

Dear Yvonne O'Donnell and members of the licensing committee

We, the undersigned, strongly oppose the council's licensing committee's decision not to extend the June 2024 deadline for standard hybrid vehicles, as it will disproportionately impact taxi drivers who cannot currently afford to replace their older saloon vehicles.

The 11 year extension to age limits with the promise to extend the standard hybrid deadline provided a considerable breathing space for struggling drivers with the reassurance of not having to take on more loans to purchase a new vehicle whilst they struggle to clear post COVID debts.

The decision not to extend the deadline will impose significant financial strain on already struggling families. We urge the council to conduct an urgent review of this decision and consider the economic hardships faced by taxi drivers in Cambridge.

Kind re

Ahmed Karaahmed (CCLT Chairman)  
Signed on behalf of the Cambridge hackney trade

Cambridge Hackney and Private Hire Trade Petition

We, the undersigned, are strongly opposing the Council's decision not to extend the June 2024 deadline for standard hybrid vehicles due to the financial implications on drivers and their families.
