Environmental Improvement Programme Project Submission Summary Report (2023) for Discussion

To: East Area Committee: 1 December 2022

Report by:

John Richards, Public Realm Engineering & Project Delivery Team Leader
Tel:01223 458525; Email: john.richards@cambridge.gov.uk or James Ogle,
Project Officer, Tel: 01223 457354; Email james.ogle@cambridge.gov.uk

Wards affected:

Abbey, Coleridge, Petersfield, Romsey

Key Decision: No

1. Executive Summary

- 1.1 This report details the Environmental Improvement (EIP) applications and ideas received for 2023 funding for projects in the East Area. The Area Committee can comment on the applications and make recommendations. The area-based recommendations made by all the area committees and those put forward for city-wide strategic funding will be included in an overall recommendations report to be considered by the Executive Councillor for Open Spaces, Food Justice and Community Development, for an out of cycle decision on behalf of the Environment and Community Scrutiny Committee.
- 1.2 The report provides information on eligibility, funding criteria and funding budgets for the Environmental Improvement Programme.

2. Recommendations

The East Area Committee is recommended to:

- i. To note the EIP budget allocation for East Area for 2022/23 and for Strategic EIP see 3.4,
- ii. To consider the new EIP ideas and project submitted for East Area, against the EIP Funding availability and the eligibility criteria (Appendix A),
- iii. Consider the recommendations made in Appendix B, discuss, and clearly outline the committees' priorities in line with the available area EIP funding and additionally allocate projects to a prioritised reserve list, should other area funds be under allocated, for consideration by the Executive Councillor for Open Spaces, Food Justice and Community Development.

3. Background

- 3.1. The Council's Environmental Improvement Programme (EIP) has been operating as a rolling programme since 2004. The programme budget, which has been £170,000 per annum for the most recent period up to 2020/21. In 2020/21, Committee approved restructuring the programme budget, allocating £70,000 pa to a Strategic programme (which all Area Committees can bid towards) with the decision on Area and Strategic bids devolved to Executive Councillor for Open Spaces, Food Justice and Community Development; and £100,000 pa devolved between the four Area Committees (on a per capita basis) for Local project bids. The current EIP eligibility criteria are set out along with the programme application form in **Appendix A**.
- 3.2 The programme has been subject to periodic review to improve flexibility, ensure good value and help speed up project delivery. That said, there have been delivery difficulties with much of the programme was put on hold for 2020/21 and 2021/22, due to the impact of the Covid pandemic and the need to redirect resources towards Covid response and recovery.
- 3.3 As referred to in 3.1 above, there are now two forms of EIP funding:
 - **Local Area:** With a budget of £100,000 pa, which is devolved and divided between the four Area Committees (South, East, West/Central and North), in proportion to the size of each Area's population. Committees

consider which projects in their area they recommend for funding, up to a project value of £5,000 (or £10,000 if strongly supported).

- **Strategic:** With a budget of £70,000 pa, this element of the programme is dedicated to priorities the Council has identified as being important across all areas of the city and which are aligned to the Corporate Plan and supporting strategies including Tree / Biodiversity / herbicide reduction plan, long grass policy etc. This includes making better use of roadside verges, enhancing tree canopy, improving biodiversity, benches (that promote community/ social interaction) and providing free public drinking water points.

- 3.4 Based on the devolved Area Committee Local budget, there is a total of £27,769 available for East Area as a proportion to the size of its population and £70,000 for citywide Strategic EIP.
- 3.5 An open application process for project bids within the city was started on the 21st September 2022 and closed on the 28th October 2022. The opportunity to submit project bids was advertised on the Council's website through the current consultations page with links through to Citizenlab (the Council's new community consultation and engagement platform).
- 3.6 East Area Committee members are asked to consider the projects included in Appendix B and after considering the funding parameters, eligibility and known public support (indicated from the Citizenlab platform) to make clear recommendations on priority projects for the area EIP funding and to make a reserve list, to be considered by the Executive Councillor.
- 3.7 Priority recommendations will be included in the final recommendation report and include both EIP Local area funded projects and Strategic projects.
- 3.8 Following consideration by the Executive Councillor for Open Spaces, Food Justice and Community Development of the final recommendation report the approved bids will be published in early 2023.

