Eligibility Criteria for Environmental Improvements

Please indicate which of these criteria would be met by your application:

Essential Criteria	tick	Desirable Criteria	tick
The scheme has a direct, lasting and noticeable improvement to the appearance of a street or area		The project will benefit a large number of local people	
The scheme is publicly visible and accessible		It is easy and simple to implement	
If the scheme is on private land, the owners' permission has been granted (unless there are exceptional circumstances by which the Area Committee may wish to act unilaterally, with full knowledge and responsibility for the implication of such action)		It features the active involvement of local people	
		It meets one/more key policy objectives (e.g. improves community safety or contributes to equal opportunities)	
The scheme provides low future maintenance costs.		There is potential for inclusion of employment training opportunities	
		Additional 'partnership' funding is available.	

Ineligible for funding:

- Projects costing in excess of £5,000; without Area Committee authority
- Where a readily available alternative source of funding is available
- Revenue projects (i.e. management and maintenance of existing facilities)
- Schemes that have already received Council funding (unless it can be clearly demonstrated that this would not be 'top up' funding)
- Works that the City or County Council are under an immediate obligation to carry out (e.g. repair of dangerous footways)
- Play areas (S106 funding should pay for these facilities).

Other Information:

The following categories of work were agreed as being eligible for funding by the Area Committees:

- Works in areas of predominately council owned housing
- Works to construct lay-bys where a comprehensive scheme can be carried out which not only relieves parking problems but achieves environmental improvements.
