# Draft SHLAA Sites As At June 28th 2011

Site ID: Site 39 Detail Site Name: Land adjacent to and behind 195 High Street, East

Chesterton Map ID: 039 Ward: East Chesterton Site Area in Hectares: 0.39

Number of units (unconstrained using density multiplier): 29

**Owner:** Unknown (potentially multiple owners)

#### **Availability**

| Site Assessment Criteria  | Score<br>(green,amber,<br>red) |
|---|--------------------------------|
| <b>Site in use:</b> Site provides access to garages to the rear of properties fronting Scotland Road and the High Street. Site also comprises parts of the back gardens of these properties | а                              |
| Buildings In Use: Garages   | а                              |
| Any Legal Issues: Unknown   |                                |
|   |                                |

#### **Suitability**

## **Level 1 Strategic Considerations**

| Site Assessment Criteria                                       | Score |
|--|-------|
| In Green Belt: No  | g     |
| In Area Flood Risk: Sequential test has been applied according | g     |
| to PPS25 and the site falls within EA flood zone 1 and is      |       |
| therefore at low risk of fluvial flooding                      |       |
| European Nature Conservation Site: No                          | g     |
| SSSI: No   | g     |
| Involve Demolition Listed Building: No                         | g     |
| Affect Scheduled Ancient Monument: No                          | g     |
| Affect Historic Park & Garden: No                              | g     |
| Level 1 Conclusion: Development of this site will not have a   |       |
| negative impact on any of the Level 1 Strategic Considerations |       |

#### Does the Site Warrant further assessment?

## **Level 2: Significant Local Considerations**

| Site Assessment Criteria  | Score |
|---|-------|
| Site designated Protected OS or criteria: No                          | g     |
| Local Nature Conservation importance No, although the                 | а     |
| biodiversity value of the back gardens would need consideration       |       |
| Is site Protected Industrial Land Policy P7/3 or in B1c B2 B8         | g     |
| Use: No   |       |
| Protected Trees on site: No   | g     |
| Relevant Planning History: No   | g     |
| <b>Level 2 Conclusion:</b> While early consideration would need to be |       |
| given to the biodiversity value of the back gardens, this does not    |       |
| necessarily render the site undevelopable                             |       |

#### **Does the Site Warrant further assessment?**

### **Level 3: Other Considerations**

| Site Assessment Criteria            | Score |
|-------------------------------------|-------|
| <b>Environmental Considerations</b> |       |

| Is there potential contamination on site?   | g            |
|---|--------------|
| No known contamination issues  Any potential noise problems? No known                   | g            |
| issues  | g            |
| Could topography constrain development? No known issues                                 |              |
| Affected by Air Quality Management Area   | а            |
| This site is within or adjacent to the AQMA   |              |
| and therefore will require and air quality  |              |
| assessment to be carried out as part of any   |              |
| planning application likely to increase   |              |
| parking capacity by 25 spaces or more. It   |              |
| should also be noted that installation of   |              |
| biomass boiler plant is not deemed  |              |
| appropriate for sites within or adjacent the  |              |
| AQMA.   |              |
| Access & Transport Considerations   | а            |
| Issues with car parking in local area Site  |              |
| provides car parking for properties fronting  |              |
| Scotland Road and the High Street (in the   |              |
| form of garages). Unsure how well used  |              |
| these are. Site not in CPZ. Considerable  |              |
| parking and access issues   |              |
| Access meets highway standards The  | g            |
| UCS identifies the access as being from   |              |
| Scotland Road, although this is a very  |              |
| narrow pedestrian access. A more  |              |
| appropriate access would be from the track leading from the High Street (to the side of |              |
| 195-197 High Street)  |              |
| Does site provide access to other   | а            |
| properties/highway Site provides access to  | ď            |
| the back gardens of properties fronting   |              |
| Scotland Road and the High Street   |              |
| Within 400m of high quality public  | а            |
| transport route: Not as defined, but the site   |              |
| is within 400m of other bus services that link  |              |
| the site to the City Centre and other areas   |              |
| Design & Impact Considerations  | а            |
| Nearby buildings overlook site There  |              |
| would be overlooking issues in relation to  |              |
| the houses fronting Scotland Road and the   |              |
| High Street, although these could be  |              |
| overcome with good urban design   |              |
| Site part of larger site or prejudice   | g            |
| strategic site development No   |              |
| Development would impact on setting of  | g            |
| Listed Building No  |              |
| Site in or adjacent to Conservation Area No   | g            |
| Development affect any Locally Listed   | g            |
| Buildings No  | <del>9</del> |
| Development affects archaeological  | а            |
| remains 45 CHER finds within 500m of the  |              |
| site. The implications of this for the  |              |
| development of this site need to be   |              |
| development of this site need to be   |              |