3.9 Following publication of approved projects, project delivery will commence through the Environmental Services - Project Delivery Team throughout 2023, in liaison with project proposers and local ward councillors.

3.10 Those unsuccessful Local project bids, along with any Strategic project bids, supported by Area Committees but unable to be afforded this year, might be considered in any further available funding round in 2023 (subject to annual budget setting/ any available budget underspends), alongside any new applications received.

3.11 Note, current status of EIP projects, already approved in the East Area and other area programmes can be viewed at [link](#).

4. Implications

(a) Financial Implications

The current EIP has an approved capital budget allocation of £170,000 per annum from 2021/22 (funding re-phasing from 2021/22 and 2022/23 to 2023/24 subject to annual budget setting).

(b) Staffing Implications

Historically a small number of projects have proven difficult to develop and deliver and have had a disproportionate impact on staffing resource in comparison with other programme work. The programme needs to be managed and delivered within the existing funded EIP programme management staffing resource (2 FTE).

(c) Equality and Poverty Implications

EIP project bids have historically been prioritised across all areas proportionate to population and in accordance with locally identified need. The impact of all EIP projects on Equality Act 'protected groups' is assessed at the design/ planning stage of each approved project. All hard infrastructure schemes are designed to national standards to accommodate the needs of those with

physical impairments, including mobility, sight and hearing. The overall impact of the programme is considered positive.

(d) Environmental Implications

The programme aims to preserve and improve the quality of the natural and built public realm environment across Cambridge, in a manner that does not contribute towards climate change and leaves a positive legacy for future generations. The Council has declared both a Climate and Biodiversity Emergency and there is increased focus on climate change mitigation and adaptation and biodiversity protection and net gain. The overall impact of the programme on the environment within Cambridge is therefore rated as +M (positive; Medium).

(e) Procurement Implications

The programme projects are either delivered in-house, utilising existing internal resource within Environmental Services, or externally, via existing framework contract arrangements. To ensure value for money, the larger Strategic programme schemes may be delivered through competitive tender processes.

(f) Community Safety Implications

The programme is designed to deliver local public realm environmental improvements and foster increased pride of place and community cohesion. Several local area projects have been delivered in association with local community and voluntary groups. As a result, the programme is considered to have a positive impact on community safety.

5. Consultation and communication considerations

The Citizenlab engagement tool has been used to canvass public views directly and further involve and engage all sections of the community in the Council's EIP decision making process. All the programme projects are consulted on at the planning/ design stage, with the level/ type of consultation determined by and proportionate to the nature, scale, and scope of the proposed project. With much of the programme being small-scale projects, it is imperative that the proportionate principle continues to be followed.

6. Background papers

Background papers used in the preparation of this report:

- Environment and Community Scrutiny Committee Agenda and Minutes 21st March 2019.
<https://democracy.cambridge.gov.uk/ieListDocuments.aspx?CId=476&MId=3566&Ver=4>
- Current Status of EIP funded projects:
<https://www.cambridge.gov.uk/media/11531/environmental-improvement-project-summary-2022-23.pdf>

7. Appendices

Appendix A – EIP application form and eligibility criteria,

Appendix B – EIP project submissions and recommendation for 2023 East Area.

8. Inspection of papers

To inspect the background papers or if you have a query on this update report please contact:

Appendix A

Environmental Improvement Programme (EIP)

2023 Year Project Ideas

Proposal/ideas are open from the 21st of September 2022, the earlier you submit them the sooner we can post them on Citizenlab and once on their the greater the chance others may support. Submission ideas are unlikely to be accepted following the 28 October 2022.

