Subject: Alcohol licence application - 28 Mill Road

Dear Environmental Health Team,

I wish to object to this application for an Alcohol Licence at 28 Mill Rd. It is important to uphold the need to prevent public nuisance, crime and disorder and protect children and it is my fear that all would all be at risk if this application were accepted. Historically, Mill Road has had a problem with antisocial behaviour linked to alcohol misuse and we have taken care to first implement and then renew the cumulative impact zone in this area. Therefore, to allow a further outlet to sell alcohol would be contrary to the reasons behind the zone and would risk further applications from other shops who also seek to sell alcohol.

Please acknowledge receipt of this objection,
Mike Davey

Late night off licences mean that those passing through our neighbourhood (usually returning to the station from the town centre and often late at night) can buy additional drink to consume on the street. There are often scuffles and shouting which sometimes wakes us up. Granting another alcohol licence will be detrimental to the residential amenity of our neighbourhood as it is likely to cause more late night disturbance and vandalism. There are already some off licences in Mill Road. This would not be supplying an unmet need. Mill Road is a no go zone for street drinking but granting another licence will just attract more street drinkers to congregate outside shops and beg passers.

There are already too many alcohol retailers on Mill Road and (under normal circumstances) too many drunken young people making their way to the station, usually down Tenison Road, via these retailers in a loud state of intoxication, often late at night. Also a growing number of street people who get their alcohol from some of these shops.

International Supermarket, 28 Mill Road I object to the off-licence being granted. Mill Road is already a cumulative impact zone, and another licence is surely against this policy. We have experienced in the past the effects of drunkenness in the neighbouring streets, and apart from any possible increase in on-street drinking, granting this licence will set a dangerous precedent.

To: Commercial Team of Environmental Health
Subject: International Supermarket, 28 Mill Road

Dear Sir,

From time to time over many years we have had shopkeepers on Mill Road, who have far less care for the well-being of the neighbourhood than they do for profit in the form of alcohol sales, applying for late night drinks licences.

This is yet another case. Is it in fact now International Supermarket as a sign has gone up calling it Brothers (as in The Islamic Brotherhood)?

The residents of this whole area have always, with the police, strongly objected to an increase in liquor sales, let alone late-night liquor sales in our area. This is because liquor bought and consumed on the street, by whomsoever but mostly already inebriated revellers from the town centre, leads to increased drunkenness, noise, litter and damage to vehicles in our streets - in which a goodly number of children as well as adult residents of all ages, both working and retired, live.

We try, against the tide of such pressures, to keep standards up and would ask strongly and hope that this licence will not be granted.

Please remove personal details on publication,

Yours Faithfully,

Mike Pitman 17 Guest Road, Cambridge cb1 2al

Subject: International Supermarket, 28 Mill Road- application for a new late night drinks license

International Supermarket, 28 Mill Road - application for a new late night drinks license

As a resident I oppose this application strongly.

There are sufficient drink 'off licences' in Mill Road and the cumulative impact of more is likely to lead to additional public nuisance.

There is currently a significant increase in street drinking accompanied by nuisance and anti-social behaviour from the people involved, arguing loudly and provocatively and taking over pavements, and an increase in associated litter - cans and bottles.

This behaviour is greatly disturbing.

- **Late night off licences mean that those passing through our neighbourhood (usually coming from the town centre) are able to buy additional drink to consume on the street.**
- **This will be to the detriment of the residential amenity of our neighbourhood as it is likely to cause more late night disturbance and vandalism.**
- **This application, if allowed, will set a precedent for more applications.**

Sent: 15 May 2020 09:49
To: Commercial Team of Environmental Health
Subject: late off license, 28 Mill Road

Good morning

International Supermarket, 28 Mill Road
(now rebranded 'Brothers')

Please consider once again refusing a late off license to this establishment.

The premises is located right opposite a group of residential side streets, home to people of all ages, families with children etc, most of whom need to sleep, in order to get to work, school, etc, or because they are old.

The residents have to campaign more or less continuously against activities which cause noise, litter, vandalism etc.

There are already other establishments on Mill Road where people can buy alcohol late at night.

- Late night off licences mean that those passing through our neighbourhood (usually coming from the town centre) are able to buy additional drink to consume on the street.
- This will be to the detriment of the residential amenity of our neighbourhood as it is likely to cause more late night disturbance and vandalism.
- This application, if allowed, will set a precedent for more applications.