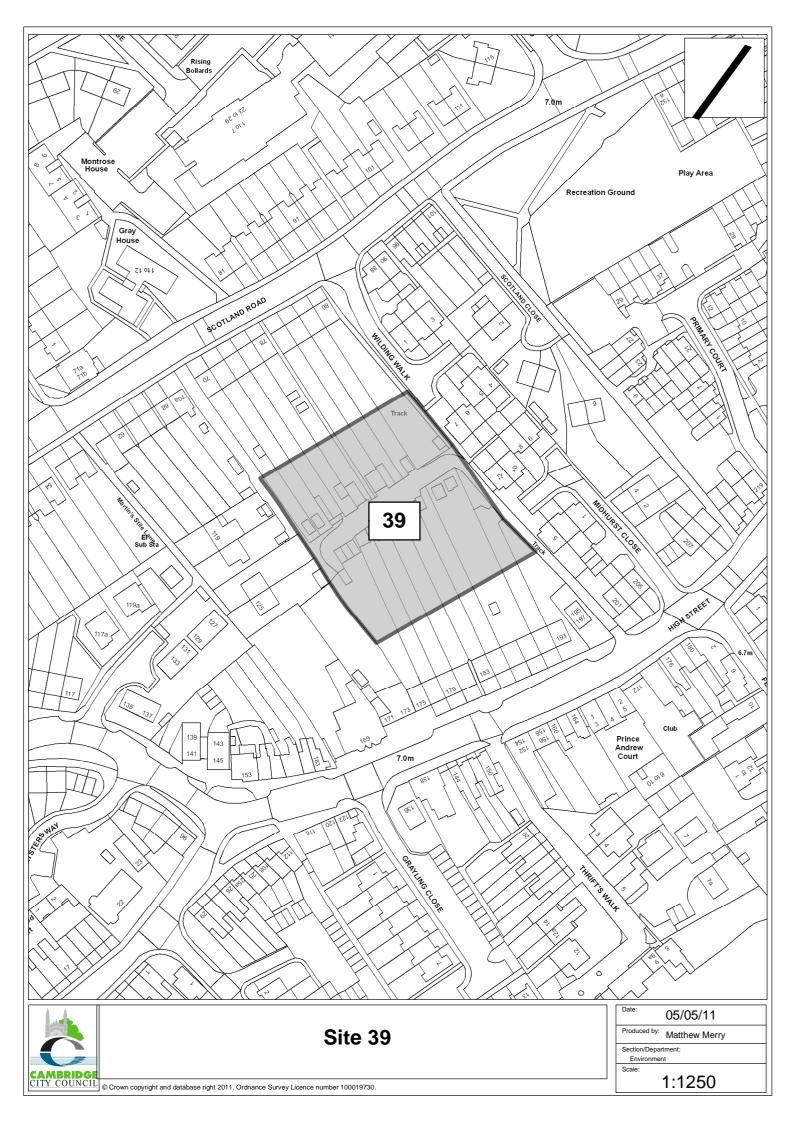

| interpreted by county archaeology staff            |     |
|--|-----|
| interpreted by county archaeology staff            |     |
| Site shape impacts on developability No            | g   |
| Sites integration with existing                    | а   |
| communities Development would be                   |     |
| surrounded by the back gardens of existing         |     |
| houses and as such could feel a bit isolated.      |     |
| However, any issues could be overcome              |     |
| with good urban design. Also need to               |     |
| consider the impact of development on the          |     |
| amenity of the houses fronting Scotland            |     |
| Road and the High Street                           |     |
| Access to Services & Facilities                    | а   |
| Site within 400m of City Centre: No                |     |
| Site within 400m of Local Centre: Yes              | g   |
| Site within 400m of Doctors/School/POS:            | No  |
| Site within 400m of Nursery School                 | Yes |
| Site within 400m of Primary School                 | No  |
| Site within 400m of Secondary School               | No  |
| Site within 400m of Public Open Space              | Yes |
| Use of site associated with a community            | g   |
| facility: No                                       |     |
| Planning Policy Considerations                     | g   |
| What is site allocated for in Local Plan:          |     |
| No   |     |
| Is site allocated in Waste & Minerals              | g   |
| Local Plan: Site is not allocated for a            |     |
| minerals or waste use in the Cambridgeshire        |     |
| and Peterborough Minerals and Waste Site           |     |
| Specific Proposals Development Plan                |     |
| Document Submission Plan (Submitted July           |     |
| 2010).   |     |
| Is the site in an area of major change: No         | g   |
| Will development be on previously                  | g   |
| developed land: Yes                                |     |
| Is site identified in the Council's                | g   |
| Employment Land Review: No                         |     |
| Other Considerations                               | g   |
| Any other constraints on site: No                  | _   |
| Level 3 Conclusion: While the site scores a        |     |
| number of amber scores against the Level 3         |     |
| criteria, it is felt that these do not necessarily |     |
| render the site undevelopable. Further             |     |
| information would be required to ensure that       |     |
| development was justified                          |     |