First Name

Surname

Email Address
(not to be shared
with public) so
we can contact
you for more
project details if
your idea is
supported

Location of suggested
Environmental Improvement -
Street/Greenspace name or
nearest postcode

Title - What: Issue/Problem/Improvement – please give a title to idea and what your idea is likely to achieve:

Description - How: Suggested Solution – please outline how you feel your objectives might be best met e.g., improve biodiversity on Joe Street – Plant wildflower grasses on greenspace on corner outside number 1 Joe Street and change grass cutting regime:

Outcomes - Why: Joe Street is part of an important Local Nature network corridor, it will help with health and wellbeing of local people, improve the environment, contribute towards secure nature species for the future.

Who: Please outline who or which Group is proposing the project or whether local Councillors support?

Proposed Budget - Not compulsory - But may outline items required, and possibly an approximate cost of these giving an approx. budget requirement - note Officers with experience may add in estimate costs or change any costs inputted based on experience of delivering projects.

--

Eligibility Criteria for Environmental Improvements

Please indicate which of these criteria would be met by your application:

Essential Criteria	tick	Desirable Criteria	tick
Projects have a direct, lasting and noticeable improvement to the appearance of a street or area		The project will benefit a large number of local people	
Projects should publicly visible and accessible		Ease and simplicity of implementation	
Should the scheme be on private land, the owners' permission must be granted – unless there are exceptional circumstances by which the Area Committee may wish to act unilaterally, with full knowledge and responsibility for the implication of such action.		It features the active involvement of local people	
Projects must ensure low future maintenance costs.		It meets one/more key policy objectives (e.g. improves biodiversity, community safety or contributes to equal opportunities)	
		There is potential for inclusion of employment training opportunities	
		Additional 'partnership' funding is available.	

Ineligible for funding:

- Projects costing more than £10,000; without Area Committee authority
- Where an available alternative source of funding is available
- Revenue projects (i.e. management and maintenance of existing facilities)
- Schemes that have already received Council funding (unless it can be clearly demonstrated that this would not be 'top up' funding)
- Works that the City or County Council are under an immediate obligation to carry out e.g., repair of dangerous footways
- Play areas (S106 funding should pay for these facilities).

Other Information:

The following categories of work were agreed as being eligible for funding by the Area Committees:

- Works in areas of predominately council owned housing

Appendix B – EIP project submissions for 2023 East Area,

Please consider that the funding available is **£27,769** and the 21 project submissions for the Area EIP are estimated to cost **£89,900**, as set out in the table 1 below. With 5 submissions for the area fitting into the EIP Strategic programme with an estimated value of £45,000.

Prior to the committee the project list and details were sent out to ward councillors for the East Area with the advice that Councillors consider the projects put forward giving an opportunity to indicatively prioritise which ones they would wish to proceed. Within the Table below there is an Officer Funding suggestion based on Officer comments and analysis. However, this is to be discussed with the final recommendation for project funding approval coming from Area Committee Board Members. Where applicants have estimated costs of works, or not included, Officers have added or adjusted to appropriate estimated amounts.

Table 1 - Summarised project submissions for East Area:

No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/AG		
E2 - 2023	Gwydir Street Seating	To install a bench at either end of Gwydir Street. To create areas for social interaction following consultation (support) from Local Residents.	Cllr Thornburr ow	Petersfield	3k	Green / Amber	Thumbs up 3	Yes - dependent on budget pressures and suitable locations
E3 - 2023	Green the Streets	Extend Successful Window Box Scheme in Petersfield Ward. To include Milford St, York Terrace, Sleaford St, Stone St, Hooper St, Sturton St, Kingston St, Cross St/Mill St area and Perowne St. Plus additional planting beds in some small public areas suitable for landscaping.	Cllr Robertson	Petersfield	5k	Green / Amber	Thumbs up 3	Unclear - dependent on budget pressures, area priorities and resident demand, funding remains in current budget allocation.
E4 - 2023	Improving Biodiversity - East Road Housing Area	Planting of wildflowers and different grasses in our public greenspaces, will improve the environment, bring colour and increase biodiversity contributing to easing the climate emergency.	Local Residents	Petersfield	5k	Amber	Thumbs up 10	Unclear - dependent on area budget - recommend for strategic fund.

