1. Introduction

The Independent Remuneration Panel has reviewed the Allowance Scheme. Regulations require a review after four years if a Scheme uses an Index for annual increases. The Index applying to the current scheme, the National Living Wage, has been in place since May 2016.

2. Recommendations

Committee is asked to:

- (i) Consider the Panel's report and recommend a scheme for 2020-21 and 2021-22 to the Council.
- (ii) Note a further review will take place in autumn 2021 for implementation in May 2022.

3. Background

The recommendations of the Panel are for the current and next Municipal Year. If changes are to be made by the Committee to the Panel's recommendation, these would apply from May 2020.

4. Implications

(a) Financial Implications

Since 2017, annual increases linked to the National Living Wage and small changes to Special Responsibility Allowances have been covered by underspends in department budgets. Any more significant uplift (as was the case in 2016) would require a budget bid.

(b) Staffing Implications

(c) Equality and Poverty Implications

(d) Environmental Implications

(e) Procurement Implications

(f) Community Safety Implications

Nothing specific for the above.

Cambridge City Council
Members' Allowances-review by the Independent Remuneration Panel
December 2020

Background

1.1 The payment of Member Allowances is regulated by the Local Authorities (Members' Allowances) (England) Regulations 2003 and overseen by an Independent Remuneration Panel (the Panel). Allowances are split into two categories, basic allowance which is available to every member of the Council and special responsibility allowance which apply to specified positions identified in the Regulations and any additional positions of special responsibility that may be identified by the Panel.

1.2 The current Members' Allowances Scheme was introduced in July 2016 for the 2016/17 Municipal Year and is linked to the Government's National Living Wage (allowances up to that point had remained static since 2008). The Regulations require Panels to review an allowances scheme if it is linked to an index when that index has been applied for four years. Although the Panel reported in July 2017 and October 2018 on special responsibility allowances, when a check on how the scheme was working was done, it is the link to the index from 2016 which necessitates the review now.

1.3 The Panel noted that since it last met in 2018, arrangements for shared council services with both South Cambridgeshire DC and Huntingdonshire DC continue and have now been in place for the last four years.

1.4 Partnership working with the Cambridgeshire and Peterborough Combined Authority has also been in place for nearly its first four years, with the election of the Mayor scheduled for May 2021. In addition the arrangements with the Greater Cambridge Partnership continues. Previous expressions by the Panel for greater consistency of special responsibility allowances for roles on these partnership bodies have not materialised as these allowances continue to be agreed by each authority, which other than South Cambridgeshire DC, is not in sync and has taken into account local circumstances and preferences.

Conclusion and recommendation

2.1 This review has been purposefully light touch and interim, acknowledging that although required by the Regulations, the timing is not ideal. The coronavirus pandemic made 2020 an untypical year to say the least and Members are rightly focusing on the unprecedented situation. In addition, any impact of the delayed all-out city council elections due now in May 2021

are also of interest to the Panel as will be any impact of new ways of working during and coming out of the pandemic. The Panel also notes that after ten years the Council's Chief Executive left in September and an interim Chief Executive is currently in place until the post is permanently filled.

2.2 We do believe that the methodology used since 2016 is still relevant. Aligning with the National Living Wage ensures increases are understood and logical and reflects what the Government see as a responsible annual increase.

2.3 That said however, taking into account the announcement in the Spending Review by the Chancellor in November that the majority of public sector pay would be frozen in 2021/22, the Panel recommends that the Allowances Scheme remain at 2020/21 rates for 2021/22.

2.4 It is our intention to do a full review of the scheme in autumn 2021 when it is hoped that the current uncertainties are made clearer.
