

Cambridge City Council - Code of Corporate Governance 2010-11

Review Date: June 2011

A Council's Code of Corporate Governance is

“ the system by which local authorities direct and control their functions and relate to their communities”

Guidance from CIPFA and SOLACE suggests each local authority should have a Code of Corporate Governance based on 6 principles:

1. Focussing on the purposes of the authority; on outcomes for the community; and creating and implementing a vision for the local area.
2. Members and Officers working together to achieve common purposes with clearly defined functions and roles.
3. Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.
4. Taking informed and transparent decisions which are subject to effective scrutiny and risk management.
5. Developing the capacity and capability of Members and Officers to be effective.
6. Engaging with local people and other stakeholders to ensure robust public accountability.

The Council adopted a Code of Corporate Governance on 25 April 2002. It has been reviewed annually since then. This is the 2011 review, which has been amended to reflect changes arising as a result of the Government's new national performance framework. The Council's Standards Committee and the Civic Affairs Committee have both considered the revised Code and the Civic Affairs Committee has recommended it to full Council for adoption.

This Code takes each of the principles of good governance in turn and sets out the systems, processes and principles the Council has put in place to ensure good corporate governance.

The Code will be reviewed annually through the Annual Governance statement process, which will identify the actions to be taken to enhance the code or address any limitations with in it.
