior to (i) the opening of the Bar Hill junction of the A14 improvements, (ii) the widening of the A14 between Bar Hill and Girton as part of the A14 improvements, and (iii) the widening of the B1050 to dual carriageway between its junctions with the A14 at Bar Hill and the proposed Northstowe Southern Access Road (West). We have previously been advised that the first housing completions will be in 2019.</p>

**SITE DETAILS**

<b>Site:</b>	<b>NORTHSTOWE - PHASE 3 AND LATER PHASES</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Developer: Homes England
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	Northstowe AAP, Policy SS/5 (Local Plan) & S/0390/12 (site wide masterplan) Phase 3 and later phases are allocated as part of the development of a new settlement, with a total anticipated capacity of up to 10,000 dwellings.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  Phase 3 (and any later phase(s) including the reserve land identified in the Northstowe AAP) is anticipated to provide approximately 5,000 dwellings. The reserve land is allocated in the South Cambridgeshire Local Plan as the Northstowe Extension (Policy SS/5) to provide flexibility for the phasing and delivery of the new town. A small area of the reserve land has planning permission as part of phase 1. We have previously been advised that the first housing completions on this phase are anticipated in 2022-2023.

**SITE DETAILS**

<b>Site:</b>	<b>WATERBEACH BARARCKS AND AIRFIELD (PART OF WATERBEACH NEW TOWN)</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Site owned by Ministry of Defence. Urban&Civic appointed as the Development Manager by Defence Infrastructure Organisation (DIO).
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/6, Outline planning application S/0559/17/OL (pending, up to 6,500 dwellings). The site is allocated for the development of a sustainable new town of 8,000-9,000 dwellings. A Supplementary Planning Document for Waterbeach New Town was adopted by SCDC in February 2019.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  The site is allocated for the development of a sustainable new town of approximately 8,000-9,000 dwellings. An outline planning application for up to 6,500 dwellings was submitted in February 2017 by Urban & Civic, and is being considered by the Council. An outline planning application for up to 4,500 dwellings was submitted on adjoining land in May 2018 by RLW Estates, and is being considered by the Council.
<b>Anticipated year for works to start on site:</b>	2019-20

## ACHIEVABILITY

3a	<b>Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.</b>	Yes - the development is achievable and viable. Viability discussions are at an advanced stage and the site can be made viable to deliver housing in the first five years subject to final agreement on affordable housing and other planning obligations.
	<i>Achievable is defined as: having a realistic prospect that housing will be delivered on site within five years.</i>	

3b	<b>Are there any constraints that could delay development? For all that apply, please provide specific details for your site and what impact these constraints will have on your timescales for delivery.</b>	<p><b>Infrastructure and Access</b></p> <p>The submitted Transport Assessment (TA) (May 2018) and TA addendum (Oct 2018) contain details of the current highways and transport infrastructure. A package of highway and transport measures have been agreed with Cambridgeshire County Council to overcome highway capacity constraints and deliver and sustainable transport solution for up to 1,600 dwellings. Beyond 1,600 dwellings contributions will be made to strategic transport measures on the A10 corridor.</p> <p>Other physical infrastructure is outlined in the submitted Utilities and Physical Infrastructure Report (May 2018).</p> <p><b>Legal and Ownership</b></p> <p>No constraints. The site is in single ownership (Ministry of Defence) and development is being progressed by Urban&amp;Civic.</p>
----	---	--

		<p><b>Discharge of Conditions</b></p> <p>Awaiting outline planning conditions.</p>
		<p><b>Other (e.g. contamination)</b></p> <p>The submitted Environmental Statement (Feb 2017) and addendum (May 2018) with the outline planning application contain the various mitigation measures to address environmental impacts. These measures will be delivered via conditions and/or s106; or have been designed in to the parameters of the outline planning application.</p> <p>Each key phase of development will comprise a suite of framework documents and each reserved matter application will also include specific information or compliance statements to address the key technical and environmental matters.</p>
3c	<p><b>Are there any market or cost factors that could delay development? For all that apply, please provide specific details for your site and what impact these factors will have on your timescales for delivery.</b></p>	<p><b>Market Conditions</b></p> <p>U&amp;C's market evidence shows favourable market conditions are likely to continue at least into the medium term, in terms of sales values, which further development at the earliest opportunity.</p>
		<p><b>Site Preparation Costs</b></p> <p>Site preparation costs are included in the viability assessment. This is currently being discussed with South Cambridgeshire District Council but there are impediments to achieving a viable development at the earliest opportunity.</p>
		<p><b>Infrastructure Costs</b></p> <p>Infrastructure costs are included in the viability assessment being discussed with South Cambridgeshire District Council but there is no obstacle to achieving a viable development.</p>

		<b>Planning Obligations</b>  A section 106 agreement is being drafted currently with a view to Heads of Terms being presented to planning committee in May 2019.