No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/A/G		
E5 - 2023	Improving Biodiversity – Ainsworth Street/Place, Hooper Street & St Matthews Piece	Planting of wildflowers and different grasses in public greenspaces/planters, planting of shade tolerant fruiting plants installation of Bug House at Ainsworth Street Community Garden, establishing wildflower areas on St Matthews Piece.	Biodiversity Officer	Petersfield	5k	Amber	Thumbs up 5	Unclear - dependent on area budget - recommend for strategic fund.
E6 - 2023	Increase Biodiversity of planting on streets around Romsey.	Increase Biodiversity on streets around Romsey by better planting around trees and street barriers on Vinery Rd, Fairfax Rd, Ross St and Cromwell Rd.	Local Resident	Romsey	10k	Amber	Thumbs up 12	Unclear - dependent on area budget - recommend for strategic fund.
E7 - 2023	Improve and green the streetscape in Cowper Road	My proposal is that green verges be restored in the Lichfield Road end of Cowper Road. Restoring the grass verges plus appropriate trees, such as silver birch, would greatly improve the streetscape.	Local Resident	Coleridge	5k	Amber / Red	Thumbs up 3	Unclear - as scope is wide and costs high dependent on area budget - recommend for strategic fund.
E8 - 2023	Increasing biodiversity in our street	Bat boxes, swift boxes, bug hotels, window boxes, wildflower seeds and native bulbs, rainwater butts, small ponds and trellis offered to all residents of Sedgwick St. Plus, more trees planted in the street.	Local Resident	Romsey	2.5k	Green / Amber	Thumbs up 3	Unclear - dependent on area budget - recommend for strategic fund.

No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/AG		
E9 - 2023	Hope Street Mural	Create a mural on the corner of Hope Street and Mill Road, to cover the whole side of the Londis building, inspired by a mural that used to be in Hope Street Yard. This could read something like 'Never Lose Hope', or 'There's Always Hope', etc It could also form part of a community project involving ideas and enlisting help from local residents.	Local Resident	Romsey	5k	Red	Thumbs up 6	No - pressure on area fund, private ownership and could be funded from other sources
E11 - 2023	A beautiful bench for Coldhams Common	I would like to encourage cycling in the Coldhams common by having something as beautiful as the new Mary Wollstonecraft statue to enjoy the cycle past daily when it is in place. It would double as a beautiful bench for people to enjoy in the common greenspace.	Local Resident	Abbey	4k	Red	Thumbs up 8	No – scope / high cost unclear and pressure on area fund other priorities
E12- 2022	Biodiversity & Social Interaction Improvement, Maple Tree Area, St Matthews Street	The 'MAPLE Group', hope to enhance a neglected but much loved small green space. It lies underneath and around the mature Silver Maple Tree on St Matthew's Street, opposite Edward Street. Installation of (a) two benches, near edges of the grassy area; (b) insect-friendly biodiversity	MAPLE Group	Petersfield	4.2k	Green / Amber	Thumbs up 7	Unclear - dependent on budget pressures and area priorities

