1. Maintenance of risk assessment for general staffing level to ensure proper supervision of access to the products.
2. Alcohol products to be restricted to premium priced.
3. The premises shall devise and implement a dispersal policy to ensure patrons do not congregate outside the premises, and they disperse from the premises in an orderly and quiet manner so not as to disturb residents within the vicinity. Notices shall be displayed in prominent positions at the exits to remind customers to respect any resident neighbours and keep noise to a minimum.

Our reasons for reaching the decision are as follows:

1. This premises is in a residential area and likely to have a greater impact on the nearby residents.
2. With reference to paragraph 3.2 of the Agenda, the onus is on the applicant to demonstrate why the granting of the licence would not add to the cumulative impact already being experienced within the area. The reasons for the conditions is that we found that the Applicant has not sufficiently demonstrated that the premises will not adversely affect the cumulative impact area.