## **Greater Cambridge Housing Trajectory and Five Year Housing Land Supply**

### ***Additional sheets: Urban&Civic response***

11<sup>th</sup> October

---

#### **Introduction**

- David Lock Associates has prepared this information on behalf of Urban&Civic (U&C) with regards to the estimated housing trajectory for the Waterbeach Barracks and Airfield site.

#### **Waterbeach Housing Trajectory**

- Outline Planning Permission was granted on 27<sup>th</sup> September 2019 for up to 6,500 dwellings, employment, retail, schools and supporting physical and social infrastructure (S/0559/17/OL) U&C has reviewed the development programme for the site and suggests the housing trajectory shown on Table SC4 for the first five years be amended as follows (*strikethrough indicates change from Council's figure*):

<b>Years</b>	<b>2019/20</b>	<b>2020/21</b>	<b>2021/22</b>	<b>2022/23</b>	<b>2023/24</b>	<b>Total</b>
<b><i>Dwellings</i></b>	0	<del>25</del> 0	<del>125</del> 150	250	250	<b>650</b>

#### **Supporting information**

- Annexe 2 of the National Planning Policy Framework (NPPF) 2019 states that "where a site has outline planning permission for major development it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years". In this context the following evidence is provided to support the revised five year housing trajectory shown in paragraph 2 above:

- Ownership;
- development approach;
- programme to first residential starts;
- first residential completions; and
- wider infrastructure considerations.

##### *Ownership*

- The site is owned by the Ministry of Defence (MOD) and there are no ownership constraints to delivery. U&C act on behalf of Defence Infrastructure Organisation (part of the MOD) as the Development Manager responsible with progressing the planning and development of the site

##### *Development Approach*

- U&C's approach is to act as a 'master developer' to lead and manage the delivery of infrastructure and enabling works that will enable multiple development parcels to come forward in together. This approach has been implemented successfully at other strategic sites such as Alconbury Weald in Huntingdonshire and Houlton in Rugby. It is achieved, in part, by implementing key phases to provide the necessary framework for multiple residential outlets and other uses.
- At Alconbury Weald, for example, this approach has allowed for the delivery of high quality infrastructure and green spaces to support both employment development residential parcels.

Reserved matters permissions have been achieved for 1,012 dwellings in the first key phase with six different house builders on site (including U&C's 'Civic Living' new build). A similar approach is being advanced at Waterbeach, with 1,600 dwellings to be provided in Key Phase One.

7. In addition to making residential parcels available to house builders, U&C is also exploring the potential for build to rent and key worker housing at scale, which will maintain a higher completions rate. For information, former barrack blocks have already been converted and are occupied as medical staff accommodation (235 bed spaces).

*Programme to first residential starts*

8. The broad programme to achieve first residential starts is summarised below:

- |  |         |
|--|---------|
| • Submission of key phase framework documents (for 1,600 dwellings) and first primary infrastructure reserved matters applications to deliver early residential parcels. | 2019 Q4 |
| • Approval of key phase framework documents and first primary infrastructure reserved matters applications.  | 2020 Q1 |
| • Commence construction of first primary infrastructure.   | 2020 Q2 |
| • Submission of residential parcels reserved matters applications.   | 2020 Q4 |
| • Approval of residential parcels reserved matters applications.   | 2021 Q1 |
| • Completion of primary infrastructure construction and other enabling works as necessary for first residential parcels.   | 2021 Q1 |
| • First residential starts.  | 2021 Q2 |

*First residential completions*

9. The first parcels enabled by early infrastructure will allow for at least three different house builders to deliver approximately 50 dwellings each over 2021-2022 (150 dwellings in total). Additional parcels can be made available for at least two more housebuilders to deliver dwellings from 2022-2023 (250 dwellings in total per annum).