Several years ago our former chairperson, Barbara Bell, persuaded the Council and the police that there are sufficient drink 'off licences' in Mill Road and that the cumulative impact of more was likely to lead to additional public nuisance.

As a result the Council declared the street a 'cumulative impact zone' in order to help prevent more alcohol sales. We understand that the Police and local Councillors have expressed opposition to this proposal but the voice of residents is particularly important when the matter is considered by the City licensing panel.

yours

Brothers International Supermarket, 28 Mill Road, Cambridge, Cambridgeshire, CB1 2AD Application WK/202082835 There is a longstanding acceptance by City Council, licensing committee and the police of residents' views that there are sufficient drink 'off-licences' in Mill Road and that the cumulative impact of more is likely to lead to additional public nuisance. Hence, Mill Road has been designated a 'cumulative impact zone'. Late night off-licences encourage those passing through our neighbourhood (usually from the town centre) to buy additional drink to consume on the street, to the detriment of the residential amenity of our neighbourhood, and to cause more late night disturbance and vandalism. Furthermore, this application, if allowed, would set a precedent for more applications. I therefore, urge the licensing committee to reject this application.

Commercial Team of Environmental Health

From: Maggie Carr [REDACTED]
Sent: 15 May 2020 18:09
To: Commercial Team of Environmental Health
Subject: Premises license application WK/202082835 – Brothers International Supermarket, 28 Mill Road, Cambridge, Cambridgeshire, CB1 2AD

International Supermarket, 28 Mill Road - Premises license application WK/202082835

Regarding the above application, I am firmly of the opinion that there are already too many 'off-licence' premises in the area. They are associated with widely acknowledged problems, for example late night disturbance and vandalism. More places offering the opportunity to purchase alcohol, especially late at night, will surely result in additional public nuisance and anti-social behaviour. Furthermore, this application, if allowed, would set a precedent for other applications.

It is therefore imperative that the licensing committee reject this application.

Kind regards,

Maggie Carr

To the Cambridge City Licensing Committee

I am one of the concientious group of residents that faught long and hard to prevent a Tesco Express store being opened in Mill Road, Romsey (2007 to 2010), and with backing from Cambridge Police Authority, we were successful in preventing the sale of alcohol from that premises when it eventually opened.. i am thoroughly opposed to further availability of alcohol particularly late night, but ideally any time, in Mill Road. If councillors wish Mill Road success in the future, particularly in the wake of the current pandemic, they will see the paramount importance of attracting visitors to this part of the city, and that supplying yet another source of alcohol only panders to one business in its competitiveness with others, not to raising the attractiveness of this area to families and couples on day trips and staying as visitors in the city.

I definitely move against this proposal and hope the committee does likewise.

Sincerely,

E.L.Jenkins

Dear Licensing Team

We now have to my knowledge at least 5 alcohol outlets in Mill Road from the Parkers piece end to the Bridge. There are more over the bridge.

Already Mill Road is becoming an attractive venue for beggars who cadge money simply to spend on alcohol. Usually in one particular International shop which sells cheap strong alcohol by the bottle.

There is also a legitimate Wine and Beer off licence along with Sainsbury's. Basically Mill Road does not need yet another shop selling alcohol. I appose the application

BTW. I am a CAMRA member and enjoy wine

I am writing to argue against the granting of a late night drinks licence for the International Supermarket at 28 Mill Road. Currently this part of my local area is designated as a cumulative impact zone and I believe that this has had some important benefits for our area and our local community. I see no reason to change this status. More late-night outlets for alcohol have no positive benefits for the locality and are conversely likely to lead to significant adverse effects from the increased probability of drunken behaviour.

International Supermarket, 28 Mill Road

It is unfortunate that there has been a further application for a late night alcohol licence at these premises on Mill Road.

The street was declared to be a cumulative impact zone previously, given that there were plenty of off-licences along Mill Road and a need to avoid further public disturbances that additional outlets of this kind would facilitate, particularly late at night.

Since these concerns still apply, there is surely no justification for granting such a licence now. Indeed, as well as being detrimental to local residents and to the area, it would create a precedent for further applications of this nature.

We trust that the application will be declined.