# **Desktop Suitability Assessment Conclusion:**

Site 39 may be considered to be developable depending on landowner intentions subject to further consideration of a number of issues raised in this assessment, in particular the means of access, justification of the loss of car parking, impact on the amenity of existing housing and the biodiversity value of the back gardens. Developability would be a very difficult site to acheive.

## **Overall Suitability Assessment Conclusion (Planning Policy)**

The site is considered to be suitable for development

# Draft SHLAA Sites As At June 28th 2011

Site ID: Site 352 Detail Site Name: Shirley Infants School, Green End Road Map ID: 352

Ward: East Chesterton Site Area in Hectares: 0.91

Number of units (unconstrained using density multiplier): 69

Owner: Owner Known

#### **Availability**

| Site Assessment Criteria   | Score<br>(green,amber,<br>red) |
|--|--------------------------------|
| <b>Site in use:</b> Yes, Infants School (although the school will be moving to another site) | а                              |
| Buildings In Use: Yes - various school buildings and Scout Hut                               | а                              |
| Any Legal Issues: Unknown  |                                |
|  |                                |

# **Suitability**

**Level 1 Strategic Considerations** 

| Site Assessment Criteria                                       | Score |
|--|-------|
| In Green Belt: No  | g     |
| In Area Flood Risk: Sequential test has been applied according | g     |
| to PPS25 and the site falls within EA flood zone 1 and is      |       |
| therefore at low risk of fluvial flooding                      |       |
| European Nature Conservation Site: No                          | g     |
| SSSI: No   | g     |
| Involve Demolition Listed Building: No                         | g     |
| Affect Scheduled Ancient Monument: No                          | g     |
| Affect Historic Park & Garden: No                              | g     |
| Level 1 Conclusion: Development of this site will not have a   |       |
| negative impact on any of the Level 1 Strategic Considerations |       |

#### Does the Site Warrant further assessment?

#### **Level 2: Significant Local Considerations**

| Site Assessment Criteria  | Score |
|---|-------|
| Site designated Protected OS or criteria: No                          | g     |
| Local Nature Conservation importance No                               | g     |
| Is site Protected Industrial Land Policy P7/3 or in B1c B2 B8         | g     |
| Use: No   |       |
| Protected Trees on site: There are a number of TPOs                   | а     |
| bordering the site to the south which would need to be                |       |
| considered early on in the process of development                     |       |
| Relevant Planning History: Not of relevance to SHLAA (history         | g     |
| relates to the school)  |       |
| <b>Level 2 Conclusion:</b> Development of this site should not have a |       |
| negative impact on any of the Level 2 Local Considerations            |       |
| although early consideration would need to be given to the TPOs       |       |
| adjacent to the site to ensure that they are not affected by any      |       |
| development proposals   |       |