*Wider infrastructure considerations*

10. A package of early phase transport measures have been agreed in the Section 106 agreement which can be delivered on site, off site in highway land (through Section 278 agreements) and through agreed contributions to the County Council. These measures will be implemented on a phased basis but all those required by first occupation to be achieved by 2021 Q2. The early phase transport package will support the development in the first five years and beyond. Works are also required to make the necessary utilities reinforcements and connection and these are estimated to be completed by 2020 Q3.

**Conclusion**

11. U&C support the Council's estimate of 650 dwelling completions at Waterbeach Barracks and Airfield in the five year period from 2019/20 to 2023/24, although suggest a revision to the annual build out in years 2020/21 and 2021/22. The master developer approach undertaken by U&C provides a strong and clear way of achieving the necessary infrastructure to support build-out across multiple residential outlets. This is evidenced by U&C's track record on other strategic sites. In addition, there are distinctive opportunities at Waterbeach, within the Greater Cambridge market, to deliver other tenure types at scale. Overall, there is considered to be clear evidence that the anticipated completions can occur at the site within the five year period.

**SITE DETAILS**

<b>Site:</b>	<b>WATERBEACH NEW TOWN</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Developer / Landowner: Urban & Civic and RLW Estates
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/6, S/0559/17/OL (pending, up to 6,500 dwellings) & S/2075/18/OL (pending, up to 4,500 dwellings) The site is allocated for the development of a sustainable new town of 8,000-9,000 dwellings. A Supplementary Planning Document for Waterbeach New Town was adopted by SCDC in February 2019.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  The site is allocated for the development of a sustainable new town of approximately 8,000-9,000 dwellings. An outline planning application for up to 6,500 dwellings was submitted in February 2017 by Urban & Civic, and is being considered by the Council. An outline planning application for up to 4,500 dwellings was submitted in May 2018 by RLW Estates, and is being considered by the Council.
<b>Anticipated year for works to start on site:</b>	2021-2022
<b>Anticipated year for development to be completed:</b>	post 2031

1a	<b>Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.</b>	<p>This response is submitted by Boyer on behalf of RLW Estates</p> <p>The trajectory we have provided relates to the whole of the proposed allocation (Policy SS/6). It is acknowledged however that Urban and Civic (U&amp;C), the development managers for Defence Infrastructure Organisation (DIO) in relation to the former Waterbeach barracks and airfield site, may</p>
----	--	--

	<p>take a different position on the build out rate for the site as a whole.</p> <p>This trajectory submission reflects the ongoing process and anticipated timescale for determination of the OPA for WNTe and subsequent reserved matters submissions. Differences between the trajectory now presented and that offered in earlier representations relate to the timescales associated with the ongoing planning application and the recently adopted of a Supplementary Planning Document (SPD).</p> <p>RLW Estates have welcomed the opportunity to engage constructively with the District Council, County Council and other stakeholders to inform the evolution of the proposals for Waterbeach New Town East (WNTe), and to contribute to the recently adopted SPD. With the outline planning application (OPA) for WNTe (Application Ref. S/2075/18/OL) and that for WNTW (Application Ref. S/0559/17/OL) currently under consideration by SCDC, timely delivery of a positive determination of the applications is critical to enabling commencement of development in line with the trajectory. It is anticipated that first housing completions would be delivered through Phase 1 in 2021.</p> <p>Continued constructive engagement and support from SCDC is again welcomed to ensure that delivery can be met as anticipated, and is not delayed by issues of ransom (on all parts of the site) or any associated arbitration process that would need to be undertaken. It is in the Council's gift to take positive and decisive action to prevent this and ensure that this comprehensive development of both sites can come forward in the timescales projected.</p> <p>The phasing plans initially focus around the Station Quarter, they show how this complex and important part of the masterplan would change over time while</p>
--	---

		<p>establishing the quality of place from the earliest phases.</p> <p>The phasing plan set out within the current OPA details that delivery would be lower in early year to account for site start-up and first delivery of infrastructure. Delivery rates would increase in subsequent years and at least 2,900 dwellings could be completed at WNTe by 2034, which would provide at least 6,300 dwellings across the whole allocation site in this period.</p>