		improvements; (c) a dual-rubbish bin. To consult with residents, businesses etc. Works comprehensively costed by group.						
No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/A/G		
E14 - 2023	Increase biodiversity in Headly Street and Eagle Street with planting.	Planting of flowers and greenery that will increase biodiversity and increase plant pollination contributed towards securing species for future generations. Bug hotels and hedgehog homes to encourage diverse range of wildlife. Work to bring the new community together, in doing their bit to increase biodiversity.	Local Resident / ChYpS Officer	Petersfield	3k	Green / Amber	Thumbs up 6	Unclear - dependent on area budget
E15 - 2023	Making Rustat Road/Corrie Road cut through and green space safer	The green space and footpath cut through from Rustat Road to Corrie Road feels unsafe in the dark as - the lighting is dull and obscured by tree branches - dark areas and lack of end-to-end visibility mean people cannot see all the way to the exit points. It should feel safer for children and parents attending the guide/brownie hut.	Cllr L Herbert	Coleridge	3.5k	Green	Thumbs up 1	Yes - dependent on budget pressures and area priorities
E16 - 2023	A memorial to a forgotten abolitionist	To name the small linear park that goes from the roundabout between Rustat and Davy Roads down to the back of Clifton Road, after Alexander Crummell.	Cllr A Smith	Coleridge	3.5k	Green	Thumbs up 2	Yes - dependent on budget pressures and area priorities

No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/A/G		
E17-2023	Cambridge Gateway from India	<p>To include a sign bearing his name and an information board about both Crummell and Tobias Rustat, and to add some biodiversity enhancements to improve the quality of the greenspace. An information board would allow residents and visitors alike to find out about the History of slave trade in the UK and recognise some of the prominent Cambridge figures involved.</p> <p>A funding contribution for the re-use and publicly display of stones into an archway as a public outdoor feature for all communities. The re-erection of the stonework will form a gateway in the public gardens at Ditchburn Place providing a lasting public monument to be shared by the different communities of Cambridge. Thanks to crowdfunding the stonework was carefully dismantled and salvaged by Mill Road Traders it is currently in storage. For more information see: http://www.cambridgegatewayfromindia.co.uk/ or the EIP bid https://cambridge.citizenlab.co/en-GB/ideas/cambridge-gateway-from-india</p>	Local Resident	Petersfield	10k	Amber / Red	Thumbs up 3	Unclear - Contribution could be made if EIP priority from Strategic Fund dependent on budget available
E18 - 2023	Two bench seats for	To provide more seating to a popular local “park” which provides one of the few public open spaces in the ward.	Cllr R Robertson	Petersfield	2.2k	Green	Thumbs up 2	Yes - dependent on budget

	Petersfield Green	The route through the park is well used by many people on their way to and from the city centre and Anglia Ruskin University who make use of the attractive environment. Residents at a recent community meeting support improvements to seating provision.						pressures and area priorities
No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/AG		
E19 - 2023	Picnic benches on Romsey Rec	A popular local park well used by families, dog walkers, joggers and people of all ages providing one of the very few public open spaces in the ward. The provision of 4 picnic benches would make a huge difference to the current lack of seating.	Cllr M Healy	Romsey	3k	Green	Thumbs up 13	Yes - dependent on budget pressures and area priorities
E20 - 2023	Sensory garden on Romsey Rec	Romsey Rec is a well-used public space by families and young children. Many children in the ward have limited or no garden at home or access to green areas to play and learn. This bid seeks funding to create a community sensory garden and therapeutic area in a small corner of the rec. A sensory space will enable particularly children to explore senses in a fun and safe way, helping cognitive development, communication in a calming area.	Cllr M Healy	Romsey	5k	Amber / Red	Thumbs up 16	No - maintenance liability and potential asb damage, difficult to estimate cost / aspiration
E21 - 2023	Community bench and biodiversity in Jack Warren Green	This area would benefit from improved access to quality green spaces to improve quality of life for residents. Currently, the green space, has very little play equipment, and no other facilities. The focus of this bid is to	Cllr A Bulat	Abbey	3k	Green	Thumbs up 4	Yes - dependent on budget pressures and area priorities