I object to this application in the strongest terms. Sale of alcohol until 11.30pm, seven days a week, for off-site consumption in what is already a Cumulative Impact Zone will have the direct effect of attracting additional anti-social behaviour in Mill Rd and therefore inhibiting the prevention of a) crime and disorder, and b) public nuisance. The applicant notes the anti-social behaviour already present in the area but the measures promised to address this are obviously inadequate. It is unrealistic to suggest that the CCTV and other measures promised will meaningfully mitigate the negative impacts of anti-social behaviour of consumers once they leave the shop. As local residents, we are already woken several times per month by disturbances related to drinkers moving to and from the cemetery in the early hours. Mill Rd already has several alcohol vendors and adding to this is only likely to increase the total sales of on-street consumption in the area. This is clearly detrimental.

Commercial Team of Environmental Health

From: Lucy Walker [REDACTED]

To: Commercial Team of Environmental Health
Cc: [REDACTED]
Subject: Application for late night drinks license, International Supermarket, 28 Mill Road

Dear License Committee,

We are writing to oppose this application for a late night drinks license at the International Supermarket on Mill Road.

Several years ago, due to the level of anti-social alcohol related behaviour in Mill Road and the surrounding streets, the police recommended and the City Council agreed to make Mill Road a Cumulative Impact Zone (CIZ) whereby new licences would not normally be permitted. This policy has had a significant impact in reducing the level of alcohol related behaviour in the area, and as local residents we really appreciate that - it has substantially improved the quality of evening life in the area, and probably reduced the amount of crime.

We support keeping Mill Road as a CIZ and therefore request that the committee does not grant this application.

With kind regards,

Lucy Walker and Martin Jones

I am strongly opposed to this application. As a Cumulative Impact Zone, Mill Road already has at least three shops with licences (Nip In, the International Foodmarket and Bacchanalia). As it is, we deal with homeless people who gather around these shops to consume alcohol throughout the day and often also wake us up at night on their way to the cemetery. The applicant is aware of this and offers a series of mitigation measures. However, during the COVID-19 times, Brothers International has not put any social distancing measures in place, which suggests that they do not have the capacity for implementing mitigation measures successfully. In short, sale of alcohol until 11.30pm, seven days a week, for off-site consumption in what is already a Cumulative Impact Zone will have the direct effect of attracting additional anti-social behaviour in Mill Rd and therefore inhibiting the prevention of a) crime and disorder, and b) public nuisance.

Dear Sir/Madam

I understand there has been an application for a new late night drinks license from the International Supermarket on Mill Road in Cambridge.

I should be grateful if you would accept this email as my opposition to this license for the following reasons:

- Late night off licences mean that those passing through the areas in and around Mill Road (usually coming from the town centre) are able to buy additional drink to consume on the streets and in the cemetery.
- There will be a detriment of the residential amenity of this neighbourhood as it is likely to cause more late night disturbance and vandalism.
- This application, if allowed, will set a precedent for more applications.

There are sufficient drink 'off licences' in Mill Road and the cumulative impact of more would likely lead to additional public nuisance.

Regards

[REDACTED]

[REDACTED] but I frequently walk up Mill Road into Cambridge city centre past this area including this shop. With the large no. of takeaways in this area already, which will cause potential noise issues for neighbouring residential properties and flats about, I believe that adding in takeaway alcohol to the mix could also raise potential noise levels in combination with the takeaway food. Then when an area starts to become a problem, it can then 'travel', i.e., further along Mill Road to the other end of town.

International Supermarket, 28 Mill Road Police and residents alike agree that there is more than enough alcohol sold on Mill Road. It is a Cumulative Impact zone. Do not add further to the problem that exists.

Commercial Team of Environmental Health

From: Anne Bailey [REDACTED]
Sent: 17 May 2020 16:58
To: Commercial Team of Environmental Health
Subject: application WK/202082835

Premises license application WK/202082835 – Brothers International Supermarket, 28 Mill Road, Cambridge, Cambridgeshire, CB1 2AD

There is a longstanding acceptance by City Council, licensing committee and the police of residents' views that there are sufficient drink 'off-licences' in Mill Road and that the cumulative impact of more is likely to lead to additional public nuisance. Hence, Mill Road has been designated a 'cumulative impact zone'.

Late night off-licences encourage those passing through our neighbourhood (usually from the town centre) to buy additional drink to consume on the street, to the detriment of the residential amenity of our neighbourhood, and to cause more late night disturbance and vandalism. Furthermore, this application, if allowed, would set a precedent for more applications.

I therefore, urge the licensing committee to reject this application.