## ACHIEVABILITY

3a	<b>Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.</b>	Work to date on the market potential and cost planning has shown that development is both achievable and viable. The site is controlled by only two key parties: RLW Estates and U&C/DIO on the former barracks and airfield site.
	<i>Achievable is defined as: having a realistic prospect that housing will be delivered on site within five years.</i>	

3b	<b>Are there any constraints that could delay development? For all that apply, please provide specific details for your site and what impact these constraints will have on your timescales for delivery.</b>	<b>Infrastructure and Access</b> Local Plan Policy SS/6 and the Waterbeach New Town SPD require comprehensive development having regard to both infrastructure and access considerations.
		<b>Legal and Ownership</b> Early completion will require east and west phases of development on both landholdings. This will be fundamental to the comprehensive planning of the site, early delivery of the station and a sustainable travel strategy.  RLW Estates have expressed concerns over the potential for delay and viability impact to result from the allowance of a ransom situation arising (on any part of the strategic allocation). It is considered that this could be addressed through considered and decisive action from the LPA. In turn, such a situation could reduce the overall levels of affordable housing achieved with knock-on impacts to rates of delivery overall.
		<b>Discharge of Conditions</b> These are to be progressed following the grant of Outline Planning Permission alongside/subsequent to reserved matters applications, but no reason to consider these as a constraint.

		<b>Other (e.g. contamination)</b> Detailed site surveys have been undertaken. No other physical, legal or ownership constraints that would prevent or delay development have been identified but, as with any strategic scale site, a range of mitigation measures will need to be implemented as identified in the current OPA.
--	--	---

3c	<b>Are there any market or cost factors that could delay development? For all that apply, please provide specific details for your site and what impact these factors will have on your timescales for delivery.</b>	<b>Market Conditions</b> RLW and U&C evidence is consistent in showing that favourable market conditions are likely to continue at least into the medium term, in terms of sales values, which further supports development at the earliest opportunity.
		<b>Site Preparation Costs</b> None that would delay development.
		<b>Infrastructure Costs</b> Funding packages for the A10 improvements and options for station connections funding are currently under discussion. None that would necessarily delay development.
		<b>Planning Obligations</b> S106 Heads of Terms were submitted with the OPA; ongoing process of discussing with the LPA and other stakeholders in tandem with dialogue on viability assessment. None that would delay development.

3d	<b>How do you anticipate these constraints and factors will be overcome? When do you think these constraints and factors will be overcome?</b>	See section 3c above.
----	--	-----------------------

3e	<b>If your trajectory is dependent on certain assumptions, such as availability and timing of infrastructure, site preparation, submission of a planning application, a decision on a planning application or discharge of conditions, what are your assumptions?</b>	RLW is working with the Council in the context of the current OPA and timescales for its determination, to establish a programme for the availability and timing of infrastructure to support the development.

4a	<b>When do you estimate you will start works on site?</b>	<p>Aspiration for the station to be completed by December 2021. It is anticipated that delivery of residential development will start on the site in 2020, based on the anticipated timescales for determination of the current OPA and the subsequent submission of reserved matters and discharge of conditions, which influence when first residential units will be delivered.</p> <p>We understand that U&amp;C may be indicating earlier completions on DIO land based on their strategy to delivery private rented sector dwellings and to convert existing buildings to residential units. It will be for U&amp;C to detail and justify their early delivery strategy.</p>
4b	<b>When do you estimate you will deliver the first housing completions?</b>	It is anticipated that first housing completions would be delivered through Phase 1 in 2021.

\*1 RLW considers that first delivery will occur in 2020/21 which represents fast track delivery. Early planning applications, including for the station relocation, have been submitted to achieve this. U&C as Development Managers for the DIO land may take a different stance on the rate of development on site. RLW acknowledge there may be some limited scope for earlier delivery of homes on DIO land as a

result of conversions of existing buildings within the Barracks and it is acknowledged that planning permission already exists for conversion of the barrack blocks to be used as C2 residential accommodation for Papworth hospital staff, comprising 27 residential units (235 beds).