		provide some benches in this space to promote social interaction. A larger "picnic bench" suitable for community events and sitting down. As well as the benches the space could be enhanced by some biodiversity improvements, like a wildflower meadow area.						
No.	Scheme Title	Scheme Description (Summarised)	Proposed by	Ward	Est. Cost	Cost Deliverability Eligibility Rating	Persons Support Consultation Tool	Officer Funding Suggestion
					£	R/AG		
E22 - 2023	Wildflowers on the corner of Rawlyn Road/Stanesfield Road	The corner of Rawlyn and Stanesfield Road is a flat grassy area with 1 tree. The public use this area to cut the corner between the two streets. The project proposes to improve the biodiversity on this corner which will have positive wildlife, health, and wellbeing impacts. This proposal is supported by the local community and local Councillors.	Local Resident	Abbey	1k	Green	Thumbs up 5	Yes - dependent on budget pressures and area priorities
E25 - 2023	Increase biodiversity, improve the local area and protect the verge and trees	There is a large verge at the end of Cherry Hinton Rd, next to the leisure park which has a few trees. The verge is next to the traffic lights and has been very damaged by vans parking on it. Proposal to repair the damaged ground and add bollards and planting of shrubs and bushes to prevent the verge being damaged further.	Cllr R Moore	Coleridge	5k	Amber	Thumbs up 2	Uncertain – Consider submitting for LHI, for bollards funding in current round
E26 - 2023	Wildflower and/or bulbs along the outside of the	The fence running along Coleridge Road has a small (roughly 60cm wide) strip of grass. This would be lovely if it had bulbs and/or wildflower planting. The planting would be seen from the	Cllr R Moore	Coleridge	2k	Green	Thumbs up 3	Yes - dependent on budget pressures and area priorities

	Coleridge Rec fence planting	road and inside the rec, so it would really add to the local area, as well as increasing local biodiversity.						
--	---------------------------------	--------------------------------------------------------------------------------------------------------------	--	--	--	--	--	--

Table 3 - Submissions of Project Ideas for East Area EIP or Strategic EIP that more appropriately funded through Other Funding Such as LHI, S106, and or others.

No.	Scheme Title	Scheme Description (Shortened)	Proposed by	Ward	Est. Cost	Cost, Delv, elig,	Persons in Support	Officer Funding suggestion
					£	R/AG		
sE1 - 2023	St Matthew's Piece - Improving Biodiversity	Several biodiversity improvements have been identified through the development of a management plan for the St Matthew's piece green space / park.	Local Resident	Petersfield	10k	Green	Thumbs up 16	Yes - dependent on budget pressures
sE10 - 2023	Trees on Coldham's Lane in Romsey	Coldham's Lane in Romsey is barren in comparison with other roads in Cambridge e.g., Perne/ Brooks/ Barnwell Rd. Planting roadside trees will make the road more hospitable to residents and welcoming to visitors.	Local Resident	Romsey	10k	Amber	Thumbs up 23	Unclear - dependent on budget pressures
sE13 - 2023	Increase biodiversity and public wellbeing on Barnwell Road	The project aims to plant wildflowers, multi-stemmed trees, a forest understory and river of ivy along Barnwell Road in Cambridge. This project will continue the important pollinator corridor along Barnwell Road, as well as discouraging parking on the verge and encouraging more active travel to school and football matches. Abbey people have detailed materials and labour budget for the project, as well as details of where community involvement and volunteering can provide in-kind support and support the ongoing maintenance.	Abbey People	Abbey	£5k	Green	Thumbs up 9	Yes - dependent on budget pressures