Anne & Anthony Bailey

Dear City Council,

I am writing to oppose the application by International Supermarket to extend the hours when they can sell alcohol.

It is important in my view that we have a level playing field, as such the licensing hours in Mill Road should be aligned. So whatever hours of ending permission apply to say Sainsbury's etc should apply to others. If the City Council accepts this application it will only encourage others to apply for a similar extension and so effectively by approving this extension the City Council will be unable to object or stop other similar applications.

So I would ask the City Council to reject this application.

Best wishes,

Richard Balfe,

Subject: Objection to alcohol licence application

Applicant: Brothers International Supermarket, 28 Mill Road
Application reference: WK/202082835

I OBJECT to this application.

It is has long been established that the cumulative impact of having more alcohol retailers on Mill Road would be detrimental to the amenity and safety of this residential part of Cambridge. Street drinking, both during the day and late at night is a significant deterrent to women walking alone, children and others who are or feel vulnerable to the intimidating and sometimes aggressive behaviour of intoxicated people, especially when in groups.

Granting a licence would set a precedent which would encourage renewed applications from a number of other retailers that have previously been refused an alcohol licence.

Sir, as a resident of Tenison Road mid way between Mill Road and the Railway Station I am used to heavy road and pedestrian traffic passing my house. I have no complaint about routine traffic and most social behaviour. It is part of life in a busy city but at week ends the increase in noise and intrusive drink induced behaviour is noticeable and at times offensive. For that reason I strongly object to the new Off Licence application. There are enough late night off licence already. No more are required.

Yours

Subject: Brothers Supermarket 28 Mill Road Cambridge

Dear Luke,

I am writing on behalf of the South Petersfield Residents Association to object to the above application for an alcohol license.

The problems of Mill Road and alcohol are well documented but they clearly fall into two categories.

1. Daytime drinking by so-called 'street life' individuals.

Mill Road has suffered decades of problems with excessive daytime street drinking. The sale of high strength alcohol to those who are either homeless, or who are housed but continue with a street lifestyle, is a constant problem. Many of these street drinkers are also addicted to drugs. Some, but not all, aggressively beg for money to fund alcohol and drug addiction and this activity can be very intimidating particularly to elderly residents. There is the continuing problem of groups gathering to drink causing noise and anti social behaviour particularly since there is a lack of toilet facilities on adjacent areas such as Petersfield Green.

2. Alcohol fueled night time noise and vandalism.

Over many years residents have had to suffer late-night noise and more annoying vandalism mainly on vehicles. Some individuals over the years have been successfully prosecuted but in general residents are powerless to stop this activity. A typical scenario will be the raucous sound of a drunk gang (usually males) followed by smashing of wing mirrors or window boxes. The experience of residents who have observed this is that those involved are intoxicated and often drinking from cans undoubtedly purchased from local off licenses.

Both the above problems are reasons for refusing additional licenses in the Cumulative Impact Zone for reasons outlined in the Council policy on licensing

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance

Yours sincerely

Frank Gawthrop

Subject: WK/202082835 :

Address: Brothers International Supermarket, 28 Mill Road, Cambridge, Cambridgeshire, CB1 2AD

International Supermarket, 28 Mill Road I OPPOSE the application for a new late night drinks license from the International Supermarket on Mill Road. There are plenty of places to buy alcohol already on Mill Road and there is no need to consume it late at night which will mainly be people who are already drinking. Late night consumption along the street causes disruption to neighbours through increased noise, disruption and vandalism. Granting this license will set a precedent for other business to sell or increase their selling of alcohol and will make the area feel unsafe. PLEASE REMOVE MY PERSONAL DETAILS BEFORE PUBLISHING. Thank you.

Subject: International Supermarket, 28 Mill Road

International Supermarket, 28 Mill Road Application for late-night alcohol licence

I strongly object to the proposal to grant a late-night alcohol licence at this address. I live on [REDACTED] where there is already evidence of anti-social behaviour at night: cans and bottle of drink and takeaway meals are regularly dumped in the gutter or left on our front walls. This would only increase if there was more late-night traffic and more alcohol available. I see no reason to abandon previous concerns about the cumulative impact of more alcohol sales and to move away from a commitment to reducing additional public nuisance. Nothing has changed from the residents' point of view. We don't want this.