- \*2 We propose a policy compliant affordable housing provision but it is not possible at this stage to indicate a tenure split for projected completions on an annual basis. Affordable housing phasing / delivery rates and timescales will be discussed and agreed at a later date. The completions figures provided here are therefore for all tenure

**Commented [A1]:** The housing trajectory stated here remains, provided that planning permission for the site is granted by the end of 2019.  
For the purposes of the Council's housing trajectory projections we would assume at this stage that the site will provide a policy compliant level of affordable housing – with the tenure split to be decided.

<b>Site:</b>	<b>CAMBOURNE WEST (LAND NORTH WEST OF LOWER CAMBOURNE)</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Housebuilders: Taylor Wimpey & Bovis Homes
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy SS/8 & S/2903/14/OL (up to 2,350 dwellings) The site has outline planning permission for up to 2,350 dwellings.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  Part of this site is allocated for the development of a sustainable, forth linked village to Cambourne with a capacity of approximately 1,200 dwellings. Outline planning permission for a larger site with a capacity of up to 2,350 dwellings was granted in December 2017. A condition on the planning permission allows two years for the submission of the first reserved matters planning application; therefore the first reserved matters planning application would need to be submitted by December 2019. We have previously been advised that the first dwellings could be completed in 2019-2020 and up to 220 dwellings per year could be delivered.

**Subject:** Orchard Park - parcel L2

Thanks for calling me back today.

We ideally need confirmation in writing of delivery times in order to satisfy a need to show evidence of our 5 year housing supply. In light of this can you confirm the following discussed in our telephone conversation:

**Orchard Park - Parcel L2:**

This site currently has planning permission. However, due to viability issues, the scheme is being varied and is due to be determined in a couple of months. The dwelling size is anticipated to remain at 63. Should the permission all be satisfactory, the build is assumed to take around 18 months to achieve, with delivery due in the latter part of 2021/early 2022. To date no dwellings have begun construction.

<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy H/3, S/1066/13 (development brief) & S/0670/17/OL (resolved to grant, up to 203 dwellings) The Council's planning committee in August 2017 gave officers delegated powers to approve an outline planning application for up to 203 dwellings, subject to the prior completion of a s106 agreement.
<b>Councils' assessment:</b>	<p>This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:</p> <p>The Council's planning committee in August 2017 gave officers delegated powers to approve an outline planning application for up to 203 dwellings, subject to the prior completion of a s106 agreement. The application proposes that the development is split into two phases to allow the immediate redevelopment of the majority of the site, with a small number of buildings retained for ongoing use by the NHS Trust until they are no longer required or the accommodation has been relocated elsewhere. The proposed conditions to be attached to the planning permission will allow the landowner three years for the submission of reserved matters planning application(s) for phase 1, eight years for the submission of reserved matters planning application(s) for phase 2, and two years for development to start from the approval of the detailed planning permissions for each phase. We have previously been advised that it was anticipated that the first 150 dwellings would be completed within five years.</p>

**AVAILABILITY**

2a	<b>Is the site available immediately for development?</b>	Yes – the landowners will be selecting a housing developer in 2019.
	<i>Available is defined as: the site is controlled by a housing developer who has expressed an intention to develop or the landowner has expressed an intention to sell.</i>	

2b	<b>If not, why not?</b> <i>e.g. is there an existing use on the site?</i>	N/A
----	--	-----

2c	<b>If the site is not available immediately, when will it become available for development?</b>	N/A
----	---	-----

2d	<b>Are you still undertaking any site assessment work? If so, please provide us with further details.</b>	An initial Highways study, Topographical survey, Utilities assessment and phase 1 ground condition report have all been commissioned and already undertaken to assist the selected developer with delivery of the scheme.
----	---	---

2e	<b>If your site is allocated, but does not yet have planning permission, when do you anticipate that you will submit a planning application or receive a decision on a submitted planning application?</b>	A planning application is likely to be submitted later this year.
----	--	---

2f	<b>If your site has outline planning permission, but does not yet have detailed planning permission, when do you anticipate that you will submit a detailed (reserved matters) planning application or receive a decision on a submitted detailed (reserved matters) planning application?</b>	N/A
----	--	-----

## ACHIEVABILITY

3a	<b>Is the development achievable and viable? If not, please provide details in responding to the questions below explaining how this will be overcome.</b>	Yes.
	<i>Achievable is defined as: having a realistic prospect that housing will be delivered on site within five years.</i>	

3b	<b>Are there any constraints that could delay development? For all that apply, please provide specific details for your site and what impact these constraints will have on your timescales for delivery.</b>	<b>Infrastructure and Access</b>  Please provide details: None insofar as we are aware.
		<b>Legal and Ownership</b>  Please provide details: None insofar as we are aware.
		<b>Discharge of Conditions</b>  Please provide details: None insofar as we are aware.
		<b>Other (e.g. contamination)</b>  Please provide details: None insofar as we are aware.