| Access meets highway standards The a  |  |
|   |  |
| Laita ia aggaggad via a ralativaly lang and   |  |
| site is accessed via a relatively long and  |  |
| narrow road, although any access issues   |  |
| could be overcome through design  |  |
| Does site provide access to other g   |  |
| properties/highway No   |  |
| Within 400m of high quality public g  |  |
| transport route: Yes (the C2 Service)   |  |
| Design & Impact Considerations g  |  |
| Nearby buildings overlook site Residential  |  |
| gardens surround the site on all sides. At  |  |
| present the site is relatively well screened by   |  |
| trees and hedges.   |  |
| Site part of larger site or prejudice g   |  |
| strategic site development No   |  |
|   |  |
| Development would impact on setting of g Listed Building No   |  |
|   |  |
| Site in or adjacent to Conservation Area g  |  |
| No Development offset any Leasily Listed  |  |
| Development affect any Locally Listed g   |  |
| Buildings No  |  |
| Development affects archaeological a  |  |
| remains 23 CHER finds within 500m of the  |  |
| site. The implications of this for the  |  |
| development of this site need to be   |  |
| interpreted by county archaeology staff   |  |
| Site shape impacts on developability No g   |  |
| Sites integration with existing a   |  |
| communities This would be dependent   |  |
| upon the design of any new development -  |  |
| there is the potential for the development to   |  |
| feel a bit isolated from the existing   |  |
| community due to enclosure by back  |  |
| gardens.  |  |
| Access to Services & Facilities a   |  |
|   |  |
| Site within 400m of Local Centre: No  |  |
| Site within 400m of Local Centre: Yes g   |  |
| Site within 400m of Doctors/School/POS: No  |  |
| Site within 400m of Nursery School Yes  |  |
| Site within 400m of Primary School No   |  |
| Site within 400m of Secondary School No   |  |

