

Committee Action Sheet - South Area Committee (SAC)

Date: 21/06/21

Updated on: 09/07/21

Minute reference: 21/13/SAC Open Forum

- Action:
 - Councillor Hauk said there was no electricity for food vans (parking) in the Clay Farm area. Possibly also for a Christmas tree later in the year. Could this be provided as standard in other places? Councillor Page-Croft to follow up.
- Progress:
 - TBC.

Minute reference: 21/14/SAC Environmental Report

- Action - Senior Operations Manager to liaise with:
 - Councillor Hauk regarding perceived trend of increased fly tipping and needle drops in Trumpington.
 - Councillor Davies regarding concern that volunteer work had not started in all southern wards.
- Progress:
 - Response sent to Councillor Hauk.
 - Officers looked through their reports and could not find any trends or patterns as to why there has been an increase of fly-tipping in the ward.
 - Suggested this had become an issue during the lockdown restrictions.
 - Officers would continue to monitor fly tip issues and will update councillors if there was a further increase in the dumping of waste across the ward.
 - Response sent to Councillor Davies.