I have also noticed that during the recent lockdown the corner of Guest Road and Mill Road has become a kind of unofficial gathering place for customers and employees of the International Supermarket. During the day there have been small groups congregating for socially-distant chat, for hours at a time, making the corner more difficult to navigate for those of us passing by. If the shop is willing to encourage that kind of anti-social behaviour, which is inconsiderate and ignores the concerns of the resident population, they are unlikely to take responsibility for late-night behaviour in the neighbourhood.

I would prefer that my personal details not be published on the Council website.

With thanks,

Premises license application WK/202082835 – Brothers International Supermarket, 28 Mill Road, Cambridge, Cambridgeshire, CB1 2AD

As a local resident, I wish to register my support for the application made for a new drinks licence by Brothers International Supermarket.

Any supposed problems caused by the sale of alcohol on Mill Road will not be made substantially worse with the addition of one more place selling alcohol. Instead, it will allow this local independent store to remain competitive with other shops on the street, including Sainsbury's, which has a disproportionate presence in the city.

At a time when local businesses need our support, it would be unfair not to grant a license to a shop which is an important part of our local community.

- PLEASE DO NOT PUBLISH MY NAME AND ADDRESS PUBLICLY

Dear Sir,

I wish to object in the strongest possible terms to the alcohol licence application made by Brothers International Supermarket, 28 Mill Road.

[REDACTED]
[REDACTED] This already causes nuisance, noise and emissions from cars parked, often illegally and in the doctors' and residents' parking spaces with their radios playing loudly, engines running and doors being slammed. There is also shouting late at night.

Recently large groups of men, often 7 or 8 in number, having been congregating for long periods of time opposite this shop on the corner of Guest Road and Mill Road, ignoring COVID-19 lockdown rules and social distancing.

A few days ago [REDACTED] tried to intervene in a fight between two men outside this shop and called the police, who eventually took one of them away.

The granting of another alcohol licence to a shop on Mill Road will only make this situation worse, increasing the nuisance and the incidence of drunken behaviour, which is already a problem. I am very concerned about the additional noise and disturbance to [REDACTED] which is entirely residential with many elderly residents, which will result.

There are already numerous outlets selling alcohol along Mill Road, including one next door to the applicant, and Sainsbury's nearby, and another licence cannot be justified on the grounds of necessity.

Yours sincerely,

[REDACTED]

Commercial Team of Environmental Health

From: [REDACTED]

To: Commercial Team of Environmental Health
Subject: International Supermarket 28 Mill Road

I am writing to voice my objections to the granting on a late licence to the above property. A concentration of late licences already exists in the Mill Road area and, in normal times, regularly produce considerable noise and disturbance late at night as groups congregate in the area to take advantage of these facilities. The reduction of noise during the lockdown period from drunken groups walking through the area late at night is tangible and the decreased frequency of being woken by them throughout the week, not just at the weekends, has been one of the few minor benefits of the current situation. I am anxious to avoid the council setting a precedent to increase the misuse of alcohol in the Mill Road area. I am resident at [REDACTED] but would like my comments to be published without the inclusion of any personal details.

Kind regards,

Commercial Team of Environmental Health

To: Commercial Team of Environmental Health
Subject: Brothers International Supermarket, 28 Mill Road Licence Application

Dear Cambridge City Council

I wish to comment on the Application for the Brothers International Supermarket, 28 Mill Road, Cambridge, to have a licence to sell alcohol.

As a local resident I wish to oppose this application. As it widely known Mill Road already have numerous shops with a licence to sell alcohol off the premises. This already acts as a draw for some people to come to this area of the City - for example from the town centre - late at night to purchase alcohol. This promotes drunken and anti-social behaviour including harassment and vandalism. This is likely to increase if the application is approved. Also homeless / alcoholics congregate in Mill Road (and some in contravention of restraining orders which are difficult to enforce).

There are already sufficient off-licences in Mill road to cater for alcohol consumption. The street has been designated a 'cumulative impact zone'. Further alcohol sales will lead to additional nuisance and also set a precedent for further applications.

I wish to oppose the application.

I was dismayed to hear that the International Supermarket at 28, Mill Road had applied for an extension of hours to sell alcoholic drinks.

This is a residential area, with many families and elderly people living in the streets adjacent to Mill Road, which already has a surplus of places where alcoholic drinks are available. An extension of hours for selling them at this location would be likely to contribute to disorderly behaviour late at night, not just in Mill Road, but in the surrounding streets.

I hope the application will be firmly rejected.