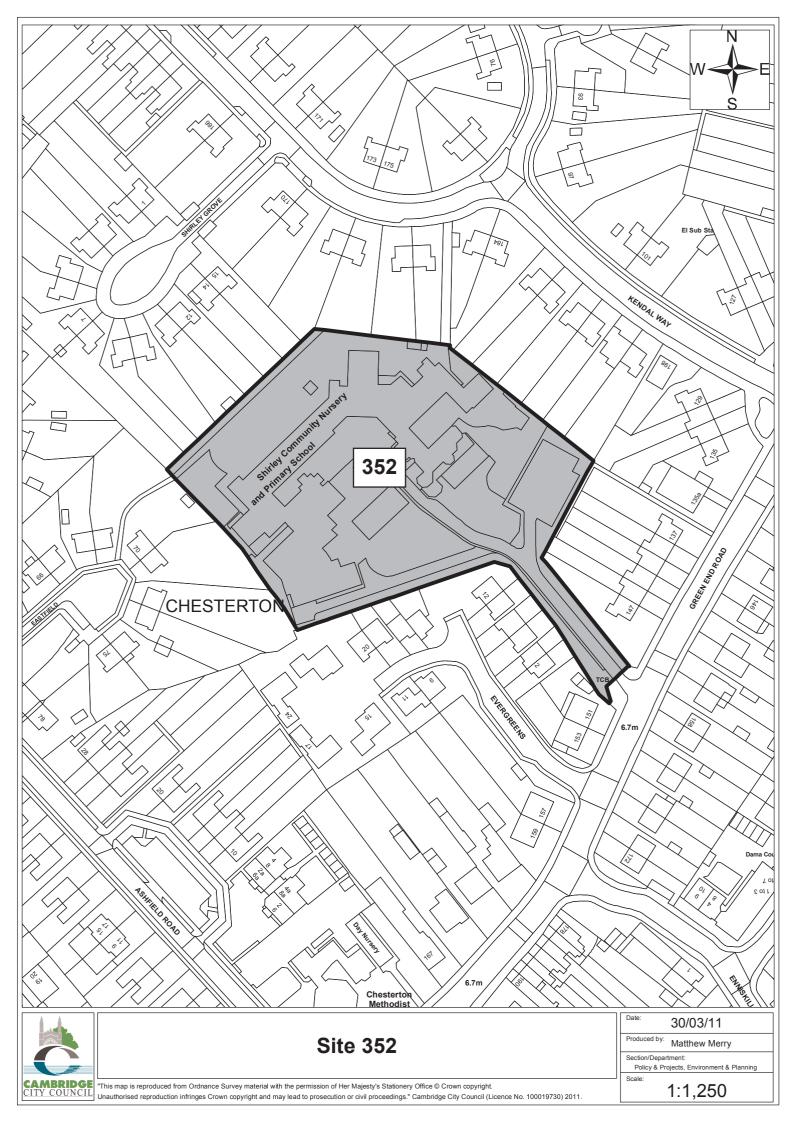

| Site within 400m of Public Open Space         | Yes |
|---|-----|
| Use of site associated with a community       | а   |
| facility: Yes - the site's current use as a   |     |
| school. As such any proposals to redevelop    |     |
| the site for another use would have to be     |     |
| tested against Policy 5/11 of the Local Plan  |     |
| (loss of community facility)                  |     |
| Planning Policy Considerations                | g   |
| What is site allocated for in Local Plan:     |     |
| No  |     |
| Is site allocated in Waste & Minerals         | g   |
| Local Plan: Site is not allocated for a       |     |
| minerals or waste use in the Cambridgeshire   |     |
| and Peterborough Minerals and Waste Site      |     |
| Specific Proposals Development Plan           |     |
| Document Submission Plan (Submitted July      |     |
| 2010).  |     |
| Is the site in an area of major change: No    | g   |
| Will development be on previously             | g   |
| developed land: Yes                           |     |
| Is site identified in the Council's           | g   |
| Employment Land Review: No                    |     |
| Other Considerations                          | 9   |
| Any other constraints on site: No             |     |
| Level 3 Conclusion: A key consideration       |     |
| for the development of the site is whether or |     |
| not the loss of a community facility can be   |     |
| justified against the policy requirements     |     |
| contained within the Local Plan. While the    |     |
| County Council has made clear their           |     |
| intention to move the Infants school to       |     |
| another site, evidence would need to be       |     |
| provided that the site is not required in the |     |
| longer term for continued education use. If   |     |
| such evidence can be provided then            |     |
| residential development would be              |     |
| considered to be an appropriate use           |     |

## **Desktop Suitability Assessment Conclusion:**

Site 352 can only be considered to be suitable for development subject to the loss of the community facility and the evidence presented to demonstrate that the site is not required in the longer term for continued education use

# **Overall Suitability Assessment Conclusion (Planning Policy)**

The site is considered to be suitable for development

| Site Assessment Criteria   | Score |
|--|-------|
| In Green Belt: No  | g     |
| In Area Flood Risk: Sequential test has been applied according to PPS25 and the site falls within EA flood zone 1 and is therefore at low risk of fluvial flooding | g     |
| European Nature Conservation Site: No  | g     |
| SSSI: No   | g     |
| Involve Demolition Listed Building: No   | g     |
| Affect Scheduled Ancient Monument: No  | g     |
| Affect Historic Park & Garden: No  | g     |
| <b>Level 1 Conclusion:</b> Development of this site will not have a negative impact on any of the Level 1 Strategic Considerations                                 |       |

#### **Does the Site Warrant further assessment?**

# **Level 2: Significant Local Considerations**

| Site Assessment Criteria   | Score |
|--|-------|
| Site designated Protected OS or criteria: No                       | g     |
| Local Nature Conservation importance No                            | g     |
| Is site Protected Industrial Land Policy P7/3 or in B1c B2 B8      | а     |
| <b>Use:</b> Yes - the northern part of the site is used as a car   |       |
| workshop, use class B1(c).   |       |
| a. The Council's Employment Land Review indicates that there is    |       |
| a shortfall in land supply in use Classes B1(c), B2 and B8;        |       |
| b. Residential development would not generate any jobs onsite;     |       |
| c. The existing use is a non-conforming use in a generally         |       |
| residential area. The site is a tidy and located next to a petrol  |       |
| station;   |       |
| d. Not applicable;   |       |
| e. It could be argued that redevelopment for residential uses is   |       |
| more approppriate. It's redevelopment would lead to the loss of a  |       |
| small site of non-conforming use within a residential area.        |       |
| While the site does not pass criterion a. and therefore does not   |       |
| pass the test as a whole, however this criterion unduly constrains |       |
| the scope of the SHLAA and may not be the case for the whole       |       |
| plan period. Hence as the site goes someway to meeting criteria    |       |

| c. and e. it has not been ruled out at this stage.                |   |
|---|---|
| Protected Trees on site: No                                       | g |
| Relevant Planning History: No                                     | g |
| Level 2 Conclusion: Development of this site would lead to the    |   |
| loss of employment land in B1(c) use, however the site is a small |   |
| site in non-conforming use with the potential to cause amenity    |   |
| problems to surrounding residences                                |   |

| Other Considerations                               | g   |
| Any other constraints on site: No                  |     |
| <b>Level 3 Conclusion:</b> While the site scores a |     |
| number of amber scores against the Level 3         |     |
| criteria, it is considered that these do not       |     |
| necessarily render the site undevelopable.         |     |
| Further information would be required to           |     |
| ensure that development of the site would          |     |
| be justified .                                     |     |

## **Desktop Suitability Assessment Conclusion:**

Site 379 can be considered to be developable depending on landowner intentions and subject to consideration of loss of industrial use, flooding and the Conservation Area . Further information would also be required with regards to a number of assessment criteria, including potential for archaeological remains. Site should be slightly larger to include car wash.

# **Overall Suitability Assessment Conclusion (Planning Policy)**

The site is considered to be suitable for development