3c	<b>Are there any market or cost factors that could delay development? For all that apply, please provide specific details for your site and what impact these factors will have on your timescales for delivery.</b>	<b>Market Conditions</b>  Please provide details: None insofar as we are aware.
		<b>Site Preparation Costs</b>  Please provide details: None insofar as we are aware.
		<b>Infrastructure Costs</b>  Please provide details: None insofar as we are aware.
		<b>Planning Obligations</b>  Please provide details: None insofar as we are aware

3d	<b>How do you anticipate these constraints and factors will be overcome? When do you think these constraints and factors will be overcome?</b>	No constraints anticipated at this stage.
----	--	---

3e	<b>If your trajectory is dependent on certain assumptions, such as availability and timing of infrastructure, site preparation, submission of a planning application, a decision on a planning application or discharge of conditions, what are your assumptions?</b>	Our trajectory assumes our chosen development partner will be responsible for submission of the planning application and all matters that follow thereafter.

**SITE DETAILS**

<b>Site:</b>	<b>LAND NORTH OF IMPINGTON LANE, IMPINGTON</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Housebuilder: Hill Residential
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy H/1d (25 dwellings) & S/1486/18/FL (appeal lodged, 26 dwellings) The site is allocated in the South Cambridgeshire Local Plan (adopted in September 2018) for 25 dwellings.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  The site is allocated in the South Cambridgeshire Local Plan (adopted in September 2018) for 25 dwellings. A detailed planning application for 26 dwellings was submitted in April 2018, and an appeal has been lodged by the applicant as a result of non-determination by the Council. We have previously been advised that it was anticipated that the development would be completed in April 2020.
<b>Anticipated year for works to start on site:</b>	<del>2019-2020</del> <u>2020/21</u>
<b>Anticipated year for development to be completed:</b>	<u>2021/22</u> <del>2019-2020</del>

1a	<b>Please confirm whether the site details, including Councils' assessment, set out above are still correct. If not, please provide updated details.</b>	<u>The Council's assessment is incorrect. An appeal has been submitted against the council's failure to determine the application. That appeal was validated on 16<sup>th</sup> January 2019. Based on average timescales of determining an appeal by written reps (28 weeks from validity to decision), a decision might be received by August 2019. Based on our recent experiences of discharging conditions in South Cambridgeshire, we have then allowed 6 weeks for the JR period and a 12 month period to discharge pre-commencement conditions. Development would then be likely to commence in October 2020 and with first homes completed in October 2021. All homes would then be expected to be completed by June 2022. The above is clearly dependent upon PINS meeting its average timescales and the Council dealing with the discharge of conditions within 12 months.</u>

**SITE DETAILS**

<b>Site:</b>	<b>GREEN END INDUSTRIAL ESTATE, GAMLINGAY</b>
<b>Ownership:</b> e.g. housebuilder, developer, landowner	Landowner: R&H Wale Ltd and AG Wright & Sons Farms
<b>Planning Status:</b> e.g. allocation, outline planning permission, detailed planning permission, resolution to grant planning permission	South Cambridgeshire Local Plan 2018 - Policy H/1f (90 dwellings) & S/2068/15/OL (demolition of 5 dwellings and 90 new dwellings) The site has outline planning permission for the demolition of 5 dwellings and the construction of 90 new dwellings. The planning permission covers approximately 75% of the site.
<b>Councils' assessment:</b>	This is the Councils' assessment of progress towards delivery of this site based on our current knowledge:  At March 2018, the site had outline planning permission and therefore no construction had started on site. A condition on the planning permission allows two years for the submission of a reserved matters planning application(s); therefore a reserved matters planning application would need to be submitted by December 2019. We have previously been advised that it was anticipated that the development would be completed in Summer 2022.
<b>Anticipated year for works to start on site:</b>	2019-2020
<b>Anticipated year for development to be completed:</b>	2022-2023