No.	Scheme Title	Scheme Description (Shortened)	Proposed by	Ward	Est. Cost	Cost, Delv, elig,	Persons in Support	Officer Funding suggestion
					£	R/AG		
sE23 - 2023	Improve tree cover in Hobart Road	Over years, several trees have died or been removed in Hobart Road, and the tree pits covered over. The proposal is to install/restore some tree pits in suitable spots in the street, to allow us to contribute to the city's canopy cover and to improve the environment for residents in the street.	Cllr A Smith	Coleridge	10k	Green / Amber	Thumbs up 2	Yes - dependent on budget pressures
sE24 - 2023	Create community gardens, increase biodiversity and beautify Tiverton Estate	The Tiverton estate has lots of paths, alley ways and short cul-de-sacs which have dead scrubby borders. The aim of this project is to increase biodiversity whilst making it a more welcoming and attractive area, with easy to maintain but flowering planting plus spaces for growing food. The second stage would be to start a small community orchard with fruit trees and fruit bushes in the grassed field.	Cllr R Moore	Coleridge	10k	Green	Thumbs up 2	Yes - suggest work with Environmental Services Community Engagement Team
City 1	Citywide Community Engagement led Biodiversity and Habitat Improvement Projects	Established volunteer work groups led by Environmental Services Community Engagement Team to work with residents to develop local community gardens and food growing spaces on works such as benches (to increase social interaction), local food production, wildflower meadows, trees, and invertebrate (bees) and wildflower bank(s)/features as well as projects that focus on Food Poverty by creating growing spaces – cultivating areas of green space several small scale projects – assisting groups cultivate farm and harvest land for social benefit, during the current national financial crisis.	Environ Services Community Engagement Team	All	circa 15k	Green / Amber	Thumbs up 2	Yes – Amount dependent on budget pressures
City 2	Genuine Biodiversity gain	Work with homeowner's street by street, ward by ward, and offer to put green roofs on flat roof extensions, bring back front gardens with as much or as little planting the homeowner will allow.	Local Resident	All		Amber/ Red	Thumbs up 6	Unclear - Deliverability other Council Teams could help delivery, high time resource.

No.	Scheme Title	Scheme Description (Shortened)	Proposed by	Ward	Est. Cost	Cost, Delv, elig,	Persons in Support	Officer Funding suggestion
					£	R/AG		
City 3	Environmental map of Cambridge	Wildlife needs corridors to enable travel around the city. An environmental map would look at the City's open and closed spaces to highlight the spaces that are great for wild birds, reptiles, fish, insects, amphibians and mammals but also the spaces that are used for domesticated animals, pets and farm. It could identify the spaces of travel, for these creatures plus showing areas which may need more corridors created.	Local Resident	All		Red	Thumbs up 1	No - ineligible

Table 3 - Submissions of Project Ideas for East Area EIP or Strategic EIP that more appropriately funded through Other Funding Such as LHI, S106, and or others.

Scheme Title	Scheme Description (Shortened)	Proposed by	Ward	Persons in Support
Zebra crossings on Coldham's Lane	Zebra crossings next to the playground (between Brampton Rd and Ross St) and at the Vietnamese centre (near Vinery Way).	Local Resident	Romsey	Thumbs up 10
20 mph limit on Coldham's Lane in Romsey	A 20-mph limit is needed on Coldham's Lane in Romsey. Volumes and speeds of traffic discourage active travel.	Local Resident	Romsey	Thumbs up 13
Make Donkey Common skatepark fit for use	Donkey Common skatepark is small and composed of poor-quality materials - rough tarmac and slippery, non-seamless ramps and needs to be improved to meet the needs of Cambridge skateboarders. Asking for contribution towards the £75k costs	Cam Skate	Petersfield	Thumbs up 92, 1 thumb down

One Way on Abbey Walk	Abbey walk is a heavily foot trafficked street that has 2 blind corners. Pedestrians, kids and wheelchair/pushchair users are forced to walk in the road. A one-way street would improve safety.	Local Resident	Petersfield	Thumbs up 3
Speed indicator sign on Mill Road	Installing a speed indicator like those on St Barnabas or Cromwell Road would remind road users that this is a 20mph zone. This is habitually ignored. Many seem to think it is a main road with a 40 limit. We would also gain useful statistics.	Local Resident	Romsey/ Petersfield	Thumbs up 1
Introduce electric auto rickshaws in Cambridge City	An Auto electric Rikshaw solution: People could use auto rikshaws to reach the boarding points for buses/railway stations.	Local Resident	Citywide	Thumbs up 4, 2 thumbs down
